President’s Message

Welcome to the College of Alameda! We are excited about the opportunity to serve you as you pursue your personal and professional dreams, goals and aspirations! The campus has a strong “students-first” philosophy which is committed to open access, achievement, accountability, student equity and social justice. As a campus community we are committed to providing you with cutting edge educational experiences designed to challenge your thinking, empower you to stretch beyond your wildest dreams and prepare you to enter into the 21st century global marketplace. We pride ourselves in creating pathways of inquiry, innovation and academic excellence. The College of Alameda is uniquely situated on the island of Alameda which provides a strong sense of community, intimacy and opportunity to build strong relationships with the college community and local residents. We have served the residents of the island for over 40 years. The College is a diverse campus community with students from more 50 countries.

One of our core values is academic excellence! The faculty, staff and administrators are dedicated to providing academic programs and support services that address the diverse needs of our students. We have online offerings, over 33 associate of arts and science degrees, 9 associate degrees for transfer, and 25 certificate programs for our students. Or, if you want to attend classes for personal enrichment, we have courses available for you as well. Our faculty are held in the highest esteem among scholars in California and nationally. They have developed a robust curriculum that will prepare you to compete globally, advance in years to come and contribute to the regional growth that is projected in northern Alameda County. Additionally, our support services are superb, responsive and provide real-time access to the students we serve.

Eleanor Roosevelt shares, “The future belongs to those that believe in the beauty of their dreams.” At the College of Alameda, we want you to believe in the beauty of your dreams as we believe and help you realize the beauty of your dreams!

Welcome again, and thank you for choosing the College of Alameda for your institutional choice in higher education! Your experience will be one that dreams are made of!!

Welcome to College of Alameda!

Who we are, what we do, and what we promise...

The function of education is to teach one to think intensively and to think critically... - César Chávez

Intelligence plus character—that is the goal of true education... - Martin Luther King Jr.

How we envision the outcomes of learning tells us how we need to choreograph the dance. - Ruth Stiehl

College of Alameda (COA) is one of four Peralta Community Colleges. The Peralta Community College District was established in 1964 with its roots in the history of public education in Oakland. The name Peralta reflects the Spanish land grant to Sergeant Luis Maria Peralta in August 1820 of Rancho San Antonio, upon which the six cities that comprise the Peralta Community College District are now located. We primarily serve the residents of Alameda, Albany, Berkeley, Emeryville, Oakland and Piedmont.

Vision

The Vision of College of Alameda is that we are a diverse, supportive, empowering learning community for seekers of knowledge. We are committed to providing a creative, ethical and inclusive environment in which students develop their abilities as thinkers, workers and citizens of the world.

Values

We use this vision to choreograph three central themes in our quest for “learning excellence” and services to students. These three themes are:

- **Academic Excellence**
- **Budgetary Competence, and**
- **Community Engagement**

We call these “our ABCs” emphasizing crucial success indicators for our students in achieving an enhanced capacity to pursue their dreams! Noting the Community College Movement all over the world emerged out of the American focus upon “community” and “citizenship” in higher education; we draw the meaning of a community college degree as defined for us by California Education Code: Title 5. From this, what you should be able to do with what you learn here is outlined in three general areas that define a comprehensive community college education that prepares students in terms of:

- **Foundational Knowledge and Learning** – college courses that prepare people for transfer to higher levels of education or simply to understand our place in the world and the world in and of itself
- **Critical Thinking and Applied Skills** – an overall set of life “survival” skills necessary to be a productive, employed, and effective citizen including applied learning in the areas of Career and Technical Education (CTE)
- **Personal Enrichment and Efficacy** – college courses that develop the life skill sets for pursuing well being and an enhanced quality of life

At College of Alameda, “ABCs” means we integrate our core values in all we do to help students in their efforts to realize their dreams. How are these crucial success indicators emphasized in service to our learning community?
Academic Excellence means we validate our work based on the assessment of our students’ success as defined by our Institutional Learning Outcomes. We seek to meet these goals with a commitment to innovative and integrated curriculum built upon collaborative partnerships within our organization between student services & academic instruction, seeking to create opportunities for applied learning (such as service learning, civic engagement and cross-discipline learning communities), all within the context of a psychologically and intellectually safe environment that encourages risk-taking and celebrates our successes.

Budgetary Competence means all our services need to be offered creatively within the real-world constraints of our budget. We are all a part of this process of being responsible stewards for the resources entrusted to us by the community we serve. We strive to not bring ideas to the table without first asking how this fits within our resource limits, seeking to find creative ways to supplement our budget. In this we also seek to find creative ways to do what we want to do within the context of our vision of success – not merely a shrunken vision of what we have always done. We also seek to serve our students with convenient and creative scheduling allowing us to offer courses that are productive, creative & experimental. We look for holistic offerings that complement our existing programs, our sister colleges within the Peralta Community College District, and that play to the unique strengths of College of Alameda.

Community Engagement means we seek to embody a Spirit of Collegiality, actively working towards a student-centered philosophy that embodies a community of scholar practitioners committed to serving our students with professional and collegial competence. We aspire to hold one another accountable to clear standards of success and excellence – as defined by our Institutional Learning Outcomes – utilizing a process of evaluation and assessment, leading to improvement of college programs & services. In this we use tried and tested models of academic excellence that work! COA's Learning Communities (Adelante, APASS, Amandla, Community Leadership and Public Service) are all examples of successful programs that exemplify our commitment to students. We focus on a holistic collaborative approach to learning; one in which learning happens both in- and out- of the classroom. We recognize our frontline staff members are no less important than our administration and our faculty cannot function without either. We actively promote and support students as equal partners in shared governance through the Associated Students of College of Alameda (ASCOA) and our Campus Life Council. This one team approach, comprised of students, staff and faculty, seeks to de-emphasize distinctions between the stakeholders; we are all learners, each working towards a common goal: student success!

In line with our definition of crucial student success indicators, “Learning at College of Alameda” follows the notion that an Associate’s degree from a comprehensive community college should embody, “a coherent and integrated pattern of learning experiences (to) prepare students (as) educated persons with a broad range of knowledge to evaluate and appreciate the physical environment, the culture, and the society in which they live; to be able to examine the values inherent in proposed solutions to major social problems; and to be able to participate effectively in their resolution.” Title 5 emphasizes the role of education in preparing “citizens with a broad educational foundation, to develop a populace that can participate effectively in all domains of society: civically, economically, and politically.”

Mission

Therefore, it is the Mission of College of Alameda to serve the educational needs of its diverse community by providing comprehensive and flexible programs and resources that empower students to achieve their goals.

Following Title 5, the faculty, staff, and administration at College of Alameda strive to accomplish our mission in a more complex world with challenges unique to living in the 21st Century. We meet these challenges offering courses in three areas of focus: career technical education, liberal arts and sciences, and personal enrichment. It is by being “comprehensive” in this way that College of Alameda offers students critical life skills and tools to live more effectively in the world.
Our job is not to make up anybody’s mind, but to make the agony of decision-making so intense you can escape only by thinking. - Fred W. Friendly

The College of Alameda and Peralta Educational Master Plan commits us as a comprehensive learning college to serve people in five general areas:

- **We seek to advance student access and success**; being sensitive to the diverse and complex realities of the 21st Century World.
- **We engage our communities and partners** (e.g. with various industries and among non-profit and other educational organizations). We do this to build foundations of learning upon which what is learned enables all of us to live with one another in a manner which builds community.

- Through **programs of distinction** we seek to support students in achieving their life goals what ever they may be (transfer, employment, or personal enrichment). We recognize that for many of the people we serve, they may be the first in their families to attend college and for some this may be their highest level of education. Consequently;
- For all the people who count on us, College of Alameda is committed to provide the highest quality educational experience we can through the **creation of a culture of innovation and collaboration**.
- As wise stewards of our resources we **ensure financial health** of the organization and **environmentally stainable practices in all our operations**.

In meeting all of these commitments, College of Alameda supports student success by empowering students with the values, knowledge, and skills to succeed in becoming engaged global citizens. These qualities enable them to be involved in the creation of a future that is socially just, economically viable, ecologically sound, and promotes a healthy quality of life and holistic well-being.

We assess the achievement of our goals in the success of our students when they are able to apply what they learn in the classroom to the efforts needed to achieve their academic, professional, and personal aspirations! Therefore, the criteria of success by which we assess ourselves and our mission are found in our **Institutional Learning Outcomes**. These meet the vision of a “comprehensive community college education” as put forward in Title 5, and are framed as the answer to a question:

As a result of their learning experiences at College of Alameda,  
What are students able to do out in the world?

- Solve problems and make decisions in life and work using critical thinking, quantitative reasoning, community resources, and civil engagement.
- Use technology and written and oral communication to discover, develop, and relate critical ideas in multiple environments.
- Exhibit aesthetic reflection to promote, participate and contribute to human development, expression, creativity, and curiosity.
- Engage in respectful interpersonal communications, acknowledging ideas and values of diverse individuals that represent different ethnic, racial, cultural, and gender expressions.
- Accept personal, civic, social and environmental responsibility in order to become a productive local and global community member.

Finally, we offer all our services guided by the highest standards of research-based professional practice by evaluating what we do to continuously improve our educational services rooted in the findings of fact.

*Facts are stubborn things; and whatever may be our wishes, our inclinations, or the dictates of our passion, they cannot alter the state of facts and evidence.* ~ John Adams

GENERAL INFORMATION

Since 1970 College of Alameda has held classes on a 62-acre campus, located at the intersection of Webster Street and Ralph Appezzato Memorial Parkway in Alameda. The campus is easily accessible from downtown Oakland by personal or public transportation, auto or AC Transit bus through the Posey Tube on Webster Street. With its buildings surrounding a central courtyard, the campus is designed to encourage the interaction among students, faculty and staff essential to an effective learning environment.

The College has a satellite campus housing the Aviation Maintenance Programs located on a 2.5-acre site on Harbor Bay Parkway, adjacent to the Oakland International Airport’s North Field. We also have a new science lab and classroom building at 860 Atlantic, one block to the east of our main campus.

Career Technical Education and Occupational Courses
Our Career Technical Education and Occupational Courses (CTE) are concentrated and efficient. The same types of programs are taught at private schools that cost the students tens of thousands of dollars and take years to pay off. These high-demand career paths are a direct link to employment opportunities in our communities. The training programs are state of the art due to our master instructors and the latest equipment. Our Career and Technical Programs have ongoing industry partnerships with local, regional and national corporations. Industry partner advisory committees advise our CTE Programs’ faculty and administration in the latest industry standards and practices.

Program Accreditations and Certifications
College of Alameda is accredited by the Accrediting Commission for Community and Junior Colleges (ACCJC), an institutional accrediting body recognized by the Council on Postsecondary Accreditation and the U.S. Department of Education. Accreditation is a voluntary system of self-regulation developed to evaluate overall educational quality and institutional effectiveness. The Accrediting Commission for Colleges and Junior Colleges (ACCJC) accreditation process provides assurance to the public that the accredited member colleges meet the standards for a degree-granting institution of higher education. ACCJC can be contacted is writing at 10 Commercial Blvd., Suite 204 Novato, CA 94949.

Individual College of Alameda occupational programs are accredited or certified by the American Dental Association (ADA) Council on Dental Education for Dental Assistants, the Federal Aviation Administration (FAA), and the National Institute for Automotive Service Excellence (ASE).

Associate in Arts (AA) or Associate in Science (AS) degrees and certificates may be earned in many areas of liberal arts and occupational studies. Most credits earned are transferable to the University of California, California State Colleges and Universities and to other public and private four-year colleges and universities across the state and the nation.

Diversity is Valued at the College of Alameda
College of Alameda through its ‘learning excellence philosophy’, values diversity as demonstrated through its institutional values and commitment to social justice and educational equity. The College is committed to mutual respect between all constituencies and availability of quality educational programs and services for every member of our community regardless of level of preparation, socio-economic status, cultural, religious or ethnic background, or disability. The institutional culture creates opportunities for engagement through fair, inclusive, and transparent processes based on an open and honest collegial environment.

Gainful Employment: Licensure Eligibility Requirements
Data on Gainful Employment and Licensure Eligibility Requirements are available on the District Institutional Research website at http://web.peralta.edu/indev/gainful-employment/
Supporting Student Success

Enrollment in College of Alameda is open to all people who meet the State of California eligibility requirements (see page 23). As a publicly supported community college, College of Alameda makes available lower-division college-level work at a moderate cost to students.

Small classes allow students to benefit from closer contact with instructors and fellow students, and to become more individually involved in campus life and student activities. College of Alameda offers its courses on the semester calendar, as do the other three Peralta Colleges.

College of Alameda offers support services that enable the success of all students. Students will find academic, career, technical education, and personal counseling services. The college is committed to a policy of equal opportunity and nondiscrimination for students with disabilities. It is the policy of the District to accommodate requests involving academic adjustments consistent with local, state, and federal laws and regulations. Other student services include financial assistance, tutoring, health services, job placement and various student activities based at the Student Center.

Basic skills courses in English and math, as well as individualized labs and tutoring, offer students the opportunity to lay the foundation for their continued success in college-level courses. English as a Second Language (ESL) courses provide second-language learners with proficiency in English through practice in writing, speaking, listening and reading at different levels.

Housing: College of Alameda has no dormitory facilities. Students not living at home (including international students) must make their own arrangements for living quarters.

Using This Catalog

The College of Alameda Catalog describes the courses, programs and services of the college that are planned for the 2015-2017 academic years. Most of the policies and regulations affecting students are described in this catalog, and each student is responsible for becoming familiar with this information. More current or complete information may be obtained from the appropriate department, administrative office or our web page (http://alameda.peralta.edu/)
Responsibility for Meeting Requirements
Each student must assume responsibility for compliance with the regulations set forth in this catalog, for satisfying prerequisites for any course the student plans to take, and for selecting the courses which will allow for the attainment of his/her educational objectives. The College does not assume responsibility for misinterpretation by students of policies and procedures as presented in this catalog. Counselors are available and willing to assist students in planning their programs and to clarify college policies and procedures.

Accuracy Statement
College of Alameda endeavors to accurately and fairly present its programs, course descriptions, schedules and policies and to ensure that all information presented here is correct and current as of the date of its release. College of Alameda assumes no responsibility for administrative or publication errors. In addition, College of Alameda reserves the right to add, amend, modify or withdraw any of its policies, course descriptions, class schedules or other information reflected here from time to time. Please check our website at http://alameda.peralta.edu/ for our catalog supplement and the most current, available information.

Admissions Requirements

Eligibility for Admission

If you are 18 years of age or older and can profit from the instruction, you are eligible for admission as a California resident or non-resident. If you are under 18 years of age, you may also enroll if you are a high school graduate or have earned a GED or California High School Proficiency Certificate.

Residence Requirements

To be qualified as an in-state resident for tuition purposes, you must have lived continuously in California for at least one year immediately preceding the residence determination date. The residence determination date is the day before a term for which the person is applying for admission begins. You must also provide evidence to indicate that you intend to make California your permanent home. If you are an unmarried minor, your residence is that of your parents or legal guardian.

You are responsible to demonstrate clearly both physical presence in California and intent to establish California residence. In addition, you must be a U.S. citizen or hold a U.S. Immigration status that does not prevent establishment of residency.

Admission of Nonresident Students

Students who are not legal residents of California for one year and one day prior to the first day of the term may enroll as nonresident students. You will be charged Nonresident Tuition in addition to the California Community College Enrollment Fee, Campus Center Use Fee, Health Services Fee, and AC Transit Fee. Nonresidents who are both citizens and residents of a foreign country also pay a Capital Outlay Fee. Information regarding tuition and refunds is found in the “Fees” section of the catalog.

Note: Nonresident students pay all fees unless specifically exempted from paying a particular fee.

Admission of International Students

College of Alameda will admit you if you are an international student holding an F-1 or M-1 visa. Special regulations govern the admission of foreign students. International students should contact the Office of International Education for application and admissions information at (510) 466-7380 or by fax at (510) 465-3257 or email globaled@peralta.edu. The International Student Application form along with a $50 application fee is required. Upon acceptance, the student must complete the online OpenCCC www.openccc.net/ application at www.openccc.net/. The Office of International Education is located next to the Peralta Community College District main office at 333 East Eighth Street, Oakland, CA 94606.

Admission of High School Students - High School Concurrent Enrollment Program

Peralta’s concurrent enrollment program provides enrichment opportunities for high school students who can benefit from college level instruction. Access to the Concurrent Enrollment Program is NOT allowed for (1) remedial work, (2) work to make up for failed high school or middle school classes, (3) recreation or hobbies, or (4) any class that you can take at the local K-12 school.

As a high school student, you may enroll in the Peralta colleges as a special part-time student. However, if you are enrolling in 11.5 units or more you will be responsible to pay full tuition and all other fees. Your principal must recommend you for enrollment, you must have parental or guardian consent and a counselor signature on the high school concurrent enrollment form.

By participating in the concurrent enrollment program, you will receive college credit. With approval of your high school, you may also receive high school credit. Upon student request the Office of Admissions and Records will send the college transcript to your high school.

Because you are enrolling in a college-level course, you must complete assessment if enrolling in an English, ESL, or a mathematics course. You must follow all the regulations and policies of the college, including adhering to any prerequisite requirements. The college recommends, but does not require, that you bring your high school transcript to assist your college counselor in determining the correct level of course placement.
Special Admission of K-10 Students

The K-10 Special Enrollment provides enrichment opportunities for K-10 students who can benefit from college level instruction.

Peralta Community College District may admit a limited number of K-10 students who have exceptional ability, or who desire specialized or advanced training. Such admission must be with the recommendation of the principal and approval of the parent or guardian.

Students enrolling in a college level course must meet assessment requirements. The student must follow all the regulations and policies of the college, including adhering to any prerequisite requirements. K-10 students may enroll only in a selected number of courses (for listing visit the Admissions webpage at www.peralta.edu).

Special part-time concurrently enrolled K-10 students are exempt from paying the California Community College enrollment fees. However, all other fees are required and must be paid at the time of registration. (See the current Peralta Colleges Class Schedule for current health, campus use, & transportation fees). Special enrolled K-10 students may not enroll in more than one approved class per semester. Except in summer students may enroll in two approved classes. For a list of approved classes visit the District Special Enrollment website at www.peralta.edu.

*Students admitted in to the Peralta Community College District under the K-10 Special Enrollment earn actual college credits which will count towards their financial aid eligibility in future semesters.

All coursework is governed by the Family Rights and Privacy Act which allows release of academic information, including grades, to the student only- regardless of age. Academic information is not released to parents or third parties without the consent of the student.

Steps for K-10 Special Enrollment:
1. Download the admission application and the K-10 Special Enrollment form http://web.peralta.edu/admissions/forms/
2. Complete the admission application and the K-10 Special Enrollment form and obtain the signature of the school Principal.
3. Submit the completed admission application and the Special Enrollment form to the Admissions office at the college.
4. You must complete the K-10 Special Enrollment Program form each semester that the student wishes to attend.

Admission of Veterans

The College Veterans’ Services Offices were established to help process VA Educational Benefit paperwork and to coordinate with other campus services. New students should contact the office at least two months prior to the term they plan to attend to initiate required paperwork. Continuing students should check in at the Veterans Affairs’ Office at least one month prior to the next term of attendance to complete any paperwork that might be required for continuous VA payment. In addition, all recipients must confirm their classes with the Veterans’ Affairs Office after completion of registration, and once again the week before final exams begin. All material submitted to the Veterans Administration takes approximately two months for processing through the Regional Office in Muskogee, Oklahoma.

This institution will conduct an evaluation of previous education and training, grant appropriate credit, shorten the veteran’s or eligible person’s duration of course study proportionately, and notify the VA and student, accordingly.

After completing 12 units at a Peralta college, a veteran may apply for evaluation of military service experience for college credit. A copy of the veteran’s DD-214 separation paper should be submitted to the Admissions and Records Office. Credit granted for military service is based on A Guide to the Evaluation of Educational Experiences in the Armed Services, published by the American Council on Education.

Military Residence Exemption

If you are a non-resident U.S. military personnel on active duty in California (except if you are assigned for educational purposes to state-supported institutions of higher education), you receive a waiver of non-resident tuition until you are discharged from your military service. If you are on active military duty and are stationed in California for more than one year immediately prior to being separated from the military, you are entitled to resident classification for up to one year after the time you complete active duty within California. This one-year waiver after your military discharge allows the time necessary to establish permanent California residency. If you are a non-California resident serving in the military who is discharged in California, you must eventually show evidence that you have surrendered out-of-state residency. If you are a dependent of someone on active military duty in California, the waivers and procedures also apply to you.
Other Residency Exemptions

For additional residency exemptions visit our website at www.peralta.edu and review Administrative Procedure 5015 http://web.peralta.edu/trustees/files/2011/04/AP-5015-Residence-Determination.pdf.

Admissions Procedures

You must apply for admission online through http://web.peralta.edu/apply-enroll/. Please follow the OpenCCC instructions to complete and submit an online admission application. Once an application is submitted, a message is sent to your Peralta email or an email assigned by Open CCC giving you instructions on how to log onto the Passport Student Center where you can enroll in classes. Unless exempted from the Student Success and Support Program Services, you must also complete assessment, orientation, and counseling requirements. Detailed instructions may be found online as well as in printed Schedules of Classes. On campus assistance for online registration is available in the Welcome Center, Building A-101.

Official transcripts of past academic records should be sent to the Peralta Community College District Admissions and Records Office. The address is 333 E 8th Street, Oakland, CA 94606. The student is responsible for requesting that the transcripts from other schools previously attended be mailed directly to the District Admissions and Records Office by the school issuing them.

STUDENT SUCCES AND SUPPORT PROGRAM SERVICES

All first-time students are required to complete the 3 core services as part of the Student Success and Support Program (SSSP) services. The three core services include orientation and advising, taking an assessment test and meeting with a counselor before enrolling in classes.

ASSESSMENT AND TESTING

The assessment process is a combination of counseling, evaluating prior school transcripts, testing, and identification of career and educational goals—all designed to facilitate your success. Assessment testing is required for all students planning to enroll in certain courses (e.g., English, math, ESL, etc.). If you have achieved satisfactory ACT (American College Test) or SAT (Scholastic Aptitude Test) scores or have tested at another community college, you should see a counselor for a recommendation for class placement. If you have earned an AA degree (or higher) the decision to consult with a counselor is optional.

New and continuing students should refer to the current Schedule of Classes for test dates or contact the Counseling Office or Assessment Office. Students with special testing needs must sign up in advance for testing through Programs and Services for Students with Disabilities.

ORIENTATION AND ADVISING

All first-time students are required to participate in an orientation and advising session. College programs, services, and facilities will be explained. Any exempted student can participate in SSSP services to learn about student activities and leadership opportunities. Counseling staff will assist you with course selections. Also refer to the section that explains the Student Success and Support Program services and procedures.

FOLLOW-UP COUNSELING

All new students are encouraged to meet with a counselor at least once during your first semester. This session helps you with goal setting, selection of a major, career exploration, and the completion of an educational plan. You are encouraged to make an appointment early in the semester.

SUBMISSION OF TRANSCRIPTS

You should submit official transcripts of records covering all previous high school and college coursework. You should request separate transcripts from each school previously attended. The issuing schools should mail them directly to the District Admissions and Records Office. The address is 333 E 8th Street, Oakland, CA 94606, or you may bring official transcripts (in a sealed envelope) in person to the Admissions and Records Office at the college or to your Counselor.

CALIFORNIA COMMUNITY COLLEGE ENROLLMENT FEE

You are required to pay a California Community College Enrollment Fee. The fee is $46 per semester unit (subject to change) which is collected at the time of enrollment in classes.

High school students admitted on a part-time basis upon recommendation of their principal are exempt from paying the Enrollment Fee, but all other fees apply, including the Campus Center Use Fee, Health Services Fee, and AC Transit Fee.

Full-time High school students enrolling in 11.5 units or more pay tuition fees and all other fees.
ENROLLMENT FEE ASSISTANCE – BOARD OF GOVERNORS ENROLLMENT FEE WAIVER

The Board of Governors Enrollment Fee Waiver (BOGW) is available to assist you if are unable to pay the Enrollment Fee. Eligibility requirements for these programs have been established by the California Community Colleges Board of Governors. Information on this program is available at the Financial Aid Office. Under the California Dream Act, AB 540 students may also apply for the BOGW.

NONRESIDENT TUITION

If you are not a legal resident of California for one year and one day prior to the first day of the term, you will be charged Nonresident Tuition at the rate of $220 (subject to change) per semester unit unless you qualify for the nonresident status known as “AB 540”. Nonresident students must pay Nonresident Tuition in addition to the California Community College Enrollment Fee of $46 per unit, Campus Center Use Fee, Health Services Fee, and AC Transit Fee. Note: You pay all other fees unless specifically exempted from paying a particular fee.

NONRESIDENT FEE EXEMPTION/ AB 540

If you are a Non-resident student and meet the following criteria, you are exempt from nonresident and capital outlay fees:

1. You must have attended a (public or private) California high school and or a combination of high school and elementary or secondary school for three years or more.
2. You must have graduated from a California high school or attained the equivalent (e.g., GED or proficiency exam).
3. If you are an alien student who is without lawful immigration status, you must file an affidavit with the college that indicates that you have applied for legalization or will apply as soon as you are eligible.

Complete and submit an AB 540 CA Nonresident Tuition Exemption Request to the college Admissions and Records office.

AB540 California Nonresident Tuition Exemption Request for Eligible California High School Graduates

General Information

Students, who meet the following requirements, shall be exempt from paying nonresident tuition at the California Community Colleges, the California State University and the University of California (all public colleges and universities in California).

Requirements:

- The student must have attended a high school (public or private) in California for three or more years. The student must have graduated from a California high school or attained the equivalency prior to the start of the term (for example, passing the GED or California High School Proficiency Exam.)

- An undocumented student who is without lawful immigration status must file an affidavit with the college or university stating that he or she has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so.

- Students who are non-immigrants (for example, those who hold F (student) visas, B (visitor) visas, etc.) are not eligible for this exemption.

- The student must file an exemption request including a signed affidavit with the college that indicates that the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law. The Non-Resident Tuition Exemption form can be requested and submitted to Admissions and Records or downloaded online at http://web.peralta.edu/admissions/files/2014/11/AB-540-Affidavit-CA-Nonresident-Tuition-Exemption-10-6-141.pdf

- Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each college under consideration.

- Nonresident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will not be classified as California residents. They continue to be “nonresidents.” These students remain ineligible federal financial aid. Under the California Dream Act of 2011 (AB 130 and AB 131), they are eligible to apply for some forms of financial assistance including institutional scholarships such as the Peralta Foundation Scholarship), the Board of Governors Fee Waiver, Chafee Foster Youth Grant, and Cal Grants. AB 540 students may also apply for EOPS. To maximize financial aid opportunities, AB 540 students who are ineligible to file a FAFSA should submit a California Dream Act Application https://dream.csac.ca.gov/

- For more information on AB 540 and the California Dream Act, please visit http://web.peralta.edu/admissions/residency-requirements/
NONRESIDENT CAPITAL OUTLAY FEE

Nonresident students who are both citizens and residents of a foreign country will be charged a Nonresident Capital Outlay Fee in addition to the Nonresident Tuition, California Community College Enrollment Fee, Campus Center Use Fee, Health Services Fee, and AC Transit Fee. The Nonresident Capital Outlay fee is $6 per semester unit (subject to change) with a maximum of $144 per year. Note: Nonresident students pay all other fees unless specifically exempted from paying a particular fee.

CAMPUS CENTER USE FEE

In addition to the California Community College Enrollment Fee, Nonresident Tuition and Nonresident Capital Outlay Fee, there is a Campus Center Use Fee of $2 per campus, per semester (excluding off-campus locations), to be collected at the time of enrollment. High school students admitted on a part-time basis on the recommendation of their principal must pay the Campus Center Use Fee. Nonresident students must also pay the Campus Center Use Fee.

AC TRANSIT EASYPASS FEE

All students enrolled in nine (9) or more units are required to pay an AC Transit EasyPass Fee of $41 per semester for the 2015-2016 semester, collected at the time of enrollment. The fee entitles eligible students to receive an AC Transit EasyPass bus pass for the semester.

STUDENT HEALTH FEE

You are required to pay the Student Health fee of $18.00 per semester for fall and spring semesters ($15 for summer session). This fee is collected at the time of enrollment. The Health Fee is subject to change as allowed by the State Legislature. Note: Students who qualify in the following categories will be exempted from payment of the Health Fee:

1. Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization (documentation required);
2. Students who are attending college under an approved apprenticeship training program.
3. Students who are attending college in non-apportionment courses

The Student Health Fee is refundable if the student drops all units on or before the last day to drop regular session classes.

RETURNED-CHECK FEE

There will be a $25.00 charge on checks returned to the college.

OTHER EXPENSES

You should have adequate funds at the beginning of the semester to pay for books and enrollment fees.

You may be charged for overdue or lost library books, pamphlets, and periodicals. Certain courses and programs require the purchase of supplies and/or equipment, provided such materials are of continuing value to you outside the classroom setting and provided they are not solely or exclusively available from the district. Field courses and field trips may require personal transportation.

For further information about fees and the financial aid/scholarships available, stop by the Financial Aid Office.

FEE PAYMENT POLICY

You must pay all applicable fees no later than two (2) weeks before the beginning of the term. Failure to do so will result in classes being dropped. If you add classes after this deadline, you are required to pay your fees immediately or you will be dropped from your classes and a hold WILL be placed on your account and your debt may be sent to collections.

FEE PAYMENT DEADLINE

Tuition and enrollment fees are due and payable at the time of registration, and each time subsequent classes are added.

FEE PAYMENT OPTIONS

There are several fee payment options available: In person at the Cashier’s Office; by mail (check or money order made payable to Peralta Community College District); online by credit/debit card (Visa or MasterCard); and by payment plans that are available upon request. For additional information, go to www.peralta.edu. Admissions and Records, and follow appropriate links to Payment Policy.
PAYMENT OF CHARGES AND FINANCIAL AID DISBURSEMENTS

When receiving financial aid disbursements, all eligible charges, upon authorization, will be deducted before remaining amounts are released. For more information on Financial Aid disbursements, please visit http://web.peralta.edu/financial-aid/or the campus Financial Aid office.

ENROLLMENT FEE REFUND POLICY

Class Cancellations

The State-mandated Enrollment Fee will be fully refunded if an action of the college (e.g., class cancellation) prevents you from attending class.

Regular Session (Full-Term) Classes

If you cancel your registration prior to the first day of instruction, or if you officially withdraw from classes during the first two weeks of instruction, you shall be entitled to a full refund, less a $10 processing fee (charged whether or not the class was attended).

If you officially complete a change of program during the first two weeks of instruction, and as a result reduce the number of units in which you are enrolled, you are entitled to a refund if the change places you in a different enrollment fee category. You shall not be subject to the processing fee.

If you pay an enrollment fee of less than $10, and cancel your registration or withdraw from all classes before the deadline, the processing fee shall equal the Enrollment Fee.

No refund of the Enrollment Fee will be made to any student who fails to pay the enrollment fee or nonresident tuition. Grades, transcripts and diplomas will be withheld from students or former students who fail to pay loans, other fees, or obligations which have been properly charged to him/her.

DROPPING A STUDENT FOR NONPAYMENT OF ENROLLMENT FEES

Payment Policy: Students must pay all applicable fees no later than two (2) weeks before the beginning of the term. If a student owes more than $800 in fees two weeks before the beginning of the term, all classes will be dropped. Students, who add classes after the two week deadline and then owe more than $800 in fees, are required to pay all fees before classes start or all their classes will be dropped. Students who owe any fees as of the last day of enrollment will have a hold placed on their account so that they cannot enroll in future semesters or receive their transcript, and their debt may be sent to collections. For important dates, see the A&R website: http://web.peralta.edu/admissions/

Installment Payment Plans: Students who owe fees from the current or previous terms may opt to pay these fees through an installment payment plan. Students are required to pay at least $25 of their owed fees and develop an installment payment plan prior to enrolling in classes. Students can only participate in one payment plan. Please refer to the PCCD A&R website on “Payment Policies”
for more details: http://web.peralta.edu/admissions/payment-policies/

Student’s Responsibility to Drop: Dropping or withdrawing from a course is not an automatic process. It is the student’s responsibility to drop the classes he/she is not attending. If the student does not drop a class, he/she will be charged and could receive an “F” grade that will appear on the student’s permanent record.

Campus Parking and Traffic Regulations
Students must park their vehicles only in authorized lots on the south side of the campus and must pay a Parking Fee of $2.00 a day.

Semester parking permits can be purchased for $40.00 for students enrolled in less than 9 units or $29.00 for students enrolled in 9 units or more ($20.00 for students with BOGW fee waiver). Semester motorcycle permit is $10.00. Summer session parking permit is $20.00 (Summer motorcycle permit is $5.00).

YOU MUST OBTAIN A STUDENT DECAL TO BE DISPLAYED ON YOUR AUTOMOBILE WINDOW WITH THE DAILY PAID PARKING RECEIPT.
Both the decal and the parking permits are issued from the college Cashier’s Office.

Disabled students whose vehicles display a valid DMV placard and a valid parking permit may park in designated disabled parking zones. Visitors park in a fee lot and pay $2.00 a day.

The campus speed limit is 5 MPH. All provisions of the California Vehicle Code apply to individuals driving (and to vehicles being driven) on the campus. These regulations are strictly enforced. Violators will be cited and vehicles parked illegally may be towed at owner’s expense. College officials do not have authority to rescind or to arbitrate citation matters.

College of Alameda Student Success Program

Note: Chinese and Spanish translations may be found online at: http://eperalta.org/wp/translations

The Student Success and Support Program (SSSP) previously known as Matriculation is a state-mandated program/process which brings the College’s staff and resources into a PARTNERSHIP with you to ensure your educational success.

College of Alameda agrees to provide an organized process of: admission, orientation, assessment, counseling and/or advising, and the monitoring of your progress through follow-up activities.

You agree to declare a specific educational objective within a reasonable length of time, complete a Student Educational Plan, attend classes regularly, complete assigned course work, and maintain satisfactory progress toward the achievement of your educational goal.

All students, except those exempted on the basis of locally-established criteria (see Exemption from SSSP) are expected to complete the State’s SSSP requirements.

Student Success and Support Program (SSSP) Components for Educational Success

The following five components of SSSP will help ensure educational success:

1. Admission - The admissions application provides the college with information about educational plans and career goals. It also helps the college determine your SSSP status.

2. Orientation - An orientation session introduces you to the college’s programs, services, academic regulations, expectations, and campus facilities; the focus is on how to succeed in college.

3. Assessment - An assessment session provides you with a measurement of your current skills in reading, writing, and mathematics. The results from these assessment tests are advisory only. In addition to measuring current skills, the assessment gathers “multiple measures” information about your previous academic experiences, study skills and habits, motivation and support system, and outside commitments.

4. Counseling and Advisement A counselor helps you to develop a Student Educational Plan (SEP) and select appropriate courses based on your educational objectives, assessment results, and “multiple measures” information.
5. **Follow up** - Your counselor, on a regular basis, monitors your progress toward the attainment of your educational goal. The counselor also assists in reviewing, updating, or revising your educational plans. Your counselor may refer you to support services as necessary.

### Special Follow-up Efforts to Support Student in Completing the SSSP Process

The College of Alameda makes special efforts to support your successful SSSP if you are “undecided” about your educational goal, are enrolled in basic skills courses, or are on progress and/or academic probation/dismissal. If you are an “undecided” student (in other words, you have not chosen a major or specific goals for your education), the counselors at College of Alameda can help you with the decision-making process. As a student enrolled in basic skills courses, the college offers you extra support opportunities, such as tutoring, to help you successfully complete your basic skills courses. Finally, if you have difficulty with your studies and your performance results in probation or dismissal status, you will receive a letter asking you to see a counselor or the Vice President of Academic and Student Affairs, who will offer you support and assistance to improve your academic performance.

Selection of any of the following educational objectives will provide you the opportunity to participate in the Student Success Program Services:

- Obtain a bachelor’s degree (with or without an associate degree)
- Obtain a two-year associate/vocational or career technical education degree (without transfer)
- Earn a vocational/career technical education certificate (without transfer)
- Improve basic skills in English, reading, and/or mathematics
- Undecided goal

(If you do not have an associate degree or higher degree and if you enroll in 12 or more semester units, the college will also consider you an eligible SSSP student, regardless of your educational objective.)

The college strongly encourages and welcomes all students to participate in the SSSP services, regardless of whether or not you meet the criteria for exemption from SSSP services or the assessment component. If you are exempt, the college does not require you to participate in the SSSP services. (See the following Peralta Community College District Exemption Policy.)

### Exemption from the Student Success and Support Services

You may be exempt from the SSSP services process at the Peralta Colleges under the following conditions:

1. You have earned an associate degree or higher from an accredited institution, or
2. You are enrolling in fewer than 12 units, and you have declared one of the following educational objectives:
   - discover/formulate career interests, plans, goals, or
   - prepare for a new career (acquire job skills), or
   - advance in current job/career (update job skills), or
   - maintain certificate or license (e.g., nursing, real estate), or
   - acquire educational enrichment (intellectual, cultural), or
   - complete educational enrichment (intellectual, cultural), or

Note: You may participate in any of the matriculation components even though you qualify for exemption.

### Exemption from Assessment Test Component Only

If you meet at least one of the following conditions, you shall be exempt from the assessment test component:

1. You have successfully completed (grade of “C” or higher) college level English and mathematics courses (transcript or grade report required); or
2. You have, within the last three (3) years, taken an assessment test that the Peralta counseling faculty can use to determine suitable placement in English and mathematics.

If you have received services for a learning disability in the last three years at any California community college, you may be exempt from the assessment component. You should call the Programs and Services for Students with Disabilities (PSSD) Office at (510) 464-3428 as soon as possible to make an appointment to see a counselor or learning disabilities specialist.

### Exemption from Orientation Component

Contact a counselor concerning possible exemption from the orientation component.
A Note for Students with Disabilities

If you are a student with a physical, psychological, acquired brain injury, visual, communication, or learning disability who may require special assistance to participate in our registration, assessment, or other parts of our Orientation/Assessment/Counseling process, please contact the Programs and Services for Students with Disabilities (DSPS) Office in Room D-117.

Students’ Rights and Responsibilities

If you are a student wishing to claim exemption from any SSSP component or choosing not to participate, you must file the appropriate waiver form, available online http://web.peralta.edu/admissions/files/2011/06/Exemption-from-SSSP-11-5-14.pdf

If you wish to file a complaint alleging unlawful discrimination in the implementation of SSSP practices, please refer to the Peralta Community College District Policy on Nondiscrimination (See page 222).

To challenge SSSP regulatory provisions or file a complaint, you should contact the Vice President of Student Services for information regarding applicable college policies and procedures.

Failure to comply with SSSP policies regarding the declaration of an educational goal and development of an educational plan without completing the necessary waiver form may result in the loss of services.

ENROLLMENT POLICIES AND PROCEDURES

Adding Classes/Change of Classes
The last day to add regular session (full-term) classes is available online www.peralta.edu under Admissions and Records. This is also published in the academic calendar of the current Schedule of Classes. After the specified date, only short-term or open-enrollment classes may be added. Refer to the current Schedule of Classes for procedures to follow to add and drop classes.

Attendance Policies
Attendance is expected at every meeting of all courses in which students are enrolled.

1. Instructors may drop a student from class if the number of absences during a semester exceeds the number of times the class meets in two weeks, unless there are extenuating circumstances warranting special consideration by the instructor.
2. All instructors may drop students who do not attend class by Census Day if the student has not contacted the instructor with an explanation satisfactory to the instructor as to why he/she has not attended. All drops must be recorded on the Census Rosters and Instructors’ Class Records.

3. It is the student’s responsibility to drop from classes that they do not wish to attend. Instructors have two opportunities to drop students (1) Instructors are to drop students on the online Census Roster; and, (2) Instructors are to drop students using the online Attendance Verification Roster. Instructors will no longer indicate drop dates on rosters or submit Drop Cards for students.
4. The instructor’s decision to drop a student for not meeting the attendance requirements of the class is FINAL.
5. Leaves of absence may be granted by the instructor for limited periods to cover illness, hospitalization, or acute emergencies. Requests for such leaves should be made directly to the instructor by contacting the instructor either in person, by phone, or by email.
6. Responsibility for making up work missed because of absence rests with the student.
7. District policy limits attendance in classes to those who are officially enrolled in the class.

