

DENTAL ASSISTING (DENTL)

The Dental Assisting Program at College of Alameda is a national and state accredited program.

Dental Assisting is the study of the dental healthcare industry. Coursework addresses the various issues surrounding patient dental care and oral health. This program includes California Dental law, ethics, professionalism, infection control, head and neck anatomy, dental radiology, dental materials, chair-side skills, coronal polish, and pit and fissure sealants.

The fall semester courses introduce basic theory and chairside skills, leading to more advanced studies courses during the spring semester, which also include internships and advanced use of technology within dentistry. A **Certificate of Achievement** is awarded upon successful completion of the program. The Dental Assisting Program prepares you for the California Registered Dental Assistant and National Certified Dental Assistant exams.

The program seeks individuals who enjoy interaction with people, teamwork, have good communications skills, enjoy variety in their work and enjoy excellent working opportunities and conditions. Dental Assisting is a rewarding and stable career.

Program Learning outcomes

1. Apply critical thinking to all aspects of the dental field.
2. Communicate in written and verbal form according to terminology of the dental field.
3. Demonstrate knowledge of cultural sensitivity within the field of dental assisting.
4. Demonstrate self discipline to pursue intellectual curiosities with integrity in both personal and professional lives.

This full-time curriculum is designed to meet the requirements of the American Dental Association Council on Dental Education for Dental Assistants. The program includes lecture and laboratory practice in the classroom. Clinical experience is required in the dental clinics of the University of California and the University of Pacific Dental Schools in San Francisco, as well as in private dental offices. Students completing all required courses with a minimum grade of 75% = C or better grade will earn a Certificate of Achievement and be qualified to take the Certification Examination of the DANB, the State of California RDA examinations, and will be prepared to assume the responsibilities of assisting the dentist in all phases of general practice. The program requires 28.5 semester units in Dental Assisting, plus 9 semester units in other general education required courses.

Admission is by special application directly to the Dental Assisting Department. Candidates must possess a high school diploma or the equivalent. All eligibility requirements, including having official transcripts on file, must be completed prior to applying to the program. The application deadline is April 15 of each year for admission into the program starting the following fall semester. Applicants will be notified by mail of acceptance into the Dental Assisting program. Applications received after April 15 will be accepted only on a space-available basis.

The **AS degree in Dental Assisting** will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Science Degree listed in the Degrees and Programs section of this Catalog.