Auditing Classes
Peralta Board Policy does NOT permit students to audit classes. Class attendance is limited to students who are officially enrolled.

Enrollment in Conflicting Classes
Students are NOT permitted to enroll in classes with conflicting or overlapping meeting times.

Excess Units
Students may not enroll in more than 18 units at the Peralta Colleges without prior approval. Counselor approval is required for enrollment in a combined total of 18.5-21.5 units per semester at all Peralta Colleges. Enrollment in 22-25 units per semester requires the approval of the Vice President of Student Services. Under no circumstances will approval be granted beyond 25 units. The maximum load for summer session is 10 units.

No Shows
Students who are not present at the first class meeting may be dropped by the instructor, and their seat may be given to a student on the wait list.

Open Classes/Open Enrollment
It is the policy of the Peralta Community College District that, unless specifically exempted by statute, every course, course section or class, wherever offered and maintained by the District and for which the average daily attendance is to be reported for state aid, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, Part VI, Title 5 of the California Administrative Code, commencing with Section 51820.
**Student Study Load**

In order to complete an Associate in Arts or Associate in Science Degree at one of the Peralta Colleges in two years, an average study load of 15 units per semester is advised. For college purposes, a full-time student is one who is carrying 12 or more units.

**Wait Lists**

During the enrollment period prior to the start of classes, students wishing to add classes which have reached the enrollment limit, can add themselves to the wait list. A process will run each night that will automatically enroll students in the class from the wait list as seats become available. An email will be sent to the student’s Peralta email notifying them of the enrollment and the charge to their student account. Student should check their Peralta email regularly. The last day a student can add to a wait list is the day before the first day of the term. Wait lists apply only to regular session (full-term) classes.

After classes begin, students enrolled in the class who do not show up for the first class meeting may be dropped by the instructor who will then add students from the wait list. If you are not moved into the course from the wait list during the enrollment period, you must be sure to attend the first meeting of the class to be considered for late enrollment from the wait list. If there is a space available and you are not at the class, you will lose your place on the wait list and another student may be added instead.

Important details you should know:
- Adding to a wait list does not guarantee enrollment in the class.
- All corequisites or prerequisites must be completed before you will be enrolled from the wait list.
- You will not be enrolled from the wait list if the class conflicts with times of your existing class schedule.
- You can view your wait list position in your online student center (under class schedule).
- You can remove yourself from a wait list the same way you would drop a class in your online student center.

**DROPPING CLASSES/WITHDRAWAL**

Students are responsible for dropping classes using the Passport System or at the college Office of Admissions and Records.

Students should refer to the academic calendar in the catalogs or the class schedule to determine the deadline dates for dropping a class with a refund, with no grade, or with a “W” grade. A withdrawal that occurs prior to the Census date shall not be noted on the student’s academic record.

A “W” grade symbol will be recorded on the student’s transcript up on withdrawal during the period after the Census date and the end of the fourteenth week of instruction (or between 21% to 75% of instruction for the summer session and short-term courses). The “W” grade symbol shall not be used to determine academic probation but only to determine progress probation. The academic record of a student who did not withdraw from a class nor was dropped by the class instructor within the time allowed must reflect a grade other than “W” as awarded by the instructor.

Students will not be permitted to withdraw and receive a “W” in a class more than three times (substandard grades are also included in determining the ability to repeat courses).

Enrollment Fee Refund Information can be obtained at the following link http://web.peralta.edu/admissions/payment-policies.

**Prerequisites, Corequisites and Recommended Preparation**

The Peralta Community College District has established certain prerequisites, corequisites, and recommended preparation (advisory) for courses and programs in a manner consistent with law and good practice. The District and college believe that these requirements are necessary for students’ academic success. Students who do not meet these requirements are highly unlikely to receive a satisfactory grade in the course. Students may not officially enroll in a course without the appropriate prerequisite, corequisite, or equivalent preparation.

**PREREQUISITE** means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to enrollment and without which the student is highly unlikely to succeed in the course or program. Students will not be permitted to enroll in such courses and programs without the appropriate prerequisite. A prerequisite course must be completed with a satisfactory grade (A, B, C, P).

**COREQUISITE** means a condition of enrollment consisting of a course that a student is required to take simultaneously in order to enroll in another course. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. Students must concurrently enroll in the corequisite course.
RECOMMENDED PREPARATION (ADVISORY) means a condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program. Recommended preparation represents a set of skills or a body of knowledge which enable a student to achieve a greater depth or breadth of knowledge of course material but without which the student is still likely to succeed in a course or program.

If a student has not shown evidence of the prerequisite or corequisite, the student will be temporarily enrolled in the course until the last day to add the class. The student will be given ample time to provide proof of prerequisite or corequisite or complete the waiver process for the prerequisite or corequisite at which time he/she will be officially enrolled.

There are three options:

• Petition for Prerequisite/Corequisite Equivalency
• Petition for Prerequisite/Corequisite Substitution
• Prerequisite/Corequisite Challenge

Petition for Prerequisite/Corequisite Equivalency
The District will maintain a list of courses offered at other colleges or universities that satisfy the District’s prerequisites. A student who has taken one of these equivalent courses at another college or university may bring a transcript showing successful completion of the course to the Counseling Office, Admissions and Records Office or Dean’s Office and complete a Prerequisite/Corequisite Equivalency form. Upon verification, the student will be officially enrolled in the course.

Petition for Prerequisite/Corequisite Substitution
If the course does not appear on the pre-approved list, the student will have to complete a Petition for Prerequisite/Corequisite Substitution with the appropriate written documentation attached (course outline and transcript). If, upon review by the Department Chair, Dean, and/or Vice President of Academic and Student Affairs, the course is determined to be an equivalent prerequisite, the student will be officially enrolled in the course.

Petition for Prerequisite/Corequisite Challenge
If a student desires to challenge the prerequisite or corequisite, he/she must file a petition for Prerequisite/Corequisite Challenge with written documentation to the Office of Admissions and Records. A challenge will be resolved by the appropriate staff within five (5) working days. If the challenge is upheld, the student will be officially enrolled in the course. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term; and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student enrolls for the subsequent term. If the challenge is not upheld, the student will be notified that he/she has been dropped from the course. The student shall bear the initial burden of showing that grounds exist for the challenge.

Grounds for challenge shall include the following:
1. The student has acquired through work or life experiences the skills and knowledge that is presupposed in terms of the course or program for which it is established.
2. The student has not yet been allowed to enroll due to a limitation on enrollment established for a course that involves intercollegiate competition or public performance, or one or more of the courses for which enrollment has been limited to a cohort of students and would be delayed by a semester or more in attaining the degree or certificate specified in his or her Student Educational Plan.
3. The student demonstrates that he or she does not pose a threat to himself or herself or others in a course which has a prerequisite established to protect health and safety.
4. The prerequisite is not necessary and appropriate for success in the course and has not been established in accordance with the District’s process for establishing prerequisites and corequisites.
5. The prerequisite or corequisite is either unlawful discrimination or is being applied in an unlawfully discriminatory manner.
6. The student will be subject to undue delay in attaining the goal in his or her educational plan because the prerequisite or corequisite course has not been made reasonably available.

Program Preparation
Students should consult college counselors in preparing their programs. Required courses are listed under each vocational and liberal arts major prior to the course descriptions. Certain state university and college requirements are listed in the section “Transfer Information” to aid students who wish to develop a tentative program before meeting with a counselor. Continuing students should consult a counselor as soon as possible for assistance in preparing a program of classes. Students may not enroll in classes which have conflicting or “overlapping” scheduled meeting times.

Study Load
A full-time study load is 12 units. A student may not carry more than 18 units a semester without special permission. Such permission ordinarily is not given to any student who has not maintained a grade-point average of 3.0 the previous semester. (See section on Grades and Grade Points for explanation of grade-point average.)
An absolute maximum unit load is set for 25 units at an individual college or combination of Peralta colleges. Advance approval from a counselor for carrying in excess of 18 units, including variable units, must be filed in the Admissions and Records Office. For summer session, a maximum unit load is set for 10 units.

It is recommended that students who are employed consider carefully their unit loads and study time in relationship to the number of hours they spend on their jobs.

Procedures and Policies Regarding Student Access to Education Records
In compliance with requirements established by the Family Educational Rights and Privacy Act of 1974 (Public Law 93-380, as amended) and regulations in Title 5 of the California Administrative Code Chapter 6, a cumulative record of enrollment, scholarship, and educational progress shall be kept for each student.

A. Release of Student Records: No instructor, official, employee, or Governing Board member shall authorize access to student records to any person except under the following circumstances:

1. Student records shall be released pursuant to a former or current student's written consent.
2. “Directory information” may be released in accordance with the definitions in Board Policy 5040.
3. Student records shall be released pursuant to a judicial order or a lawfully issued subpoena.
4. Student records shall be released pursuant to a federal judicial order that has been issued regarding an investigation or prosecution of an offense concerning an investigation or prosecution of terrorism.
5. Student records may be released to officials and employees of the District only when they have a legitimate educational interest to inspect the record.
6. Student records may be released to authorized representatives of the Comptroller General of the United States, the Secretary of Education, an administrative head of an education agency, state education officials, or their respective designees or the United States Office of Civil Rights, where that information is necessary to audit or evaluate a state or federally supported educational program or pursuant to federal or state law. Exceptions are that when the collection of personally identifiable information is specifically authorized by federal law, any data collected by those officials shall be protected in a manner that will not permit the personal identification of students or their parents by other than those officials, and any personally identifiable data shall be destroyed when no longer needed for that audit, evaluation, and enforcement of federal legal requirements.
7. Student records may be released to officials of other public or private schools or school systems, including local, county or state correctional facilities where education programs are provided, where the student seeks or intends to enroll or is directed to enroll. The release is subject to the conditions in Education Code Section 76225.
8. Student records may be released to agencies or organizations in connection with a student’s application for, or receipt of, financial aid, provided that information permitting the personal identification of those students may be disclosed only as may be necessary for those purposes as to financial aid, to determine the amount of the financial aid, or conditions that will be imposed regarding financial aid, or to enforce the terms or conditions of financial aid.
9. Student records may be released to organizations conducting studies for, or on behalf of, accrediting organizations, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering financial aid programs, and improving instruction, if those studies are conducted in such a manner as will not permit the personal identification of students or their parents by persons other than representatives of those organizations and the information will be destroyed when no longer needed for the purpose for which it is conducted.
10. Student records may be released to appropriate persons in connection with an emergency if the knowledge of that information is necessary to protect the health or safety of a student or other persons, subject to applicable federal or state law.

B. Federal Military Recruitment. The following information shall be released to the federal military for the purposes of federal military recruitment:

1. student names,
2. addresses,
3. telephone listings,
4. dates and places of birth,
5. levels of education,
6. majors,
7. degrees received,
8. prior military experience,
9. and/or the most recent previous educational institutions enrolled in by the students.

Student Financial Aid

General Information Regarding Financial Assistance

Financial Aid is intended to help students who might not otherwise be able to attend college. Although the primary responsibility for meeting college costs rests with the student and his or her family, it is recognized that many families have limited resources and are unable to meet the cost of a college education. Peralta Colleges offers several types of financial aid which are funded through federal, state, local agencies, Peralta Colleges Foundation and the colleges themselves. The major categories include:

• Grants. These awards are based on financial need and do not require repayment.
• Loans. Such awards must be repaid after the student leaves school or drops below half-time enrollment. Most have a low rate of interest.
• Employment. This type of award is based on financial need and provides the student with an opportunity to earn money for school through employment with participating Federal Work Study Employers.
• Scholarships. These awards are based on scholastic achievement and/or financial need and/or student activity involvement. They do not require repayment.
• Special Programs. Some students qualify for benefits through the Veterans Administration, California State Department of Rehabilitation and Bureau of Indian Affairs, among others. Eligibility requirements vary.

Students applying for financial aid may take courses at any of the Peralta Colleges. However, a “home” campus must be determined for financial aid purposes for the academic year. The home campus is the college at which the student plans to complete their academic objective.

For additional information and the most recent updates, please refer to: web.peralta.edu/financial-aid/

When do I apply?

The application process for financial aid begins with the completion of the Free Application for Federal Student aid (FAFSA) at www.fafsa.gov. The application is available January 1, for the following fall semester. Priority for aid will be given to students who apply early. A complete application and all corresponding documentation must be submitted to the Financial Aid Office. If you apply late or complete your Financial Aid application late, your application will be treated on a “first-come, first-served” basis until funds are exhausted. Students must apply each year for financial aid, beginning in January for the following academic year.

There are various Financial Aid deadlines throughout the year. Check the financial aid website for a complete listing of deadlines.

What are the Eligibility Requirements?

In order to qualify for financial aid a student must be enrolled in an eligible program of study leading to completion of an AA/As degree, transfer requirements or a certificate program; maintain satisfactory academic progress; for most programs, have demonstrated financial need; be a U.S. citizen or eligible non-citizen; certify compliance with selective service registration requirements; not be in default on any student loan or owe a refund on any grant made under any Title IV program; have a social security number, and have a high school diploma, or GED. Effective July 1, 2012 the Ability to Benefit test is no longer offered. Students without a H.S. diploma or GED who passed the Ability to Benefit test or completed 6 college credits towards a degree or a certificate prior to July 1, 2012 are still eligible to continue receiving aid in future years.

For additional information, stop by the campus Financial Aid Office or refer to the campus financial aid webpage. You may also apply online at www.fafsa.gov.

Withdrawals & Repayment of Financial Aid Funds

Federal aid recipients who withdraw or are dropped from all classes by the instructor are subject to regulations regarding the Return of Title IV funds. Students who withdraw or are dropped from all classes prior to completing more than 60% of the enrollment period are subject to these rules. Based on the date of the complete withdrawal or drop, the Financial Aid Office will determine the amount, if any, of “unearned” federal financial aid is received by the student.

If the student received more financial aid than the amount earned, the student will be billed for the overpayment. Financial aid recipients are advised to 1) avoid total withdrawal from all classes, 2) successfully complete at least 6 units during the semester, 3) if completely withdrawn, repay any “unearned” financial aid as soon as possible. Failure to do any of the above may result in the loss of financial aid eligibility.

Financial Aid Programs

Board of Governors Fee Waiver (BOGW)
California Community College students are charged an enrollment fee. However, fee waivers are available for qualified California resident students through the Board of Governors Fee Waiver Program.

Students may be eligible for a Board of Governors Fee Waiver (BOGW) if (1) you or your family are receiving Temporary Assistance for Needy Families (TANF), General Assistance, or Supplemental Security Income (SSI) or State Supplemental Program (SSP) aid; (2) you are qualified for and receiving other financial aid; (3) your family’s income meets the established guidelines; or (4) you qualify under Special Classifications Enrollment Fee Waivers, see questions on the BOGW.

Applications and BOGW-related information are available in the Financial Aid Office or you can download the BOGW application at the Financial Aid website.

Loss of Board of Governors (BOG) Fee Waiver
Beginning Fall 2016, students who do not maintain minimum academic and/or progress standards for two consecutive primary semesters will be subject to loss of eligibility for the Board of Governors Fee Waiver (BOGW). The change is effective fall 2016. Registered Foster Youth are exempted from this requirement.

Loss of BOG Waiver Eligibility
(a) (1) PCCD shall adopt policies providing that a student who is otherwise eligible for a Board of Governors (BOG) Fee Waiver shall become ineligible if the student is placed on academic or progress probation, as defined in section 55031(a) or (b), or any combination thereof for two consecutive primary terms. Loss of eligibility shall become effective at the first registration opportunity after such determination is made. (2) Foster Youth, as defined in Education Code 66025.9(b), shall not be subject to loss of BOG Fee Waiver under this section. This exemption is effective until the date specified in Education Code 66025.9(c).
(b) For purposes of this section, primary terms are fall and spring semesters for colleges on a semester system and fall, winter, and spring quarters for colleges on a quarter system. Terms shall be considered consecutive on the basis of the student’s enrollment so long as the break in the student’s enrollment does not exceed one primary term.
(c) PCCD shall adopt, prominently display, and disseminate policies ensuring that students are advised about the student support services available to assist them in maintaining and reestablishing BOG Fee Waiver eligibility. Dissemination includes but is not limited to information provided in college catalogs and class schedules.
(d) Students placed on academic or progress probation pursuant to section 55031(a) or (b) shall be notified of their status no later than thirty days following the end of the term that resulted in the student being placed on academic or progress probation. This notice shall clearly state that two consecutive primary terms of probation will lead to loss of BOG Fee Waiver until the student is no longer on probation pursuant to section 55031(a) or (b). This notice shall also advise students about the available student support services to assist them in maintaining eligibility. Pursuant to Section 55523(c) colleges shall ensure that students shall have the opportunity to receive appropriate counseling, assessment, advising, or other education planning services on a timely basis to mitigate potential loss of the fee waiver.
(e) PCCD shall establish written procedures by which a student may appeal the loss of the BOG Fee Waiver due to extenuating circumstances, or where a student with a disability applied for, but did not receive reasonable accommodation in a timely manner. Extenuating circumstances are verified cases of accidents, illnesses or other circumstances that might include documented changes in the student’s economic situation or evidence that the student was unable to obtain essential student support services. Essential student support services include, but are not limited to, services identified in the student education plan developed under section 55524, and any services to which the student was referred pursuant to section 55520. Extenuating circumstances also includes special consideration of the specific factors associated with Veterans, CalWORKs, EOPS, and DSPS student status. PCCD may allow students who have demonstrated significant academic improvement to retain or appeal the loss of the BOG Fee Waiver. Significant academic improvement is defined as achieving no less than the minimum grade point average and progress standard established in section 55031 (a) and (b). A student who successfully appeals the loss of enrollment priority shall also have BOG Fee Waiver eligibility restored.
(f) PCCD shall begin notifications to students following the spring 2015 term and ensure that the requirements of this section are fully operational for registration for the fall 2016 term. Loss of BOG Fee Waiver eligibility pursuant to this section shall not occur prior to the fall 2016 term. PCCD shall ensure that all board policies and course catalogs reflect the requirements of this section and that appropriate and timely notice is provided to students.
(g) PCCD shall not impose requirements for BOG Fee Waiver eligibility other than the requirements of this section and section 58620.
Pell Grants
A Pell Grant is federal aid designed to provide financial assistance for those who need it to attend post-high school educational institutions. Basic grants are intended to be the “floor” of a financial aid package, and may be combined with other forms of aid to meet the full cost of education.

The actual amount of your grant is determined by your estimated family contribution, the total cost of attending college and your enrollment status.

After your FAFSA application is processed, you will receive a Student Aid Report (SAR) from the Department of Education, which constitutes official notification of your expected family contribution (EFC). The lower the EFC, the higher your award will be.

Supplemental Educational Opportunity Grant (SEOG)
The SEOG is a federal grant designed for students with financial need who receive the Pell Grant. Funds are limited.

Federal Work-Study (FWS)
This federally funded program provides employment opportunities to students with financial need. Students awarded FWS receive an allocation of funds earned through part-time jobs on or off-campus. FWS provides an excellent “learning process” through on-the-job training. Students must be enrolled and be eligible for financial aid to participate in FWS.

Extended Opportunity Program and Services (EOPS)
This program is primarily for the recruitment and retention of students from under-represented groups who are both educationally and economically disadvantaged. Referrals for grants are made for full-time EOPS students only. For additional information regarding this program, visit the campus EOPS office.

Student Loans
These loans are available to students who are enrolled at least half-time.

The Federal Government will pay interest on subsidized loans during the in-school period and during the grace period following the student’s termination or graduation. The grace period is for six months. The student is responsible for paying the interest on unsubsidized loans during the in-school and grace periods. Students are eligible if they meet the Department of Education’s criteria as listed with the Financial Aid Office. Further information about loans may be obtained on the Financial Aid website, or by visiting the Financial Aid Office.

Scholarships
Scholarships are available from various individuals and organizations. The amounts of, and qualifications for, these scholarships vary.

Students interested in scholarships should check periodically with the Financial Aid Office, as new scholarships are constantly being made available to students thanks to many community supporters of the college.

Chafee Foster Youth Grant
This grant of up to $5,000 is available to current or former California foster youth under 24 years of age who wish to take vocational training or college courses. To complete Chafee Grant application requirements, in addition to verification of qualifying foster youth status, the following forms must be submitted: Chafee Grant Application, https://www.chafee.csac.ca.gov/default.aspx; the Free Application for Student Aid (FAFSA), www.fafsa.gov; and Chafee Need Analysis Report (NAR)*. In addition, you must have financial need. Your school must report your financial need by submitting a Needs Analysis Report, www.chafee.csac.ca.gov/SupportFiles/Chafee_NAR_Generic.pdf . You must also enroll at least half time in an eligible school. Your program of study must be at least one academic year long, and you must attend class regularly and get good grades.

Bureau of Indian Affairs (BIA)/Tribal Grants
The Bureau of Indian Affairs provides grants to assist eligible American Indian students in meeting educational costs. To be eligible, the applicant must be at least one-fourth American Indian, Eskimo, or Aleut heritage, as certified by a Tribal Agency served by the Bureau of Indian Affairs.

Tribal Grants are for eligible students who belong to federally recognized Indian Tribes. Tribes generally have their own applications, deadlines and eligibility criteria.

Cal Grant B and C
Cal Grant programs are available to California residents who qualify. A student must be a U.S. Citizen, a permanent resident or an eligible non-citizen, and a California resident attending an eligible college located in California and making Satisfactory Academic Progress. The college electronically transmits GPA verification for certain students.

Applying for a Cal Grant Takes two forms, (1) the FAFSA, www.fafsa.gov and (2) your verified GPA, www.csac.ca.gov/doc.asp?id=1177 = A Cal Grant Application. You must apply by March 2 to maximize your opportunity to receive an award.
If you miss the March 2, Cal Grant deadline AND you plan to attend a community college in the fall, you have until September 2 to apply. However, the number of Cal Grant awards is limited.

Student Consumer Information
Please note: Students are now limited to six full-time (600%) years of Pell Grants in a lifetime at any college. Students are advised that the financial aid information included here is limited. Additional information on all financial aid categories is available on the Financial Aid website or upon request at the campus Financial Aid Office.

Satisfactory Progress Standards
Federal regulations mandate that all institutions of higher education establish minimum standards of “satisfactory academic progress” for students receiving financial assistance.

All students who apply for and receive financial assistance are expected to meet the academic standards described in Peralta Colleges’ Financial Aid Satisfactory Progress Policies and Procedures.

Copies of the Financial Aid Satisfactory Academic Progress Policy are available on the Financial Aid website or in the campus Financial Aid Office.

Remedial Coursework
If a student receives financial aid for remedial coursework, and completes one (1) year or 30 units, no further aid will be paid for remedial study. The student may continue to enroll in remedial classes, but financial aid payments will be calculated only for degree-applicable coursework.

English as a Second Language (ESL) Coursework
Students who enroll in excessive ESL coursework (over 45 units) without enrolling in classes leading toward their stated educational major or goal will be notified by the Financial Aid Office. ESL students will be strongly urged to enroll in coursework that will assist them in completing their educational goal. To continue receiving Financial Aid the student must enroll in at least one class leading toward their approved educational goal.

Financial Aid Census Date
Each term the Financial Aid Office establishes a census date after which no adjustments will be calculated on funds paid for that term for units added or dropped. Please check with your home campus financial aid for the Financial Aid Census dates.

Disbursement
In order to receive a disbursement, a student must have a completed application, completed financial aid file and be enrolled in the required number of units.

Most aid is distributed on a two-payment per semester basis. Normally, the first payment may be expected during the first week of each semester, and the second payment after the mid-point of each semester.

Student loans are disbursed in accordance with procedures set forth by federal regulations.

Federal Work-Study recipients will be paid once a month.

Financial Aid funds are disbursed by HigherOne, a third party funds management service that has partnered with Peralta Community College District (PCCD). All enrolled students who have applied for financial aid through FAFSA will be sent a Peralta HigherOne Debit Card. Students must activate their card in order to select their preference on how they would like to receive their financial aid disbursement. There are 3 free methods a student may choose:
1. PeraltaCard – One Account, this is an online financial account where the student uses their PeraltaCard (debit card)
2. Direct deposit to your existing bank account, or
3. By paper check, this would be mailed to your home address

The PeraltaCard will be mailed to each student’s current mailing address on file with PCCD. It is critical that all students update and maintain their mailing address with PCCD. For more information on the PeraltaCard please visit http://web.peralta.edu/financial-aid/peraltacard-higherone/ and www.PeraltaCard.com.

There are fees associated with HigherOne. Please read, review, and understand the Higher One Fee Schedule. More information about Higher One fees can be found here http://web.peralta.edu/financial-aid/peraltacard-higherone/fee-schedules/

1. Students will be able to increase accessibility to courses and services by effectively applying, registering and accessing their records online.
2. Students will become aware and utilize referrals provided by A&R staff to counseling department, financial aid, and other needed resources on campus, district and community in an effort to improve their success.
3. Students will be aware of the importance of time management (Drops/Add, Refunds, Petition and other deadlines) for a successful professional and personal growth and effective civic engagement.

Assessment
Assessment helps students choose classes to match their skill levels in English, writing and reading, mathematics, and English as a second language.

Students receive course recommendations based on the assessment test results, and then meet with a counselor to decide on the classes that are most appropriate.

Assessment is a part of the Learning Resources Center, located in the I Building, second floor, (510) 748-2307.

Advising and Orientation
All first-time and other interested students are strongly encouraged to participate in an orientation and advising session. College programs, services, and facilities will be explained and interested students will be directed to student activities and to leadership opportunities. Counseling staff will assist you with course selections. Also refer to the section on Matriculation Procedures.

ATLAS
ATLAS is a dynamic program at the College of Alameda which incorporates specialized training, career guidance and individualized support. Curricula are designed with input from logistics industry experts and integrate college level, adult education and non-profit resources to create a comprehensive education, training and job placement program.

ATLAS serves:
- Students interested in entry-level jobs in logistics with career pathway opportunities.
- Current logistics employees seeking career advancement.
- Employers interested in customized training.

ATLAS is a member of the California Transportation and Logistics Initiative (CATLI), a statewide collaborative of postsecondary education institutions, workforce investment boards, economic development agencies and community-based organizations working to advance the logistics industry and train its workforce for the 21st century.

How to Apply
To register for any of the ATLAS training programs (Warehouse and Forklift Operations, Transportation-Logistics Operations (undergoing revision), Diesel Maintenance Technician), contact 510-748-5251.
ATLAS Programs

CalWORKs
The CalWORKs program provides educational/training assistance to students who receive cash-aid through TANF, including self-initiated participants (SIPs) and GAIN referrals. The program assists students in entering the workforce at the highest level possible, and in developing a personal career ladder leading to increased self-sufficiency and individual growth. Support services include priority enrollment, counseling, educational advising, progress monitoring, job development and placement, post employment, childcare, work-study, and case management. For further information, call 510-748-2258 or visit the CalWORKs office, co-located with EOPS and CARE in the A building Welcome Center.

CalWORKs has identified the following Student Learning Outcomes:
1. Develop a Student Educational Plan (SEP) that will facilitate an effective integration into the work force.
2. Identify and utilize effectively available community based resources needed to become self-sufficient.
3. Recognize life and work stressors and design and implement effective practices, goals and interventions.

Childcare Services
Childcare services are available for qualifying College of Alameda families on campus at the Alameda Family Services Head Start /Early Head Start Program located at the Children’s Center on Campus Drive. Head Start is a comprehensive child development program that has been successfully serving low-income children and their families for over forty years. It is a child-focused program with an overall goal of increasing school readiness and socialization for young children birth to five years old, accomplished by providing a rich preschool environment, involving and supporting the family, and connecting with the community. Half day morning and afternoon sessions as well as full day options are available. If you are interested in enrolling your child in Head Start or Early Head Start at College of Alameda please contact the Head Start enrollment office at (510) 629-6333.

Childcare for the children of College of Alameda students is also available at the Children's Centers at Laney College (900 Fallon Street, Oakland, CA 94607) and Merritt College.

The College requires all new students to participate in the Student Success Program.

Be a part of COA’s New Student SUCCESS Academy!

S.U.C.C.E.S.S.: Students United for Completing College Education Steps Successfully

COA’s SUCCESS Academy is designed to provide new students with a successful start to college life.

New students who complete College of Alameda SUCCESS Academy and who are successful in their courses will maintain enrollment priority, which means they will be among the first to register for classes next semester.

SUCCESS Academy’s Six Factors of Student Success

When you come to College of Alameda, we want you to feel...

Directed - You have a goal and know how to achieve it.
Focused - You can stay on track and keep your eyes on the prize.
Engaged - You actively participate in class and extracurricular activities.
Connected - You feel connected to our college.
Nurtured - You feel somebody wants you to succeed and helps you to do so.
Valued - You feel what you have to contribute to the college is valued.

The SUCCESS Academy has four steps:

1. Assessment – New students take English and Math assessment to ensure placement into the right starting classes.
2. Fabulous Friday – COA’s Welcome event for new student the Friday before school starts.
3. Counseling 201 – Orientation to College, a one unit course where students learn important info about college.
4. Develop a Student Education Plan (SEP), a plan of the courses you need to reach your goal.

All students should meet with a counselor to design a student education plan (SEP) to outline the course of study necessary to reach the student’s educational goal. In addition, students undecided about their major field of study are strongly urged to meet with a counselor early in their college career to discuss the alternatives available to them. All new and returning students must have their program approved by a counselor, before they can register for classes.

Students are invited to go to the Counseling Appointment Desk to make appointments or to meet with counselors on a drop-in basis for brief questions or emergency problems. Discussions of personal matters are confidential.

The Counseling Department is located within the Student Services Complex in the A Building. For additional information, call (510) 748-2209.

The faculty and staff of Counseling Services have identified the following Student Learning Outcomes:

1. Articulate an understanding of their personal responsibility in creating their own academic, personal, and professional successes.
2. Utilize the necessary information, resources, and options available for them to make sound educational and lifelong decisions.
3. Identify specific tactics and strategies used in order to achieve their desired goals.

Extended Opportunity Programs & Services (EOPS)

College of Alameda offers a comprehensive EOP&S program for students who demonstrate that they have educational, economic, social, cultural, or language problems which interfere with their educational careers. The program offers special supportive services to EOP&S students, including professional counseling, priority registration, career and academic guidance, book purchase assistance, vocational grant assistance, assistance to four year institutions, transfer and admission application.

To qualify for participation in the EOP&S program a student must:

• Be a California resident
• Be enrolled full-time when accepted into the EOP&S program
• Have fewer than 70 semester (105 quarter) units of degree applicable credit coursework
• Qualify to receive a Board of Governors Grant
• Be educationally disadvantaged

A student may be considered educationally disadvantaged if the student meets one of the following criteria:

• Graduated from high school with a grade point average of 2.49 or below
• Does not qualify for the minimum level English or mathematics course work required for an Associate degree
• Was previously enrolled in remedial education courses
• Is the first in his/her family to attend college
• Is a foreign born resident with language difficulty

Cooperative Agencies Resources for Education (CARE) offers additional support services to EOP&S students who are single parents on TANF (Transitional Assistance for Needy Families) and to break the welfare dependency cycle by completing college-level educational training programs, and therefore, become more employable and economically self-sufficient.
To be eligible, a student must:
• Be 18 years of age
• Be single head of household
• Be a current recipient of TANF/CalWORKs
• Have at least one child under 14 years of age
• Be enrolled as a full-time student upon admission into the program
• Be an EOP&S student

For further information, call 510-748-2258 or visit the EOPS/CARE office located in the A building Welcome Center.

EOPS/CARE Programs has identified the following Student Learning Outcomes:
1. Demonstrate information competency
2. Develop self-awareness and confidence
3. Demonstrate technological literacy

Financial Aid
The Financial Aid Program provides financial assistance to students who, without such aid, would be unable to attend College of Alameda. Financial aid is directed toward ensuring that a student will not be denied a college education because of lack of personal resources. Student aid comes in a wide variety of programs. Although eligibility qualifications and benefits vary, assistance is available for career as well as academic training at College of Alameda. More information on Student Financial Aid is provided in the prior chapter of this catalog.

Financial Aid is located in the A building. Call (510) 748-2392 for further information.

Financial Aid identified the following Student Learning Outcomes:
1. Students will be able to identify financial aid resources for which they may qualify, submit applications and meet deadlines.
2. Students will demonstrate knowledge and understanding of the Satisfactory Academic Progress “SAP” Policy for financial aid purposes.
3. Students who take out a loan will gain understanding of the requirements, rights and responsibilities, and repayment obligations associated with acquiring a federal student loan.
Intercollegiate Athletics
College of Alameda is a participating member of the Bay Valley Conference and offers intercollegiate athletic competition in basketball for men and in volleyball for women students. Students enrolled at College of Alameda may participate in athletic programs at other Peralta Colleges if a particular sport is not offered here. All athletes must meet the specific requirements of the Bay Valley Conference and of the Community College League of California (CCLC) Commission on Athletics in order to be eligible for participation.

For information, visit the Athletics Office in G237, or telephone (510) 748-2383.

Library/Learning Resources Center
The Library/Learning Resources Center (Building “L”) houses a wide variety of services and resources for students, faculty and staff.

The Learning Resources Center, on the second floor, is comprised of the Tutoring Center; Language and General Studies Center; Math, Science and Vocational Center; Academic Lab; and Proctoring Center. The Learning Resources Center is a collaborative learning community environment that provides centralized access to programs and services designed to assist students in succeeding in their academic endeavors, including the development of learning skills and attitudes for effective performance in the college environment as well as the enhancement of thinking abilities and knowledge base, and provides instructional support to faculty in the classroom.

Library
The Library contains approximately 40,000 volumes, 44 current periodical subscriptions, and an archive of 200 periodicals, pamphlets and microfilm materials. The library maintains a variety of online resources, as well as our “Ask a Librarian” chat reference service, on the library web pages found at http://alameda.peralta.edu/library. The online catalog provides access to all district library print collections. A variety of additional online resources, including electronic periodical databases, are also available on the reference computer workstations.

The Library is on the first floor of the L Building and houses an instructional area, circulation services desks and reference desks as well as the print collections that include: Browsing, Best Sellers, Circulation, Reference, Periodicals, and Textbook Reserve. Other Library services located on the first floor include photocopiers, group study rooms, a leisure reading area, and the library office. At the Reference desk, the librarians provide instruction in the use of library resources for individuals, classes, and workshops.

The College of Alameda student identification card for the current semester is the user’s library card. Library users are responsible for returning borrowed materials on time and for paying a charge for lost or severely damaged materials. Circulating materials are considered overdue when not returned by the due date. Failure to meet these obligations will result in a “hold” on student transcripts, registration and borrowing privileges. A library “hold” can be removed when overdue library materials are returned and/or all charges are paid. Library users that do not comply with or violate the College of Alameda Student Code of Conduct or Library rules and regulations may be subject to disciplinary action and/or loss of library privileges.

Library Services outcomes:
1. Demonstrate and communicate their service related information needs
2. Using appropriate self advocacy skill with librarians and staff
3. Successfully complete a “service transaction” from appropriate service desks;
4. Demonstrate social responsibility by proper behavior, use of library equipment, and library policies;
5. Be aware of online and remotely accessible resources as well as the ability to access these resources.

Phi Theta Kappa Alpha Chi Alpha
Phi Theta Kappa Phi Theta is an international community college honor society established to promote the ideals of scholarship, leadership, fellowship, and service. College of Alameda’s chapter, Alpha Chi Alpha, was chartered in June 1992. Chapter members participate in campus and community projects. Membership is open to all students who have accumulated 12 semester units with a GPA of 3.5 or higher. For further information, contact (510) 748-2180 or (510) 748-2260.

Programs and Services for Students with Disabilities (DSPS)
Programs and Services for Students with Disabilities provides educational and vocational support services for students with disabilities who are enrolled in classes at College of Alameda. Services include academic, personal and vocational counseling; diagnostic testing; registration assistance; support services personnel such as note-takers and sign language interpreters; testing accommodations; liaison with four-year colleges and community agencies; instructional materials in alternate media, such as Braille, large print, electronic text (e-text), tactile graphics, and audio recording; access to adapted computer equipment and other assistive technology.
In addition instructional programs are offered for students with disabilities who meet eligibility criteria:

1. **The Learning Skills Program** assists students with learning disabilities to succeed in their college program by providing assessment, instruction, advising, and liaison with campus instructors and programs. Meet with a counselor in the DSPS program to inquire about enrolling in Learning Resources 296 for eligibility assessment.

2. **The Adapted Computer Learning Center** offers classes in assistive technology and in improving cognitive skills.

**Assistive Computer Technology** instruction is designed to meet the computer access needs of students with learning disabilities, acquired brain injury, visual impairment, or physical disability. Adaptations include programs to increase print size on the screen; speech synthesizers that read aloud information on the screen; voice input to allow “hands free” computer operation; an embosser for Braille output of written material; and programs that modify the keyboard.

**Brain Injury Program** - Computers are used as a tool in teaching cognitive skills to students with specific learning disabilities or acquired brain injuries resulting from head trauma, stroke, hypoxia, brain tumor, infections of the brain or ingestion of toxic substances. The Improving Cognitive Skills class remediates basic mental processes such as memory, attention, concentration, perception, and organization. It retrains complex thinking skills such as categorizing, sequencing, problem solving, abstract reasoning, and communicating. It helps students develop compensatory strategies for coping with decreased cognitive function.

3. **The College to Career Program**, funded through a contract with the Department of Rehabilitation, works in partnership with the Department of Rehabilitation, the Regional Center of the East Bay, the College of Alameda One Stop Career Center, faculty, and employers to provide pre-vocational and vocational services for students with Intellectual Disabilities. Twenty students who are eligible for Regional Center services are admitted each year to the program. Please contact the DSPS program to learn about College to Career entrance criteria and application process.

4. **The Workability III Program** The Workability III Program provides job search skills training and job placement services for persons with disabilities. Workability III is a joint program between College of Alameda and the Department of Rehabilitation.

For additional information on DSPS services or programs, call (510) 748-2328 or visit the DSPS office in Room D117.

**Programs and Services for Students with Disabilities** include the following Student Learning Outcomes:

1. **Goal Setting**: Students will have met with their DSPS counselor, and will have developed an educational plan, focused on individual academic, vocational, and/or personal growth goals.
2. **Educational Accommodations**: Students will work with DSPS staff and faculty to identify the appropriate academic accommodations necessary to address their individual disability needs.
3. **Self-Advocacy**: Students will effectively utilize their disability related accommodations and services; articulating their disability needs to staff and faculty.

**Workability Program has identified the following Student Learning Outcomes**:

1. **Referrals**: Workability referrals will result in at least 30 College of Alameda students becoming Department of Rehabilitation clients.
2. **Job Retention**: At least 35 students will retain a job for at least 90 days.
3. **Class Enrollment**: At least 70 new students enrolled in DSPS and LRNRE 269 Job Experience as a result of referral from Department of Rehabilitation to the College of Alameda WorkAbility Program.

**Safety Services**

The Alameda County Sheriff’s Department provides sworn deputies on this campus to assist students and staff. Sheriff’s deputies are an integral part of the College community, functioning as consistently as possible with the College’s philosophy and objectives. Deputies are sworn police officers, responsible for the reporting and investigation of all emergency and police matters on campus. In an emergency, dial 7236, or 465-3456. Sheriff’s deputies are located in Room F121.

**Safety Aides**

Safety Aides assist Safety Services by patrolling the campus and its parking lots. Aides are available for escort services to and from parking lots. To receive assistance, please call (510) 466-7236.

**Student Leadership and Development**

Co-curricular activities are an important part of the educational experience. All students are encouraged to become involved in some phase of co-curricular activities. Involvement in student government allows the student to view and explore the College as a whole, as well as the various parts that form the institution to which he/she belongs. Through active involvement, a better understanding of the overall process of education may be attained.
Active participation in student government provides the student an opportunity not only to assist in the development of co-curricular programs, formulation of general College policies and to become involved in solving general College problems, but it also provides effective channels to promote change and growth within the College system.

The Student Leadership Office is located in F116. For further information, call (510) 748-2249.

Associated Students (ASCOA)
The Associated Students of College of Alameda (ASCOA) have formed a student government designed to provide a mechanism to assist and improve the campus environment through changing and improving the already existing services.

Clubs and organizations may be formed under College faculty sponsorship whenever there is a worthwhile purpose and sufficient interest is indicated. The organization of clubs is controlled by ASCOA. Each club must be officially recognized in order to use the College name or to sponsor or participate in campus activities. Information concerning organizational procedures, as well as the use of College facilities, may be obtained from the Student Leadership Office.

ASCOA is located in F109. For further information, call (510) 748-2249.

Cyber Cafe
The Cyber Cafe is the place to come, relax, do some homework, check your email or surf the Internet. Fifteen computer stations help you navigate cyber space. The cafe also offers wireless Internet technology for your convenience.

The Cyber Cafe is located in the “F” building adjacent to the cafeteria. Call (510) 748-2249 for further information.

College Store
The College Store is located on the first floor of the Student Center (Building “F”). A list of all required textbooks and supplementary texts is provided at the beginning of each semester. A full line of notebooks, stationery and office/school supplies is available. Store policies regarding purchases, refunds and book buy-back are printed in the Schedule of Classes for each new term. Store hours of operation also are shown in each semester’s Schedule of Classes.

Lost and Found
Items lost or found on campus should be reported, when lost, claimed, or, when found, taken to the Student Leadership Office, F-116. Assistance can be obtained during regular College business hours.

Student Center
The Student Center (Building “F”) houses the Student Leadership Office, Cafeteria, the Student Lounge, the Cyber Cafe, offices of the ASCOA, mailboxes for recognized clubs and organizations, Student Health Services, and the College Store. It is the central location for many student activities.

The Student Lounge affords a comfortable atmosphere where students can relax with old and new friends. Student requests to use College facilities for approved group activities and the campus publicity regulations are processed through the Student Leadership office in Room F116.

The Student Center also offers the following support services: Lost and Found, student dental-medical insurance information, a master activities calendar, housing referrals, community and governmental agency information, BART and AC Transit schedules, and general information on campus services and activities.
Student Activities and Campus Life has identified the following Student Learning Outcomes:

1. Leadership: Demonstrate leadership skills and sense of empowerment
2. Student Advocacy: Students will set goals and action plans for advocating for student needs and improving student life
3. Diversity Awareness: Celebrate cultural backgrounds and examine the relationship of cultural experiences and educational attainment

Student Ambassador Program
Student Ambassadors are student leaders who have a 3.25 GPA or greater and demonstrated leadership abilities. The Ambassadors represent College of Alameda and the Peralta Community College District at college fairs, high school recruitment visits, community events, the commencement ceremony, and numerous other school-related activities.

Student Health Services
Health Services contributes to the educational aims and matriculation of students by promoting their well-being. Student Health Services are supported by a student health fee, charged to all students to fund district-wide healthcare.

At the COA campus:
1. The services of a registered nurse are provided to assist students in health matters. Health Services provides health counseling, referrals, health education, emergency first aid and assistance with general problems. Low-cost eye exams and glasses are available upon request.
2. Mental Health counseling is also offered. This service is free to students who have paid the health fee. One-on-one counseling and groups are available.
3. Low-cost dental services are available by appointment in A-208.

Medicare Clinic: A website with current information regarding available services (which include the services of a doctor and a nurse practitioner) and current clinic hours, is available at http://web.peralta.edu/health-services/. The Peralta Wellness Center is located in the Laney College Student Center, Room SC410A. It is available to all College of Alameda students who have paid the health fee.

COA Health Services: (510) 748-2320, F-105
COA Mental Health Counseling: (510) 599-8176, F-217
COA Dental Services/Alameda residents and COA students only: (510) 986-6812, A-208
Peralta Wellness Center (medical clinic): (510) 464-3134, Laney College, SC410

Wellness Services has identified the following Student Learning Outcomes:

1. Healthier decisions: Students will be able to identify and utilize the necessary information, resources, and options available for them to make sound educational, emotional, and health-related lifelong decisions.
2. Improved coping: Students will be able to identify healthier coping skills and strategies for maintaining wellness, managing stress, managing anger, or meeting personal goals.

Student Success Learning Communities
College of Alameda offers four very unique Student Success Learning Communities. These are a mutually supportive team effort between faculty, staff and other students to help you learn in a culturally nurturing and supportive environment to:
- Succeed in college
- Discuss your goals/aspirations as a college student
- Identify the steps needed to achieve your goals
- Broaden your horizons through advanced learning and training

College of Alameda Learning Communities offer accelerated English courses with a cultural emphasis paired with study skills, college success courses, service learning and additional transferable courses. Students will have the additional support of faculty and staff, fellow students, and assigned mentors to assist you in achieving your academic goals. Our goal is to give you the necessary knowledge and self-confidence to succeed.

Transfer Program
College of Alameda embodies a diverse population of students; many of whom are first generation college-bound. Faculty and staff at College of Alameda are strongly committed to helping our students achieve academic success, and we offer a wide variety of resources and services available on campus. The Transfer Resource Center, located within the Counseling Department, provides the following services and workshops for students interested in transferring to a four-year college or university.

Services:
• Scheduling appointments to meet with four-year college or university representatives
• Assistance in learning how to use online admissions resources:
  www.assist.org
  www.csumentor.edu
  www.uctransfer.universityofcalifornia.edu
• Online application assistance
• TAG agreements (transfer admission guarantee to UC Davis, UC Irvine, UC Merced, UC Riverside, UC Santa Barbara, UC Santa Cruz, and CSU East Bay)
• Access to a resource library of online and hard copy catalogs for California and out-of-state four-year colleges and universities, directories, college videos, and other reference publications on higher education
• Student work station (internet access) and study area
• Transfer Center “calendar of events”
• Information on application deadline dates
• Fee waiver and transfer scholarship information
• Tours to local four-year colleges and universities

Workshops and Events:
• Annual fall semester “Transfer Day” event where students can meet admissions representatives from over 40 four-year colleges and universities
• Transfer Basics workshop
• UC personal statement workshop

For more information, call (510) 748-2113.

Concurrent Enrollment Program
College of Alameda provides its students the opportunity to enroll concurrently in one lower-division course each semester at any of the participating colleges or universities listed below. This program was designed to increase exposure to a college or university where a student might otherwise plan to enroll, to allow student access to complete required courses not available at their home campus, and to enable students to test their potential for success in a college or university environment.

Participating colleges include:
• California State University, East Bay
• Mills College
• John F. Kennedy University
• Holy Names University

Students are expected to earn a “C” or better in the university coursework at the participating four-year college or university in which they concurrently enroll. Students may participate in Concurrent Enrollment for up to one year provided they have completed 20 semester units of transferable coursework, completed ENGL 1A with a grade of “C” or better, enrolled as a full-time student taking a minimum of 12 units, and established California residency.

Formally admitted UC students and individuals who have attended a four-year institution or hold a Bachelor’s Degree or equivalent from a foreign university are not eligible to participate. For more information about program eligibility criteria and participation in the program, please schedule an appointment to see a counselor.

The Transfer Center has identified the following Student Learning Outcome:
Transfer Planning: Students who utilize the Transfer Center’s services, events, and programs will demonstrate the ability to access, utilize, and integrate new transfer information learned into their transfer planning.

Articulation has identified the following Student Learning Outcomes:
1. All COA established Articulation Agreements with UCs and CSUs will be assessable on the web at www.assist.org for all students, faculty, and the public.
2. Students will have access to updated General Education Advising sheets which will indicate all articulated courses for transfer to UC, CSU and private institutions.
**Tutorial Services**

In an effort to meet the educational needs of students, the college provides free tutoring in most subjects taught at the college. Tutors are trained to handle group and individual tutoring sessions in the Tutorial Center and in the classroom. Individual tutoring is available to students after their needs have been properly assessed by Learning Assistance personnel and through faculty or peer advisor referrals. For additional information, visit the Learning Resources Center on the second floor of Building L, or telephone (510) 748-2315.

**Tutorial Services/Learning Resource Center (LRC) outcomes:**
1. Use LRC services consistently.
2. Demonstrate self-reliance by choosing appropriate resources.
3. Apply time management as a study skill.

**Veterans and Veterans’ Dependents**

The Veterans Affairs Program provides assistance to veterans and to eligible dependents of veterans in their pursuit of an education and in obtaining veterans’ benefits. Services include counseling, tutorial assistance, outreach, recruitment, referral service for job placement, and financial assistance.

To receive VA benefits at College of Alameda, veterans and dependents must do the following:

1. Apply for admission at www.peralta.edu.
2. Complete the assessment and orientation process.
3. Meet with a counselor and have a Student Education Plan completed, outlining the requirements of the program you have declared as your objective. The educational objective must be an educational goal that is offered at College of Alameda and has been approved by the California state approving agency. Unofficial transcripts can be used by the counselor to determine your remaining requirements at this meeting.

All veterans must make an appointment with the counseling office during their first semester in attendance, in order to complete a Veteran’s Evaluation of Course Requirements for Current Objective. Evaluations cannot be done on a drop-in basis. The evaluation is required prior to certification of a student’s second semester, and if and when a student changes to a new major a new evaluation must be completed prior to further certification. Only courses indicated on the evaluation will be certified for payment by V.A., as these are the courses that are needed to complete graduation or transfer requirements.

4. Verify prior college credit by having official transcripts sent to Office of Admissions & Records, Peralta Community College District, 333 E. 8th St., Oakland, CA 94607. All students receiving Veterans Benefits are required to submit official academic transcripts from all schools attended before, during or after military service—whether or not benefits were received or units completed. Enrollment will only be certified for one semester pending evaluation of prior credit. These transcripts will be used when determining prior credit for courses that satisfy major requirements when completing the student’s Evaluation of Course Requirements.

5. Submit applicable documents to the Veterans Resource Center for the processing of your educational benefits: Application (Form 22-1990) and DD214 for the Veteran Student, application (Form 22-5490) and dependent documentation for the Veterans’ Dependents Program. The VA office will determine eligibility and notify student of such awards.

Veterans continuing at the college must notify the VA office of any change in address, major, units, or education plan. It is the responsibility of each student to promptly notify the College of Alameda Veterans Office of changes in unit status, courses, grades, academic objective, number of dependents to be claimed, and address. Failing to do so may result in an overpayment of benefits which would need to be repaid to V.A.

Call (510) 748-2203 for further information or visit the Veterans Resource Center in the A building.

**Credit for Military Experience**

Completion of a minimum of one year’s active duty with the Armed Forces of the United States, including completion of a basic or recruit training program and receipt of an honorable discharge, provides six semester units toward the Associate degree if this credit has not previously been applied toward a high school diploma. The VA Office will submit the DD214 to the Office of Admissions to obtain the credit once the 12 semester units has been completed at the Peralta Colleges.

If the veteran has completed courses taken during military service, the VA Office will request evaluation of the ACE or SMART transcripts from the Office of Admissions and Records.
Standards of Progress for Veteran Students Receiving Benefits
A veteran student who is on academic probation for two consecutive semesters shall be subject to discontinuance of benefits if the student earned a cumulative grade point average of less than 2.0 ("C" grade). This directive is separate and apart from the college’s standards for academic dismissal.

The Veterans Affairs Program has identified the following Student Learning Outcomes:
1. Educational Goal: Students will have a defined educational goal by the second semester of their enrollment measured by the number of updated Education Plans
2. Awareness of Educational Benefits: Students will understand how to access their Educational Benefits as measured by the number of students who are certified by the 4th week of school.
3. Increase Awareness of College Resources: Students will be knowledgeable about campus resources as measured by student survey.

Welcome Center
The Welcome Center provides computers and assistance with online admissions/registration and financial aid applications (FAFSA). Students may also obtain access to their Student Center to print informal transcripts and their current schedule.

For further information, visit the A Building or call (510) 748-2184.

Degrees and Programs

Catalog Rights
Students completing the requirements for the local Associate degree, Associate Degree for Transfer (ADT), Certificate of Achievement, or Certificate of Proficiency have catalog rights.

A student’s catalog rights are defined as maintaining enrollment in at least one semester per academic year, excluding summer session and intersessions (continuing enrollment), in any of the four Peralta Colleges.

A student’s catalog rights include:
1. The regulations in effect at the time the student entered the college, provided the student has been in continuing enrollment until the requirements for the Degree/Certificate are completed; OR
2. The regulations current at the time the student re-enters the major program and remains in continuing enrollment until the requirements of the Degree/Certificate are completed; OR
3. The regulations current at the time the student files and receives the Degree/Certificate.

The withdrawal symbol (“W”) constitutes enrollment.

Associate Degree Requirements
Requirements for graduation with an Associate Degree are prescribed by the State Chancellor’s Office and the Board of Trustees of the Peralta Colleges. Degrees are conferred when students have met the prescribed requirements. It is the student’s responsibility to file all transcripts of previous college work and to file a Petition for an Associate Degree by the deadline date during the semester in which he/she plans to complete the requirements. See the Academic Calendar in the Class Schedule for deadline dates.

Overall Requirements
Candidates for the local Associate Degree must complete at least 60 degree-applicable units which include courses in a major, General Education, and electives, as necessary.
1. At least 19 units must be completed in General Education.
2. A minimum of 18 units is required for the major. The specific number of units may vary depending upon the major. Students should refer to the individual curriculum patterns for this information.
3. At least 12 units of coursework must be completed at College of Alameda.
4. A minimum grade point average of 2.0 (“C”) is required in EACH of the following:
   - Overall grade point average and
   - General Education Requirements

Note: While a course might satisfy more than one General Education requirement, it may not be counted more than once for this purpose. (See exception for Ethnic Studies courses.)

5. A “C” grade or better is required in EACH course in the intended major and in area 4A, English composition and area 4B, mathematics of the General Education Requirements.

Note: When the combined units from the General Education and major do not total 60 units, students must complete any degree-applicable course(s), referred to as electives, until the total of at least 60 units is obtained.

General Education Description/Philosophy
Central to an Associate degree, general education is designed to introduce students to the variety of means through which people comprehend the modern world. It reflects the conviction of colleges that those who receive their degrees must possess in common certain basic principles, concepts and methodologies both unique to and shared by the various disciplines. College educated persons must be able to use this knowledge when evaluating and appreciating the physical environment, the culture, and the society in which they live. Most important, general education should lead to better understanding.

The criteria regarding the associate degree references the policy of the Board of Governors that the associate degree symbolized a successful attempt to lead students through patterns of learning experiences and learning outcomes designed to develop certain capabilities and insight, including:
A. the ability to think and communicate clearly and effectively orally and writing
B. use mathematics
C. understand the modes of inquiry of the major disciplines
D. be aware of other cultures and times
E. achieve insights gained through experience in thinking about ethical problems
F. develop the capacity for self-understanding
G. develop the capacity to participate responsibly in a democratic and environmentally sustainable society.

The criteria regarding general education references the policy of the Board of Governors that general education should lead to better self-understanding, including:
A. General education is designed to introduce students to the variety of means through which people comprehend the modern world.
B. General education introduces the content and methodology of the major areas of knowledge including the humanities and fine arts, the natural sciences, and the social sciences, and provides an opportunity for students to develop intellectual skills, information technology facility, affective and creative capabilities, social attitudes, an appreciation for cultural diversity, and a recognition of what it means to be an ethical human being and effective citizen.

C. The general education patterns applicable to the Associate of Arts for Transfer (AAT) and the Associate of Science for Transfer (AS-T) are either the CSU GE Breadth Requirements or the IGETC requirements.

2015-2016 General Education Requirements for the Associate Degree (Updated Annually)

General Education requirements for the local Associate in Arts and Associate in Science degrees (Not for the AA-T or AS-T) are listed below:

Students must complete categories 1 through 5 of the General Education requirements; at least 19 units of which must be completed in Categories 1 through 4.

A course used to satisfy requirements in one category may not be used to satisfy a second General Education category, with the exception of a course used to satisfy the Ethnic Studies requirement. A course may be double-counted to fulfill both General Education and major requirements.

The following list of courses may be revised each semester as courses are added or deleted from the curriculum.

1. **Natural Sciences** Minimum 3 units

Courses in the natural sciences are those that examine the physical universe, its life forms, and its natural phenomena. To satisfy the general education requirement in natural sciences, a course should help you develop an appreciation and understanding of the scientific method and encourage an understanding of the relationships between science and other human activities. This category would include introductory or integrative courses in astronomy, biology, chemistry, general physical science, geology, meteorology, oceanography, physics, and other scientific disciplines (AP 4100).

- Anthropology 1
- Astronomy 1
- Biology 1A, 1B, 2, 4, 10, 11
- Chemistry 1A, 1B, 30A, 30B, 50
- Geography 1
- Geology 10
- Physics 4A, 4B, 4C, 10

2. **Social and Behavioral Sciences** Minimum 3 units

Courses in the social and behavioral sciences are those that focus on people as members of society. To satisfy the general education requirement in social and behavioral sciences, a course should help you develop an awareness of the method of inquiry the social and behavioral sciences use. It should stimulate critical thinking about the ways people act and have acted in response to their societies and should promote appreciation of how societies and social subgroups operate. This category would include introductory or integrative survey courses in anthropology, economics, history, political science, psychology, sociology, and related disciplines (AP 4100).

- African-American Studies 5, 30*, 31*, 32*
- Anthropology 2, 3
- Asian & Asian-American Studies 45A, 45B

- Sociology 1, 2, 3**, 5, 120

(*) or (**) Students will receive credit for one course only.

3. **Humanities** Minimum 3 units

Courses in the humanities are those that study the cultural activities and artistic expressions of human beings. To satisfy the general education requirement in the humanities, a course should help you develop an awareness of the ways in which people throughout the ages and in different cultures have responded to themselves and the world around them in artistic and cultural creation and help the student develop aesthetic understanding and an ability to make value judgments. Such courses could include introductory or integrative courses in the arts, foreign languages, literature, philosophy, and religion (AP 4100).

- Art 1, 2, 3, 4, 122
- Chinese 10A, 10B, 11A, 11B, 12A, 12B

- Mexican/Latin American Studies 2A*, 2B*, 2C*, 3**
Music 9, 10, 12A, 12B, 15A, 15B  
Philosophy 1, 2, 4, 5, 10, 20A, 20B  
Spanish 1A, 1B, 2A, 2B  
Vietnamese 1A, 1B, 2A, 2B  

(*) or (**) Students will receive credit for one course only.

4. Language and Rationality  
Courses in language and rationality are those that develop for you the principles and applications of language toward logical thought, clear and precise expression, and critical evaluation of communication in whatever symbol system you use (AP 4100).  

A. English Composition Minimum 3 units  
Minimum level of English 1A, Composition and Reading, or an equivalent course (AP 4100).  
Communication 5  
English 1A, 1B, 5  
ESL 52A, 52B  

B. Mathematics Minimum 3 units  
Minimum level of intermediate algebra or an equivalent course (AP 4100).  
May be met by one of two options listed below: 
Option A: Credit by exam for Math 203 (or higher) with credit posted on transcript.  
Option B: Completion of one (1) of the following:  
Math 2, 3A, 3B, 3C, 3E, 3F, 11, 12, 13, 15, 16A, 16B, 50, 202, 203  

C. Computer Literacy Minimum 1 unit  
A broad understanding of computer concepts (AP 4100) 
Business 24, 238B  
CIS: All courses numbered 1 through 248  
Learning Resources 211  
LIS 85  

D. Oral or Written Communication or Literature Minimum 3 units  
Requirement shall include written communication, oral communication, literature, or selected English as a Second Language courses (AP 4100).  
Communication 1A, 2A, 2B, 4, 5, 6, 12, 20, 44, 45  
English: All courses numbered 1 through 247, except 48, 49, 205  
English as a Second Language 50A, 50B, 52A, 52B  
Mexican/Latin American Studies 3*  

(*) Students will receive credit for one course only.

5. Ethnic Studies Minimum 3 units  
Ethnic studies is an intensive and scholarly study of African-American, Hispanic, Asian, and Native American experiences in the United States involving an examination of these cultures and the history, social, economic, and political influences on them (AP 4100).  
African-American Studies 5, 30*, 31*, 32*  
Asian-American Studies 45A, 45B  
English 31  

History 17, 19, 50*, 51*, 52*  
Music 15A, 15B  
Psychology 18  
Sociology 5.  

(*) or (**) Students will receive credit for one course only.  

All Ethnic Studies courses, worth at least 3 semester units, may simultaneously satisfy one of the Categories 1-4, if they are offered within that category. It should be noted that such units are calculated only once.  

This list is updated annually. Consult a College of Alameda counselor for a current listing of approved courses.  

Certificate of Achievement  
The college grants certificates of achievement to students who complete the required courses in accordance with state approved prescribed standards. The requirements for the certificate vary with each occupational curriculum; some may require more than one or two years to complete depending on course scheduling.  

Certificates of Achievement come in two forms, depending on the curriculum. Certificates of Achievement are approved by the State Chancellor’s Office of the California Community Colleges.  

(1) The first type of Certificate of Achievement requires a minimum of 18 semester units in the major, a grade of “C” or better in each course, and at least 12 units of associate degree level work completed at College of Alameda.  

(2) The second type of Certificate of Achievement requires completion of 12 – 17.5 units in a specified program of courses with a grade of “C” or better in each course.  

Certificate of Proficiency  
Certificates of Proficiency (CP) are lower-unit certificates in various occupational areas. Certificates are not noted on a student’s official transcript, the student may apply for and receive a documentation certificate from the college that may be of value in documenting knowledge and skills to potential employers. The requirements for the certificate vary with each curriculum. Requirements include up to 17.5 units and a grade of “C” or better in each course.  

Note: The unit requirement for Certificates of Proficiency (CP) is below that required for some forms of financial aid eligibility. Students should consult with the Financial Aid Office to determine whether a particular program of study qualifies for financial aid. Students who desire help in planning for a vocation or profession, or to prepare for transfer to a four-year institution, should seek the advice of a counselor.
Transfer Information

Planning to Transfer
Students who wish to transfer to a four-year college or university after attending College of Alameda should consider the following suggestions:

1. Read the four-year college or university catalog for admissions and other information, such as:
   a. Transfer requirements;
   b. Major requirements and degrees offered;
   c. General education or breadth requirements;
   d. Application and financial aid deadlines.
   Many catalogs are available for review in the Transfer Resource Center.

2. Note the difference between lower-division and upper-division courses required by the particular college or school of the university in which the advanced work is to be taken.

**Important point:** Degree credit in the major can be expected only for those community college courses which parallel lower-division major courses required at the four-year institution.

3. Identify the courses (lower-division prerequisites) which must be taken in preparation for the major as well as those required in the major.

4. Community college courses transfer to four-year colleges for specific majors, general education/breadth requirements, or elective credit depending upon the school and major selected.

5. Check the policies regarding the maximum number of units that may be transferable. A maximum of seventy (70) transferable semester or one hundred and five (105) quarter units completed at a community college may be applied toward the total number of units required for a bachelor’s degree at a University of California or a California State University. Total units transferable to independent colleges vary. Subject credit for transferable courses in excess of (70) semester units may also be granted to satisfy university graduation requirements. Courses accepted as equivalent to those offered in lower-division by a four-year institution, even if beyond the (70) semester/(105) quarter-unit maximum, may be applied where needed to meet specific lower division and/or general education/breadth requirements. Students are strongly advised to complete all coursework required in lower-division preparation for their major, especially those majors that are impacted or oversubscribed.

6. With proper planning, College of Alameda students can complete lower-division requirements for most majors offered by four-year institutions. College of Alameda counselors can assist students in the development of an educational plan through individual appointments. Students should also confer with faculty in their selected major in planning their programs. Where particular planning problems are present, counselors can assist students through contacts with representatives from the various four-year institutions.

7. All students must assume complete responsibility for compliance with regulations and instructions for selecting the courses that will permit them to meet their educational objectives, and for satisfying prerequisites for any programs or courses they plan to take as set forth in the appropriate catalog.

Associate Degree for Transfer to CSU
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Code of Regulations sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. While a minimum GPA of 2.0 is required for admission, some majors may require a higher GPA. The associate degree for transfer may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.
Impacted Programs
At every college and university, some majors receive more applications than the number of students they can accept. When this happens, these majors are considered to be impacted. To be admitted into such programs, students may need to meet additional criteria such as:
1. Completing specific courses;
2. Accumulating a determined number of college units;
3. Earning a specific grade point average;
4. Passing campus or national examinations;
5. Meeting advance application deadlines; and
6. Participating in interviews or special evaluations.

The list of impacted programs may vary from year to year as majors are added and deleted frequently. Also, a major impacted at one campus may be open at another; therefore, students should consult a College of Alameda counselor to receive updated information about impacted majors.

Articulation Agreements
Articulation literally means “to express clearly” or “to join together.” It is used in this context to refer to written agreements between College of Alameda and a four-year college or university. The written course articulation agreements, approved by faculty for both institutions, authorize the acceptance of a specific course completed at one campus to be used “in lieu of” a specific course at another campus.

Counselors can access articulation agreements between College of Alameda and the campuses of the California State University, the University of California campuses and some independent colleges, both in and out of state.

Articulation agreements with CSU and UC campuses are available at: www.assist.org. A student working closely with a counselor may be able to complete the first two years of a four-year college degree at College of Alameda and then transfer as a junior. Any student experiencing difficulty with the transfer of courses from College of Alameda should contact the Counseling Department for assistance.

2+2 Articulation is the coordination of the last two years of a high school program with a two-year post-secondary certificate/Associate Degree program. This provides a mechanism for high school students to continue matriculation towards a planned vocational goal.

Other Colleges and Universities
For information concerning transfer requirements of other colleges and universities, students may obtain information from the Transfer Resource Center and should work closely with a College of Alameda counselor to develop an effective Student Educational Plan (SEP).

Transfer Credit From Other Colleges
Students transferring from another accredited institution may request to use some of this credit to meet Peralta District degree or certificate requirements. Official transcripts should be sent directly from the transfer institution to the District Admissions and Records office. The review of transfer units occur when the graduation petition is submitted to the college Admissions and Records office. External transcripts become the property of the Peralta Community College District. Transcripts submitted to Peralta District will not be released to students, other colleges or other agencies.
Transfer to the University of California

The University of California includes nine undergraduate campuses throughout the state – Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, Santa Barbara, and Santa Cruz. A tenth campus in San Francisco offers graduate and professional programs in the health sciences.

The University of California admission requirements for transfer students vary according to the student’s eligibility to enroll at UC when the student graduated from high school. Furthermore, a student wishing to enroll in an impacted and/or upper-division major must meet additional admission requirements.

Transfer Admission Requirements
The University considers you a transfer applicant if you graduated from high school and enrolled in a regular session at a community college or university. You cannot disregard your college records and apply as a freshman. The requirements described in this section represent the minimum level of achievement to be eligible for admission to the University.

California Residents
You can meet the University’s minimum admission requirements for transfer students in several ways, as described below. The path you use depends upon the extent to which you satisfied UC’s minimum eligibility requirements for freshmen at the time you graduated from high school. In all cases, you must have a “C” (2.0) average in all transferable work.

1. If you were eligible for admission to the University when you graduated from high school (i.e., meaning you satisfied the Subject, Scholarship, and Examination Requirements), you are eligible to transfer if you have a “C” (2.0) average in your transferable college coursework.

2. If you met the Scholarship Requirement but did not satisfy the Subject Requirement, you must take college courses in the subjects you are missing, earn a grade of “C” or better in each of these required courses, and earn an overall “C” (2.0) average in all transferable college coursework to be eligible to transfer.

3. If you met the Scholarship Requirement but did not meet the Examination Requirement, you must complete a minimum 12 semester (18 quarter) units of transferable college coursework and earn an overall “C” (2.0) average in all transferable college coursework completed.

4. If you were not eligible for admission to the University when you graduated from high school because you did not meet the Scholarship Requirement, you must
   a. complete 90 quarter or 60 semester units of transferable college credit with a grade point average of at least 2.4; and
   b. complete the following course pattern, earning a grade of “C” or better in each course:
      • two transferable college courses (3 semester or 4-5 quarter units each) in English composition; and
      • one transferable college course (3 semester or 4-5 quarter units) in Mathematical Concepts and Quantitative Reasoning; and
      • four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

Students who satisfy the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring to UC will satisfy Option 4b of the transfer admission requirements. For more information about IGETC, refer to IGETC section of this catalog, or see a counselor.

Other UC Requirements
There are other requirements students must fulfill to receive an undergraduate degree from the University. These include University wide requirements such as General Education requirements, Entry-Level Writing Requirement, and the American History and Institutions requirement. Other requirements, such as major preparation, vary according to the campus a student plans to attend, and according to the particular college or school and major.

Entry-Level Writing Requirement
Students must satisfy the entry-level writing requirement to graduate in any program at UC. One way to meet this requirement is to complete a transferable college course of three semester (four quarter) units in English composition with a grade of C or better. Students who meet our basic requirements for minimal transfer eligibility, which include two transferable college courses in English composition, satisfy the entry-level writing requirement.

Many transfer students fulfill this requirement while in high school by achieving minimum scores on the following tests:
DEGREES AND PROGRAMS

3 on the College Board Advanced Placement Examination in English (Language or Literature)

5 on the International Baccalaureate Higher Level Examination in English (Language A only)

6 on the IB Standard Level Examination in English (Language A only)

30 on the ACT Writing test; or 680 on the Writing section of the SAT Reasoning Test

Students who have not satisfied the entry-level writing requirement before transferring must enroll in an appropriate English course at UC.

American History and Institutions Requirement

All undergraduate degree programs at UC require study in American History and Institutions. This requirement may be met through examination or enrollment in specific courses. Each campus decides how its students may meet the requirement.

If you satisfactorily completed a one-year course in U.S. history or a half-year course in U.S. history and a half-year course in American government while in high school, you have fulfilled this requirement for all UC campuses except UC Santa Barbara, which requires students to complete a college-level course. (At UCLA, you also must have earned a B average in these courses.) If you have satisfied your community college’s history and institutions requirement you have also met the requirement at most UC campuses. It is strongly recommend that you complete this requirement before you transfer.

General Education/Breadth Requirements

The general education or breadth requirements give University undergraduates a broad background in all major academic disciplines: life sciences, physical sciences, social sciences, humanities, and fine arts. The general education/breadth requirements specify the courses you must take or number of credit hours you must earn in each area.

Each school and college at every UC campus has its own general education requirement. They are described in “Prerequisites and Recommended Subjects,” the campus catalogs, and articulation agreements. With careful planning, you can meet many of the lower-division requirements while attending College of Alameda.

At some campuses and in some majors, you must fulfill all or a portion of the general education/breadth requirements before transferring. Transfer applicants may satisfy the lower-division general education requirements by completing the Intersegmental General Education Transfer Curriculum (IGETC).

Nonresidents

The minimum admission requirements for nonresident transfer students are the same as those for residents except that nonresidents must have a grade point average of 2.8 or higher in all transferable college coursework.

UC Transfer Admission Requirements

High School Proficiency Examination

If a student does not have a high school diploma, the University will accept the Certificate of Proficiency awarded by the State Board of Education upon successful completion of the California High School Proficiency Examination. The University also will accept proficiency examinations from other states, and the General Education Development (GED) Certificate, in place of a diploma. However, a student must still meet the Subject, Scholarship, and Examination Requirements.
Intersegmental General Education Transfer Curriculum (IGETC)

The Intersegmental General Education Transfer Curriculum (IGETC) is a series of courses which community college students can use to fulfill lower-division general education requirements at any California State University (CSU) or University of California (UC) campus without the need, after transfer, to take additional lower-division general education courses.

Completion of IGETC is not an admission requirement for transfer to a CSU or UC campus, nor is it the only way to fulfill the lower-division general education requirements for these institutions. IGETC may not be appropriate for some majors and for some colleges in the UC system. Transfer students pursuing a major that requires extensive lower-division preparation may be better served by taking courses which fulfill the CSU General Education-Breadth requirements or those of the UC Campus or college to which they plan to transfer. It is crucial that students meet with their counselor to determine whether IGETC would be appropriate. Courses approved for IGETC are subject to change periodically. Students may obtain a printed list of approved courses from their counselor.

All requirements must be completed before IGETC can be certified. If you are approaching readiness for transfer and, for good cause, are unable to complete one or two IGETC courses (in areas 3, 4, or 5) you may be eligible to complete IGETC after transferring. All courses must be completed with minimum grades of a "C" or better. Transcripts to verify courses completed at other college must be submitted prior to certification and can only be certified in the IGETC category determined by the original college. Coursework completed for the IGETC will be honored for certification provided that the courses were on the college’s approved IGETC list at the time the course was completed. (See a counselor for further information.)

Courses taken at foreign institutions will not be permitted for IGETC certification except in the Area Language other than English. If the foreign language requirement was satisfied in high school, the student's official high school transcript must be submitted prior to certification.

Students who initially enroll at a UC campus, leave and attend a community college, then return to the SAME UC campus cannot use IGETC. Be sure to request IGETC certification when you request final transcripts to be sent to your choice of university or college.

2015-2016 Intersegmental General Education Transfer Curriculum (IGETC) (Updated Annually)

The courses that meet the Intersegmental General Education Transfer Curriculum (IGETC) for 2015-2016 are listed below (subject to change). Consult a counselor for further information.

Area 1: ENGLISH COMMUNICATION:
CSU requires 3 courses, one course from Group A, B, and C
UC requires 2 courses, one course from Group A and B

Group A: English Composition, 1 Course (3 Semester Units or 4-5 Quarter Units)
English 1A

Group B: Critical Thinking—English Composition, 1 Course (3 Semester Units or 4-5 Quarter Units)
Communication 5
English 5

Group C: Oral Communication (CSU Requirement Only), 1 Course (3 Semester Units or 4-5 Quarter Units)
Communication 1A, 4, 45

Area 2—Mathematical Concepts & Quantitative Reasoning
1 Course: (3 Semester Units or 4-5 Quarter Units)—
Math 2, 3A, 3B, 3C, 3E, 3F, 11, 13, 16A, 16B

Area 3—Arts & Humanities
At Least 3 Courses, With at Least One from The Arts and One from The Humanities:

Arts:
Art 1, 2, 3, 4
Music 9, 10, 12A, 12B, 15A, 15B

Humanities:
Chinese 10B++, 11A++, 11B++, 12A, 12B;
German 1B++;
History 53A++, 53B++

Mexican and Latin American Studies 2A+, 2B+, 2C, 3+, 18A++, 18B++;
Philosophy 1, 2, 4, 5, 20A, 20B;
Political Science 4
Spanish 1B++, 2A++, 2B++;
Vietnamese 2A++, 2B++
DEGREES AND PROGRAMS

(+)(+) Students will receive credit and certification for one course only.
(*) Indicates courses cannot be double counted in other Areas
(++) Indicates courses can be used to clear Language other Than English requirement (UC only)

Area 4—Social & Behavioral Sciences
At Least 3 Courses From At Least 2 Disciplines or an Interdisciplinary Sequence:

- African-American Studies 5, 30+, 31+, 32+
- Anthropology 2, 3
- Asian and Asian-American Studies 45A, 45B
- Comm 6
- Economics 1, 2, 5
- Geography 2
- Humanities 13A**, 13B**, 60
- Mexican and Latin American Studies 18A**, 18B**
- Political Science 1, 2, 3, 4, 6, 8, 18, 26, 31, 37
- Psychology 1A, 1B, 3, 7A, 7B, 9A, 9B, 12+, 18, 24, 28
- Sociology 1, 2, 3+, 5, 120

(*) Indicates courses cannot be double counted in other Areas.
(+)(+) Student receives credit and certification for one course only.
(**) Indicates transfer credit may be limited by either UC and/or CSU due to course sequencing. See counselor for information.

Area 5—Physical & Biological Sciences
Complete at least 2 Courses: one course from Group 5A, the Physical Sciences and one course from Group 5B, the Biological Sciences. At least one of the courses must include a laboratory (L)- or one course from Group C: (7–9 Semester Units Or 9-12 Quarter Units)-

Group 5A: Physical Sciences:
- Astronomy 1;
- Chemistry 1A(L), 1B(L), 30A(L)**, 30B(L)**, 50(L);
- Geography 1;
- Geology 10;
- Physics 4A(L), 4B(L), 4C(L), 10**

Group 5B: Biological Sciences:
- Anthropology 1;
- Biology 1A(L), 1B(L), 2(L), 4(L), 10(L)**, 11**

Group 5C: Laboratory Science Requirement:
- Geography 1L
- Anthropology 1L

** Indicates transfer credit may be limited by either UC and/or CSU due to course sequencing. See counselor for information.

Language Other Than English (UC Requirement Only)
You may demonstrate proficiency as follows:
1. Completion of one course (4-5 semester units) at a college or university, with a grade of “C” or better, that is considered equivalent to 2 years of high school language. See below for approved College of Alameda courses;
2. Completion of two years of high school course work in one language other than English with a grade of “C-" or better (verified by official high school transcript);
3. Satisfactory score on the College Board Subject Test (formerly SAT II) in a language other than English (see counselor for required scores);
4. Score of 3 or better on the College Board Advanced Placement Examination in a language other than English;
5. Score of 5 or better on the International Baccalaureate Higher Level Examination in a language other than English.
6. Satisfactory completion of a proficiency test administered by a community college, university, or other college in a language other than English (documentation required);
7. Completion of two years of formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English (confirmed by appropriate documentation).

College courses that meet the proficiency level:
- Chinese 10A, 10B, 11A, 11B, 12A, 12B, 30A, 30B
- German 1A, 1B
- Spanish 1A, 1B, 2A, 2B
- Vietnamese 1A, 1B, 2A, 2B

UNITED STATES HISTORY, CONSTITUTION, AND AMERICAN IDEALS (CSU Graduation Requirement)
This is not an IGETC requirement; however, these courses may be completed prior to transferring to any CSU campus.

Complete one course from EACH group below:

Group 1: AFRAM: 30, 31 HIST: 7A, 7B, 50, 51 (HIST 7A may be double-counted in Group 1 and Group 2; units counted only once)

Group 2: POSCI: 1, 26 (POSCI 1 or 26 may be double-counted in Group 2 and Group 3; units counted only once) HIST 7A (HIST 7A may be double-counted in Group 1 and Group 2; units counted only once)

Group 3: POSCI: 1, 16, 26 (POSCI 1 or 26 may be double-counted in Group 2 and Group 3; units counted only once)
NOTE: Courses used to meet this requirement may also be used to satisfy requirements for IGETC area 4.

KEY: * Indicates courses cannot be doubled counted in other Areas.
+ Student receives credit and certification for one course only.
** Indicates transfer credit may be limited by either UC and/or CSU due to course sequencing. See a counselor for information.

Certification of IGETC
Upon a student’s request, College of Alameda (Peralta Community College District) will certify the completion of IGETC. The request should be made when final transcripts are to be sent to UC or CSU. Students who transfer without certification will be subject to the general education requirements of the campus or college to which they transfer.
Transfer to the California State University

The California State University System is comprised of the following twenty-three (23) campuses: Bakersfield, Channel Islands, East Bay (formerly CSU Hayward), Humboldt, Los Angeles, Northridge, Pomona, San Diego, San Francisco, San Marcos, Sonoma, Long Beach, Fullerton, San Bernardino, San Luis Obispo, Chico, Dominguez Hills, Fresno, Maritime Academy, Sacramento, San Jose, Stanislaus, and Monterey Bay.

Undergraduate Admissions Information
The California State University assigns high priority to California community college transfer students who have completed the first two years of their baccalaureate program, including those students transferring for impacted programs. CSU campuses make every effort to ensure that California community college transfer applicants originally eligible for admission as first time freshmen are admitted to their first-choice campus.

Current admission requirements and information is available online at: www.csumentor.edu.

Transfer Requirements
Lower Division Transfer Requirements
If you have completed fewer than 60 transferable semester units, you will qualify for admission if you have a grade point average of 2.0 (C) or better in all transferable units attempted, are in good standing at the last college or university attended, and meet the admission requirements for first-time freshmen, i.e., you have completed with a grade of “C” or better each of the courses in the comprehensive pattern of college preparatory subject requirements and have met criteria for the eligibility index. If you did not complete all the subject requirements in high school, appropriate college courses may be used to make up the missing subjects. Nonresidents must meet the eligibility index as for residents.

Upper-Division Transfer Requirements
If you have completed at least 60 transferable semester units, have a grade point average of 2.0, (C) or better in all transferable units attempted (nonresidents must have a grade point average of 2.4), are in good standing at the last college or university attended, you may become eligible as follows:

You have completed at least 30 semester units of college coursework with a grade of “C” or better in each course to be selected from courses in English, arts and humanities, social science, science, and mathematics at a level at least equivalent to courses that meet general education requirements. The 30 semester units must include all of the general education requirements in communication in the English language (at least 9 semester units to include written communication, oral communication and critical thinking) and mathematics (at least 3 semester units); OR, if completing the Intersegmental General Education Transfer Curriculum (IGETC), English communication (at least 9 semester units in English composition, oral communication and critical thinking) and the requirement in mathematics (at least 3 semester units).

All transfer applicants with 60 or more transferable semester units must complete all CSU General Education requirements in the Communication Area (Area A1, A2 and A3) and in Mathematics (Area B4).

Applicants who graduated from high school in 1987 or earlier who have not completed the subject requirements above should contact the admissions office at the campus to which they plan to submit an application for admission to inquire about alternative admission programs.

Other Curriculum Requirements
General Education Requirements for the California State Universities
CSU provides California community college transfers with two options for fulfilling CSU lower-division general education requirements. Students should review the two programs described below and discuss with a counselor which program is best for you.

Intersegmental General Education Transfer Curriculum (IGETC)
The Intersegmental General Education Transfer Curriculum is a general education program that California community college transfers can use to fulfill all lower-division general education requirements at any CSU or University of California campus. For further information about IGETC and a list of courses that meet IGETC requirements, please refer to IGETC section.

California State University General Education Breadth Requirements
Students who select this option, the CSU General Education Breadth requirements, complete at least 48 semester units of general education to receive the baccalaureate degree. At least 9 semester units must be upper-division level.

The General Education Breadth Pattern is designed to prepare students to:
- think critically, communicate clearly and logically;
- reason quantitatively;
- gain knowledge about the human body and mind, the development and functioning of human society, the physical and biological world, and human cultures and civilizations; and

DEGREES AND PROGRAMS
• develop an understanding of the principles, methods and values of human inquiry.

**CSU General Education Certification**

College of Alameda (Peralta Community College District) can certify up to 39 of the 48 general education breadth units required. Students who are certified with 39 semester units of lower-division general education breadth units will be required to complete a minimum of 9 semester units of upper-division general education work after transfer. You are responsible for requesting CSU General Education Certification from the Office of Admissions and Records during the last semester prior to transferring.

The courses that meet CSU General Education requirements are listed below (subject to change). Consult a counselor for further information.

(+)Student will receive credit and certification for one course only.
UNITED STATES HISTORY, CONSTITUTION, AND AMERICAN IDEALS (CSU Graduation Requirement)

This is not a CSU transfer requirement; however, these courses may be completed prior to transferring to any CSU campus.

Complete one course from EACH group below:

Group 1: AFRAM: 30, 31  HIST: 7A, 7B, 50, 51  (HIST 7A may be double-counted in Group 1 and Group 2; units counted only once)

Group 2: POSCI: 1, 26 (POSCI 1 or 26 may be double-counted in Group 2 and Group 3; units counted only once)  
HIST 7A (HIST 7A may be double-counted in Group 1 and Group 2; units counted only once)

Group 3: POSCI: 1, 16, 26 (POSCI 1 or 26 may be double-counted in Group 2 and Group 3; units counted only once)

NOTE: Courses used to meet this requirement may also be used to satisfy the requirement of CSU GE/Breadth Area D, (at the option of the receiving CSU campus), although units are counted once. Students are encouraged to check with counselors for any recent changes.

The Associate Degrees for Transfer to a California State University

California Community Colleges are now offering Associate Degrees for Transfer (ADT) to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an ADT (AA-T or AS-T) are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

To view the most current list of College of Alameda’s ADTs and to find out which CSU campuses accept each degree, please go to www.adegreewithaguarantee.com. Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

AA-T and AS-T Requirements:
The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major. All courses in the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) (see page 67 for more information); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern (see page 63 for more information).

Students are encouraged to complete the CSU graduation requirement in United States History, Constitution and American Ideals Requirement in their educational planning and prior to transfer. Students should meet early with a Counselor to complete a Student Education Plan (SEP).

Description of Courses

Course Information
A list of courses with brief descriptions, grouped alphabetically by discipline, is presented on the following pages. Due to low enrollment or to circumstances beyond the College's control, some courses listed may not be offered. Refer to the Schedule of Classes published each semester for classes currently offered. Classes are scheduled during day and evening hours, and on Saturday.

Numbering System
Course numbers do not necessarily correspond to those found in four-year colleges or universities.

Transfer and Associate degree courses are numbered 1-199; Associate degree applicable, but not transferable, courses are numbered 200-249; non-Associate degree applicable courses are numbered 250-299; and non-credit courses are numbered 300-900.

Courses selected for transfer follow guidelines of the California State University system and the University of California system. Independent colleges and universities may accept any course(s) they deem appropriate. Students should consult their counselor in planning their programs.

SCANS Skills and Competencies:
College of Alameda’s Curriculum Committee requires all courses to include SCANS competencies. The Secretary’s Commission on Achieving Necessary Skills (SCANS) was appointed by the Secretary of Labor to determine the skills our students need to succeed in the world of work. The Commission’s fundamental purpose was to encourage a high-performance economy characterized by high-skill, high-wage employment. The primary objective of SCANS is to help teachers and students understand how curriculum and instruction must change to enable students to develop high-performance skills needed to succeed in the high-performance workplace. A high-performance workplace requires workers who have a solid foundation in the basic literacy and computational skills, in the thinking skills necessary to put knowledge to work, and in the personal qualities that make workers dedicated and trustworthy. High-performance workplaces also require other competencies: the ability to manage resources, to work amicably and productively with others, to acquire and use information, to master complex systems, and to work with a variety of technologies.

Prerequisites
Course prerequisites are listed in detail before the course description. Students should be sure they meet all prerequisites before enrolling in a course. A complete statement of the Peralta Community College District policy regarding prerequisites, co-requisites and recommended preparation will be found on page 32. Unless a grade requirement is stated as a prerequisite, a passing grade of 2.0 (“C”) or better in the prerequisite subject will meet the requirement.

Key to Symbols
GR Must be taken for a letter grade.
P/NP May be taken for Pass/No Pass
GR or P/NP May be taken for a grade, or Pass/No Pass.

The decimal numbers which appear on the right hand side of course titles are not intended for student use. They are included for staff use in curriculum planning and budgeting.
Course Identification Numbering System (C-ID)
The Course Identification Numbering System (C-ID) is a statewide numbering system that is different from the course numbers assigned by individual California Community Colleges. A C-ID Designator next to a course means that the course is comparable in content and scope to a similar course offered by participating California colleges and universities. Thus, if a catalog lists a C-ID Designator for a course, students can be assured that the course will be accepted at another California Community College that offers a course with the same C-ID Designator.

The C-ID Numbering System is particularly useful for students attending more than one California Community College since C-ID Designators are often applied to courses students need to prepare for transfer.

AFRICAN-AMERICAN STUDIES

The AA degree in African-American Studies will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

Program-Learning Outcomes:

1. Articulate the acquisition of a solid knowledge-base in the history, culture, and experiences of African people around the globe, and the contributions they have made to the development of world civilizations;

2. Develop a clear understanding of the richness and complexity of the interdisciplinary scholarship in African American studies.

3. Recognize the transversality between race and other social or cultural identities confronting peoples of the African Diaspora, including issues of ethnicity, gender, sexuality, religion, and class.

4. Respect for the culture, values, and belief systems of the global community of individuals and groups; understand the commonalities among members of the human race while also understanding how concepts such as “race,” gender, culture, ethnicity, and religion introduce real and contrived differences between and among groups.

ANTHROPOLOGY (ANTHR)

What is Anthropology? It is the study of the biological basis of human evolution, genetic variation within the human species and patterns of global cultural change.

Studying Anthropology at College of Alameda exposes you to cutting edge coursework looking at the evolution of human biological structures, population genetics, and cultural selection factors, which contribute to human variation and change. We offer an Associate in Arts (AA) and an Associate in Science (AS) degree. Additionally, coursework from this department meets requirements for University of California (UC) and the California State University (CSU) systems’ lower-division transfer credits, and also meets UC lower-division major and CSU general education requirements. We also give major consideration to contemporary bioscience trends and their consequent impact on health care and technological change.

Careers in anthropology include: anthropologist, archaeologist, artifacts conservator, curator, ethnologist, Foreign Service officer, immigration service official, international aid agencies official, international business employee, multicultural education instructor, museum curator, park ranger, park service official, professor/teacher, refugee worker, researcher, social science teacher, social worker, travel consultant, and urban planner.

Upon completion of Anthropology Program at College of Alameda, students will gain the following knowledge and skills that have been established under the Program Learning Outcomes (PLOs):

1. Analyze specific bio-culture patterns, concepts and research strategies.
2. Comprehend and apply anthropological theories, terms, and concepts to written text.
3. Address, analyze and amplify an emerging Cultural and Physical Anthropological perspectives that the past, present and future are inextricably linked. These emerging academic, career and environmental perspectives must be better understood by current and future generations.

APPAREL DESIGN AND MERCHANDISING (ADAM)

The Apparel Design and Merchandising (ADAM) Program offers fundamental and advanced education in Apparel Design and Production. Our curriculum is industry driven and incorporates current trends, computer technology and the high standard of skills required for a successful career in the ever expanding field of fashion. The foundation of the ADAM curriculum:

These are the Program Learning Outcomes:
• Students will acquire the basic skills and knowledge needed to obtain, compete, and sustain gainful employment within the vast global field of the fashion industry.
• Students will be able to communicate and present themselves effectively with confidence in a diverse global fashion market.
• Design, sketch, cost and select appropriate fabric and trims for several outfits in various garment and price categories.
• Articulate in a clear written or oral dissertation the steps involved in the production pattern and size grading process.
• Analyze critically the rationale used in applying basic drafting principles, methods and techniques learned in class to the solving of new concepts and ideas.
• Develop a portfolio for an original clothing collection.

The fashion industry is multifaceted and the positions available to an individual starting a career are numerous, diverse and international. The apparel industry is the second largest industry in the United States. The San Francisco, Oakland Bay Area is one of the largest apparel manufacturing and retailing centers in the nation. San Francisco based LEVI STRAUSS & CO. is one of the largest apparel manufacturing companies in the world. Continued industry growth has insured California's position as a major fashion influence both nationally and internationally.

The ADAM Program is designed to prepare students for entry-level employment in the apparel industry. Each ADAM course may be taken for either unit credit or non-credit by a student interested in a particular subject. The ADAM Program offers both a two-year certificate and an AA Degree with major curriculum emphases on design and production. ADAM provides an affordable education compared to private institutions and affords the opportunity of a creative and financially stable career.

ADAM instructors are degreed industry professionals who bring years of teaching and industry experience to the classroom. They keep current with trends and technology through work with advisory board members, regional design manufacturers, community meetings, public relations, seminars and various other forms of media resources.

Quotes from ADAM alumni:

“The instructors brought patience, humor and years of industry experience into the classroom. Today I have a career that provides both creative stimulation and the financial stability that I crave.” - Tina R.

“I received a great education at a fraction of the cost when compared to other Bay Area design schools. I earned my certificate in Fashion Design, graduated with no school debt and am now working for a top apparel company in the Bay Area!” - Beth C.
A student who successfully completes the requirements listed below will be eligible for a Certificate of Achievement in Apparel Design and Merchandising. The AA degree in Apparel Design and Merchandising will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

.5-9 units: 0-9 hours lecture, 0-27 hours laboratory (GR or P/NP)
Acceptable for credit: CSU
See section on Selected Topics. 1303.10

ADAM 49
Independent Study in Apparel Design and Merchandising
.5-5 units: .5-5 hours lecture (GR or P/NP)
Acceptable for credit: CSU
See section on Independent Study. 1303.10

ADAM 101
Apparel Textiles
2 units, 2 hours lecture (GR or P/NP)
Acceptable for credit: CSU, UC
Introduction to the components of fabrics: Emphasis on the composition and relationship of fibers, yarns, construction, and finishes used in the creation of apparel textiles. 1303.10

ADAM 103
Apparel History
2 units, 2 hours lecture (GR or P/NP)
Acceptable for credit: CSU
Overview of ethnic and fashion apparel history: Emphasis on historic costume as a source of influence and inspiration to the clothing of current as well as past cultures. 1303.10

ADAM 111
Apparel Design and Sketching I
2 units, 1 hour lecture, 3 hours laboratory (GR or P/NP)
Recommended preparation: Engl 201A or ability to speak, read, and write English
Acceptable for credit: CSU
Survey of the structure and relationship of the three major divisions of the apparel industry – raw materials production, design and manufacturing, and retail merchandising: Beginning instruction in fashion sketching with emphasis placed on accurate standard body proportions and clearly defined apparel construction details needed to create sample-room work sketches. 1303.10
ADAM 113
Apparel Design and Sketching II
2 units, 1 hour lecture, 3 hours laboratory (GR or P/NP)
Prerequisite: ADAM 111
Recommended preparation: Engl 201A or ability to speak, read, and write English
Acceptable for credit: CSU
Continuation of ADAM 111: Organization of original design concepts in a variety of assigned price, size, style and seasonal categories; fashion sketching and rendering using various full color media. 1303.10

ADAM 131
Apparel Construction I
4 units, 2 hours lecture, 6 hours laboratory (GR or P/NP)
Recommended preparation: Basic sewing skills
Acceptable for credit: CSU
Basic industry apparel construction techniques: Application of industrial machine operations, hand sewing methods, sequence of assembly, construction and pressing methods and techniques used in apparel sample making, and volume production for various price categories; emphasis on casual and sportswear apparel. 1303.10

ADAM 132
Apparel Construction II
4 units, 2 hours lecture, 6 hours laboratory (GR or P/NP)
Prerequisite: ADAM 131
Acceptable for credit: CSU
Continuation of ADAM 131: Intermediate industry apparel construction techniques, practical application of industrial machine operations, hand sewing methods, sequence of assembly, under-construction and shaping, construction and pressing methods and techniques used in apparel sample making, and volume production for various price categories; emphasis on tailored and evening wear apparel. 1303.10

ADAM 214
Advanced Design and Line Development I
4 units, 2 hours lecture, 6 hours laboratory (GR or P/NP)
Prerequisite: ADAM 113, 222, 225, and 132
Apparel design and line development: Incorporating skills and applications in designing, sketching, pattern development, fitting, construction, pressing, costing, marketing and production analysis; wholesale sample garments of student’s original design concepts in assigned categories. 1303.10

ADAM 215
Advanced Design and Line Development II
4 units, 2 hours lecture, 6 hours laboratory (GR or P/NP)
Prerequisite: ADAM 214
Continuation of ADAM 214: Applications in designing, sketching, pattern development, fitting, construction, pressing, costing, marketing and production analysis; wholesale sample garments of student’s original design concepts in assigned categories. 1303.10

ADAM 216
Production Pattern and Size Grading I
2 units, 1 hour lecture, 3 hours laboratory (GR or P/NP)
Prerequisite: ADAM 112, 132 and 222
Methods and applications in the development of wholesale industrial production pattern making, size grading and marker making: Production in various style, size and price categories; introduction to the use of a size grading machine and computer technology. 1303.10

ADAM 217
Production Pattern and Size Grading II
2 units, 1 hour lecture, 3 hours laboratory (GR or P/NP)
Prerequisite: ADAM 216
Continuation of ADAM 216: Continued development of wholesale industrial production pattern making, size grading and marker making; production in various style, size and price categories; use of a size grading machine and computer technology. 1303.10
ADAM 220
Apparel Design and Merchandising Special Projects Laboratory
.5-2 units, 1.5-6 hours laboratory (P/NP)
Open-entry/open-exit course
Course is not required for ADAM Certificate of Achievement.
STUDENT MUST BE CURRENTLY ENROLLED AND ATTENDING AT LEAST ONE ADAM COURSE IN CONJUNCTION WITH ADAM 220
ADAM industrial laboratory equipment and facilities are made available to ADAM Program students to enable them to complete ADAM course “HOMEWORK” and assigned extra credit projects. Industrial equipment / ADAM facilities are NOT available to students outside the ADAM program due to safety and insurance issues. 1303.10

ADAM 221
Pattern Drafting I
4 units, 2 hours lecture, 6 hours laboratory (GR or P/NP)
Recommended preparation: Basic sewing skills and/or ADAM 224 and 131
Two-dimensional method of apparel patternmaking: Basic drafting methods and techniques, sample pattern development in paper, fit muslin development, and original design creation conforming to industrial standard-sized body forms. 1303.10

ADAM 222
Pattern Drafting II
4 units, 2 hours lecture, 6 hours laboratory (GR or P/NP)
Prerequisite: ADAM 221
Continuation of ADAM 221: Two-dimensional method of apparel patternmaking; intermediate drafting methods and techniques, sample pattern development in paper, fit muslin development, and original design creation conforming to industrial standard-sized body forms. 1303.10

ADAM 224
Pattern Draping I
4 units, 2 hours lecture, 6 hours laboratory (GR or P/NP)
Recommended preparation: Basic sewing skills and/or ADAM 221 and 131
Three-dimensional method of apparel patternmaking: Basic draping methods and techniques, sample muslin pattern development including original design creation, fitting, and testing on industrial standard-sized body forms. 1303.10

ADAM 225
Pattern Draping II
4 units, 2 hours lecture, 6 hours laboratory (GR or P/NP)
Prerequisite: ADAM 224
Continuation of ADAM 224: Three-dimensional method of apparel pattern making; Intermediate draping methods, techniques and sample muslin pattern development. 1303.10

ADAM 229
Portfolio Development I
2 units, 1 hour lecture, 3 hours laboratory (GR or P/NP)
Prerequisite: ADAM 113
Computer-based applications in the development of apparel portfolios: Basic methods and applications using ADOBE Illustrator and ADOBE Photoshop; continuation of sketching skills; emphasis on technical flats and presentation croquis development. 1303.10

ADAM 230
Portfolio Development II
2 units, 1 hour lecture, 3 hours laboratory (GR or P/NP)
Prerequisite: ADAM 229
Continuation of ADAM 229: Advanced computer-based applications in the development of apparel portfolios using ADOBE Illustrator and ADOBE Photoshop; emphasis on development of a finished fashion portfolio and resume presentation. 1303.10

The study of art is a way to explore creative problems and participate in the contemporary world. Art is a universal way of expression to celebrate, to question and design new form. Art history is an investigation of the ways people of the world have created articles of daily life as well as symbolic cultural forms. The study of art is a pathway to numerous occupations in the field such as a visual artist, designer, art educator, art historian or a position within a museum organization.

College of Alameda is dedicated to your growth through an investigation of the arts. College of Alameda classes in art, design, and art history, offer a commitment to personal expression coupled with sensitive instruction by experienced professionals. Art courses at the College of Alameda may be pursued in conjunction with other programs and degrees or as components toward transfer to a CSU or UC school.

College of Alameda offers strong fundamental skills and progressive thought to help each student construct their journey. Various required and elective courses focus on individual creative development and provide a broad range of classroom and studio experiences. Art courses fulfill requirements for transfer or prepare students for careers requiring competency in visual media.

Program Learning Outcomes for Art Students:
- Critical Thinking and Problem Solving--Synthesis of art history studies and art studio innovation to promote decision making, problem solving, and empower the individual in society.
- Creativity--Development of artistic creative skills to foster aesthetic reflection in life activities.
- Communication--Productive knowledge of the breadth of world creativity in order to respond, form positions, and make decisions of daily life.

The AA degree in Art will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

Graduates will be able to:
- Communicate and problem-solve in at least two media.
- Write a visual analysis/ critique of their own and others’ art based on both form and content, and its relation to a global context.
- Recall and summarize key movements in the history of art and contemporary art on a global scale and understand and articulate how this legacy influences their artwork.
- Assemble a portfolio of strong artwork which collectively demonstrates skill, understanding of techniques in a given medium, originality, thoughtfulness, and personal expression.
The Associate in Arts in Art History for Transfer is intended for students who plan to complete a Bachelor’s Degree in Art History at a CSU campus. The Art History degree prepares students planning to transfer into the Art History majors, or a similar major, with an understanding of the study of art. The program is an inquiry of the diverse creativity throughout the world. The Art History program is coupled with the hands on practices of studio arts. Within the transfer model curriculum is a range of courses designed to promote a breadth of artistic knowledge. Art History examines the human capacity for communicative creativity. The evaluation of works of art, in a myriad of forms, places, and time periods, engages the student with the art of prior cultures and the progression of contemporary events. This contextual approach, strong in rigorous analysis, is an integrated field of study drawing upon all the disciplines of the Arts and Humanities. Successful completion of the program with a minimum G.P.A. of 2.0 affords students specific guarantees for transfer to the CSU system such as admission to a CSU with junior status, priority admission to their local CSU campus and to a program or major in art history or similar major. The Associate transfer degrees (AA-T) require the completion and certification of the California State University General Education (CSU GE) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern, as well as the specific Associate for transfer (AA-T) major degree requirements. The AA-T does not require any additional college specific General Education requirements. Students interested in the AA for transfer degree in Art History should consult with the Art program Chair and a counselor.

Students who study art history will explore the relationship between art and architecture, artists and aesthetics, and the cultural and social context in which they were made. Studying Art History opens paths towards advanced studies to pursue careers which include: Art Historians, Art Curators, Arts Education, Museum and Gallery Administration, Fine Artists, Multimedia Arts and more.

### ART 1

**Introduction to Art History**

3 units, 3 hours lecture (GR or P/NP)

Acceptable for credit: CSU, UC

Introduction to art purposes, principles and forms: Basic understanding of stylistic development and methods of analysis with emphasis on twentieth century art. 1001.00

AA/AS area 3; CSU area C1; IGETC area 3

C-ID ARTH 110

### ART 2

**History of Western Art: Prehistory through the Middle Ages**

3 units, 3 hours lecture (GR or P/NP)

Recommended Preparation: ENGL 1A

Acceptable for credit: CSU, UC

Major visual art forms of early civilizations: Painting, sculpture, and architecture from prehistory through the medieval period. 1001.00

AA/AS area 3; CSU area C1; IGETC area 3

C-ID ARTH 110

### ART 3

**History of Western Art: Renaissance to Contemporary Art**

3 units, 3 hours lecture (GR or P/NP)

Recommended Preparation: ENGL 1A

Acceptable for credit: CSU, UC

Major visual art forms of Western cultures from the Renaissance period to Contemporary period: Survey of the foremost artists and their works. 1001.00

AA/AS area 3; CSU area C1; IGETC area 3

C-ID ARTH 120
ART 4

History of Modern Art (1800 to Present)
3 units, 3 hours lecture (GR or P/NP)
Recommended Preparation: ENGL 1A
Acceptable for credit: CSU, UC
Major visual art forms and movements of the 19th and 20th centuries: Concentration on the foremost painters, sculptors, and architects of the modern period and their works. 1001.00
AA/AS area 3; CSU area C1; IGETC area 3

ART 20

Beginning Drawing and Composition
3 units, 2 hours lecture 4 hours laboratory (GR or P/NP)
Acceptable for credit: CSU, UC
Freehand drawing with various media: Drawing techniques and fundamentals of composition applied to subject matter including an introduction to perspective. 1002.10
C-ID ARTS 110

ART 22

Intermediate Drawing & Composition
3 units, 2 hours lecture 4 hours laboratory (GR or P/NP)
Acceptable for credit: CSU, UC
Exploration of artistic concepts, styles, and creative expression related to intermediate-level drawing, complex subject matter and concepts using a variety of drawing mediums, techniques, and methodologies: Foundations of drawing skills to develop personalized approaches to content and materials in exercises covering multiple historical and contemporary approaches to drawing. 1002.10

ART 46

2-D Visual Design
3 units, 2 hours lecture 4 hours laboratory (GR or P/NP)
Acceptable for credit: CSU, UC
Fundamental elements of design: Dot, line, plane, volume, space, color, texture and light; laboratory experience in visual composition and layout emphasizing two dimensional design. 1002.10
C-ID ARTS 100

ART 47

3-D Visual Design
3 units, 2 hours lecture 4 hours laboratory (GR or P/NP)
Acceptable for credit: CSU, UC
Fundamentals of three dimensional design: Form, space, line, texture, color, and time as preparation for all fields of dimensional design, architecture, sculpture, and/or 3D computer modeling. 1002.10
C-ID ARTS 101

ART 48AA-FZ

Selected Topics in Art
.5-5 units: 0-5 hours lecture, 0-15 hours laboratory (GR or P/NP)
Acceptable for credit: CSU
See section on Selected Topics. 1002.00

ART 49

Independent Study in Art
.5-5 units: .5-5 hours lecture (GR or P/NP)
Acceptable for credit: CSU
See section on Independent Study. 1002.00

ART 50

Beginning Painting
3 units, 2 hours lecture 4 hours laboratory (GR or P/NP)
Acceptable for credit: CSU, UC
Emphasis on the basic techniques of oil or acrylic painting: Preparation and use of canvas and supports, color mixing, composition in a variety of styles, development of imaginative and objective images. 1002.10

ART 52

Intermediate Painting
3 units, 2 hours lecture, 4 hours laboratory (GR or P/NP)
Acceptable for credit: CSU, UC
Continuation of ART 51: Emphasis on more independent and complex activities and projects. 1002.10

ART 53

Advanced Painting
3 units, 2 hours lecture, 4 hours laboratory (GR or P/NP)
Acceptable for credit: CSU, UC
Continuation of ART 52: Emphasis on developing greater clarity in personal imagery and painting style; development of a professional portfolio. 1002.10
ART 60  
Beginning Painting: Watercolor  
2 units, 1 hour lecture, 3 hours laboratory (GR or P/NP)  
Acceptable for credit: CSU, UC  
Fundamentals of washes, brushwork, color, and special effects: Transparent, wet-into-wet, and opaque techniques as applied to various subject matter. 1002.10

ART 61  
Continuing Painting: Watercolor  
2 units, 1 hour lecture, 3 hours laboratory (GR or P/NP)  
Acceptable for credit: CSU, UC  
Continued development of skills, techniques, and content in watercolor painting: Creative experimentation and individual expression in watercolor painting processes. 1002.10

ART 62  
Intermediate Painting: Watercolor  
3 units, 2 hours lecture, 4 hours laboratory (GR or P/NP)  
Acceptable for credit: CSU, UC  
Intermediate level development of skills, techniques, and content in watercolor painting: Creativity, composition, and individual expression through watercolor techniques emphasized; concentrated work in specific areas. 1002.10

ART 122  
World Art  
3 units, 3 hours lecture (GR)  
Acceptable for credit: CSU, UC  
Survey of the origins and development of the painting, sculpture, architecture, artifacts of the great civilizations from around the world. 1002.00  
AA/AS area 3; CSU area C1

ART 248AA-FZ  
Selected Topics in Art  
.5-.5 units: 0-5 hours lecture, 0-15 hours laboratory (GR or P/NP)  
See section on Selected Topics. 1002.00
ARTS AND HUMANITIES
See listing for Liberal Arts with Emphasis in Arts and Humanities.

ASIAN AND ASIAN-AMERICAN STUDIES
(ASAME)

ASAME 45A
Asian-American History to 1945
3 units, 3 hours lecture (GR or P/NP)
Acceptable for credit: CSU, UC
Asian-American history from the Pre-Columbian period to 1945: The “old” Asian immigrants and their experiences: Labor, settlement, community, racist opposition, and eventual acceptance. 2203.02
AA/AS area 2, 5; CSU area D; IGETC area 4

ASAME 45B
Asian-American History from 1945 to the Present
3 units, 3 hours lecture (GR or P/NP)
Asame 45A is not a prerequisite to Asame 45B.
Acceptable for credit: CSU, UC
Asian-American history from 1945 to the present: The “new” Asian immigration, assimilation, Asian-American empowerment, and community development. 2203.02
AA/AS area 2, 5; CSU area D; IGETC area 4
ASTRONOMY (ASTR)

Program Learning Objectives

- Differentiate between planets, stars, galaxies, and the universe in terms of scale.
- Explain and discuss basic astronomical phenomena, including the seasons, the phases of the Moon, eclipses, and planetary motion.
- Explain and discuss the origin, development, and properties of planetary systems, stars, galaxies, and the universe.
- Explain how theories in astronomy are based on observations.

ASTR 1
Introduction to Astronomy
3 units, 3 hours lecture (GR or P/NP)
Recommended preparation: Math 201 or 210D, and 202
Not open for credit to students who have completed or are concurrently enrolled in Astr 10.
Acceptable for credit: CSU, UC
Introduction to the universe and insight into its mysteries:
Development of modern astronomy, light, astronomical instruments, a brief survey of the solar system, the Sun, the stars, novas and supernovas, neutron stars, black holes, galaxies, and cosmology. 1911.00
AA/AS area 1; CSU area B1; IGETC area 5A

ATHLETICS

See listing for Kinesiology & Athletics.
AUTO BODY & PAINT (AUTOB)

The Auto Body and Paint program prepares students to enter the job market as trained and qualified technicians, and allows students to continue toward a Baccalaureate degree in advanced schools of technology, as teachers or to broaden their skills in management, design or business. Lecture and laboratory instruction covers safety, trade ethics, use of hand and power tools, as well as theory, repair and painting of automobiles.

Upon registering for a class in the Auto Body and Paint program, the student will receive a list of required basic tools. The student will be expected to provide tools that relate to the particular course in which he/she has enrolled. The purpose of this requirement is to assure that students graduating from the program who wish to enter the trade possess the necessary tools.

The AS degree will be awarded upon satisfactory completion of the major course requirements listed below for each option and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

A Certificate of Achievement in Auto Body will be awarded to those students completing a minimum of 27 units as outlined below with a 2.0 GPA.

A Certificate of Achievement in Auto Paint will be awarded to those students completing a minimum of 27 units as outlined below with a 2.0 GPA.

AUTOMOTIVE TECHNOLOGY (ATECH)

The Automotive Technology curriculum is designed to prepare students for employment as apprentice auto mechanics or to allow students to continue toward a Baccalaureate degree in other advanced schools of technology in preparation for future management and teaching careers in the automotive industry.

The Program Learning Outcomes for Automotive Technology include:

Commitment to Learning: Be ‘lifelong learners’ in the field of automotive technology, keeping up with changes in vehicles, in diagnostics and in repair procedures through a commitment to continual learning and training.

Communication: Communicate effectively with customers, supervisors and co-workers.

Critical Thinking: Apply critical thinking and problem solving skills in the process of diagnosing and repairing vehicles.

Performance: Competently perform industry standard automotive repair procedures, using proper tools, procedures and diagnostic techniques, as specified in the NATEF program certification process.

The College of Alameda ATECH program is certified by the National Institute for Automotive Service Excellence (ASE), and was recognized as the “Best Auto Mechanics Training Program” in California in 1999 and again in 2002 by the Industry Planning Council of the Motor Vehicle Manufacturers Association.

Instruction covers safety, trade ethics, use of hand and power tools, as well as the theory, repair and testing of automobiles and their components. Special emphasis is placed on the diagnosis and repair of electronic and computer control systems in late model automobiles.

Upon registering for a class in the automotive major area, a student will receive a list of required basic tools. **The student will be expected to purchase tools that relate to the course in which he/she has enrolled.** The purpose of this requirement is to assure that all students graduating from the program possess tools in a quantity sufficient for trade entry as an apprentice.

Upon graduating with an Associate in Science (AS) degree, the beginning apprentice will have the union four-year night school requirement waived. The graduate with only a Certificate of Completion will have two of the required four years of night school waived. The National Institute for Automotive Service Excellence (ASE) will give one year experience credit for our two-year program towards the ASE certification program in Auto Mechanics.

Confer with the division counselor for the specific course pattern of requirements and prerequisites. Students may not take more than one of the following 10-unit “major” courses in a single semester: ATECH 10, 11, 12, 14, 15, 40, 41, 42, and 45. Priority for enrollment in any “major” class will be given to students with the most seniority in the program. A minimum grade of “C” in ATECH 21 and 22 may be required for enrollment in a student’s first “major” course.

**Associate in Science (AS) Degree and Certificate of Achievement Programs:**

It is recommended that these courses be completed prior to enrollment in any of the “major” Auto Mechanics classes:
- Completion of ENGL 268A-268B or ESL 253A-253B, or equivalent with a grade of “C” or better.
- One year of high school algebra or completion of MATH 225 with a grade of “C” or better.

The AS degree will be awarded upon satisfactory completion of the major course requirements listed below for each option and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

A Certificate of Achievement will be awarded upon satisfactory completion of the major course requirements listed below for each option with a minimum GPA of 2.0.

A Certificate of Proficiency in Light-Duty Auto Repair is also available upon satisfactory completion of the required courses listed below.

LIGHT-DUTY AUTO REPAIR

Students completing the following required courses will be eligible for the Certificate of Proficiency in Light-Duty Auto Repair. Confer with a counselor or division dean concerning the specific pattern of requirements for this program.

Certificate of Proficiency Requirements:
Dept/No. Title Units
ATECH 22 Introduction to Auto Mechanics 4
ATECH 26 Introduction to Automotive Electrical Systems 4
ATECH 24A Computer Controls and Fuel Injection 4
ATECH 234 Introduction to Brakes, Alignment and Headlamp Aiming 4
Total Required Units: 16

ATECH 10
Automotive Chassis
10 units, 6 hours lecture, 12 hours laboratory (GR)
Recommended preparation: Atech 21 and 22 and Math 225 and Bus 208
Acceptable for credit: CSU
Introduction to automotive chassis systems: Principles of automotive brake and suspension systems, wheel balance, tire service, suspension and headlamp alignment; maintenance, troubleshooting procedures, and proper use of alignment and balancing machines, brake lathes and other diagnostic equipment; diagnosis, disassembly, inspection, and rebuilding of suspension and brake systems; emphasis on proper use of manuals and safe use of tools and equipment; preparation for CA State Brake and Lamp licensing exams. 0948.00

ATECH 11
Engines, Fuel and Ignition Systems
10 units, 6 hours lecture, 12 hours laboratory (GR)
Recommended preparation: Atech 21 and 22 and Math 225 and Bus 208
Acceptable for credit: CSU
Principles of automotive engines, fuel and ignition systems: Tool and equipment safety, maintenance procedures, use of diagnostic equipment, minor head and block machining; diagnosis, disassembly, inspection, and rebuilding of engines, fuel and ignition systems. 0948.00

ATECH 12
Automotive Electrical and Electronic Systems
10 units, 6 hours lecture, 12 hours laboratory (GR)
Recommended preparation: Atech 21 and 22 and Math 225 and BUS 208
Eligible for credit by examination.
Acceptable for credit: CSU
Basic electrical theory and the function, diagnosis, and repair of modern automotive electrical systems: Emphasis on the use of instrumentation in the diagnosis of electrical circuits and component failures. 0948.00

ATECH 14
Advanced Engine Performance (Clean Air Course, Phase I)
10 units, 6 hours lecture, 12 hours laboratory (GR)
Prerequisite: Atech 11 and 12
Recommended preparation: Atech 21 and 22 and Math 225 and Bus 208
Course includes 22 of the 120 hours of training mandated by the California State Smog Inspection program.
Eligible for credit by examination.
Acceptable for credit: CSU
Advanced engine performance principles and procedures: Generic computer and fuel-injection controls and emission-control systems; preparation for the ASE Engine Performance examination, as well as partial preparation for the California State Test and Repair Technician examination. 0948.00

ATECH 15
Drivetrain and Automatic Transmissions
10 units, 6 hours lecture, 12 hours laboratory (GR)
Recommended preparation: Atech 21 and 22 and Math 225 and Bus 208
Acceptable for credit: CSU
Theory, operation, diagnosis, repair and maintenance of drivetrain and automatic transmissions: Single dry-disc clutches, manual transmissions/transaxles, universal joints, final drives, and hydraulically-controlled automatic transmissions and transaxles. 0948.00

ATECH 21
Transportation Technology Principles
4 units, 4 hours lecture (GR)
Recommended preparation: Math 225
Acceptable for credit: CSU
Introduction to materials, mechanics, fluids, heat and electricity: Applications of physical principles to motor vehicle systems and repair; practice researching information in technical publications. 0948.00

ATECH 22
Introduction to Auto Mechanics
4 units, 3 hours lecture, 3 hours laboratory (GR)
Also offered as Appr 471. Not open for credit to students who have completed or are currently enrolled in Appr 471.
Acceptable for credit: CSU
How cars work: Construction and operation of engines, engine support systems, drivetrains and chassis; vehicle maintenance services; shop procedures including safety, proper use of tools, equipment and shop manuals; how to write repair orders. 0948.00

ATECH 23
Automotive Air Conditioning
4 units, 3 hours lecture, 3 hours laboratory (GR)
Recommended preparation: Atech 21 and 22 and Math 225 and Bus 208
Also offered as Appr 486. Not open for credit to students who have completed or are currently enrolled in Appr 486.
Acceptable for credit: CSU
Study of automotive air conditioning systems: Principles and systems necessary for the installation, design, function, and repair of air conditioning units; maintenance, troubleshooting procedures, proper use of air conditioning charging station and recovery/recycle equipment; emphasis on proper use of manuals and safe use of tools and equipment. 0948.00

ATECH 24A
Computer Controls and Fuel Injection
4 units, 3 hours lecture, 3 hours laboratory (GR)
Prerequisite: Atech 11 or Appr 482
Also offered as Appr 473A. Not open for credit to students who have completed or are currently enrolled in Appr 473A.
Acceptable for credit: CSU
Automotive computer-control and fuel-injection systems: Service and repair of computer-control and fuel-injection systems by all manufacturers, with emphasis on “hands-on” electronic testing and diagnostic procedures of ignition, fuel, emission-control, and generic electronic fuel-injection systems. 0948.00

ATECH 25  
**Clean Air Course Phase II**  
4 units, 4 hours lecture (GR)  
Prerequisite: Atech 11 and 12  
Recommended preparation: Atech 21 and 22 and Math 225 and Bus 208  
Eligible for credit by examination.  
Acceptable for credit: CSU  
Course covers the second phase of the 120-hour Clean Air Course required by California’s Biennial Inspection and Maintenance Program (“Smog Check Program”). Successful completion of the 120 hours of training qualifies the student to take the Test and Repair Technician examination.  
Advanced engine performance principles and procedures: Carburetor/low-emission adjustments, spark controls, positive crankcase ventilation and fuel evaporation systems, thermostatic air cleaners, exhaust gas recirculation, air injection and catalytic converter systems, administrative rules, inspection procedures, nitrates of oxide (Nox) readings, and computer-controlled testing. 0948.00

ATECH 26  
**Introduction to Automotive Electrical Systems**  
4 units, 3 hours lecture, 3 hours laboratory (GR or P/NP)  
Recommended preparation: Math 225 and Bus 208  
Also offered as Appr 472. Not open for credit to students who have completed or are currently enrolled in Appr 472.  
Acceptable for credit: CSU  
Introduction to automotive electrical systems: Electrical theory, chassis wiring, batteries, cranking, charging, and ignition systems; special emphasis placed on diagnosis and repair of vehicle chassis wiring. 0948.00

ATECH 27  
**Advanced Emissions Diagnostics: Smog Check II**  
2 units, 1.5 hours lecture, 1.5 hours laboratory (GR or P/NP)  
Prerequisite: Atech 24A  
Also offered as Appr 485. Not open for credit to students who have completed or are currently enrolled in Appr 485.  
Eligible for credit by examination.  
Acceptable for credit: CSU  
Five-gas analysis using BAR 97: Advanced emissions diagnostics and related topics. 0948.00

ATECH 40  
**Advanced Automotive Chassis**  
10 units, 6 hours lecture, 12 hours laboratory (GR)  
Prerequisite: Atech 10  
Recommended preparation: Atech 21 and 22 and Math 225 and Bus 208  
Acceptable for credit: CSU  
Advanced and in-depth study of automotive brake and suspension systems, wheel balance, tire service, and suspension alignment: Tool and equipment safety; maintenance and troubleshooting procedures; proper use of alignment and balancing machines, brake lathes, and other diagnostic equipment; diagnosis, disassembly, inspection, and rebuilding of suspension and brake systems; emphasis on proper use of manuals and safe use of tools and equipment. 0948.00

ATECH 41  
**Advanced Engine Repair**  
10 units, 6 hours lecture, 12 hours laboratory (GR)  
Prerequisite: Atech 11  
Recommended preparation: Atech 21 and 22 and Math 225 and Bus 208  
Acceptable for credit: CSU  
Advanced principles of automotive engine construction, design, and repair: Tool and equipment safety, use of diagnostic equipment, advanced head and block diagnosis, repair and machining; diagnosis, disassembly, inspection, reconditioning, and rebuilding of engines; troubleshooting engine problems. 0948.00

ATECH 42  
**Advanced Automotive Electronics**  
10 units, 6 hours lecture, 12 hours laboratory (GR)  
Prerequisite: Atech 12  
Recommended preparation: Atech 21 and 22 and Math 225 and Bus 208  
Eligible for credit by examination.  
Acceptable for credit: CSU  
Advanced diagnosis and repair techniques for modern automotive electrical systems: Stresses heavy use of instrumentation in the diagnosis of electrical circuitry and component failure. 0948.00

ATECH 45  
**Advanced Automotive Transaxles and Transmissions**  
10 units, 6 hours lecture, 12 hours laboratory (GR)  
Prerequisite: Atech 15  
Acceptable for credit: CSU  
Advanced automotive transaxle and transmission theory: Theory of operation, diagnosis, and service techniques on a variety of computer-controlled automatic transmissions and transaxles for imported and domestic passenger vehicles or light trucks. 0948.00

ATECH 234
Introduction to Brakes, Alignment and
Headlamp Aiming
4 units, 3 hours lecture, 3 hours laboratory (Gr)
Also offered as Appr 484. Not open for credit to students
who have completed or are currently enrolled in Appr 484.
Introduction to brake, alignment, and headlamp aiming
systems: Operation, maintenance, troubleshooting,
and adjustment of steering, suspension, braking,
and headlamp aiming systems; emphasis on proper
use of manuals and safe use of tools and equipment;
preparation for the California State Brake and Lamp
licensing exams. 0948.00

AVIATION MAINTENANCE TECHNOLOGY (AMT)

The Aviation Maintenance Technology (AMT) program at College of Alameda provides the opportunity for students to qualify for the Federal Aviation Administration (FAA) Airframe and Powerplant Certificate upon successful completion of our two-year Diamond Award-winning program. An airframe and powerplant mechanic (A&P) is certified and responsible to inspect and maintain aircraft. Job opportunities are available literally all over the world.

The aviation program is offered at the College of Alameda aviation facility located at the north end of the Oakland International Airport. Our state-of-the-art facility includes five aircraft, aircraft system mockup trainers, and a computer lab. This is a two-year evening-only program each class runs five days a week, 3 hours a night. All F.A.A. testing soon be done on site. Mandatory attendance is required for this program to comply with F.A.A. regulations. Any time missed must be made up. The AMT student will need to purchase ranging from $150 to $400 dollar worth of tools during the course of this program.

The AMT faculty and staff are dedicated to helping each and every student through this program. College of Alameda graduates are recognized throughout the aviation industry for their acquired skills and knowledge. There are programs at the College that offer financial aid and assistance to student of needs or with learning difficulties. Feel free to visit us at any time, or speak with our well qualified college’s counselors, ask questions, and tour the aviation facility. Come join us for an exciting career in aviation.

These are the Program Learning Outcomes:
1. Student will interpret and assess aircraft systems as to airworthy condition. Student will demonstrate an ability to maintain these aircraft systems. Student will apply their knowledge of systems to evaluate FAA publications as to airworthy standard. Maintenance record recording will be completed to FAA standards.
2. Personal Development and Management – Prepare for personal, educational and/or career goals.
3. Communication: Perceive, understand, and engage in verbal and nonverbal communication.
4. Responsibility: Understand and demonstrate personal, civic, social, environmental responsibility and cooperation in order to become a productive local and global citizen.

Evening Program – Airframe and Powerplant
There is an evening program for both the Airframe and Powerplant certificates in which each class is a semester long and five nights a week. There is a lecture course and a laboratory course offered each night. By enrolling in both courses the student may complete the program in two years. If the student has a time constraint only one class may be taken each night with a corresponding addition of time required to complete the program. Regular attendance is mandatory for AMT students. Students are required to clock in and out for courses and must meet minimum time requirements for each class, and pass all examinations with minimum of 70% (‘C’) to receive credit for the course since the course is FAA approved and meets FAA regulations. Students should only enroll if they can meet the published schedule.

Students will need to accumulate approximately $400 worth of tools and equipment during the program. In addition students will be required to purchase textbooks and other publications.

The AS degree will be awarded upon satisfactory completion of the major course requirements for each option and the General Education requirements listed in the Degrees and Programs section of this Catalog.

The Airframe and Powerplant Certificates of Achievement curricula include theory and practical experience in construction, inspection, overhaul, repair, and maintenance of aircraft structures, systems, and powerplants. The program is approved by the Federal Aviation Administration. Upon completion of each course with a minimum grade of “C,” the student will be eligible to apply for the FAA examination for the Airframe and Powerplant license.

Note:
If interested in joining the AMT program, please contact College Counselors at College of Alameda, or the AMT Department directly.

BIOLOGY (BIOL)

What is Biology? Biologists study life from a scientific perspective. We are fascinated by the myriad ways that living organisms survive and cooperate with each other, and study how these ways came into being. The Biology Department at College of Alameda offers courses that consider the smallest biological molecules, whole organisms, and the entire ecosystem of the Earth. All the courses in biology help you to have a clear understanding of the scientific processes -- both philosophical and technical -- used to gather this knowledge.

Why Study Biology? Biologists take very diverse career paths. Some enter health fields like medicine, dentistry, nursing, physical therapy, and pharmacy. Others enter into research in environmental and conservation areas. Training in biology can also lead to careers in biotechnology and other fields of technology. Because we ourselves are life forms, interacting with and dependent on other life forms, it is important for any educated person to have an understanding of the basics of biology. This is why we invite and encourage all students to take at least one of our courses.

What is special about Biology at College of Alameda? When you take our classes you will be taking courses that transfer to UC and CSU campuses and to private colleges and universities. Most of our classes have laboratory sections where you get hands-on experience with life forms, and personalized interaction with your instructors. Our classes are small in size with a low ratio of students to instructor. We believe this makes for the best training of a biologist. You will become actively involved in your own education. Finally, we offer classes all day, every day, including the weekends, and many nights during the week.

These are the Program Learning Outcomes:
- Students demonstrate skills necessary to operate equipment used in biological disciplines, such as compound and dissecting microscopes, analytical balances, sphygmomanometers, and spectroscopes.
- Students understand and discuss different life forms based on their general knowledge of biological diversity and taxonomic relationships.
- Students apply an understanding of the scientific method to critical analyses of scientific and nonscientific explanations and hypotheses.
- Students are able to differentiate scientific hypotheses, derived through the scientific method, from explanations generated through nonscientific methods.
- Students are able to explain verbally or in writing, differences between 2 domains and differences between the different subgroups within the prokaryotes eukaryotes.

The AS degree in Biology will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Science Degree listed in the Degrees and Programs section of this Catalog.

There are two Associate (AA/AS-T) Degree options in Business: AA in Accounting and AS-T in Business Administration. Certificate of Proficiency options are also available.

Business Program Learning Outcome Set Outcomes:

**Critical Thinking**
Develop critical thinking skills required for transfer in business administration, accounting, economics, and other related fields.

**Communication**
Analyze, organize, and compose various types of written and oral business communications.

**Technology**
Analyze and solve business problems using technology.

**Awareness**
Demonstrate an understanding of the legal and social environment of business, in particular civil and criminal law, consumer protection, and personal property rights.

**Interpersonal Communication**
Understand group dynamics and work effectively in team activities within and outside the classroom.

**Associate in Arts Degrees:**
Accounting

The Associate in Science in Business Administration for Transfer (AS-T)

**Certificates of Achievement:**
Accounting
Transportation, Distribution, and Logistics

**Certificates of Proficiency:**
Small Business Administration
Transportation-Logistics Operations (under revision)
Warehouse and Forklift Operations

**ACCOUNTING**
The AA degree will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

The AA degree in Accounting is designed to qualify students for employment in accounting and/or to provide a foundation for those students wishing to transfer to a four-year institution with a major in Accounting.

Business and Accounting students seeking transfer to four-year universities will meet the Accounting transfer requirements. Our Accounting program provides occupational training for entry level bookkeeping, accounting, and technical positions. Noteworthy of our accounting program, for forty plus years COA has provided exceptional accounting tutorial services to assist and ensure student success in Accounting.

The suggested sequence of courses required for the Associate in Arts (AA) in Accounting are listed below:

BUSINESS ADMINISTRATION

Associate in Science in Business Administration for Transfer AS-T Degree

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Science in Business Administration for Transfer (AS-T) is intended for students planning to transfer to a CSU with a major in Business Administration. Students completing this degree are guaranteed admission to the CSU system, but not to a particular campus or major.

Career opportunities in Business Administration includes but not limited to: Marketing, Sales, Accounting, Technology, education and Management.

The following is required for the Associate in Science in Business Administration:

1. Completion of 60 CSU-transferable units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework.
3. Complete a minimum of 18 semester units in an AS-T major. All courses in the major must be completed with a grade C or better.
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth); or the Intersegment General Education Transfer Curriculum (IGETC) pattern.

Acceptable for credit: CSU
Overview of logistics functions in the management of business logistics at the introductory level including: Purchasing, inventory management, transportation, warehousing and their related technologies. 0510.00

BUS 112
**Principles of Logistics**
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU
Practical Introduction to logistics functions in the management of business logistics functions including: Purchasing, inventory management, transportation, warehousing and their related technologies; Focus is on integration of logistics functions to improve overall supply chain customer service and cost performance. 0510.00

BUS 113
**Introduction to Supply Chain Management**
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU
Overview of the Introduction to the tools and techniques for design and improvement of any supply chain, through the optimal use of information, materials, and technology to improve efficiency and reduce costs on an introductory level. Integrate the utilization of outside suppliers and customers into an organization's supply chain on an introductory level. 0510.00

BUS 114
**Principles of Supply Chain Management**
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU
Practical Introduction to the principles, tools and techniques for design and improvement of any supply chain, through the optimal use of information, materials, and technology to improve efficiency and reduce costs. Integrate the utilization of outside supply chain. 0510.00

BUS 115
**Computerized Logistics**
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU
Provides a study of the need and use of computers in the supply chain and logistics industry and an introduction to the software that is available, such as enterprise resource planning, demand planning, and warehouse management. 0510.00
BUS 116
Warehouse Management Operations
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU
Introduction of warehouse functions and management including facility location and operation, financial analysis, security, cargo handling, and productivity improvement and measurement. 0510.00

BUS 117
Certified Logistics Associate (CLA)
3 units, 4 hours lecture(GR)
Acceptable for credit: CSU
Overview of the foundational-level knowledge of the world of supply chain management in a global environment. Introduce the fundamentals of logistics and interrelationships in the areas of manufacturing; Safety, Manufacturing Process, Maintenance Awareness, and Quality Assurance. This coursework certifies students as a Certified Logistics Associate (CLA). 0510.00

BUS 118
Certified Logistics Technician (CLT)
4 units, 4 hours lecture (GR)
Prerequisite: BUS 117
Acceptable for credit: CSU
Practical introduction to advanced technical competencies of the world of supply chain management in a global environment. Introduces advanced technical skillsets of logistics and the interrelationships in the areas of manufacturing: Safety, Manufacturing Process, Maintenance Awareness, and Quality Assurance. This coursework certifies students as a Certified Logistics Technician (CLT). 0510.00

BUS 119
Introduction to Inventory Management
3 units, 3 hours lecture (GR)
Acceptable for Credit: CSU
Introduction to practices for managing inventory of large quantities: Exploration of fundamental differences between manufacturing inventories of finished goods in retail and work-in-process; presentation of real-time information in order to maximize productivity in key areas from physical control and process flow to problem identification and resolution. 0505.00

BUS 120
Principles of Leadership in Logistics
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU
Principles of Leadership in Logistics: Theory needed to become effective business leaders; investigation of contemporary leadership theory and practices locally and globally; examination of models of leadership vision, courage, and innovation with a focus on global logistics’ issues. 0505.00

BUS 121
Career Development for Logistics Professionals
1 unit, 1 hour lecture (GR)
Acceptable for credit: CSU
Introduction to Career Development for Logistics Professionals: Principles and real life application of industry soft skills necessary in a competitive marketplace and a digital global logistics’ workplace; communicating effectively and professionally; strategies for working in teams. 0505.00

BUS 208
Communication Skills for Technicians
3 units, 2 hours lecture, 3 hours laboratory (GR)
Development of writing, reading, speaking and listening skills for successful communication in technical careers: Researching and learning technical material from textbooks; taking notes; communication with customers, employers, and co-workers; writing repair orders and invoices; producing job applications and resumes; and practicing for formal job interviews. 0501.00

Recommended preparation: CIS 200 or CIS 205 or BUS 219
Introduction to standard warehousing terminology: Applications throughout the logistics, retail, wholesale and manufacturing industries; spelling ability, vocabulary enrichment; and contextual comprehension of standard warehousing terminology. 0510.00
BUS 236  
Records Management in Logistics  
2 units, 2 hours lecture (GR or P/NP)  
Introduction to records management utilized in the logistics industry: Core records management principles, procedures, and office skills relating to inventory recordkeeping; standard terminology, practices and technology that are used to maintain and share inventory records. 0510.00

BUS 239  
Quickbooks Pro  
1.5 units, 1 hour lecture, 1.5 hours laboratory  
(GR or P/NP)  
Introduction to QuickBooks business accounting software: Company setup, payroll, and transactions to complete the accounting cycle. 0502.00

BUS 240  
Introduction to Warehouse Operations  
2 units, 1 hour lecture, 3 hours laboratory (GR or P/NP)  
Introduction to warehouse operations: Objectives of the warehouse, software information systems used in warehousing, warehouse safety, and practice with hands on activities that are used in a functioning warehouse. 0510.00

BUS 247  
Logistics Operations for Transportation  
1 units, 1 hours lecture (GR or P/NP)  
Introduction to state-of-the-art logistics technologies: Procedures and terminology relevant to the mobile workforce, worksite environment, and the “virtual office” environment; handheld devices used in inventory and tracking, GIS (Geographic Information Systems) used in distribution, GPS (Global Positioning Satellites) used in transportation, and a survey of the logistics/warehousing industry as well as job opportunities and careers. 0510.00

BUS 248AA-FZ  
Selected topics in Business  
.5-9 units: 0-9 hours lecture, 0-27 hours laboratory  
(GR or P/NP)  
See section on Selected Topics. 0501.00
CHEMISTRY
(CHEM)

Why Study Chemistry? Chemistry addresses the fundamental nature of substances and the changes that substances undergo. Students learn problemsolving skills rooted in the scientific world view. Specifically, you will learn about the chemical aspects of everyday life enabling you to understand the chemical foundations of the environment, energy, disease (causes and prevention), and the chemical basis of nutrition. The study of chemistry helps you understand the fundamentals controlling the interactions of elements and molecules which form the basis for our world and the universe. Knowledge of the discipline enables you to practice the protocols and techniques for working safely with chemicals. Modern civilization is based on chemistry and its effects upon the environment and ourselves. Some of the consequences are considered better than others and studying chemistry allows us to search for alternatives that may be practical or feasible.

What can you do with Chemistry? Some people are motivated primarily by curiosity about nature and/or about how things work. Questions that might be answered in studying chemistry include: the chemical composition of rocks from this or other planets, the chemical composition of the atmosphere, or the chemical reactions behind technologies such as rocket propulsion and automobile airbag deployment. Chemistry is essential in the practice of medicine in allowing us to understand the chemistry underlying biology, pharmacology, and human physiology.

The COA chemistry program is designed to provide you with a solid grasp of the basics to achieve your long-term goals. Careers in chemistry include: analytical chemist, biotechnologist, biochemist, chemical engineer, dietitian, environmental chemist, food and drug inspector, forensic chemist, geochemist, health professional, perfumer, pharmacist, professor, and many others.

CHEM 1A
General Chemistry
5 units, 3 hours lecture, 3 hours lecture-demonstration, 3 hours laboratory (GR)
Prerequisite: Math 203 or 211D
Recommended preparation: Chem 30A or 50
Acceptable for credit: CSU, UC
General principles of chemistry: Measurements, atomic theory, chemical nomenclature, chemical composition, stoichiometry, reactions in aqueous solution, thermochimistry, electron configurations, periodic properties, chemical bonding, gases, liquids, solids, and solutions. 1905.00
AA/AS area 1; CSU area B1, B3; IGETC area 5A/5C

CHEM 1B
General Chemistry
5 units, 3 hours lecture, 3 hours lecture-demonstration, 3 hours laboratory (GR)
Prerequisite: Chem 1A
Acceptable for credit: CSU, UC
General principles of chemistry: Kinetics, equilibrium, acid-base equilibria, buffers, solubility equilibria, entropy and free energy, electro-chemistry, nuclear chemistry, coordination chemistry, and an introduction to organic chemistry. 1905.00
AA/AS area 1; CSU area B1, B3; IGETC area 5A/5C

CHEM 30A
Introductory General Chemistry
4 units, 3 hours lecture, 3 hours laboratory (GR)
Prerequisite: Math 201 or 208 or 210D
Acceptable for credit: CSU, UC
Fundamental principles of general chemistry: Metric measurements, matter and energy, atomic structure, chemical nomenclature, chemical bonding, chemical reactions, stoichiometry, gas laws, nuclear chemistry, properties of liquids, solids, solutions, acids and bases. 1905.00
AA/AS area 1; CSU area B1, B3; IGETC area 5A/5C

CHEM 30B
Introductory Organic and Biochemistry
4 units, 3 hours lecture, 3 hours laboratory (GR)
Prerequisite: Chem 30A
Acceptable for credit: CSU, UC
Introduction to basic organic chemistry and biochemistry: Hydrocarbons; organic functional groups, nomenclature, and reactions; polymers, carbohydrates, proteins, enzymes, lipids, nucleic acids, protein synthesis, and metabolic pathways. 1905.00
AA/AS area 1; CSU area B1, B3; IGETC area 5A/5C

CHEM 48AA-FZ
Selected Topics in Chemistry
.5-5 units, 0-5 hours lecture, 0-15 hours laboratory (GR or P/NP)
Acceptable for credit: CSU
See section on Selected Topics. 1905.00

CHEM 49
Independent Study in Chemistry
.5-5 units, .5-5 hours lecture (GR)
Acceptable for credit: CSU
See section on Independent Study. 1905.00
CHEM 50
Beginning Chemistry
4 units, 3 hours lecture, 3 hours laboratory (GR)
Recommended preparation: Math 201 or 210D
This is a preparatory course for Chem 1A for students who have not had high school chemistry.
Acceptable for credit: CSU, UC
Principles of basic chemistry: Metric measurements, matter and energy, atomic structure, chemical nomenclature, chemical reactions, stoichiometry, chemical bonding, gas laws, properties of liquids, solids, solutions, acids and bases. 1905.00
AA/AS area 1; CSU area B1, B3; IGETC area 5A/5C

CHEM 248AA-FZ
Selected Topics in Chemistry
.5-5 units, 0-5 hours lecture, 0-15 hours laboratory

CHINESE
(CHIN)

What does it mean to study Cantonese? The study of Cantonese involves learning the words and rules of the language with the purpose of acquiring them with accuracy and using them to communicate with Cantonese speakers worldwide.

Why study Cantonese? The Cantonese Program at COA provides courses that satisfy Foreign Language requirements at 4-year colleges and universities, provides marketable foreign language skills and offers cultural enrichment. This will empower students to:

- Communicate with native speakers at home and worldwide
- Increase employment potential
- Improve memory and cognitive skills
- Enhance travel worldwide
- Expand one’s universe

Beyond acquisition, learning languages can expand the heart and mind and help us in our search to understand who we are as human beings.

Cantonese Program Learning Outcomes:

I. Grammatical Proficiency
Speak, write and comprehend Cantonese with accuracy as students advance through the course levels.

II. Language Skill Application
Understand and communicate with native speakers in Cantonese with cultural fluency through the progressive skill levels and in conjunction with course content.

III. Cultural Knowledge
Demonstrate cultural and historical understanding of the societies associated with Cantonese as students advance through the course levels.

CHIN 9A
Spoken and Written Cantonese
5 units, 5 hours lecture (GR)
Prerequisite: 3 years of high school study of the Chinese language or equivalent
Pre-elementary Cantonese enabling skills in: understanding, listening, reading, and writing simple Cantonese Chinese; Acquaintance with culture; Focus on differences between spoken and written forms of Cantonese. 1107.00

CHIN 9B
Spoken and Written Cantonese
5 units, 5 hours lecture (GR or P/NP)
Prerequisite: Chin 9A
Acceptable for credit: CSU
Continuation of pre-elementary Cantonese strengthening skills in: understanding, listening, reading, and writing simple Cantonese Chinese; Appreciation of Chinese culture; Focus on differences between spoken and written forms of Cantonese. 1107.00

CHIN 10A
Elementary Cantonese A
5 units, 5 hours lecture (GR)
Course is equivalent to two years of high school study.
Acceptable for credit: CSU, UC
Introductory study and practice of basic language skills and related Chinese cultural contexts: Basic vocabulary and structures in cultural contexts. 1107.00
AA/AS area 3; CSU area C2; IGETC Language

CHIN 10B
Elementary Cantonese B
5 units, 5 hours lecture (GR)
Prerequisite: Chin 10A
Acceptable for credit: CSU, UC
Continuation of CHIN 10A with further study and practice of basic language skills and related Chinese cultural contexts: Grammar and vocabulary building. 1107.00
AA/AS area 3; CSU area C2; IGETC area 3B/6A

CHIN 11A
Intermediate Cantonese A
5 units, 5 hours lecture (GR)
Prerequisite: Chin 10B
Acceptable for credit: CSU, UC
Intermediate level study and practice of all basic language skills: Grammar and vocabulary building, exploration of Cantonese structure, and growth in cultural understanding. 1107.00
AA/AS area 3; CSU area C2; IGETC area 3B/6A
CHIN 11B  
**Intermediate Cantonese B**  
5 units, 5 hours lecture (GR)  
Prerequisite: Chin 11A  
Acceptable for credit: CSU, UC  
Continuation of CHIN 11B with further study and practice of all basic language skills: Grammar, vocabulary building, language structure and use, and further knowledge of cultural understanding and appreciation.  
1107.00  
AA/AS area 3; CSU area C2; IGETC area 3B/6A

CHIN 12A  
**Advanced Cantonese Reading and Writing: Modern and Classical Literature**  
5 units, 5 hours lecture (GR)

What is Communication? Communication focuses on how people use messages to generate meaning in different contexts, cultures, channels, and media. Students will learn why people interact the way they do while improving their own verbal and written communication skills.

Why study Communication? Communication skills are among the top qualities employers look for in job candidates. The Program Learning Outcomes from communication classes will prepare you to:

- Build greater competence in interpersonal, group, and public communication.
- Improve personal and professional relationships.
- Express ideas and viewpoints with greater clarity.
- Develop conflict management and leadership skills.
- Analyze and adapt to diverse audiences.
- Make effective communication choices in daily interactions.

Communication careers include but are not limited to: management, social media, customer service, law, sales, consulting, political organizing, broadcasting, marketing, advertising, public relations, human resources, training, education, and many others.

Associate Degrees for Transfer
California Community Colleges are now offering associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

To view the most current list of College of Alameda Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to www.alameda.peralta.edu. Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

The Associate of Arts in Communication Studies Transfer Degree (AA-T) is designed for students planning to transfer into the communications major. A student pursuing this degree will meet the AB 1440 Transfer Curriculum Model for CSU.

Computer Information Systems, and why you should study CIS. Computer Information Systems enhances computer literacy. Computer literacy is having knowledge and understanding of computers and their uses. It involves three levels of proficiency (T-O-P).

- The First level involves Terminology – ability to read, write, and understand “geek” language.
- The Second level involves Operations – ability to use computers to get work done e.g., word processing, spreadsheets, presentations, and database management.
- The Third level involves Programming – ability to code instructions for computers to operate on desktops, networks, and on the Web.

Computers are everywhere and impact many of our daily activities. Our lives are dependent on information from a computer. Computer skills are a necessity in today’s technological world.

The CIS program at College of Alameda prepares you for entry-level business opportunities requiring the use of computer applications, such as word processing, spreadsheet, database management, and geographical information systems (GIS) programs. Our CIS program prepares you for transfer to a university. Advanced students take programming courses, help desk and networking courses, and web publishing courses.

We offer beginning and advanced office application courses. We are the only Peralta college to offer help desk (desktop support technician) courses and networking courses. Our web publishing courses, offered as hybrid (with some face to face meetings) as well as online, lead to a certificate of proficiency upon successful completion of the courses. We also offer other online CIS courses which can fit your busy schedule.

The Computer Information Systems (CIS) program prepares students for entry level business positions requiring the use of computer applications, and will qualify students in the use of word processing, spreadsheet and database management applications. More advanced students may enroll in telecommunications and computer networking courses. In some instances, students with work experience in the above mentioned areas may challenge courses based on that experience. Students seeking advanced placement must meet with an instructor to verify knowledge and skills.

Students satisfactorily completing the following required courses will be eligible for the AA degree and the Certificate of Achievement in Computer Information Systems. Confer with a counselor concerning the specific pattern of requirements for this program and refer to the Degrees and Programs section of the Catalog for information on the Associate in Arts degree.

CIS 1  
Introduction to Computer Information Systems
4 units, 3 hours lecture, 3 hours laboratory (GR)  
Acceptable for credit: CSU, UC  
General nature of computer hardware, software and systems: Hands-on applications include introduction to word processing, spreadsheet, database management and presentation software, and a brief introduction to web browsing and e-mail. 0702.00  
AA/AS area 4c; CSU area E

CIS 4  
Introduction to Geographical Information Systems
3 units, 3 hours lecture, 3 hours lab (GR)  
Acceptable for credit: CSU  
Recommended Preparation: CIS 1, CIS 5, CIS 40  
Introduction to Geographic Information Systems (GIS): Fundamental concepts, cartographic principles, hardware and software requirements; Charts, graphs, and full map layouts; Data structures and sources; Spatial databases and analysis. 0702.00

Prediction:

CIS 5  
Introduction to Computer Science
5 units, 4 hours lecture, 3 hours laboratory (GR)  
Acceptable for credit: CSU, UC  
Introduction to computer science: Architecture of digital computers, design of algorithms for solving various problems, and basic skills in computer programming. 0706.00  
AA/AS area 4c

CIS 6  
Introduction to Computer Programming
5 units, 4 hours lecture, 3 hours laboratory (GR or P/NP)  
Recommended preparation: CIS 5  
Acceptable for credit: CSU, UC  
Introduction to computer programming: Algorithm design, flow charting, and debugging; elements of good programming style. Course may be instructed in any programming language. 0707.10  
AA/AS area 4c

CIS 23  
C# Programming
4 units, 3 hours lecture, 3 hours laboratory (GR)  
Acceptable for credit: CSU, UC  
C# programming: Basic unified modeling language (UML) notation in object-oriented software design and development using the C# programming language in a .Net environment; focus on the program structure, syntax, constructs and keywords of the C# programming language, concepts of intermediate languages (ILs), the common language runtime (CLR), and .Net standard data types. 0707.10  
AA/AS area 4c

CIS 25  
Object-Oriented Programming Using C++
4 units, 3 hours lecture, 3 hours laboratory (GR)  
Recommended preparation: CIS 6 or 10 or 26  
Acceptable for credit: CSU, UC  
Object-oriented methods of software development using C++: Design and implementation of objects, class construction and destruction, encapsulation, inheritance, and polymorphism. 0707.10  
AA/AS area 4c

DESCRIPTION OF COURSES

COMPUTER INFORMATION SYSTEMS (CIS)

CIS 40  
**Database Management**  
4 units, 3 hours lecture, 3 hours laboratory (GR or P/NP)  
Recommended preparation: CIS 1 or 5  
Acceptable for credit: CSU  
Design, implementation, and maintenance of databases:  
Analysis of user requirements; building tables, queries,  
forms, reports, and other topics. 0702.10  
AA/AS area 4c

CIS 42  
**Spreadsheet Applications**  
4 units, 3 hours lecture, 3 hours laboratory (GR or P/NP)  
Recommended preparation: CIS 1 or 5 or 200  
Not open for credit to students who have completed or  
are currently enrolled in CIS 42A and/or 42B.  
Eligible for credit by examination.  
Acceptable for credit: CSU  
Principles of electronic spreadsheets using features  
available with current popular spreadsheet software:  
Worksheet creation, formatting and charting; entering  
data and formulas; functions; editing and printing;  
web queries; basic database functions of sorting and  
querying; creating web pages; logical functions; lookup  
tables; Pivot Tables, Pivot Charts, and trendlines; graphic  
design for financial statements; creating templates; using  
macros. 0702.10  
AA/AS area 4c

CIS 48AA-FZ  
**Selected Topics in Computer Information Systems**  
.5-9 units, 0-9 hours lecture, 0-27 hours laboratory  
(GR or P/NP)  
Acceptable for credit: CSU  
See section on Selected Topics. 0702.00

CIS 49  
**Independent Study in Computer Information Systems**  
.5-5 units, .5-5 hours lecture (GR)  
Acceptable for credit: CSU  
See section on Independent Study. 0702.00

CIS 97A  
**Oracle SQL and PL/SQL**  
4 units, 3 hours lecture, 3 hours laboratory (GR or P/NP)  
Prerequisite: CIS 1  
Acceptable for credit: CSU  
Introduction to the design and development of multi-  
user relational database systems: Oracle SQL and  
fundamentals of PL/SQL programming. 0707.20  
AA/AS area 4c

CIS 200  
**Computer Concepts and Applications**  
1.5 units, 1 hour lecture, 2 hours laboratory (GR or P/NP)  
Eligible for credit by exam.  
Introduction to computer concepts: Terminology,  
word processing, spreadsheets, database management,  
presentation graphics, and the Internet. 0702.10  
AA/AS area 4c

CIS 201  
**Introduction to Computer Hardware**  
4 units, 3 hours lecture, 3 hours lab (GR or P/NP)  
Introduction to computer hardware: Maintaining and  
servicing computer equipment, fundamental concepts  
and architecture, major computer subsystems and  
peripheral devices, common computer problems,  
troubleshooting techniques, repair procedures and  
preventive maintenance; traditional, current and  
emerging computer technologies. 0708.20

CIS 205  
**Computer Literacy**  
1 unit, 14 term hours lecture, 14 term hours laboratory  
(GR or P/NP)  
Also offered as Bus 219. Not open for credit to students  
who have completed or are currently enrolled in  
Business 219.  
Introduction to computers and information technology  
for people with no background in nor knowledge of  
computers. 0701.00  
AA/AS area 4c

CIS 209  
**Introduction to Windows**  
1 unit, .75 hours lecture, .75 hours laboratory  
(GR or P/NP)  
Recommended preparation: CIS 205  
Introduction to graphical user interfaces using Microsoft  
Windows. 0702.00  
AA/AS area 4c

CIS 223A  
**Introduction to Word**  
1 unit, 13.5 term hours lecture, 13.5 term hours laboratory  
(GR or P/NP)  
Introduction to word processing using Microsoft  
Word: Basic functions such as open, close, save, and  
print; creating and editing documents, text and print  
formatting techniques, spell checking, assimilating  
graphs and tables in documents. 0707.20  
AA/AS area 4c
CIS 223B
Introduction to Excel
1 unit, 13.5 term hours lecture, 13.5 term hours laboratory
(GR or P/NP)
Introduction to computerized spreadsheets using Microsoft Excel: Basic functions such as open, close, save and print; formulas and functions, creating charts, and formatting commands for setting up worksheets. 0702.10
AA/AS area 4c

CIS 223C
Introduction to Access
1 unit, 13.5 term hours lecture, 13.5 term hours laboratory
(GR or P/NP)
Introduction to database management using Microsoft Access: Basic functions such as open, close, save and print; creating, maintaining, organizing, sorting, and presenting data using querying, forms and report functions. 0702.10
AA/AS area 4c

CIS 223D
Introduction to PowerPoint
1 unit, 13.5 term hours lecture, 13.5 term hours laboratory
(GR or P/NP)
Introduction to presentation graphics software: Basic concepts such as creating on-screen slides using graphics, tables, charts, and formatted text. 0702.10
AA/AS area 4c

CIS 224
Introduction to the Internet
1 unit, .75 hours lecture, .75 hours laboratory
(GR or P/NP)
Eligible for credit by examination
Introduction to the Internet for access to information resources: Web browsers, web sites, web pages, electronic mail, and skills relevant to participating in an online, hybrid, or web-enhanced course. 0709.00
AA/AS area 4c

CIS 226A
Desktop Support Technician I
3 units, 2 hours lecture, 3 hours lab (GR or P/NP)
Windows Desktop applications: Configuring and troubleshooting, access to resources, hardware devices, desktop and user environments, and network services. 0708.20
AA/AS area 4c

CIS 226B
Desktop Support Technician II
3 units, 2 hours lecture, 3 hours laboratory (GR or P/NP)
Recommended preparation: CIS 1
Windows desktop support: Supporting users and troubleshooting applications. 0708.20
AA/AS area 4c

CIS 227
Word Processing for Legal Professionals
3 units, 2 hours lecture, 3 hours laboratory (GR or P/NP)
Recommended preparation: Bus 230DEF (Self-Paced).
Students should be able to type 25 words per minute.
Also offered as BUS 227. Not open for credit to students who have completed or are currently enrolled in BUS 227.
Emphasis on the use of Microsoft Office Word Application features to create legal-oriented documents: legal correspondence, legal pleadings, memorandum of points and authorities, table of contents, table of authorities, indexes, and forms. 0706.00
AA/AS area 4c

For the satisfactory completion of all types of Cooperative Work Experience Education, students may earn up to a total of 16 semester credit hours, subject to the following limitations:

(1) General Work Experience Education.
A maximum of six semester credit hours may be earned during one enrollment period in general work experience education.

(2) Occupational Work Experience Education.
A maximum of eight semester credit hours may be earned during one enrollment period in occupational work experience education.

Work experience, in conjunction with a program of instruction, makes it possible for a student to obtain college credit for paid or volunteer experience.

**COPED 450**

**General Work Experience**
1-3 units, hours to be arranged (GR)
Acceptable for credit: CSU
Course study under this section may be repeated three times for a maximum of 16 units for occupational or a combination of general and occupational work experience education.
Supervised employment to assist in acquiring desirable work habits and attitudes, increase educational motivation, and develop improved human relations skills. Employment need not be related to educational or occupational goals. 4932.00

DANCE (DANCE)

DANCE is self aware movement which begins in solitude and becomes ever more public up to and including being a disciplined art form. It can incorporate movement - with stories, music, and costumes; in various environments and venues; in film or integrating other facets of the larger world of performance art. Dance engages the whole person; at once personal and communal and rooted in the interaction of the body, mind, and spirit. Dance is an activity which activates patterns of mind/body integration with discipline that does not require rules. As such, dance is spiritual & political, emotionally & physically healing, intellectually and emotionally creative and enhancing of one’s life.

Dance at College of Alameda is a pursuit of professional training in modern dance and choreography for students of all ages. We seek to convey technical excellence and innovative artistry in our courses some of which are appropriate for transfer. We provide training in ballet and modern techniques for serious dance students and also provide physical challenge for non dancers who just want to stay fit and healthy. We would like to encourage students to develop a cross-cultural understanding through the arts by creating dances from different cultures such as: Chinese, Vietnamese, Cambodian, Latino, and others; for special celebrations contributing to campus life. These include: Chinese New-Year, Black History and Asian Heritage events, Cinco De Mayo, and the Full-Moon Festival. We seek in an ongoing fashion to develop other audiences locally and nationally. We encourage students to take courses in the other fields including: Theater, Music, Apparel Design, and Creative Writing – to broaden their understanding of the pursuit of dance as a holistic performance art.

The Faculty at COA actively perform in the field – having relationships in several communities throughout the South and East Bay to provide students performance opportunities. We work in one-on-one relationship with individual students to mentor them in their progress for the duration of the program. We offer an extensive performance schedule with a full performance calendar each year featuring many student- and faculty-produced concerts. This schedule provides students with regular performance opportunities at each stage in their development as a dancer – preparing them for the demands of professional performance in dance productions.

The Dental Assisting Program at College of Alameda is a national and state accredited program.

Dental Assisting is the study of the dental healthcare industry. Coursework addresses the various issues surrounding patient dental care and oral health. This program includes California Dental law, ethics, professionalism, infection control, head and neck anatomy, dental radiology, dental materials, chair-side skills, coronal polish, and pit and fissure sealants.

The fall semester courses introduce basic theory and chairside skills, leading to more advanced studies courses during the spring semester, which also include internships and advanced use of technology within dentistry. A Certificate of Achievement is awarded upon successful completion of the program. The Dental Assisting Program prepares you for the California Registered Dental Assistant and National Certified Dental Assistant exams.

The program seeks individuals who enjoy interaction with people, teamwork, have good communications skills, enjoy variety in their work and enjoy excellent working opportunities and conditions. Dental Assisting is a rewarding and stable career.

Program Learning outcomes
1. Apply critical thinking to all aspects of the dental field.
2. Communicate in written and verbal form according to terminology of the dental field.
3. Demonstrate knowledge of cultural sensitivity within the field of dental assisting.
4. Demonstrate self discipline to pursue intellectual curiosities with integrity in both personal and professional lives.

This full-time curriculum is designed to meet the requirements of the American Dental Association Council on Dental Education for Dental Assistants. The program includes lecture and laboratory practice in the classroom. Clinical experience is required in the dental clinics of the University of California and the University of Pacific Dental Schools in San Francisco, as well as in private dental offices. Students completing all required courses with a minimum grade of 75% = C or better grade will earn a Certificate of Achievement and be qualified to take the Certification Examination of the DANB, the State of California RDA examinations, and will be prepared to assume the responsibilities of assisting the dentist in all phases of general practice. The program requires 28.5 semester units in Dental Assisting, plus 9 semester units in other general education required courses.
Admission is by special application directly to the Dental Assisting Department. Candidates must possess a high school diploma or the equivalent. All eligibility requirements, including having official transcripts on file, must be completed prior to applying to the program. The application deadline is April 15 of each year for admission into the program starting the following fall semester. Applicants will be notified by mail of acceptance into the Dental Assisting program. Applications received after April 15 will be accepted only on a space-available basis.

The AS degree in Dental Assisting will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Science Degree listed in the Degrees and Programs section of this Catalog.

Eligibility/Admission/Prerequisite and Degree/Certificate Requirements:
1. Possession of a high school diploma or the equivalent prior to application to and admission into the program.
2. Official transcripts must be on file in the Admissions and Records Office prior to program application.
3. It is highly recommended that the following be completed prior to admission into the program and enrollment in Fall term courses:
   • DENTL 251, Dental Terminology
4. Completion of HLTED 9, Standard First Aid and Safety (2 units); and HLTED 11, CPR (.5 units); OR possession of current cards as evidence of completion are required prior to enrollment in DENTL 223.
5. Physical and dental examinations, and negative TB and hepatitis test results are required to be submitted to the Dental Assisting Department prior to enrollment in DENTL 223.
6. Completion of all Dental Assisting courses with a grade of 2.0 (“C”) or better is required to be eligible for the AS degree and Certificate of Completion in Dental Assisting.

* CPR & First Aid must be taken with a local Red Cross or American Heart Association.

1.5 units, 1.5 hours lecture, 2 hours laboratory (GR)
Corequisite: Dentl 228
Recommended preparation: Bus 230D-F, and CIS 205, and Dentl 251 and 252, and Engl 201B or higher, and Psych 1A, and Comm 1A or 45
Practice of dental office management duties and responsibilities: Receptionist and office management duties including patient relationships, telephone techniques, inventory control, chart management, dental records, correspondence, filing, appointment and recall systems; computer program skills to include dental software relating to accounts payable/receivable, insurance forms, and banking procedures. 1240.10

DENTL 230
Pit and Fissure Sealants
0.5 units, 0.34 hour lecture, 0.51 hour laboratory (GR)
Prerequisite: Dentl 220A and 220B and 221 and 222 and 223 and 224A and 225
Corequisite: Dentl 224B and 226 and 227 and 228A and 228B and 229
Recommended preparation: Dentl 251 and 252
Legal requirements and scope of practice as related to Pit and Fissure Sealants: Morphology of the teeth; I identify indication and contraindications of Pit and Fissure Sealants; importance of documentation; infection control, equipment and armamentarium needed as well as instrument grasp, fulcrum techniques and application of materials. 1240.10

DENTL 248AA-FZ
Selected Topics in Dental Assisting
0.5-9 units, 0-9 hours lecture, 0-27 hours laboratory (GR or P/NP)
See section on Selected Topics. 1240.10

DENTL 251
Dental Terminology
1 unit, 1 hour lecture (GR)
Introduction to dental terminology: Terminology related to body structure, pathological conditions and diseases; operative terms and techniques including laboratory diagnostic procedures. 1240.10

DENTL 252
Overview of the Dental Assisting Program
1 unit, 1 hour lecture (GR)
Introductory study and basic overview of the dental assisting profession: Professionalism, restorative materials, infection control procedures, and dental techniques including laboratory procedures. 1240.10
Prepare for a well-paying career in Diesel and Truck Mechanics!

Journey-level diesel and truck mechanics are highly respected technical experts in their field. They work independently to solve problems using professional judgment, and take responsibility for the safe operation of the equipment that they repair and maintain. Diesel and truck mechanics also specialize in a particular field. Areas of specialization include trucks, buses, boats, ships, locomotives, construction machines, and all classifications of support equipment. On the job, diesel and truck mechanics perform a range of duties including the following:

- Diagnosing problems in mechanical, electrical, and electronic systems that require the use of sophisticated computers and other diagnostic test equipment.
- Troubleshooting electronic controls that govern engine performance and horsepower. Transmissions and brake systems are increasingly controlled by electronic systems that interface with engine function.
- Troubleshooting steering, hydraulic, and pneumatic systems as well as brakes, axles, differentials, electric motors, and compressors.

Technical and Professional Skills Developed in the Program (Program Learning Outcomes)

- Apply safe work habits and practices.
- Troubleshoot and perform repairs in mechanical, electrical, and electronic systems.
- Use computers to diagnose equipment and research information.
- Perform preventative maintenance such as engine tune-ups, front-end alignments, and brake adjustments.
- Operate shop machinery and equipment including hoists, overhead cranes, forklifts, hydraulic jacks, steam cleaners, floor jacks, disassembly stands, grinders, drill presses, hydraulic presses, and bead blasters.
- Select and use precision tools such as torque wrenches, micrometers, dial indicators, tap and dies, and bore gauges.
- Maintain professional attitude in challenging working conditions.
- Develop self-confidence and pride in workmanship.
- Think analytically and make professional decisions.

Skills, Background, and Personal Qualities Helpful for Success in the Program

- Proficiency in basic math, reading, communication and personal computers.
- Completion of high school courses in auto, metal, machine shop, and science.
- Mechanical aptitude and ability.
- Self-discipline to learn to carry out precision work to industry standards.
- Good physical condition and coordination.
- Commitment to lifelong learning to keep pace with new technology.
- Experience with equipment and tools.

The Diesel Mechanics program in heavy duty truck and diesel mechanics prepares students to enter the job market as beginning mechanics or apprentices in this field, and allows students to continue their education toward the Baccalaureate degree in advanced schools of technology or as teachers in this field of specialization, or to broaden their skills in areas of management. Instruction includes the use of hand and power tools, elementary through advanced principles of diesel engines theory and operation; maintenance and repair of automotive and marine-type diesel engines and auxiliary equipment; and use of testing equipment.

Upon registering for a class in Diesel Mechanics, the student will receive a list of required basic tools. In addition, the student will be expected to provide tools that relate to the particular course in which he/she has enrolled. The purpose of this requirement is to assure that students graduating from the program possess tools in sufficient quantity to enter the trade adequately prepared.
A Certificate of Achievement in Diesel Mechanics will be awarded upon satisfactory completion of the major course requirements listed below.

The AS degree will be awarded upon completion of the major course requirements listed below and the General Education requirements for the Associate in Science Degree listed in the Degrees and Programs section of this Catalog.

Recommended:
Students may wish to take additional courses from the following, in consultation with a counselor:

Dmech 20C, Truck Mechanics III (4)
Dmech 20D, Truck Mechanics IV (4)
Dmech 21C, Diesel Engines Lecture/Laboratory (6)
Dmech 21D, Diesel Engines Lecture/Laboratory (6)

DMECH 11
Heavy-Duty Truck Chassis, Transmission, and Drive Axles
6 units, 6 hours lecture (GR)
Acceptable for credit: CSU
Operation, service, maintenance, and problem solving of heavy-duty truck chassis systems: Clutches, transmission, rear axles, and front-end alignment; uses Internet- and factory-based computerized research materials. 0947.00

DMECH 12
Heavy-Duty Truck’s Electrical System and Brake System
6 units, 6 hours lecture (GR)
Acceptable for credit: CSU
Operation, service, and maintenance of heavy-duty truck brake and electrical systems: Emphasis on critical thinking and problem solving of the air brake and electrical systems, including computer diagnostics and computer on-board networking programs. 0947.00

DMECH 14
Diesel Engines I
4 units, 4 hours lecture (GR)
Acceptable for credit: CSU
Theory and operation of truck diesel engines and related sub-systems: Newest available technology on the commercial market. 0947.00

DMECH 15
Diesel Engines II
4 units, 4 hours lecture (GR)
Acceptable for credit: CSU
Advanced theory and operation of truck diesel engines and related sub-systems: Newest available technology on the commercial market. 0947.00

DMECH 20A
Truck Mechanics I
4 units, 12 hours laboratory (GR)
Corequisite: Dmech 11
Acceptable for credit: CSU
Hands-on experience in diagnosing, servicing, and maintaining heavy-duty truck chassis systems: Clutches, transmission, rear axles, and front-end alignment; uses Internet- and factory-based computerized support programs. 0947.00
DMECH 20B
Truck Mechanics II
4 units, 12 hours laboratory (GR)
Corequisite: Dmech 12
Acceptable for credit: CSU
Hands-on experience in diagnosing, servicing, and maintaining heavy-duty truck brake and electrical systems: Emphasizes on problem solving and troubleshooting of heavy-duty brake and electrical systems. 0947.00

DMECH 20C
Truck Mechanics III
4 units, 12 hours laboratory (GR)
Prerequisite: Dmech 20A and 20B
Acceptable for credit: CSU
Advanced practical application of scientific principles of truck mechanics in servicing and repairing the powertrain: Transmission, clutches, hydraulic and rear-axle systems and other components of the chassis. 0947.00

DMECH 20D
Truck Mechanics IV
4 units, 12 hours laboratory (GR)
Prerequisite: Dmech 20C
Acceptable for credit: CSU
Advanced practical application of scientific principles of truck mechanics in servicing and repairing truck air brake and electrical systems: Air valves, pots, electrical system, starter lighting, computer engine controls and programming. 0947.00

DMECH 20E
Truck Mechanics V
4 units, 12 hours laboratory (GR)
Prerequisite: Dmech 20A and 20E
Recommend Preparation: CIS 205 or equivalent, courses in vocational teaching or physical fitness program: heavy-duty mechanic’s job duties often required the lifting of objects and tools that weigh over 100 lbs.
Acceptable for credit: CSU
Students work independently in this advanced lab to develop demonstrations and lesson plans in advanced practical application of scientific principles of truck mechanics in servicing and repairing the powertrain: Transmissions, clutches, hydraulic, rear-axle systems and other components of the chassis. 0947.00

DMECH 20F
Truck Mechanics VI
4 units, 12 hours laboratory (GR)
Prerequisite: Dmech 11 and 20B and 20D
Recommend Preparation: CIS 205 or equivalent, courses in vocational teaching or physical fitness program: heavy-duty mechanic’s job duties often required the lifting of objects and tools that weigh over 100 lbs.
Acceptable for credit: CSU
Students work independently in this advanced lab to develop demonstrations and lesson plans for advanced practical application of scientific principles of truck mechanics in servicing and repairing truck air brake and electrical system: Air valves, pots, electrical systems, starter lighting, computer engine controls and programming. 0947.00

DMECH 21A
Diesel Engine Lecture/Laboratory
6 units, 2 hours lecture, 12 hours laboratory (GR)
Corequisite: Dmech 14
Acceptable for credit: CSU
Theory, operation, and practical application of truck diesel engines and related sub-systems: Engine oil and filters, fuel system, air-induction system, cooling system, fan belts, engine tune-up, water pump, fuel injectors, fuel pump, and other related components. 0947.00

DMECH 21B
Diesel Engine Lecture/Laboratory
6 units, 2 hours lecture, 12 hours laboratory (GR)
Corequisite: Dmech 15
Acceptable for credit: CSU
Theory, operation, and practical application of truck diesel engines and related sub-systems: Cylinder head, pistons and liners, main bearings, turbo/blower, Cummins accessory drive, cam timing, and other related components; engine troubleshooting. 0947.00

DMECH 21C
Diesel Engine Lecture/Laboratory
6 units, 2 hours lecture, 12 hours laboratory (GR)
Prerequisite: Dmech 21A and 21B
Acceptable for credit: CSU
Advanced theory, operation, and practical application of truck diesel engines and related sub-systems: Engine oil and filters, fuel system, air-induction system, cooling system, fan belts, engine tune-up, water pump, fuel injectors, fuel pump, and other related components. 0947.00
DMECH 2D
Diesel Engine Lecture/Laboratory
6 units, 2 hours lecture, 12 hours laboratory (GR)
Prerequisite: Dmech 21C
Acceptable for credit: CSU
Advanced theory, operation, and practical application of truck diesel engines and related sub-systems: Replacement and removal of cylinder heads, pistons and liners, main bearings, turbo/blower, Cummins accessory drive, cam timing, and other related components; advanced engine troubleshooting. 0947.00

DMECH 48AA-FZ
Selected Topics in Diesel Mechanics
.5-9 units, 0-9 hours lecture, 0-27 hours laboratory (GR or P/NP)

The Economics Department at College of Alameda offers students an opportunity to learn introductory concepts of economics in one of the most vibrant economic areas in the nation. Our faculty have incredible academic background in economics, and also a vast experience in teaching economics courses in community colleges and other institutions of higher education in the United States and abroad. Small classes and opportunities to intern in several firms which are enhanced by our great location in Bay Area, as well as our close collaboration with other four year institutions in the Bay Area, California and the rest of the nation, are some of the reasons why you should take introductory economics courses offered by this department.

In addition, our faculty continues to invest in professional development activities and provide some of the best learning tools, pedagogy, and technology which will enable you to select from a variety of classes, being this face to face, web enhanced, hybrid and fully online classes, full term and short term classes and accelerated formats for completing introductory economics courses.

The introductory micro and macroeconomics classes offered by this department give students a rigorous exposure to the principles of micro and macroeconomics. This program is here for students who would like to take these courses to complete a degree/certificate in business, transfer to a four year institution, or who would like to pursue an advanced degree such as a M.B.A or a law degree. If you would like to have a career in business, government or simply have a knowledge base that assists you in better serving your communities, you would like to take courses from this department.

Our Program Learning Outcomes as listed below are reflective of the work that we do in the economics department at College of Alameda.

- Evaluate the relationship between economics and the well-being of a family, community, society and the global world and offer viable conclusions, solutions and recommendations for a better community, society and global world.
- Critique the current application of economic theory that justifies the inequalities and injustices in your community, society and the world.
- Apply microeconomic and macroeconomic knowledge in your assessment of economic events.

ECON 1
Principles of Economics (Macro-Economics)
3 units, 3 hours lecture (GR)
Prerequisite: Math 203 or 211D or 205B
Acceptable for credit: CSU, UC
Introductory economic concepts: Measurements of national income and production; causes of inflation, recession and depression; money and banking; government monetary and fiscal (spending and taxation) policies; stabilization techniques; economic growth; history of economic thought and philosophy. 2204.00

The English Department’s mission is to serve the educational and career objectives of our community: We offer a range of classes addressing skills at the basic, developmental and transfer levels and are committed to presenting engaging material that addresses the varied interests and needs of our students.

The English department at College of Alameda is focused on helping students achieve their transfer requirements for a four-year institution, offering the necessary critical thinking and composition and reading courses required by the UC and CSU systems, as well as preparatory courses for students who do not place directly into a transfer course.

Studying English gives students skills in expression and critical thinking that can be applied in many aspects of a student's personal and professional life, and graduating with a BA in English from a four-year institution offers flexibility in terms of future careers. Professions for English majors include administration, management, professional writing, teaching, editing, and publishing. The AA-T in English affords students an understanding of the study of writing and literature. The program is an inquiry into the voices of American Literature, including the voice of the student. Both the AA and the AA-T English programs include experience in rhetorical and creative writing, as well as the study of literature.

The evaluation of works of writing and literature, in multiple forms, media, and historic periods, engages the student with prior literary voices as well as contemporary thought. This approach draws on the diversity of experience of writers in general, the multitude of forms literature takes, and the unique voices in American literary art.

Our Faculty members are dedicated, knowledgeable, and committed professionals who advocate for students to succeed. We support the notion of a transfer pathway to success with the AA-T where students may be more successful in transferring, securing a degree, and continuing their occupational aspirations.

Program Learning Outcomes

The programs offer curriculum which develop the following learning outcomes:

- Engage in active, purposeful, critical reading: Theoretical and practical knowledge of the purpose of rhetorical writing and literature; examination of the importance of rhetorical writing and literature in American main- and sub-cultures of the past and present.
- Assess, in writing, the tools and materials given to succeed at the workplace or in the community and be able to suggest changes to increase effectiveness: Assess, evaluate, and interpret ideas found in writing and literature; communicate effectively, reach conclusions, and solve problems concerning the craft and criticism of rhetorical writing and literature.
- Evaluate information critically to develop claims and support them: Engage in meaningful discourse regarding personal identity, goals, and knowledge of the capacity of writing and literature as a means of social influence.
- Develop an understanding and appreciation for worldwide cultures and diverse perspectives through active and purposeful reading and writing: Examine the scope of writing and literature with an appreciation of human values; understand the significance of writing and literature as a social action relative to global issues.

The Student Transfer Achievement Reform Act (Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”. The Associate of Arts in English for Transfer (AA-T) is intended for students planning to transfer to a four-year university with a major in English. Students completing this degree are guaranteed admission to the CSU system, but not to a particular campus or major.
The following is required for the **Associate of Arts in English for Transfer**:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Complete of a minimum of 18 semester units in an AA-T major. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a pass/no pass basis (Title 5 § 55063a).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

Students should meet early with a Counselor to complete a Student Education Plan (SEP).

The **Associate of Art in English for Transfer** (AA-T) is designed for students planning to transfer into the English major at a California State University. A student pursuing this degree will meet the AB 1440 Transfer Curriculum Model for CSU.

ENGLISH AS A SECOND LANGUAGE
(ESL)

The major purpose and goal of the ESL program is to provide quality instruction in reading, writing, speaking and critical thinking. The ESL program intends to develop competency in students’ understanding and use of the English language so that they may successfully enter and complete either a vocational or college level major and fully participate in the communities in which they live. We offer courses at convenient times (mornings, afternoons, evenings, and Saturdays).

These are the Program Learning Outcomes:

- Develop an understanding of American culture, society and history.
- Demonstrate progressive proficiency of the English language in different situations.
- Demonstrate progressive competence in listening, speaking, reading and writing ability in English in all areas of life.

GEOGRAPHY (GEOG)

What is Geography?  Humans have long pondered their place in the natural world, recognizing both the challenges and opportunities afforded them by the environment and, more recently, the effects of human activities in modifying that environment. This interplay of natural systems and human societies is the subject of the field of geography. Physical geography focuses primarily on the operation of earth's systems upon which humans depend; cultural geography examines how humans live on the earth: how we modify the landscape, organize space, move about, use resources, and create the economies that sustain us.

Skills learned in the study of geography are useful in many rewarding career paths. Urban planners design livable environments in the city; environmental managers, employed by government agencies and private industry, work to conserve our natural resources; hydrologists manage increasingly scarce water resources; cartographers produce maps for both public and private employers; academic geographers teach at all levels in our educational system; geographic information system (GIS) specialists provide their technical expertise to assist in the planning of structures and projects; foresters, many employed by the National Forest Service or the US Department of Agriculture, manage millions of acres of precious woodlands; park rangers in state and national parks help to maintain the health and beauty of these places and share their knowledge through public information programs.

“When we try to pick out anything by itself, we find it hitched to everything else in the universe.”
- John Muir 1869

The College of Alameda Geography program recognizes this and takes an integrated, system-based approach to the study of natural processes, sometimes called earth system science. This stress upon the interactions of various components of our system is especially valuable in today's rapidly changing environment.

GERMAN
(GERM)

What does it mean to study German? The study of German involves learning the words and rules of the language with the purpose of acquiring them with accuracy and using them to communicate with German speakers worldwide.

Why study German? The German Program at COA provides courses that satisfy Foreign Language requirements at 4-year colleges and universities, provides marketable foreign language skills and offers cultural enrichment. This will empower students to:
- Communicate with native speakers at home and worldwide
- Increase employment potential
- Improve memory and cognitive skills
- Enhance travel worldwide
- Expand one’s universe

Beyond acquisition, learning languages can expand the heart and mind and help us in our search to understand who we are as human beings.

German Program Learning Outcomes:

I. Grammatical Proficiency
Speak, write and comprehend German with accuracy as students advance through the course levels.

II. Language Skill Application
Understand and communicate with native speakers in German with cultural fluency through the progressive skill levels and in conjunction with course content.

III. Cultural Knowledge
Demonstrate cultural and historical understanding of the societies associated with German as students advance through the course levels.

GERM 1A

To study History is to study yourself in relationship to the human story. It is the study of the past through the written record of human actions over time. Historians examine and analyze stories of the sequence of human events, attempting to investigate patterns, causal relationships, and the effects this has upon subsequent human events. George Santayana said: “Those who cannot remember the past are condemned to repeat it.” This is why we study history.

Why Study History at College of Alameda? The faculty and the program in history at College of Alameda are part of a core group of innovative, motivating, and passionate educators. The style, design, and delivering of courses reflects their commitment to offering courses that meet the needs of our students today. Our mission is to meet the educational needs of the community by providing comprehensive and flexible programs that will enable students to transfer to four-year institutions and earn degrees and certificates in selected academic and occupational fields, prepare students for positions in the workforce, improve students’ basic learning skills, and expand their general knowledge.

Career Options for History Majors include employment opportunities in a variety of different career areas. The need for teachers in the state of California for elementary, middle, and high schools remains high and college graduates with a history degree will find themselves well suited for opportunities to earn teaching credentials in a variety of subjects. The research and writing skills needed to successfully complete a degree in history offer excellent preparation for careers in law, journalism, public relations, and domestic and foreign government service.

These are the Program Learning Outcomes:
• Reason through research and analysis.
• Synthesize ideas from multiple perspectives.
• Communicate reason interpretations.

The AA degree in History will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

ASSOCIATE OF ARTS IN HISTORY FOR TRANSFER AA-T DEGREE

The Associate in Arts in History for Transfer is intended for students who plan to complete a Bachelor’s Degree in History at a CSU campus. A major component of the History program mission is for students planning to transfer into the History majors (or a similar major) with an understanding of History as the study of change over time, and we as the manifestation of that change. In other words, History is the study of us, or the various components of the present. Upon completion of an AA-T in History, students will have an understanding of the diversity of the recorded past and an appreciation of the process of historical change. At the same time, a History major will gain critical reading and writing skills, which are valuable in life, and in any employment field they choose to enter.

HUMANITIES
(HUMAN)

What is the Humanities? The Humanities is an interdisciplinary field that involves the study of local and global forms in the creative arts and sciences. The main objective of studying humanities at College of Alameda is to explore the aesthetics of everyday life from a variety of disciplinary perspectives. As a form of general education, the humanities encourages students to examine emerging forms of play, creativity, and innovation so that they learn to become more deeply engaged in their own lives and with the world-at-large. Through fun lectures, games, discussions, workshops, and multisensory projects, COA courses in the humanities explore such exciting topics as performance, the visual arts, language, literature, film, media, popular culture, folklore, storytelling, humor, games, religion, music, dance, foodways, fashion, tourism, and technology.

The humanities will prepare you: (1) to transfer to any discipline of your choice at a college or university, and (2) to learn valuable life skills such as creative thinking, cultural competence, social activism, community-building, and conflict resolution. An AA in the humanities can be applied to a range of careers in education, the arts, the sciences, business, medicine, nursing, law, psychology, sociology, anthropology, theology, social work, tourism, and grass-roots and nonprofit organizations.

These are the Program Learning Outcomes:
• Explore the aesthetics of everyday life.
• Analyze and interpret selected works of creative expression (such as visual, verbal, and kinesthetic arts) in relation to various historical and cultural contexts.
• Explain the meaning of Humanities as a holistic range of disciplines that use different approaches to study forms of art and performance from around the world.
• Examine diverse forms of play, creativity, and innovation around the world.
• Integrate knowledge across disciplines to increase self-awareness and cultural competence.

The AA degree in Humanities will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

HUMAN DEVELOPMENT SERVICES
(HUSV)

Direct Support Worker Certificate Program
This Certificate is an exploration of career and technical education in the essential skills to provide effective support to individuals with developmental disabilities. It is an introduction to the necessary skills in math, computer, and writing; contextualized with specialized coursework in direct support work. A cardiopulmonary resuscitation (CPR) certificate is also included. The certificate involves a service learning field work experience supported by an exploration of the knowledge, history, and issues relative to service fields within the realm of “direct service work,” with persons with developmental disabilities. A focus is upon specific knowledge and skills that will assist in better serving the unique needs of adults with developmental disabilities (e.g. promotion of health, safety, self-advocacy, life skills, community and family inclusion); emphasis on supports that allow people with developmental disabilities to maximize choice and opportunity.

Career Opportunities
This is an exciting time to pursue a career working with individuals with developmental disabilities. The past three decades have produced major advances in legislation, education and services for individuals with disabilities. With the support of innovative services: families are raising their children at home rather than in institutions; children previously considered uneducable are attending public schools, and; adults with developmental disabilities are becoming productive members of their communities both at work and home. With approximately 4000 direct support workers currently employed in the County of Alameda and 40% growth expected over the next decade, there will be plenty of opportunities for employment in this sector.

Certificate holders should qualify for employment in Supported Living Services, Group homes, sheltered workshops, adult day programs; and other programs provide support for individuals with developmental disabilities. With further training and experience they will have opportunities to move up a career ladder that includes employment as independent living instructors, job coaches in supported employment, supervisors, case managers and specialists.

KINESIOLOGY & ATHLETICS (KIN & ATHL)

Kinesiology is an introduction to the interdisciplinary approach to the study of human movement. It provides wellness while introducing sub disciplines, i.e., motor learning control, motor development, biomechanics, exercise physiology, social psychological foundations and sports nutrition.

Why study Kinesiology? It provides each person the opportunity to acquire a strong knowledge base in Kinesiology and its applications that is comparable in rigor to that offered by four year institutions.

What can you do with Kinesiology? Various four-year universities offer degrees in the field of Kinesiology. Many employment opportunities are available through Kinesiology i.e., Allied Health, sports, fitness, teaching and coaching.

At College of Alameda the Kinesiology instructors utilize interval training methods that are characterized by alternating periods of vigorous exercise (work interval) with periods of relief (low density exercise) or rest intervals. The student can increase training methods through flexible workout hours in the fitness center.

LIBERAL ARTS

The Liberal Arts AA Degree is designed for students who desire a broad knowledge of liberal arts and sciences plus additional coursework in an “Area of Emphasis”. This area of emphasis would be an ideal choice for students planning on transferring to the California State University or University of California as the student can satisfy their general education requirements, plus focus on transferable course work that relates to majors at CSU or UC. Please consult with a counselor for specific information regarding your intended major at the specific colleges/university of your choice.

- Choose either option of CSU BREADTH or IGETC for the General Education pattern related to your educational goal.
- Complete requirements in Computer Literacy, Ethnic Studies and Critical Thinking (see catalog for details).
- Complete 18 units in one “Area of Emphasis” from those outlined below. (Note: Courses in the “area of emphasis” may also be counted toward a GE area).
- Refer to www.ASSIST.org for transfer details and see a counselor for additional details.

Liberal Arts

Area B: Physical Universe & Its Life Forms
Minimum of 9 semester (12-15 quarter) units, with one course from each subgroup: One from Physical Sciences (B1), one from Life Sciences (B2), and one from Mathematics/Quantitative Reasoning (B4). One lab activity course required from either Physical Sciences or Life Sciences (L=with Lab), or other lab activity course listed.

B1: Physical Sciences
Astronomy 1
Chemistry 1A(L), 1B(L), 30A(L), 30B(L), 50(L)
Geography 1, 1L
Geology 10
Physics 4A(L), 4B(L), 4C(L), 10

B2: Life Sciences
Anthropology 1
Biology 1A(L), 1B(L), 2(L), 4(L), 10(L), 11

B3: Laboratory Activity
One course from either B1 or B2 with a laboratory (L), or one of the following:
Anthropology 1L
Geography 1L

B4: Mathematics/Quantitative Reasoning: (Must be completed with a grade of “C” or better.)
Mathematics 2, 3A, 3B, 3C, 3E, 3F, 11, 12, 13, 15, 16A, 16B, 50

Area C: Arts, Literature, Philosophy, and Foreign Languages
Minimum of 9 semester (12-15 quarter) units, at least one course from Arts (C1), one course from Humanities (C2), and one course from either the Arts or Humanities.

C1: Arts
Art 1, 2, 3, 4, 122
Music 9, 10, 12A, 12B, 15A, 15B

C2: Humanities
Chinese 10A, 10B, 11A, 11B, 12A, 12B
Communication 2A, 2B
German 1A, 1B

Philosophy 1, 2, 4, 5, 20A, 20B
Spanish 1A, 1B, 2A, 2B
Vietnamese 1A, 1B, 2A, 2B
*Course may not be counted in more than one area.
+Students will receive credit and certification for one course only.

Area D: Social, Political, and Economic Institutions and Behavior, and Historical Background
Minimum of 9 semester (12-15 quarter) units from at least two disciplines.
African-American Studies 5, 30+, 31+, 32+
Anthropology 2, 3
Asian and Asian-American Studies 45A, 45B
Communication 6, 19
Economics 1, 2, 5
Geography 2
Humanities 13A+, 13B+, 60
Mexican and Latin-American Studies 18A+, 18B+
Political Science 1, 2, 3, 4, 6, 8, 16, 18, 26, 31, 37
Psychology 1A*, 1B*, 3, 7A, 7B, 12*, 18*, 24, 28, 29
Sociology 1, 2, 3+, 5
*Course may not be counted in more than one area.
+Students will receive credit and certification for one course only.
**Transfer credit may be limited by either UC or CSU due to course sequencing. See a counselor for information.

Area E: Lifelong Understanding and Self-Development
Minimum of 3 semester (4-5 quarter) units.
ATHL 6, 71
Biology 31
Computer Information Systems 1
Counseling 24, 30, 57
Dance 12A, 12B, 24, 25, 26, 27, 28, 30, 31, 40, 43, 44, 45, 60, 61, 64, 65, 66, 67, 68, 69, 70, 71, 88, 92, 93, 94

United States History, Constitution, and American Ideals (CSU Graduation Requirement)
This is not a CSU transfer requirement; however, these courses may be completed prior to transferring to any CSU campus.
Complete one course from EACH group below:

Group 1: AFRAM: 30, 31 HIST: 7A, 7B, 50, 51 (HIST 7A may be double-counted in Group 1 and Group 2; units counted only once)

Group 2: POSCI: 1, 26 (POSCI 1 or 26 may be double-counted in Group 2 and Group 3; units counted only once) HIST 7A (HIST 7A may be double-counted in Group 1 and Group 2; units counted only once)

Group 3: POSCI: 1, 16, 26 (POSCI 1 or 26 may be double-counted in Group 2 and Group 3; units counted only once)
NOTE: Courses used to meet this requirement may also be used to satisfy the requirement of CSU GE/Breadth Area D, (at the option of the receiving CSU campus), although units are counted once. Students are encouraged to check with counselors for any recent changes.

Note: Students must request certification of CSU General Education requirements from Admissions and Records prior to transfer. For full certification of GE requirements, student must complete 9 units from area A, a minimum of 9 units from areas B, C, and D, and 3 units from area E for a total of 39 units.
Library Information Studies enables students to become more successful by learning to recognize the extent and nature of information needed for research, then locate, evaluate, effectively use, and present information to solve problems. After completing library research classes and workshops, students will know how to make more informed decisions, adapt to new technologies, and remain independent learners for life. In a twenty-first century information economy, information literacy provides a critical set of skills often listed among the top ten job skills sought by employers.

Library Information Studies Program Outcomes:

- **Information Need**: Articulate a problem, issue, or search question.

- **Identify Tools and Resources**: Identify potential sources and types of information tools based on the scope and type of information needed.

- **Search Strategies**: Develop successful search strategies appropriate for specific tools.

- **Search Results**: Locate, evaluate, synthesize, organize and present credible information that fulfills the identified information need.

- **Ethical and Legal Issues**: Identify ethical and legal issues that affect information and documentation.

- **Further Learning**: Apply information literacy skills to enable further learning.

**LIS 48AA-FZ**

*Selected Topics in Library Information Studies*

.5-5 units, 0-5 hours lecture, 0-15 hours laboratory (GR or P/NP)

Acceptable for credit: CSU.

See section on Selected Topics. 0801.00

**LIS 85**

*Introduction to Information Resources*

2 units, 2 hours lecture (GR or P/NP)

Recommended preparation: Engl 201A or 264A or appropriate placement through multiple-measures assessment, and CIS 1 or 200 or 205 or Bus 219

Acceptable for credit: CSU, UC

Introduction to the basic concepts and tools used in information research: Emphasis on how to develop a research topic and find, locate, evaluate, and use information; search strategies for print and online resources including reference books, catalogs, indexes, specialized databases, and the Internet. 1699.00

AA/AS area 4C

**LIS 200**

*Library Skills for College Students*

1 Unit, 1 Hour Lecture, (GR or P/NP)

Introduction to the college library: Emphasis on finding, evaluating, using, and citing books, journal articles, and websites for classroom assignments. 1699.00

**LIS 248AA-FZ**

*Selected Topics in Library Information Studies*

.5-5 units, 0-5 hours lecture, 0-15 hours laboratory (GR or P/NP)

See section on Selected Topics. 0801.00

What is Mathematics? Studying math is an exploration of the “science of numbers and their operations, interrelations, combinations, generalizations, and abstractions and of space configurations and their structure, measurement, transformations, and generalizations.” (Merriam-Webster)

Why Study Mathematics? Today’s world has many fields that need specialists in mathematics. Careers in mathematics include: scientists, researchers, space technicians, mathematics teachers, actuaries and insurance specialists, and people who can combine mathematical knowledge with a scientific, computer, or business background.

These are the Program Learning Outcomes:

- Use quantitative reasoning to solve everyday mathematical problems in the workplace and in the home.
- Read, write, and critique technical writings and analytical arguments.
- Convey and interpret information through visual representations.

At College of Alameda we offer you a variety of courses intended for those who want to pursue a degree or certificate in mathematics as well as those who wish to develop quantitative and problem-solving skills for use in other fields. We teach according to the motto:

*Education anytime anywhere by offering a wide range of Math classes designed to fit around anyone’s busy schedules.*

The faculty and staff in mathematics at College of Alameda are dedicated to working hard with you—helping you succeed in a positive atmosphere that is conducive to your learning math in the most enjoyable and competent manner possible.

College of Alameda offers the following two degrees in Mathematics:

**A.S. Degree in Mathematics**

The AS degree in Mathematics will be awarded upon completion of the major course requirements designed to prepare students for transfer into the mathematics major at any university in the University of California (UC) and California State University (CSU) systems.

**Degree Major Requirements:**

Select one course (4 units) from the following:

- MATH 11 Discrete Mathematics (4)
- MATH 12 Symbolic Logic (4)
- MATH 13 Introduction to Statistics (4) 4

**Total Required Units** 25

(Total: 25 units – transfers to math major at both UC and CSU systems)

**Outcome 1 - Problem Solving**

Use quantitative reasoning to solve everyday mathematical problems in the workplace and in the home.

**Outcome 2 - Solve Equations**

Read, write, and critique technical writings and analytical arguments.

**Outcome 3 - Graphing**

Convey and interpret information through visual representations.

**AS-T Degree in Mathematics**

The AS-T degree in Mathematics is designed to prepare students for transfer into the mathematics major at any university in the CSU system. It requires fewer units than the AS degree and allows students to a wider range of choices to complete the degree requirements.

The AS-T degree in Mathematics will be awarded upon completion of the major course requirements listed below and the General Education requirements for the Associate in Science Degree listed in the Degrees and Programs section of this Catalog.

- MATH 3F Differential Equations (3)
- MATH 11 Discrete Mathematics (4)
- MATH 12 Symbolic Logic (4)
- MATH 13 Introduction to Statistics (5)
- PHYS 4A General Physics with Calculus (5) 3-5

**Minimum Required Units:** 21
MATH 2
Pre-Calculus with Analytic Geometry
5 units, 5 hours lecture (GR)
Prerequisite: Math 50 or 52C
Acceptable for credit: CSU, UC
Advanced algebra and analytic geometry: Linear, quadratic, polynomial, rational, exponential, logarithmic, and inverse functions; determinants, matrices and linear systems; zeros to polynomials, arithmetic and geometric sequences, mathematical induction; permutations and combinations, binomial theorem; vectors, conic sections, translation and rotation of axes, polar coordinates, lines and surfaces in space, quadric surfaces. 1701.00
AA/AS area 4b; CSU area B4; IGETC area 2

MATH 3A
Calculus I
5 units, 5 hours lecture (GR)
Prerequisite: Math 2; and 50 or 52C
Acceptable for credit: CSU, UC
Theorems on limits and continuous functions, derivatives, differentials and applications: Fundamental theorems of calculus and applications; properties of exponential, logarithmic, and inverse trigonometric functions, and hyperbolic functions. 1701.00
AA/AS area 4b; CSU area B4; IGETC area 2
C-ID MATH 210

MATH 3B
Calculus II
5 units, 5 hours lecture (GR)
Prerequisite: Math 3A
Acceptable for credit: CSU, UC
Applications of the definite integral: Methods of integration, polar coordinates, parametric equations, infinite and power series. 1701.00
AA/AS area 4b; CSU area B4; IGETC area 2

MATH 3C
Calculus III
5 units, 5 hours lecture (GR)
Prerequisite: Math 3B
Acceptable for credit: CSU, UC
Partial differentiation: Jacobians, transformations, multiple integrals, theorems of Green and Stokes, differential forms, vectors and vector functions, geometric coordinates, and vector calculus. 1701.00
AA/AS area 4b; CSU area B4; IGETC area 2
C-ID MATH 230

MATH 3E
Linear Algebra
3 units, 3 hours lecture (GR)
Prerequisite: Math 3A
Not open for credit to students who have completed or are currently enrolled in Math 3D.
Acceptable for credit: CSU, UC
Linear algebra: Gaussian and Gauss-Jordan elimination, matrices, determinants, vectors in R² and R³, real and complex vector spaces, inner product spaces, linear transformations, eigenvalues, eigenvectors, and applications. 1701.00
AA/AS area 4b; CSU area B4; IGETC area 2
C-ID MATH 250

MATH 3F
Differential Equations
3 units, 3 hours lecture (GR)
Prerequisite: Math 3B and 3E
Recommended Preparation: Math 3C
Math 3E plus 3F are equivalent to Math 3D.
Not open for credit to students who have completed or are currently enrolled in Math 3D.
Acceptable for credit: CSU, UC
Ordinary differential equations: First-order, second-order, and higher-order equations; separable and exact equations, series solutions, Laplace transformations, systems of differential equations. 1701.00
AA/AS area 4b; CSU area B4; IGETC area 2
C-ID MATH 240

MATH 11
Discrete Mathematics
4 units, 4 hours lecture (GR or P/NP)
Prerequisite: Math 3B
Acceptable for credit: CSU, UC
Discrete mathematics: Mathematical induction, finite series, sets, relations and functions, introduction to trees, combinatorics, algebraic structures, and probability. 1701.00
AA/AS area 4b; CSU area B4; IGETC area 2

MATH 12
Symbolic Logic
4 units, 4 hours lecture (GR)
Prerequisite: Math 203 or 211D
Acceptable for credit: CSU, UC
Introduction to symbolic logic: Valid reasoning, logical truth, consistency premises, symbolizing everyday language, general theory of inference for predicate calculus, consistency and independence of axioms, theorems of logic, axiomatic systems, mathematical induction and direct proofs, sentential and predicate logic. 1701.00
AA/AS area 4b; CSU area B4
MATH 13
Introduction to Statistics
4 units, 4 hours lecture (GR)
Prerequisite: Math 203 or 211D
Acceptable for credit: CSU, UC
Introduction to theory and practice of statistics: Collecting data: Sampling, observational and experimental studies. Organizing data: Univariate and bivariate tables and graphs, histograms. Describing data: Measures of location, spread, and correlation. Theory: Probability, random variables; binomial and normal distributions. Drawing conclusions from data: Confidence intervals, hypothesis testing, z-tests, t-tests, and chi-square tests; one-way analysis of variance. Regression and non-parametric methods. 1701.00
AA/AS area 4b; CSU area B4; IGETC area 2
C-ID MATH 110

MATH 16A
Calculus for Business and Life/Social Sciences
3 units, 3 hours lecture (GR)
Prerequisite: Math 2
Acceptable for credit: CSU, UC
Introduction to analytic geometry and differential and integral calculus of algebraic functions with particular attention paid to simple applications. 1701.00
AA/AS area 4b; CSU area B4; IGETC area 2

MATH 48AA-FZ
Selected Topics in Mathematics
.5-5 units, 0-5 hours lecture, 0-15 hours laboratory
(GR or P/NP)
Acceptable for credit: CSU
See section on Selected Topics. 1701.00

MATH 49
Independent Study in Mathematics
.5-5 units, .5-5 hours lecture (GR)
Acceptable for credit: CSU
See section on Independent Study. 1701.00

MATH 50
Trigonometry
3 units, 3 hours lecture (GR)
Prerequisite: Math 202, and 203 or 211D
Not open for credit to students who have completed or are currently enrolled in Math 52ABC.
Acceptable for credit: CSU
Introduction to functional trigonometry: Basic definitions, identities, graphs, inverse functions, trigonometric equations and applications, solution of triangles and applications, polar coordinates, complex numbers, and De Moivre’s Theorem. 1701.00
AA/AS area 4b; CSU area B4

MATH 201
Elementary Algebra
4 units, 5 hours lecture (GR)
Prerequisite: Math 225 or 250 or 251D or 253 or appropriate placement through multiple-measures assessment process
Not open for credit to students who have completed or are currently enrolled in Math 210ABCD.
Basic algebraic operations: Linear equations and inequalities, relations and functions, factoring quadratic polynomials, solving quadratic equations, fractions, radicals and exponents, word problems, graphing, and number systems. 1701.00

MATH 202
Geometry
3 units, 3 hours lecture (GR)
Prerequisite: Math 201 or 210D or appropriate placement through multiple-measures assessment process
Introduction to plane geometry emphasizing mathematical logic and proofs: Geometric constructions, congruent triangles, parallel lines and parallelograms, proportions, similar triangles, circles, polygons, and area. 1701.00
AA/AS area 4b
MATH 203  
**Intermediate Algebra**  
4 units, 5 hours lecture (GR)  
Prerequisite: Math 201 or 210D or appropriate placement through multiple-measures assessment process  
Recommended preparation: Math 202  
Not open for credit to students who have completed or are currently enrolled in Math 211ABCD.  
Intermediate algebraic operations: Real number properties and operations; solutions and graphs of linear equations in one and two variables; absolute value equations; advanced factoring; complex numbers; quadratic equations and systems of quadratic equations; conics; determinants; solutions and graphs of first-degree, quadratic, and rational inequalities; exponential and logarithmic functions; and sequences and series.  
1701.00  
AA/AS area 4b

MATH 225  
**Mathematics for Technicians**  
3 units, 3 hours lecture (GR)  
Prerequisite: Math 250 or 251D or 253 or appropriate placement based on a multiple-measures assessment process  
Mathematics for technicians: Signed numbers, formulas, fractions, English and metric measurements, decimals, accurate readings of scales, errors, simple algebra and geometry, reading graphs, and use of the calculator.  
1701.00

MATH 248AA-FZ  
**Selected Topics in Mathematics**  
.5-5 units, 0-5 hours lecture, 0-15 hours laboratory  
(GR or P/NP)  
See section on Selected Topics. 1701.00

MATH 250  
**Arithmetic**  
3 units, 3 hours lecture (GR or P/NP)  
Not open for credit to students who have completed or are concurrently enrolled in Math 251ABCD.  
Non-degree applicable  
Refresher course in the fundamental processes of arithmetic: Whole numbers, fractions, decimals and percents; metric system introduced and incorporated throughout the arithmetic material. 4930.41

MATH 253  
**Pre-Algebra**  
3 units, 3 hours lecture (GR or P/NP)  
Recommended preparation: Math 250 or 251D or appropriate placement through multiple-measures assessment process  
Non-degree applicable  
Fundamentals of pre-algebra: Properties of real numbers, factoring and multiples, ratio and proportion, signed numbers, linear equations and formulas, powers and roots, percents and averages, and English and metric measurements. 4930.41

MATH 257  
**Learning Strategies in Algebra and Geometry**  
1-3 units, 1-3 hours lecture (GR or P/NP)  
Open-entry/open-exit course  
Recommended for students with learning disabilities. Enroll through Programs and Services for Students with Disabilities.  
Non-degree applicable  
Course study under this section may be repeated two times for a maximum of 3 units.  
Introductory concepts in algebra and geometry for students with learning disabilities: Learning strategies for mastering algebra and geometry based on students’ individual learning strengths and weaknesses. 4930.32

MATH 258  
**Introduction to Mathematical Concepts and Strategies**  
1-3 units, 1-3 hours lecture (GR or P/NP)  
Open-entry/open-exit course  
Recommended for students with learning disabilities. Enroll through Programs and Services for Students with Disabilities.  
Non-degree applicable  
Course study under this section may be repeated two times for a maximum of 3 units.  
Quantitative concepts and development of problem solving skills in arithmetic for students with learning disabilities: Learning strategies for mastering arithmetic based on students’ individual learning strengths and weaknesses. 4930.32

In studying Music at College of Alameda our mission is to help you by enriching your life and empowering you with a broad understanding and appreciation of music’s impact on your daily life as well as the greater world in which we live.

We offer courses for the aspiring performer/musician as well as those seeking to better understand the inner workings of the music industry along with its history. Experienced professionals who bring both academic integrity and first-hand experience to the classroom, our staff are committed to the personal growth and development of each and every student.

**MUSIC 1A**  
**Musicianship**  
3 units, 3 hours lecture (GR or P/NP)  
Acceptable for credit: CSU, UC  
Study of music theory: Clefs, key signatures, scales, intervals (diatonic and chromatic), chord structures (triads and dominant sevenths), and rhythm. 1004.00

**MUSIC 1B**  
**Musicianship**  
3 units, 3 hours lecture (GR or P/NP)

PHILOSOPHY

What is Philosophy? Philosophy is a discipline that examines fundamental questions about everyday life and the natural world. The main objectives of studying philosophy at College of Alameda are: (1) to critically analyze ideas, texts, arguments, traditions, and contemporary culture, and (2) to synthesize knowledge for the purposes of inspiring personal and social change. By studying philosophy, you will gain wisdom, clarity, and awareness about a wide variety of philosophical issues that arise within different cultural and historical contexts.

Philosophy will prepare students to transfer to any discipline of their choice within the humanities and social sciences at a college or university. In addition, you will learn valuable life skills such as critical thinking, cultural competence, social activism, community-building, and conflict resolution. An AA degree in philosophy can be applied to a range of careers in law, education, business, medicine, nursing, law, psychology, sociology, anthropology, theology, social work, and grass-roots and nonprofit organizations.

PHIL 1
Introduction to Philosophy
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU, UC
Study of selected classic examples of original works of philosophers: Literature of the discipline and analytical methods, aims, goals, and types of problems peculiar to philosophers and philosophical inquiry; metaphysics, epistemology, valuing and axiology, aesthetics, and religion. 1509.00
AA/AS area 3; CSU area C2; IGETC area 3

PHIL 2
Social and Political Philosophy
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU, UC
Focus on classic examples of social and political philosophy in Western civilization: Original writings by classic Greeks (Plato and Aristotle), Americans (Hamilton, Madison, and Jefferson), modern Europeans (Marx and Mill), and appropriate contemporary philosophers. 1509.00
AA/AS area 3; CSU area C2; IGETC area 3

PHIL 4
Philosophy of Religion
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU, UC
Philosophy of religion from both an existential and historical perspective: Existentially, through an examination of “religion” as personal, social and theological; and historically, through an examination of common doctrines in the Semitic, Vedic and East Asian religions. 1509.00
AA/AS area 3; CSU area C2; IGETC area 3

PHIL 5
Ethical Problems
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU, UC
Analysis of ethical problems such as violence, sex, war and oppression: Imaginative literature, cinema, current events reported in the media, and great traditions of Western civilization. 1509.00
AA/AS area 3; CSU area C2; IGETC area 3

PHIL 10
Logic
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU, UC
Consideration of logical problems of language: Deduction and induction, fallacies, theory of argument and the scientific method, and study of correct reasoning in Aristotelian and modern logic. 1509.00
AA/AS area 3; CSU area A3

PHIL 20A
History of Ancient Greek Philosophy
3 units, 3 hours lecture (GR)
Acceptable for credit: CSU, UC
Chronological development of leading philosophical perspectives that have been associated with Western civilization from the Ionians to the Scholastics. 1509.00
AA/AS area 3; CSU area C2; IGETC area 3

PHIL 20B
History of Modern European Philosophy
3 units, 3 hours lecture (GR)
Phil 20A is not prerequisite to Phil 20B.

The study of Physics is the study of the universe, beginning with the fundamental structures of nature such as energy and matter. Ideas in physics have led to great developments such as such as relativity, superconductivity, the semiconductor chip, lasers, and string theory.

Careers in physics include: basic and applied research, engineering, science education, and almost any field requiring you to think analytically about whole systems. It is also excellent preparation for higher educational pursuits in professional schools in medicine and patent law.

In the Physics Department at College of Alameda, conceptual understanding, problem-solving, and laboratory exercises are well integrated in the curriculum. You will spend time working with other students in class, discussing physics concepts and solving problems together.

These are the Program Learning Outcomes:
1. Students apply the concepts of physics to everyday situations.
2. Students develop descriptions of physical systems using mathematics and calculate measurable quantities.
3. Students set up laboratory equipment safely, plan and carry out experimental procedures, identify possible sources of error, reduce and interpret data, and prepare clear written reports.

POLITICAL SCIENCE

Politics rules over everything you do as a human being and gives you an understanding that enables you to have more control over your own life. John Adams argued that the reason to study politics is so our children may have the liberty to engage in commerce in order to give their children a right to pursue painting, poetry, and music.

Political Science is the study of politics using the skills of social scientific inquiry. Politics is about power in relationships and the structures operating human society. Inquiry into politics explores the exercise of power in its myriad forms and consequences for people as individuals, in groups, and in society. It is the study of the unfolding of the human story on Planet Earth and just who it is we humans are going to become. This study of power is an integrated field of study drawing upon all the disciplines including most notably sociology, anthropology, philosophy, psychology, economics, urban and organizational studies, and futures studies.

Studying “politics” at College of Alameda prepares you to be an effective global citizen in a twenty-first century knowledge economy guided by the democratic ideal, an ethic of service and the principles of sustainable life and framed within the context of futures consciousness. We offer a pathway to success for you in our partnerships with local nonprofit organizations and relationships with Bay Area universities.

What you will be able to do with what you learn here...

Upon completion of an AA in Political Science at College of Alameda, you will be better able to: 1) demonstrate an overall working knowledge of the principles of governance; 2) demonstrably be able to utilize critical political thinking and “futures consciousness”; and 3) articulate an appreciation of how to apply what you’ve learned here in a manner useful to you in your own life. This set of life skills will enable you to become a more engaged citizen. Being effective in this, you will be better able to face the challenges of the twenty-first century and to adapt to the global social, economic, and environmental challenges we all face.

Careers in Political Science

Careers often pursued by persons with training and degrees in political scientists include (but are not limited to): multiple levels of public service and leadership, attorney, diplomat, FBI/CIA Agent, foreign-service officer, labor organizer/union representative, legislative aide, politician, public intellectual, research specialist, and teacher. Other career options in Public Administration include: government management (City, County, Regional, State or Federal Levels); administrative and policy analysis; policy analysis; non-profit administration; and planning and resources development.

The College of Alameda “Politics” Department Program Learning Outcomes are a set of complex life skills. These allow student to use what they learn in our program in their lives beyond school. These are as follows:

• Demonstrate a degree of knowledge mastery representing the state of the discipline of political science (theoretical and practical knowledge of the historical background and the foundational principles of government and governance (utilizing: description, definition, summarization & explanation)); and a working knowledge of these in use; with respect to inter-relatedness of humans in the environment, engaging with people from diverse backgrounds, and in understanding and acknowledging the significance of daily individual and social actions relative to global issues and the emergence of our shared future.

• Demonstrate a degree of critical political thinking proficiency: as a set of at the life skills applied knowledge of the political grounded in futures consciousness; thus enabling one to better access, evaluate, and interpret ideas found in political philosophy and theory and information enabling people so disciplined to communicate effectively, reach conclusions, and solve problems as citizens – part of the governance structure of a political world – such that they may apply these in their professional pursuits should they choose a path of public service or community leadership, of simply community participants.

• Demonstrate a degree of capacity to assume personal & political efficacy and responsibility consistent with democratic republican values – in the application of socio-political concepts explored in this learning experience (class, classes, program) in a meaningful manner to a person’s own self defined reality in the public, private and social sectors; as part of their everyday life as engaged citizens in the modern world system; and in the context of global environmental (and other) challenges.
The **AA degree in Political Science** will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

**Associate of Arts in Political Science for Transfer Degree AA-T Degree**

The Associate in Arts in Political Science for Transfer Degree (AA-T) is designed for students planning to transfer into the political science major. Political Science is the study of politics using the skills of social scientific inquiry. Political inquiry examines the human use of power in relationships creating the structures operating human society. Inquiry into politics explores power in its myriad forms and consequences for people as individuals, in groups, and in society. This realm of psycho-socio-political inquiry is an integrated field of study drawing upon all the disciplines of the Social and Behavioral Sciences as well as in the Arts and Humanities.

Upon completion of an AA-T in Political Science, persons have an increased capacity to: demonstrate an overall working knowledge of the principles of governance; demonstrably be able to utilize critical political thinking; and articulate an appreciation of how to apply what is learned in a manner useful in day to day life. This set of outcomes of learning enables students to become more effective citizens in the context of challenges faced by humans in the Modern World System. Successful completion of the program with a minimum G.P.A. of 2.0 affords students specific guarantees for transfer to the CSU system such as admission to a CSU with junior status, priority admission to their local CSU campus and to a program or major in political science or similar major. Students interested in the AA for transfer degree in political science should consult with the departmental faculty chair.

Violence Prevention Certificate of Proficiency:
The Certificate of Proficiency is an exploration of leadership, prevention and intervention knowledge and skills relative to the field of violence prevention and local community peace building; classroom and field based learning through peer group and individual projects, community based action research, and internships; curriculum contextualized to student career goals; designed for college ready individuals who are interested in working in the field of violence prevention; completion of two 3 unit courses in addition to 2-4 units of internship and/or employment experience in the field. The program includes training in conflict resolution and mediation, self-care, theories and methods for social change as well as coaching through professional development areas identified through a SWOT (Strengths, Weaknesses, Opportunities and Threats) analysis completed every semester.

Career Opportunities in Violence Prevention
For individuals interested in careers and leadership opportunities in the field of violence prevention. Bloomberg Business, Idealist.org and Cal Jobs (State of California) all show an increasing need for skilled employees that have the knowledge and skills to navigate through systems and communities to prevent violence. A variety of positions can be acquired by someone with a Certificate in Violence Prevention Strategies. According to the labor market data for the State of California, there is a 6.9% projected increase for Child, Family and School Social Workers, an 11.8% increase for Clergy members, a 13% increase among Counselors, Social Workers and other Specialists. Some other potential careers that see an increase, that we also know are directly related to preventing violence in our communities are Health Educators, with a projected 16% increase and Police and Sheriff Patrol Officers at a 7.7% increase. This certificate program will help prepare individuals in the job market to meet the growing needs of social support and care giving that professions listed above provide.

PSYCHOLOGY (PSYCH)

What is Psychology? It is the scientific study of behavior and mental processes. By receiving an A.A. degree in Psychology from COA, we seek to offer you an enhanced life & interpersonal skills helping you with improved self-awareness to empower you in your personal and professional relationships. We also seek to prepare you to enter psychology related fields and transfer to a four-year undergraduate psychology program.

In studying psychology at College of Alameda, you will learn from caring faculty that recognize understanding of the body-mind connection as critical to the transformation of self, culture, and our planet. We encourage students to examine their own psychological issues and develop a keen understanding of who they are, their place in the world and what they will bring to their work with others by emphasizing cognitive and emotional development through self-reflection, academic rigor and experiential practice.

Through taking psychology at College of Alameda, you will take the following life skills with you, which fall under our Program Learning Outcomes (PLOs); the ability to:

1. Apply multiple schools of psychology (e.g. psychodynamic, behavioral, cognitive, humanistic, biological, and transpersonal) to living situations.
2. Demonstrate effective communication and interpersonal relationship skills rooted in psychological perspectives and exhibiting an awareness of psychological dynamics in interrelationship.
3. Increase awareness of self, others, and the environment in order to have greater agency and authentic expression.

The study of Psychology enables you to better comprehend how people think, perceive, learn, develop unique personalities, manage stress, and interact with one another. Psychology careers include: jobs in therapy and counseling, schools, hospitals, prisons, courtrooms, community health and rehabilitation centers, sports and corporate offices. The study of psychology is good preparation for many professions, as well as, for one's life.

The AA degree in Psychology will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

Associate in Arts in Psychology for Transfer AA-T Degree

The Associate in Arts in Psychology for Transfer Degree is designed for students planning to transfer into the psychology major. A study of psychology is built upon the scientific study of human behavior and mental processes. Students pursuing the AA for transfer into the psychology major will study the nature of consciousness and the development of the person, basic processes of human perception, learning, cognition and motivation; the relationship of behavior to physiology; and the nature of psychological disorders and how psychologists use their knowledge to help improve the quality of people's lives. Successful completion of the program with a minimum G.P.A. of 2.0 affords students specific guarantees for transfer to the CSU system such as admission to a CSU with junior status, priority admission to their local CSU campus and to a program or major in psychology or similar major. The Associate transfer degrees (AA-T) require the completion and certification of the California State University General Education (CSU GE) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern, as well as the specific Associate for transfer (AA-T) major degree requirements. The AA-T does not require any additional college specific General Education requirements. Students interested in the AA for transfer degree in psychology should consult with the Social Sciences Department Chair and a counselor.

What is Sociology? Sociology is the scientific study of social lives of people, groups, and societies. Sociologists apply the rigors of the scientific method to relevant issues in the social world, from micro interaction like the public order, to macro forces like globalization. A sociological perspective is a remarkable tool that helps people analyze the practical impact and ethical implications of people’s choices and decisions in the workplace, family, community, and wider society.

Why study Sociology at College of Alameda? Our lower-division courses introduce students to the most important concepts, methods, and empirical research in sociology. Students learn multiple methods of data collection, professional writing, and presentation skills, which help them succeed academically at four year colleges and universities and also make them marketable in the labor market.

What you can do with Sociology? Sociology is applicable to multiple issues in our diverse world. As a result, students who take our courses are prepared for academic study and careers across many disciplines. Every organization can use a sociologist. Students who complete our programs work in a variety of academic and applied settings from marketing, social work, business, criminology, the public sector, law enforcement, health, medicine, and even programming.

The AA degree in Sociology will be awarded upon satisfactory completion of the major course requirements listed below and the General Education requirements for the Associate in Arts Degree listed in the Degrees and Programs section of this Catalog.

What does it mean to study Vietnamese? The study of Vietnamese involves learning the words and rules of the language with the purpose of acquiring them with accuracy and using them to communicate with Vietnamese speakers worldwide.

Why study Vietnamese? The Vietnamese Program at COA provides courses that satisfy Foreign Language requirements at 4-year colleges and universities, provides marketable foreign language skills and offers cultural enrichment. This will empower students to:
- Communicate with native speakers at home and worldwide
- Increase employment potential
- Improve memory and cognitive skills
- Enhance travel worldwide
- Expand one's universe

Beyond acquisition, learning languages can expand the heart and mind and help us in our search to understand who we are as human beings.

Vietnamese Program Learning Outcomes:

I. Grammatical Proficiency
Speak, write and comprehend Spanish with accuracy as students advance through the course levels.

II. Language Skill Application
Understand and communicate with native speakers in Vietnamese with cultural fluency through the progressive skill levels and in conjunction with course content.

III. Cultural Knowledge
Demonstrate cultural and historical understanding of the societies associated with Vietnamese as students advance through the course levels.

VIET 1A
Elementary Vietnamese

Academic Regulations, Policies and Standards

Scholastic Standards
Each instructor assigns grades to students based on standards established as appropriate for each class. Written papers, participation in class discussions, midterm and final examinations, and class attendance may be used by an instructor to determine grades. It is the student's responsibility to comply with the criteria used in grading by instructors. Students should consult with instructors during office hours for assistance.

Class Start and End Times
Students are expected to be in class, prepared for instruction, at the designated class starting time.

Grading Policy
The Peralta Community College District has adopted a uniform grading policy in accordance with state regulations.

Evaluation through grading is the sole responsibility of each instructor. The instructor's grades are permanent. Once submitted, they are not subject to change by reason of revision of judgment by the instructor, or on the basis of a second examination or additional work.

A grade can be changed only where evidence is presented that a clerical error or other mistake, fraud, bad faith or incompetence was involved. No grade will be changed later than two (2) years after the semester in which the grade was assigned.

Grades
The grades, grade points awarded and symbols used by College of Alameda are: (see opposite for chart)

Pass/No Pass Policy
In designated courses, students may elect to take the course on a pass/no pass basis, rather than receive a letter grade. This decision must be made prior to the fourth week of instruction (30% for short-term courses). Upon successful completion of a pass/no pass course, the student earns the specified number of units and the record will show “P” (which indicates a “C” grade or better). If the student's work is unsatisfactory, the record will show “NP” (which indicates a “D” grade or below). All units of “P” will be counted in satisfaction of community college curriculum requirements, but will not be used in computation of GPA.

All courses listed in the Description of Courses section of the Catalog which may be taken for pass/no pass, or for grade only, are identified by the following symbols which appear in parentheses directly after the name of the course:

GR: Course may be taken for letter grade only.
P/NP: May be taken for credit/no credit only.
GR or P/NP: May be taken either for a letter grade or on credit/no credit basis.

A student may not repeat a course in which a grade of “P” was earned. A student may repeat a course in which a grade of “NP” was earned.

Students planning to transfer to four-year institutions are cautioned that, in most cases, courses in which a grade of “P” was earned will not be counted toward courses required in a major. Also, limitations are imposed on the number of units of “P” that will be counted toward a Bachelor’s degree. The student should consult the catalog of the transfer institution for more specific information on this point. The designation pass/no pass (“P” or “NP”) may not be changed to a letter grade.

Pass/No Pass Option: Each Peralta College shall determine which courses can be offered on a pass/no basis and shall specify in the college catalog which courses have this option. (In absence of such a determination, a course will be presumed to be offered on a letter-grade basis.)

The student's decision to take a course for Pass/No Pass must be made prior to the fourth week of instruction (30% of instruction for summer session and short-term classes). The student must go into the Passport Student Center to choose P/NP.

All units earned on a pass/no pass basis in California institutions of higher education or equivalent out-of-state institutions shall be counted in satisfaction of community college curriculum requirements, but such courses shall not be included in determining a student's grade point average.

Students planning to transfer to a four-year institution are cautioned that in most cases courses in which a grade of “P” was earned will not be counted toward their major. Furthermore, limitations are imposed on the number of units of “P” that will be counted toward a Bachelor’s degree. The student should consult the catalog of the transfer institution for more specific information on regarding the use of courses in which a “P” grade was received.

## Grading Policies and Grade Symbol Definitions

The College of Alameda uses the following evaluative and non-evaluative symbols in the grading of a student in conformance with those related provisions of the California Administrative Code, Title 5:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Points</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4</td>
<td>Excellent</td>
</tr>
<tr>
<td>B</td>
<td>3</td>
<td>Good</td>
</tr>
<tr>
<td>C</td>
<td>2</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>D</td>
<td>1</td>
<td>Passing, less than satisfactory</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
<td>Failing</td>
</tr>
<tr>
<td>FW</td>
<td>0</td>
<td>Failing The FW grade indicates a failing grade because the student has ceased to participate in the class sometime after the withdrawal deadline. The FW grade is treated in the same manner as an F grade for the purposes of calculating grade point average, course repetition, and academic standings for probation/dismissal.</td>
</tr>
<tr>
<td>P</td>
<td></td>
<td>Pass (at least satisfactory; units awarded not counted in GPA)</td>
</tr>
<tr>
<td>NP</td>
<td></td>
<td>No Pass (less than satisfactory, or failing; units not counted in GPA)</td>
</tr>
<tr>
<td>I</td>
<td></td>
<td>Incomplete (incomplete academic work for unforeseeable and justifiable reasons at the end of the term) Conditions for removal of the “I” and the grade assigned shall be filed by the instructor with the Office of Admissions and Records and a copy given to the student. A final grade shall be assigned when the stipulation has been completed, or when the time limit for completing the work has passed. The “I” symbol must be made up no later than one year following the end of the term in which it was assigned. The “I” symbol shall not be used in calculating units attempted nor for grade points. A time extension beyond one year but not to exceed one semester or quarter may be granted by petition.</td>
</tr>
<tr>
<td>IP</td>
<td></td>
<td>In Progress The “IP” symbol shall be used to indicate that the course extends beyond the normal end of an academic term. It indicates that work is “in progress,” but that assignment of a grade must await its completion. The “IP” symbol shall remain on the student’s permanent record in order to satisfy enrollment documentation. The appropriate grade and unit credit shall be assigned and appear on the student’s record for the term in which the course is completed. The “IP” shall not be used in calculating grade point averages.</td>
</tr>
<tr>
<td>RD</td>
<td></td>
<td>Report Delayed The “RD” symbol may be assigned by the Office of Admissions and Records only. It is to be used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the students. It is temporary. This temporary symbol shall not be used in calculating grade point averages and shall be replaced by a permanent symbol as soon as possible.</td>
</tr>
<tr>
<td>W</td>
<td></td>
<td>Withdrawal A withdrawal reported to the Office of Admissions and Records during the first four weeks of instruction (or thirty percent [30%] of instruction under the semester system, summer session, intersession and short-term courses) shall not be noted on the student’s academic record. A “W” symbol can be awarded any student between the end of the fourth week or instruction and the end of the fourteenth week of instruction (or between 30-75% of instruction under the semester system, summer session, intersession, and short-term courses). The academic record of a student who has not withdrawn from class or has not been dropped by an instructor within the time allowed by this policy must reflect a grade other than “W” as awarded by the instructor. The “W” symbol shall not be used for academic probation but only for progress probation. A “W” shall not be assigned “if a determination is made pursuant to (Title 5) sections 5900 et seq. that the student withdrew from the course due to discriminatory treatment or due to retaliation for alleging discriminatory treatment or that the student withdrew because he or she reasonably believed that remaining in the course would subject him or her to discriminatory treatment or retaliation for alleging discriminatory treatment.” In such instances, no symbol will be assigned. It is the student’s responsibility to drop a class. Students can drop a class online through the Passport Student Center or in the college Office of Admissions and Records.</td>
</tr>
</tbody>
</table>
Dropping Classes/Withdrawal

Students are responsible for dropping classes through the Passport System via the Internet or at the college Office of Admissions and Records.

Students should refer to the academic calendar in the catalogs or the class schedule to determine the deadline dates for dropping a class with a refund, with no grade, or with a “W”. A withdrawal reported to the District Admissions and Records Office prior to the Census date shall not be noted on the student's academic record.

A “W” symbol will be recorded on the student's transcript up on withdrawal during the period after the Census date and the end of the fourteenth week of instruction (or between 21% to 75% of instruction for the summer session and short-term courses). The “W” symbol shall not be used to determine academic probation but only to determine progress probation. The academic record of a student who has not withdrawn from class nor has been dropped by an instructor within the time allowed must reflect a grade other than “W” as awarded by the instructor.

Students will not be permitted to withdraw and receive a “W” in a class more than three times (substandard grades are also included in determining the ability to repeat courses).

Enrollment Fee Refund Information can be obtained at the following Web link: web.peralta.edu/admissions/fees/refund-procedures/.

Academic Renewal Policy

A maximum of two semesters or a maximum of 24 semester units of coursework at all Peralta Colleges which has been legally petitioned may be alleviated and disregarded in the computation of cumulative grade-point averages under the following conditions:

a. A period of one year must have elapsed since the work to be alleviated was completed;

b. The student has requested the action formally and has presented evidence that work completed in the term (s) under consideration is (are) substandard and not representative of present scholastic ability and level of performance;

c. Since the most recent work to be disregarded was completed, the student must have completed 15 lower-division semester units with at least a 2.5 GPA, at either any of the Peralta Colleges or another regionally accredited institution.

PLEASE NOTE: When coursework is forgiven, the permanent academic record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history. Forms for filing under this policy may be obtained from the Admissions and Records web page at www.peralta.edu.

Forms for filing under this policy may be obtained from the Admissions and Records Office.

Academic renewal action by College of Alameda does not guarantee that other institutions will approve such action. This determination will be made by the respective transfer institutions.

Academic Recognition

Honor Roll

Students who have completed 12 or more units with a semester grade point average of 3.25 or better are honored by being placed on the Vice-President's list.

The honor status GPA is computed on the basis of units attempted and completed District-wide. The student's honor status is assigned to the college where the majority of units were completed.
Associate Degree Honors
Students who receive the Associate Degree are graduated “With Honors” if they have an overall cumulative grade point average of 3.25 to 3.49. Those with an overall cumulative grade-point average of 3.50 to 3.74 are graduated “With High Honors” and those with 3.75 to 4.0 are graduated “With Highest Honors.” (All lower division units from regionally accredited degree granting institutions outside of Peralta District Colleges are included in the GPA calculation.)

The honor status GPA is computed on the basis of units attempted and completed District-wide, excluding non-Associate degree courses numbered 250-299, 348, and non-credit courses numbered 400-699. The student’s honor status is assigned to the college awarding the Associate Degree.

Grade Point Average
The cumulative grade point average (GPA) is computed by dividing the total number of units a student has attempted into the total number of grade points the student has earned:

\[
\text{Grade Point Average (GPA)} = \frac{\text{Total grade points earned}}{\text{Total semester units attempted}}
\]

Example:
A student who earns 3 semester units of “A”, 5 units of “B”, 3 units of “C”, 3 units of “D”, 1 unit of “F” and 1 unit of “P” would compute the GPA as follows:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

= 2.40 GPA

Units for which a symbol of “W”, “MW”, “P”, “NP”, “I”, “IP” or “RD” is assigned are not counted in units attempted.

Definition of Unit Value
One semester unit of credit is defined as one hour of recitation or lecture (together with the required two hours of preparation for each class hour) or three hours of laboratory work a week for a semester of 18 weeks.

Two (2) semester units are equivalent to three (3) quarter units. To convert semester units to quarter units, multiply semester units by 1.5. To convert quarter units to semester units, divide the quarter units by 1.5.

For assistance in determining quarter/semester unit equivalency, contact the Office of Admissions & Records.

Advanced Placement Policy
The Peralta Community College District participates in the Advanced Placement Program of the College Entrance Examination Board. The Peralta Community College District grants Advanced Placement credit according to the following policies:

College Credit for Advanced Placement (AP) Tests, International Baccalaureate (IB), and the College-Level Examination Program (CLEP)

General Guidelines
In order to receive credit for either AP, IB, or CLEP

- You must be enrolled in the Peralta Community College District to apply for such credit
- You are not required to have completed any specific number of units in the Peralta Community College District prior to applying for such credit
- You may use units earned through any of these exams to meet Certificate and Associate Degree requirements (please see the charts which follow)
- You may not use units from these exams to satisfy financial aid, veterans, or EOPS eligibility criteria
- You may not use units from these exams to satisfy the 12-unit residency requirement at any of the Peralta Community College District’s four colleges
- If you have earned credit from an AP, IB, or CLEP exam, you should not enroll in a comparable college course because credit will not be granted for both the exam and the course.

Advanced Placement Procedures

If you wish to apply for AP credit having received a score of 3, 4, 5 on any of the exams listed below, you should:
1. Obtain a “Petition for Advanced Placement Examination Credit” from the Admissions and Records Office;
2. Attach official copies of AP score reports from the College Board or an official copy of your high school transcript (if it reports Advanced Placement Examinations); and;
3. Take the completed petition and supporting documentation to a counselor for review.
4. If you wish to receive credit for an AP examination not on this list, you should obtain a petition from the Admissions and Records Office and submit it to the Vice President of Instruction, who will evaluate requests on a case-by-case basis.

<sup>1</sup> The Peralta Community College District (PCCD) course associated with the Advanced Placement examination. These courses will only be used to establish PCCD pre-requisites and/or course equivalencies. Please see a Counselor for specific information.

<sup>2</sup> If a student passes more than one AP exam in Calculus or more than one AP exam in Computer Science, only one examination may be used.

<sup>*</sup> Unit awarded based on the minimum required for PCCD General Education Area 4c.
International Baccalaureate Procedures

If you wish to apply for IB credit, you should:
1. Obtain a “Petition for International Baccalaureate Examination Credit” from the Admissions and Records Office;
2. Attach an official IB transcript;
3. Take the completed petition and supporting documentation to a counselor for review.

*Unit awarded based on the minimum required for PCCD General Education Area 4c.
Academic Regulations, Policies and Standards

Continued from page 209...

Advanced Placement Tests
You will be granted credit for College Entrance Examination Board (CEEB) Advanced Placement (AP) tests with scores of 3, 4, 5 (see the AP chart which follows) in specific subject areas for certificates, Associate Degrees, CSU General Education Breadth certification and IGETC certification.

The unit/credit value granted for a college certificate or Associate Degree may vary from the unit/credit value given by a UC or a CSU.

You may use units earned by AP examinations toward CSU, General Education Breadth Certification, (partial or full), according to the CSU approved list below and you may use units earned by AP examinations to meet Intersegmental General Education Transfer Curriculum (IGETC) as per the approved list below. Each AP exam may be applied to one IGETC area as satisfying one course requirement, with the exception of Language Other Than English (LOTE).

There is no equivalent AP exam for IGETC Area 1B or CSU GE Breadth Area A3, Critical Thinking/Composition. There is no equivalent AP exam for IGETC Area 1C or CSU GE Breadth Area A1, Oral Communication.

If you have passed more than one AP exam in Calculus, only one exam may be used for credit/unit purposes for a certificate, Associate Degree, CSU GE certification, and IGETC certification.

Some four-year institutions (e.g., out-of-state, independent) may not accept AP credit.

Actual transfer credit awarded for admission is determined by the CSU and UC.

Individual CSU and UC campuses continue to determine the applicability and quantity of AP credits granted toward major or baccalaureate degree requirements.

In some areas, CSU grants additional units for elective credit toward eligibility for admission. The CSU campus to which you transfer determines the total number of units to be awarded for successful completion of Advanced Placement examination(s) and how the exam scores may apply to other graduation requirements.

For IGETC certification, AP exams in Biology, Chemistry, or Physics B allow a community college to apply 4 semester or 5 quarter units to IGETC certification (as noted in the chart below). For Environmental Science, Physics C: Mechanics and Physics C: Electricity. Magnetism, 3 semester or 4 quarter units are applied for IGETC certification (as noted below); therefore, students who have completed these exams will be required to complete at least 4 semester or 5 quarter units to satisfy the minimum required units for Area 5.

For CSU GE certification, if you pass more than one AP exam in Physics, only four units of credit may be applied to the certification.

The University of California Advanced Placement Policy can be found at their website: http://www.universityofcalifornia.edu/educators/counselors/admininfo/freshman/advising/credit/aptest.html.

The California State University Advanced Placement Policy can be found at their website: http://www.calstate.edu/app/general_education.shtml.

International Baccalaureate Examination Program
The Peralta Community College District may award International Baccalaureate Examination (IB) credit toward a Certificate or Associate Degree, or for CSU GE or IGETC transfer certification to those who attain an appropriate score on Higher Level (HL) Exams. If you are intending to transfer to a four-year institution, you should consult with a counselor or the individual institution regarding its IB credit policy for major course work.

A score of 5, 6, or 7 on Higher Level exams is required to grant credit for IGETC and CSU GE Breadth certification (exception: a score of 4 on the following IB subjects is considered a passing score for CSU GE Breadth certification: Language A1 HL, Language A2 HL, Language B HL, Mathematics HL, and Theatre HL). An acceptable IB score for IGETC or CSU GE Breadth equates to either 3 semester or 4 quarter units for certification purposes.

If you have earned credit from an IB exam, you should not enroll in a comparable college course because credit will not be granted for both. (CSU may grant additional units for eligibility for admission.)
College-Level Examination Program (CLEP)
The following CLEP examinations can be used for credit toward a Certificate, Associate Degree, or CSU GE Breadth certification. CLEP exams cannot be used for IGETC certification.

You must have achieved at least a score of 50 on any of the following exams with the exception of a score of 59 on French Level II, 60 on German level II, and 63 on Spanish level II.

If you have earned credit from a CLEP exam, you should not enroll in a comparable college course because credit will not be granted for both.

CSU may grant additional units for elective credit toward eligibility for admission. Also, there are some CLEP exams not listed below for which CSU may grant elective credit. Please check with the CSU to which you plan to transfer.

Good Academic Standing
To remain in good academic standing, a student must maintain a cumulative grade point average of 2.0 or higher. Students who have a cumulative grade point average of less than 2.0 will be considered scholastically deficient.

Academic Probation
A student who has attempted at least 12 semester units as shown by the academic record shall be placed on academic probation if the student has earned a grade point average below 2.0 in all units which were awarded.

A student on academic probation for a grade point deficiency shall be removed from probation when the student's cumulative grade point average is 2.0 or higher.

Progress Probation
A student who has enrolled in a total of at least 12 semester units as indicated on the academic record shall be placed on progress probation when the percentage of all units in which a student has enrolled and for which entries of “W”, “I” and “NP” are recorded reaches at least 50 percent of the grades.

A student on progress probation shall be removed from probation when the percent of units in this category drops below 50 percent.

Standards for Dismissal
For purposes of probation and dismissal, a semester shall be considered consecutive on the basis of the Peralta student's enrollment. Summer sessions (regular intersessions) shall be considered a semester.

Academic Dismissal: A student on academic probation shall be subject to dismissal after three (3) consecutive semesters in which the student earned a cumulative grade point average of less than 1.75 in all units attempted.

Progress Dismissal: A student who is on progress probation is subject to dismissal after the third consecutive semester on progress probation, unless the current semester percentage of completed units exceeds 50 percent of enrolled units.

Reinstatement from Dismissal: A student may appeal for reinstatement if unusual circumstances prevailed. Such circumstances will be evaluated by petition and could be, but are not limited to, health or financial strain. Readmission will be conditioned on a semester review basis with the student subject to the continued probation dismissal policy.

Units Attempted
For purposes of standards for academic probation and dismissal (1) "all units attempted" means all units of credit for which a student earns a symbol of “A”, “B”, “C”, “D”, or “F”; (2) "enrolled units" means all units attempted as defined above, and all units for which the student earns a symbol of “W”, “I”, “CR”, “NC”, “P”, or “NP”.

Notification of Probation or Dismissal
The Vice President of Student Services shall make every reasonable effort to notify a student of academic/progress probation or dismissal at or near the beginning of the semester in which the status is in effect. Students on probation must meet with a counselor and complete the “Academic Success Contract.” Students on dismissal shall complete the “Student Petition for Reinstatement from Dismissal” and follow the steps as stated on the petition.
Course Repetition and Repeatable Courses  
(AP 4225)  
This procedure addresses all options per Title 5 regarding course repetition and repeatable courses including:

- student repetition when a satisfactory grade was received,
- student repetition when a satisfactory grade was not received,
- courses per Title 5 which are determined to be repeatable, and
- active participatory credit courses in physical education and visual or performing arts that are related in content.

A. Alleviate substandard academic work [55040(b)(2), 55042]  
(1) A student may petition for approval to repeat a course when a student was awarded a substandard grade (less than “C”, and including “FW”) or received a ‘W’. Per Title 5 regulations, the student can only repeat the course twice (thus can only take the course three times).  
(2) When a student repeats a course to alleviate substandard academic work, the previous grade and credit will be disregarded in the computation of the grade point average.  
(3) Courses that are repeated shall be recorded on the student’s permanent academic record using the appropriate symbol.  
(4) Annotating the permanent academic record shall be done in a manner that all work remains legible, insuring a true and complete academic history.  
(5) Nothing can conflict with Education Code Section 76224 pertaining to the retention and destruction of records.

B. Withdrawal (55024)  
(1) As noted above in section A, when a student withdrew from a course and received a “W” the student may petition to enroll again in the credit course. The maximum a student can repeat a course when a “W” or when a substandard grade was received is twice (thus a student can only take the course three times).  
(2) The ‘W’ shall not be used in calculating GPA, but must be used in determining probation and dismissal.  
(3) Military withdrawal, withdrawals due to extraordinary conditions (58509), and withdrawals where the district determines discriminatory treatment has occurred do not count toward these enrollment limits.

C. Significant lapse of time [55040(b)(3), 55043]  
(1) A student may petition to repeat a course when the student received a satisfactory grade the last time the student took the course but where there has been a “significant lapse of time” of no less than 36 months.  
(2) However, repetition of a course for “significant lapse of time” can occur only if there is a properly established recency prerequisite for the course or program pursuant to Title 5 section 55003, or

(3) Another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating a specific course. Repetition is allowed even where less than 36 months has elapsed, if the student provides documentation that repetition is necessary for the student to transfer to the institution of higher education.

(4) The previous grade and credit will be disregarded in computing the student’s GPA.

D. Recency requirement at an institution of higher education [55040(b)(3), 55043]  
(1) As noted above in section C, a student may petition to repeat a course when “another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course in question.”  
(2) The student must provide documentation that repetition is necessary for the student to transfer to the institution of higher education.  
(3) The previous grade and credit will be disregarded in computing the student’s GPA.

E. Legally mandated [55040(b)(8)]  
(1) A student may petition to repeat a course not marked as repeatable “in instances when such repetition is necessary for the student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment.”  
(2) Such courses may be repeated for credit any number of times as legally required.  
(3) Students must certify or provide documentation that course repetition is legally mandated.  
(4) The grade received each time shall be included for purposes of calculating the student’s grade point average.

F. Significant change in industry or licensure standards [55040(b)(9)]  
(1) A student may petition to repeat a course “as a result of a significant change in industry or licensure standards such that repetition of the course is necessary for the student’s employment or licensure.”  
(2) The student must certify or provide documentation that there has been a significant change in industry or licensure necessitating course repetition.  
(3) The grade received each time shall be included for purposes of calculating the student’s grade point average.

G. Extenuating circumstances [55040(b)(5), 55045]  
(1) A student who has earned a satisfactory or substandard grade may petition to repeat a course due to an extenuating circumstance – verified cases of accidents, illness, or other circumstances beyond the student’s control.
(2) The previous grade and credit will be disregarded in the computing of the student’s grade point average.
(3) This does not apply to courses designated as repeatable.

H. Occupational Work Experience [55040(b)(6), 55253]
(1) Students may repeat all types of Cooperative Work Experience Education, but shall not exceed 16 semester units, subject to the following limitations:
   a. General Work Experience Education: a maximum of 6 semester credit hours may be earned during one enrollment period in general work experience education.
   b. Occupational Work Experience Education: a maximum of 8 semester credit hours during one enrollment period in occupational work experience education.
(2) The grade each time shall be included for the purpose of calculating the student’s grade point average.

I. Variable unit open-entry/open-exit courses [55040(b)(4), 55044]
(1) A student is permitted to enroll in a variable unit open-entry/open-exit course as many times as necessary to complete the entire curriculum of the course once.
(2) A student may petition to repeat a portion of such a course if the student has received a substandard grade. See section A above.
(3) Under no circumstances may a portion of a physical education course be repeated.

J. Special classes for students with disabilities [55040(b)(7)]
(1) A student with a disability may repeat a special class for students with disabilities any number of times based on an individualized determination that such repetition is required as a disability-related accommodation for that particular student for one of the reasons specified in Title 5 section 56029.
(2) The previous grade and credit may be disregarded in computing the student’s grade point average each time the course is repeated. All prior work must remain legible on the student's academic record to ensure a true and complete academic history.

K. Courses required by CSU or UC for completion of a bachelor's degree [55040(b)(1), 55041(a)(1)]
(1) A course may be designated as repeatable if repetition of that course is required by CSU and/or UC for completion of a bachelor’s degree
(2) The district must retain supporting documentation that verifies that the repetition is necessary to meet the major requirements of CSU or UC for completion of the bachelor’s degree. The supporting documentation must be retained by the district as a Class 3 record basic to audit as required by Title 5, 59020 et sq.
(3) In most cases, the limit will be four (4) semesters.
(4) The grade received each time shall be included for calculating the student's grade point average.

L. Intercollegiate athletics [55040(b)(1), 55041(a)(2)]
(1) A student may repeat a course in which student athletes enroll to participate in an organized competitive sport sponsored by the district or a conditioning course which supports the organized competitive sport.
(2) There is a limit of 350 contact hours per year per sport (of the 350 hours, up to 175 contact hours in courses dedicated to the sport and 175 contact hours in courses that focus on conditioning or skill development for the sport) OR the participation of a student for up to four semester enrollments in the course [58161(d), 58162].
(4) The grade received each time shall be included for calculating the student’s grade point average.

M. Intercollegiate academic or vocational competition [55040(b)(1), 55041(a)(3)]
(1) A student may repeat courses that are designed specifically for participation in non-athletic competitive events between students from different colleges.
(2) The outcomes of the course must be tied to the student’s participation in the competition.
(3) The event must be sanctioned by a formal collegiate or industry governing board.
(4) A student is permitted four (4) semesters of enrollment in one single course or a combination of courses that are related in content.
(5) The enrollment limits apply even if the student receives a substandard grade or a ‘W’ during one of the enrollments or petitions due to extenuating circumstances as provide in Title 5, 55045.
(6) The grade each time shall be included for calculating the student’s grade point average.

N. Active participatory courses in physical education, and visual or performing arts that are related in content [55040(c)]
(1) A student is not permitted to enroll in active participatory courses (those courses where individual study or group assignments are the basic means by which learning objectives are obtained) in physical education, visual or performing arts that are related in content more than four times [four courses].
(2) A course related in content includes any course with similar primary educational activities in which skill levels or variation are separated into distinct courses with different student learning outcomes for each level or variation.
(3) The limitation on enrollment applies even if a student receives a substandard grade or “W” during one or more of the enrollments in such a course or petitions for repetition due to extenuating circumstance.
(4) All grades and credits received count in calculating the student’s grade point average.
Remedial Course Limit
Per Title 5, section 55035, no student shall receive more than 30 semester units (or 45 quarter units) for remedial coursework. Remedial course work is defined as “pre-collegiate basic skill instruction delivered in non-degree applicable credit mode.”

Students enrolled in one or more courses of English as a Second Language (ESL) and students identified by the district/colleges as having a learning disability (defined in section 56636) are exempted from the limitation on remedial coursework.

A student who has exhausted the unit limitation on remedial coursework may apply for a waiver for a specified period of time or for a specified number of units. Waivers will be granted to students who show significant, measureable progress toward the development of skills appropriate to his/her enrollment in college-level courses.

Credit by Examination
A registered student who is attending classes, is in good-standing (not on probation), and has completed at least 6 units at College of Alameda may request by petition to take an equivalency examination in certain designated courses. (Confer with a counselor regarding these specific courses.) The petition, which may be obtained in the Admissions and Records Office, should be accompanied by evidence of knowledge or experience in the content of the course. Final determination of eligibility to challenge a course by examination is made by the Department Chairperson for the course involved.

Credit by examination may be accrued by a student up to a maximum of 15 units. Units earned will be recorded on a student's record as a letter grade or P as determined by each department and grading policy. Students are not permitted to challenge by examination any course of lower level than a course previously completed.

Credit by examination is not part of a student's current workload and cannot be counted toward the 12 unit residency, veteran's benefits, financial aid, athletic eligibility, or similar purposes.

Since the approved course list is updated annually, confer with a counselor regarding any changes. The following courses may be challenged as Credit by Examination:
- Computer Information Systems 205
- All Cosmetology theory courses
- Chinese 1
- French 1A, 1B and 2A
- Japanese 1A
- Mathematics 201, 203*, and 208
- Media Communications 104
- Spanish 1A, 1B
- Welding Technology 242
  * Effective Fall 2009 unless student has prior catalog rights, see a counselor for more information

For more detail regarding Credit by Examination, please see AP 4235: Credit by Examination. The “Petition for Credit by Examination” is available online at: http://web.peralta.edu/admissions/2011/07/petition-for-credit-by-examination/.

Selected Topics in Subject (48/248) Courses
Maximum credit for Selected Topics 48AA-FZ, Liberal Arts courses, is 0.5 to 3 units; prerequisites are determined by the department according to the nature of the course offered. Transferability of Selected Topics 48AA-FZ courses should be confirmed with a counselor prior to enrollment. Liberal Arts 248AA-FZ are open to all students without prerequisites for non-transfer credit. Maximum credit allowed is 0.5 to 6 units.

In occupational courses 48AA-FZ, there is transfer credit to certain designated colleges; 248AA-FZ, non-transfer credit. Maximum credit allowed is 0.5 to 6 units.

Selected Topics 348 series courses are non-degree applicable; 448 series are apprenticeship courses; 548 courses are non-credit; 648 are special courses for handicapped; 748 are not-for-credit contract education courses; and 848/948 are fee-based courses.

Independent Study (49) Courses
Supervised independent study courses are designed to permit study of an area or problem of the student’s choice not covered by regular Catalog offerings. To be eligible for independent study, students must have completed a minimum of 12 units of work at College of Alameda. Students in good standing may enroll in one (1) independent study course per semester, provided the division dean approves the study project and a full-time contract faculty member is willing to accept the student and the project. Students are limited to a total of ten (10) units of independent study in any one discipline. These courses may count as electives and generally do not fulfill specific Associate Degree requirements. The transferability of independent study courses is contingent upon review of the transfer institution. Students transferring to a campus of the University of California must submit a course outline to the appropriate U.C. division office for transfer approval. Independent study applicants shall demonstrate that their background is adequate for the proposed course of study, and must have prior successful academic experience in the particular discipline. Independent study (49) contract forms are available in the instructional division offices.
Transcript of Record
The Peralta Community College District has retained Credentials, Inc. to accept transcript orders online through their secured site. You must pay transcript fees at the time you submit your request. The first two transcripts ever requested are free; thereafter, $6.00 per copy for regular service, mailed within 7 to 10 business days and $12.00 for rush service mailed within 3 to 5 business days. See the website for other expedited delivery options: http://web.peralta.edu/admissions/official-transcript-request/

Your official transcripts will include all coursework completed at Berkeley City College, College of Alameda, Laney College, and Merritt College. (Note: The $2.00 handling charge applies to all free transcripts.)

Graduation
It is the student’s responsibility to file a petition for an Associate degree and/or Certificate of Proficiency and/or Certificate of Achievement by the deadline shown in the Academic Calendar for the semester in which he/she plans to complete degree or certificate requirements. Petition forms are available in the Admissions & Records Office.

College of Alameda traditionally holds formal Commencement Exercises in May, with a reception immediately following for family and friends. Commencement Exercises recognize students who have completed degree and certificate requirements during the Summer, Fall or Spring terms of the current academic year. All students are encouraged to participate.

PROHIBITION OF HARASSMENT AND DISCRIMINATION AND SEXUAL ASSAULT PROCEDURES

I. Statement regarding Discrimination
A. In keeping with Board Policy 3410: Nondiscrimination, the Peralta Community College District, as a public institution, prohibits discrimination in any and all of its activities, including: employment; procuring of goods and services; availability of educational offerings; and other programs and activities such as financial aid and special services. In order to accomplish these tasks, the District Office of Equal Opportunity is assigned the responsibilities of overseeing and investigating any charges of discrimination or other complaints. A discrimination complaint log will be maintained as well as complete records of complaints and resolutions. The Office of Equal Opportunity will handle both student and employee complaints by working with the Vice Presidents of Student Services for student complaints and with the Vice President of Instruction for employee complaints.
B. The Peralta Community College District, in accordance with applicable Federal and State laws and Board Policy, prohibits unlawful discrimination towards students on the basis of race, creed, color, ancestry, religion, sex, national origin, age (40 and over), marital status, medical condition (cancer related), disability, political views and affiliations, sexual orientation/ preference, and transgender status at any stage in any and all of its programs and activities, including availability of its educational offerings; and other programs and activities such as financial aid and special services. To that end, the District will take immediate, appropriate steps to investigate complaints of discrimination to eliminate current discrimination and prevent further discrimination. The District prohibits retaliation against any individual who files a complaint or who participates in a discrimination or discriminatory harassment inquiry.
D. The Title IX, Section 504 and ADA Coordinator for the Peralta District is the District Equal Opportunity Officer (who is the Vice Chancellor of Human Resources and Employee Relations whose office is located at 333 E. 8th Street, Oakland, California 94606; telephone (510) 466-7252.
E. Each college has an ADA Coordinator who can be reached by calling the main number of the college.
F. Students, faculty, employees, and applicants for employment who believe they have been discriminated against may file a discrimination complaint with the President of the college, Vice President of Student Services (for students), Vice President of Instruction (for faculty or employees) or the District Equal Opportunity Officer. Complaint forms and procedures are available in the offices of the President, Vice Presidents, and Equal Opportunity Officer.
G. The Peralta Colleges encourage “mainstreaming” students with disabilities into regular classes. The colleges offer support services to make education accessible. Each main campus has a Coordinator who coordinates the Disabled Students Program. Students who find that a class is not accessible should contact the Disabled Students Programs and Services Office for assistance. Services provided include classroom interpreters, note takers, readers, special counseling on disability management, peer counseling groups, and special adaptive equipment.
H. The lack of English language skills will not be a barrier to admission and participation in the colleges’ vocational education programs.

II. Discrimination Complaint Procedures
A. To insure that students and employees of the District are aware of the provisions of this procedure, a general statement will be published in each class schedule and a bulletin will be circulated to each District employee.
B. The following procedures are in compliance with the guidelines of state law:
1. Student discrimination complaints may be filed with the Office of Student Services at each college.
2. Employee complaints may be filed with the Office of Instruction at each college.
3. All complaints should be forwarded to the District Equal Opportunity Officer on the approved District form.
   a. Upon receipt of a complaint, a copy will be forwarded to the State Chancellor’s Office on the appropriate form.
   b. Defective complaints will be returned to the complainant with an explanation of the deficiencies and how they may be corrected if the complaint is to be considered.
4. Within fourteen (14) days of the complaint, an investigation will commence with notification to the complainant of the initiation of the investigation.
5. If the complaint proves to be accurate, a resolution of the problem will be proposed and corrective actions taken to ensure that the act is not repeated.
6. After a proposed resolution is developed and approved, the complainant will be notified of the resolution. Should the complainant not be satisfied, he/she may object to the proposed resolution through the State Chancellor's Office within thirty (30) days. The District Office of Equal Opportunity will furnish the complainant with necessary information regarding where and how to file the objection with the State.
7. After the resolution proposal is sent to the complainant, the District will forward the complete file of the complaint; findings of the investigation; the District's proposed resolution; the letter to the complainant informing him/her of the proposal; and any relevant material to the State Chancellor's Office.

III. Procedures Prohibiting Sexual, Racial, and Disability Harassment and Discrimination Toward Students

A. Dissemination
1. The procedures shall be published in all student, faculty and staff handbooks, each college's catalog and schedule of classes, and other printed material deemed appropriate by each college's Vice President of Student Services.
2. The procedures will also be disseminated to students at each college's new student orientation and at periodic workshops to be scheduled by each college's Vice President of Student Services.
3. The procedures will also be disseminated to each faculty member, all members of the administrative staff, and all members of the support staff both at time of hire and at the beginning of each school year.
4. The procedures shall also be displayed in a prominent location at each college along with the other notices regarding the college's procedures and standards of conduct. A copy of the procedures shall be made available to any person expressing a verbal complaint about such matters.

B. Sexual, Racial, and Disability Harassment and Discrimination Defined
1. The Peralta Community College District expressly forbids sexual, racial, and disability harassment of its students by faculty, administrators, supervisors, District employees, other students, vendors or members of the general public. The District also prohibits discrimination of its students by subjecting any student to adverse or differential treatment, or depriving that student of any benefits of the District because of that student's sex, race, or disability. Furthermore, the District prohibits retaliation against any individual who files a complaint or participates in a discrimination inquiry.
2. Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature, made by someone from or in the educational setting, under any of the following conditions:
   (a) Submission to the conduct is explicitly or implicitly made a term or a condition of a student's academic status, or progress.
   (b) Submission to, or rejection of, the conduct by a student is used as the basis of academic decisions affecting the student.
   (c) The conduct has the purpose or effect of having a negative impact upon a student's academic performance, or of creating an intimidating, hostile, or offensive educational environment.
(d) Submission to, or rejection of, the conduct by a student is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

(e) Any other conduct that may have an effect on a student's learning environment or his or her ability to enjoy any privileges or benefits provided by the District.

3. The prohibition of racial harassment similarly enjoins conduct or incidents based on race that may interfere with or limit the ability of an individual to participate in or benefit from the services, activities, or privileges provided by the District.

4. The prohibition of disability harassment similarly enjoins conduct or incidents based on disability that may exclude an individual from participation in or be denied the benefit of the services, programs, or activities provided by the District to other non-disabled students.

5. A harassing environment is created if conduct of a sexual or racial nature or conduct based on student's disability is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from the education program by the District or to create a hostile or abusive educational environment.

C. Examples of Prohibited Harassment

Sexual, racial, disability harassment includes, but is not limited to, the following examples of conduct that is undertaken because of the sex, race, or disability of the student victim:

1. Unwanted physical touching (beyond normal greetings).
2. Displays of offensive materials, objects, photos, etc., with a sexual, racial, or disabled theme.
3. Situations affecting a student's studying and learning conditions and making the learning environment unpleasant and uncomfortable, whether the actions are purposeful or not.
4. Verbal insults (in reference to gender, race, sexual orientation, or disability).
5. Rumors designed to cause the individual emotional distress or place him or her in a bad light.
6. Physical assault.
7. Unwelcome direct propositions of a sexual nature.
8. Subtle pressures for unwelcome sexual activity, an element of which may be conduct such as repeated and unwanted staring.
9. A pattern of conduct not legitimately related to the subject matter of a course, which is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from the education program or to create a hostile or abusive educational environment, that includes one or more of the following:
   (a) Comments of a sexual/racial nature or which are demeaning or derogatory based on a disability, or
   (b) Sexually explicit statements, questions, jokes, or anecdotes.
10. Unwanted attempts to establish a personal relationship.
11. A pattern of conduct that would cause discomfort or humiliate, or both, a reasonable person at whom the conduct was directed that may include one or more of the following:
   (a) Unnecessary touching, patting, hugging, or brushing against a person's body,
   (b) Remarks of a sexual nature about a person's anatomy or clothing, or
   (c) Remarks about sexual activity or speculations about a previous sexual experience.

All persons should be aware that conduct towards a student that is not specifically identified in this procedure may nonetheless constitute impermissible sexual, racial or disability harassment.

D. Academic Freedom and Freedom of Speech

1. As participants in a public institution, the faculty and staff of the Peralta Community College District enjoy significant free speech protections found in the First Amendment of the United States Constitution and Article I Section I of the California Constitution. The right of academic freedom includes a special area of protected speech. Consistent with the principles of academic freedom, course content and teaching methods remain the province of individual faculty members. Academic freedom, however, is not limitless. Academic freedom does not protect classroom speech that is unrelated to the subject matter of the course or in violation of federal or state anti-discrimination laws. Some speech may constitute environmental sexual harassment, harassment based on another impermissible characteristic or discrimination. If a faculty member engages in unwelcome sexual behavior or other improper behavior based on a characteristic protected by this procedure that has the purpose or effect of unreasonably interfering with an employee's work environment or a student's academic performance or creates a hostile and intimidating work or academic environment, then it may constitute environmental harassment or discrimination, as outlined in Board Policy and these implementing procedures.

2. The District must balance these two significant interests: the right of academic freedom and the right to be free from discrimination and harassment. The First Amendment protections, including those of academic freedom, are not absolute. When a faculty member raises academic freedom as a defense against charges of discrimination or discriminatory harassment, the District must examine the nature and context of the faculty member's behavior. A key to this examination is determining whether the behavior of the faculty member is related to his or her legitimate academic judgments within the context of furthering the institution's legitimate mission.
3. Nothing in the District’s Discrimination and Discriminatory Harassment Policy should be construed to prevent faculty members from rigorously challenging fundamental beliefs held by students and society. These challenges should be done in a manner that, in the professional judgment of the faculty member, is most pedagogically advisable. Indeed, this is at the core of academic freedom; however, faculty members may not interject into the academic setting an element of discrimination or discriminatory harassment that is unrelated to any legitimate educational objective. Nor, may a faculty member create, or allow, the educational setting to be so charged with discrimination or discriminatory harassment, that our students are prevented from effectively participating in the academic environment. As such, faculty members must be aware that the District will investigate and respond to employee or student complaints that involve course content in accordance with its general discrimination and discriminatory harassment policy and faculty members may be subject to discipline for egregious conduct, in the same manner as provided in Board Policy and any implementing procedures for all other District employees.

4. The Peralta Community College District is committed to insuring that the academic freedom rights of our faculty are secure, and to insuring our students an academic environment free of discrimination and harassment. Nothing in this section is intended to abrogate rights of Academic Freedom stated in the collective bargaining agreement with the Peralta Federation of Teachers.

E. Consensual Relationships

1. Definitions:
   (a) The terms “instructors” and “faculty member” are defined as any person who teaches in the District, is in an academic position, or by virtue of their position has control or influence on student performance, behavior, or academic career.
   (b) A “District employee” is defined as any person who is employed by the Peralta Community College District, or acts as its agent and operates within the District’s control.

2. Rationale: The District’s educational mission is promoted by professionalism in faculty/student, as well as supervisor/subordinate, relationships. Professionalism is fostered by an atmosphere of mutual trust and respect. Actions of faculty members and supervisors that harm this atmosphere undermine professionalism and hinder fulfillment of the educational mission. Trust and respect are diminished when those in positions of authority abuse their power in such a context as to violate their duty to the educational community and undermine the trust placed in the District as a public employer and an educational institution.

3. Ethical Violation: Recognizing that the unequal power of adult consenting parties is inherent in consensual relationships between supervisor and employee or student and teacher, the District will view it as unethical behavior if faculty members or supervisors engage in romantic relations with students enrolled in their classes or employees under their supervision even though both parties appear to have consented to the relationship.

4. Presumption of a Policy Violation: The faculty member or supervisor who contemplates a romantic relationship with a student or employee must realize the complexity of the situation and its potential negative consequences. Regardless of consent or mutual attraction, the faculty member or supervisor generally will be judged guilty of sexual harassment if any complaint eventually emerges, either from the partner in the relationship or from his or her fellow students or coworkers. A romantic relationship between any minor employee or student and an adult employee is presumptively deemed not to be a consensual relationship and constitutes sexual harassment.

5. Voluntary Consent Not a Defense: Faculty members and supervisors exercise power over students and their subordinates, whether in giving or failing to give praise, criticism, performance evaluations, promotions or other similar actions. Romantic relationships between faculty members and students, or between supervisors and subordinates, can destroy necessary professional relationships. Voluntary consent by the student or subordinate is always suspect, given the asymmetric nature of the relationship. Moreover, such unprofessional behavior, or even the appearance of such may affect other students, faculty, and staff, because it gives one student or subordinate the appearance, correctly or incorrectly, of power or favor at the expense of others.

F. Harassment and Discrimination Complaint Procedures

1. In order to accomplish the task of prohibiting discrimination and harassment, the District’s Equal Opportunity Officer is assigned the responsibilities of overseeing and investigating any charges or complaints of discrimination or harassment. The District’s Equal Opportunity Officer will maintain a discrimination and harassment complaint log and complete records of complaints, investigations and resolutions.

2. The District’s Equal Opportunity Officer will work with the Vice President of Student Services of each college for processing all discrimination and harassment complaints.
3. In compliance with the guidelines established by state and federal law, the following procedures will be implemented to investigate and resolve complaints of unlawful discrimination and harassment:

(a) Complaints of unlawful discrimination may be filed by a student who has personally suffered discrimination or by a person who has knowledge of such discrimination, within one year of the date of the alleged unlawful discrimination or within one year of the date on which the complainant knew or should have known of the facts underlying the allegation of unlawful discrimination or harassment.

(b) Student discrimination or harassment complaints may be filed with the District's Equal Opportunity Officer at 333 East Eighth Street, Oakland, CA 94606; (510) 466-7252.

(c) Student discrimination and harassment complaints may also be filed with the Vice President of Student Services as follows:

- Berkeley City College, 2050 Center St., Berkeley, 2nd Floor, (510) 981-2820
- College of Alameda, Building A, Room 111, (510) 748-2204
- Laney College, Tower Building, Room 412, (510) 464-3162
- Merritt College, Building P, Room 311, (510) 436-2478

(d) All complaints not filed directly with the District's Equal Opportunity Officer should be immediately forwarded to that Officer on the approved District form.

(e) Whenever any person brings charges of unlawful discrimination to the District Equal Opportunity Officer's attention, that Officer shall:

- i. Inform the complainant that he or she may, but is not required to, informally resolve the charges and that s/he has the right to end the informal resolution effort and begin the formal stage at any time;
- ii. Notify the complainant of the procedures for filing a complaint;
- iii. Discuss with the complainant what actions he or she is seeking in response to the alleged discrimination; and
- iv. Advise the complainant that he or she may file a complaint with the Office for Civil Rights of the United States Department of Education.

(f) Within fourteen (14) days of receiving the complaint, a thorough and impartial investigation will commence with notification to the complainant and the Chancellor of the initiation of the investigation. Complaints will be investigated and resolved in accordance with the District's unlawful discrimination complaint procedures. To ensure a prompt and equitable investigation of complaints, the investigation shall include an opportunity for the complainant and the accused to present witnesses and other evidence on their behalf. Sufficient information about the allegations of the complaint shall be disclosed to the accused to provide him/her with an opportunity to respond to the allegations of the complaint and provide additional information. To the extent appropriate, the District will keep the complainant apprised of the progress of the investigation.

(g) Complaints will be handled promptly in an appropriately confidential manner — that is, the District's Equal Opportunity Officer will disclose the identities of the parties only to the extent necessary to carry out an investigation. The results of the investigation shall be set forth in a written report which shall include at least all of the following:

- i. Description of the circumstances giving rise to the complaint;
- ii. A summary of the testimony provided by each witness, including the complainant and any witnesses identified by the complainant;
- iii. An analysis of any relevant data or other evidence collected during the course of the investigation; and
- iv. A specific finding as to whether discrimination did or did not occur with respect to each allegation in the complaint.

(h) Within ninety (90) days of receiving a complaint, the District shall complete its investigation and provide the complainant with the following information:

A written notice setting forth:

- i. A copy or summary of the District's investigative report;
- ii. The District's determination on the merits of the complaint; the proposed resolution of the complaints, to the extent that disclosure does not invade any person's privacy rights; and
- iii. The complainant's right to appeal to the District governing board and the Chancellor.
Likewise, the accused individual shall be notified of the outcome of the investigation.

(i) If the allegation of sexual, racial, or disability harassment is substantiated, the District will take reasonable, timely and effective steps to end the harassment. Depending upon the severity of a given case and/or prior incidents of harassment, a violation of this rule shall lead to disciplinary action including the possibility of expulsion or termination from the District. Remedial measures will be offered if appropriate to correct the discriminatory effects on any individual who has experienced harassment. The District's policy against discriminatory harassment will be interpreted consistently with any federally guaranteed rights involved in a complaint proceeding, including student's First Amendment rights to free speech and the accused individual's right to due process.

(j) Should the Complainant not be satisfied, he or she may appeal the proposed resolution within ten (10) days of the date of the proposed resolution to the Chancellor. The Chancellor may request an additional investigation, sustain the administrative determination, reverse the administrative determination or take any other appropriate action. If the Chancellor makes the administrative determination, the Complainant may appeal directly to the Board of Trustees within the same time periods set forth above. If the Chancellor sustains the administrative determination or the Complainant is not otherwise satisfied with the Chancellor’s decision, the Complainant may appeal to the Board of Trustees within fifteen (15) days of the Chancellor’s decision. All appeals shall be filed with the Chancellor’s Office at 333 East 8th Street, Oakland, CA 94606. Should the complainant not be satisfied, he or she may appeal the proposed resolution to the District governing board within fifteen (15) days. The District board shall review the original complaint, the investigative report, the determination and the appeal and may issue a final District decision within forty-five (45) days of receiving the appeal. The decision of the Administration will become final if the Board does not act within forty-five (45) days. The student may then appeal the final District decision to the State Chancellor’s Office within thirty (30) days. The Office of Equal Opportunity will furnish the complainant with necessary information regarding where and how to file the objection with the State Chancellor’s Office.

(k) Within 150 days of receiving the complaint, and after the resolution proposal is sent to the complainant, the District will forward the complete file of the complaint, findings of the investigation, the District’s proposed resolution, the letter to the complainant informing him or her of the proposal, and any relevant material to the State Chancellor’s Office.

IV. Sexual Assault Procedure

(see also AP 3540: Sexual and Other Assaults on Campus)

A. Statement regarding Sexual Assault

1. Unlawful sexual assault is a criminal activity prohibited in all employee and student areas, buildings, properties, facilities, service areas, satellite centers of the PCCD and all non-District areas where Peralta classes/instruction are conducted. It is the policy of the PCCD to ensure, to the extent possible, that students, faculty and staff who are victims of a sexual assault committed at or upon the grounds of or upon off-campus grounds or facilities maintained by the District or its colleges, shall receive information, follow-up services, and referrals to local community treatment centers.

2. Each college, through the Office of the Vice President of Student Services, shall make available sexual assault awareness information to students and employees.

B. Definition of Sexual Assault (Education Code 67365)

“Sexual Assault” includes, but is not limited to, rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat of sexual assault.

C. Procedure

1. The Office of the Vice President of Student Services shall have full responsibility, except for public information, for the administration and follow-up of the sexual assault program required. This includes:

   (a) Making available to students and staff the District policy on sexual assault.

   (b) Meeting legal reporting requirements.

   (c) Identifying available services for the victim.

   (d) Developing and updating a description of campus resources available to victims as well as appropriate off-campus services.

   (e) Implementing procedures for keeping the victim informed of the status of any student disciplinary proceedings in connection with the sexual assault.

   (f) Providing confidentiality.

2. It shall be the responsibility of the Vice President of Student Services to see to it that victims of sexual assault committed at or upon the grounds of, or upon off-campus grounds or facilities maintained by the District, shall receive information and referral for treatment. Services available include immediate short-term crisis counseling, and long-term counseling referral to agencies in the community. This information shall be provided with sensitivity and in consideration of the personal needs of the victim.

3. Any student, faculty, or staff member who is a victim of sexual assault at a District facility referred to in Section 1.1 of this policy is encouraged to notify the Vice President of Student Services. The Vice President of Student Services, with the consent of the victim, shall notify the Campus/District Police Services.
4.03 政策禁止對學生的歧視 (包括性及種族歧視和歧視)

百拉達社區學院區 (Peralta Community College District) 經理會政策 4.03

百拉達社區學院區 (Peralta Community College District) 根據聯邦及州府法律及理事會政策，禁止在其任何及所有計劃與活動 (包括所提供的教育機會) 和其他如財務資助及特別服務等計劃及活動中對學生有違犯方面的不當歧視及歧視性騷擾；種族、信仰、膚色、血統、宗教、性別、國藉、年齡 (40 歲及以上)、婚姻狀況、身體健康狀況 (病症)、殘障、政治觀點及立場、性傾向/認定或任何階段的跨性別狀況。若有此種情況發生，本學區會立即採取適當行動調查相關的歧視投訴，以便清除現有的歧視情形，並防止發生更嚴重的歧視行為。本學區嚴禁對因歧視而提出投訴或因歧視性騷擾問題作出諮詢的任何個人迫害報復行行為。

4. Pursuant to legal requirements, the Campus/District Police will notify the appropriate local law enforcement agency of the reported sexual assault, and obtain an ambulance to transport the victim to the hospital, as necessary.

5. In accordance with the Campus Crime Awareness and Security Act of 1990, the District, on an annual basis, shall notify students and employees of statistics concerning specific types of crime, including sexual assault. This notice shall be made through appropriate publication/mailings. The names of the victims will not be reported in the statistics.

6. In cases of violent crimes considered to be a threat to other students and employees, each college's President or the Chancellor of the District shall make timely reports, respecting the confidentiality of the victim, to the college community in a manner that will aid in the prevention of similar occurrences.

7. Upon notification of a sexual assault, the Campus/District Police Services will distribute to the victim a description of campus resources and services available to the victim, as well as appropriate off-campus services. Each student or employee should have a copy of this procedure.

8. The listing of resources and services shall be available through the Campus/District Police Services, each college’s Counseling Department, and Health Services Unit.

9. A victim of sexual assault shall be provided with information about pursuing the following remedies or actions against the perpetrator:
   (a) Employees: Criminal Prosecution/Civil Prosecution: District disciplinary process: Violation of this procedure will cause disciplinary action which may include termination of employment or may require an employee to participate in a rehabilitation program.
   (b) Students: Criminal Prosecution/Civil Prosecution: District disciplinary process: Students are required to comply with this policy to remain in good standing and as a condition of continued attendance at any of the District's colleges. Violation of this policy will be cause for disciplinary action against the student, up to and including expulsion, and/or may require the student to participate in a rehabilitation program. Student discipline shall be accomplished in accordance with provisions of Article 3 of the Title 3, Division 7, Part 47, of the California Education Code.
   (c) Non-Student/Employer: Criminal Prosecution/Civil Prosecution:
      i. A victim of sexual assault shall be kept informed by the college President/designee or the Chancellor of the status of and disposition of any District/College disciplinary proceedings in connection with the sexual assault.

   ii. The Counseling Department and Health Services shall assist, upon request, the victim of sexual assault in dealing with academic difficulties that may arise because of the victimization and its impact.

   iii. The identity of a victim of sexual assault shall remain confidential unless otherwise prescribed by law. Requests for information regarding the sexual assault from the press, concerned students, parents, and Peralta employees not involved in the assault or its investigation, will be handled by the college’s Public Information Office or the District’s Office of Marketing in accordance with these regulations: the Family Educational Right and Privacy Act, applicable California Education and Administrative Code sections, and Peralta Community College District Policy and Procedures.

D. Dissemination
1. These procedures shall be published in all student, faculty and staff handbooks, each college’s catalog and schedule of classes and other printed material deemed appropriate by each college’s Vice President of Student Services.

2. These procedures will also be disseminated at each college’s orientation and at periodic workshops to be scheduled by each college’s Vice President of Student Services.

Note: Volunteers and student workers are included in relevant board policies and their related administrative procedures, including but not limited to BP 3410 (Nondiscrimination), BP 3420 (Equal Employment Opportunity), BP 3430 (Prohibition of Harassment), and BP 7280 (Volunteers).

El Distrito de los Colegios Universitarios Comunitarios de Peralta, de conformidad con las leyes federales y estatales pertinentes y con la Política de la Junta, prohíbe que los estudiantes sean sometidos a discriminación y acoso discriminatorio ílictos basados en la raza, las creencias, el color, la ascendencia, la religión, el sexo, el origen nacional, la edad (40 años de edad o más), el estado civil, los problemas médicos (relacionados con el cáncer), las incapacidades, las afiliaciones y opiniones políticas, la orientación/preferencia sexual o la transmutación de sexo en cualquier etapa, en cualquiera de los programas y actividades del Distrito, incluyendo la disponibilidad de los ofrecimientos educacionales; y en otros programas y actividades como la ayuda financiera y los servicios especiales. Por ello, el Distrito investigará las quejas de discriminación inmediatamente, siguiendo los pasos pertinentes, a fin de eliminar la discriminación actual y evitar discriminación futura. El Distrito prohíbe las represalias contra cualquier individuo que presente una queja o participe en una investigación con relación a discriminación o acoso discriminatorio.

El Coordinador del Título IX y Sección 504 para el Distrito de Peralta es el Funcionario de Oportunidad Igual del Distrito, cuya oficina se encuentra situada en el 333 E. 8th Street, Oakland, CA 94606; teléfono (510) 466-7252. Los estudiantes, miembros de la facultad, empleados y solicitantes de empleo que crean que hayan sido discriminados pueden presentar una queja de discriminación ante alguno de los siguientes funcionarios: el Presidente del colegio correspondiente, el Vice Presidente de Servicios Estudiantiles (en el caso de los alumnos), el Vice Presidente de Enseñanza (en el caso de facultad o empleados) o el Funcionario de Oportunidad Igual del Distrito. Los formularios de queja y los procedimientos correspondientes se encuentran a su disposición en las oficinas del Presidente, de los Vice Presidentes y de Oportunidad Igual.

Todos los colegios del Distrito de Peralta fomentan la incorporación de alumnos con incapacidades físicas y mentales a las clases regulares. Los colegios ofrecen servicios de apoyo a fin de brindar una educación accesible. Cada colegio tiene un Coordinador cuya función es administrar el programa para estudiantes incapacitados. Los estudiantes que encuentren que una clase no es accesible deben comunicarse con el Centro de Recursos para Estudiantes Incapacitados a fin de recibir asistencia. Los servicios del Centro incluyen asistencia por medio de intérpretes en el aula, personas que puedan tomar los apuntes, lectores, un servicio de asesoramiento especial para el manejo de las incapacidades y un grupo de asesoramiento constituido por personas con problemas similares. También hay libros de texto en sistema Braille, libros de texto grabados y otros equipos especiales.

La falta de fluidez en el idioma inglés no es un obstáculo para el ingreso y la participación en los programas de educación vocacional de los colegios.

AP 4231 GRADE CHANGES AND STUDENT GRIEVANCE PROCEDURE

I. Regulations
A. The instructor of the course shall determine the grade to be awarded to each student. The determination of the student’s grade by the instructor is final in the absence of mistake, fraud, bad faith, or incompetency (per Education Code Section 76224). “Mistake” may include, but is not limited to, errors made by an instructor in calculating a student’s grade and clerical errors. “Fraud” may include, but is not limited to, intentional inaccurate recording or the change of a grade by any person who gains access to grade records without authorization.
B. No grade can be changed without the consent, in writing, by the instructor who assigned the grade except under the conditions of clerical errors, bad faith, fraud, and incompetency.
C. Grades are not subject to change by reason of a revision of judgment on the instructor’s part.
D. No grade except “Incomplete” may be revised by the instructor on the basis of a new examination or additional work undertaken or completed after submission of final grades.
E. No grade will be changed later than two years after the calendar date ending the semester (including intersession and summer session) in which the grade was assigned.
F. Only the instructor is required to sign grade changes from “I” to a grade.
II. Procedural Steps
A. Instructor completes the "Request for Record Correction Form" and submits it to the Divisional Dean of Instruction with a copy of the Class Rollbook. The "Request for Record Correction Form" is available online at: http://eperalta.org/wp/admissions/?p=565
B. Divisional Dean of Instruction, after discussion with the instructor, makes a recommendation to the Associate Vice Chancellor of Student Services.
C. The request is then reviewed and approved or denied by the Associate Vice Chancellor of Student Services and processed by the Admissions and Records Office.

III. Student Grievance
If a student alleges mistake, fraud, bad faith, or incompetence in the academic evaluation of the student's performance, the grievance procedure is as follows:

Both the informal and formal grievance procedure for "Academic (Grade) Grievance" is contained in the "Student Grievance Procedure" (also in AP 5530, Student Rights and Grievances) which was last revised and approved by the Board of Trustees on March 15, 2011.

The purpose of this procedure is to provide a prompt and equitable means of resolving student grievances. This procedure shall be available to any student who reasonably believes an experience or decision has adversely affected his or her status, rights or privileges as a student. A grievance may be initiated by a student against an instructor, an administrator, or a member of the classified staff. A grievance may also be initiated against another student. That procedure (in full) is as follows:

A. Grounds for Filing Student Grievances
The Student Grievance Procedure shall apply only to grievances involving:
1. Academic (Grade) Grievance: a complaint alleging mistake, fraud, bad faith or incompetence in the academic (grade) evaluation of student performance.
2. Violation of Law, Policy, and Procedures:
   a. Violation of rights which a student is entitled to by law or District policy, including financial aid, exercise of free expression, rules for student conduct, admission, probation, or suspension or dismissal policies.
   b. Act or threat of physical aggression
   c. Act or threat of intimidation or harassment
B. The Student Grievance Procedure does not apply to:
1. Police citations (i.e. "tickets"). Complaints about citations must be directed to the Campus Police in the same way as any traffic violation.

2. Discrimination, Sexual Assault or Sexual Harassment. Any student who feels he/she has been or is presently an alleged victim of sexual harassment, may first contact the Vice President of Student Services to file a complaint verbally or in writing, or may directly contact the District’s Equal Opportunity Coordinator at 333 East Eighth Street, Oakland, CA 94606, (510) 466-7220. At the time a complaint is made known, a copy of the complaint procedures and a complaint form shall be made available to the complainant. For additional information regarding reporting of discrimination, sexual assault or sexual harassment, please refer to Discrimination Complaint Procedures in this catalog.

C. Definitions
1. Party. The student or any persons claimed to have been responsible for the student's alleged grievance, together with their representatives. “Party” shall not include the Grievance Hearing Committee.
2. Student. A currently enrolled student, a person who has filed an application for admission to the college, or a former student. A grievance by an applicant shall be limited to a complaint regarding denial of admission. Former students shall be limited to grievances relating to course grades to the extent permitted by Education Code Section 76224(a).
3. Respondent. Any person claimed by a grievant to be responsible for the alleged grievance.
4. Observer. An individual who is present at a hearing to observe the proceeding, but shall not be allowed to speak and address the committee.
5. Written Notice/Written Decision. Notice sent by personal service or by registered or certified mail with return receipt requested via the U.S. Postal Service.
6. Day. Unless otherwise provided, day shall mean a day during which the college is in session and regular classes are held, excluding Saturdays, Sundays, and District holidays.

D. Grievance Process
1. Informal Resolution
Within 30 days of the allegation, each student who has a grievance shall make a reasonable effort to resolve the matter on an informal basis prior to requesting a grievance hearing:
   a. For an academic (grade) grievance, the student shall make an appointment with the faculty against whom he/she has a grievance during the faculty member’s posted office hours or at a mutually-agreed-upon time, in order to discuss the student’s complaint. Should the faculty against whom the student has an academic complaint fail to meet with the student in a timely manner, the student may meet with the Division Dean of Instruction of the faculty member.
For a grievance based on an alleged violation of law, policy, and procedures, the student shall attempt to solve the problem with the person with whom the student has the grievance, that person’s immediate supervisor, or the Vice President of Student Services (or designee).

2. Formal Complaint Procedures
Any student who believes he/she has a grievance must file an approved grievance complaint form with the Vice President of Student Services (or designee). The student may obtain the form from the Office of the Vice President of Student Services.

The student must file within 90 days of the incident on which the grievance is based; or after the student knew or should have known of the basis for the grievance, whichever is later. The grievance complaint must be filed whether or not the student has already initiated efforts at informal resolution, if the student wishes the grievance to become official. Failure to file a formal complaint within such ninety (90) day period constitutes waiver of the student’s right to appeal.

a. Complaint. The complaint must include the following:
• The exact nature of the complaint (grounds).
• The specific details of the complaint (e.g., chronology of the event and an explicit description of the alleged violation).
• A description of the informal meeting and attempted resolution, if any.
• The specific resolution/remedy sought.

b. Submission. The complaint should be submitted to the Vice President of Student Services.

c. Meeting with Vice President of Student Services (or designee)
The Vice President of Student Services (or designee) shall provide to the person against whom the grievance has been filed a copy of the grievance and a copy of the procedure.

The Vice President of Student Services (or designee) will provide the grievant with a written copy of the policy and procedures and answer all questions regarding the policy including the student’s rights and responsibilities in the process of filing a grievance. For academic (grade) grievances, the Vice President of Student Services (or designee) will inform the student that a grade change may only be made where there is a finding of fraud, mistake, bad faith or incompetence.

The student and Vice President of Student Services (or designee) shall attempt to reach an informal resolution.

c. Request for Grievance Hearing
If an informal resolution cannot be reached, the Vice President of Student Services (or designee) shall make a request for records and documents from the student filing the complaint and forward copies of all documents pertinent to the alleged violation to the Chair of the Grievance Committee and the parties. Documents or accusations not specifically related to the alleged violations shall not be forwarded to the committee or the parties.

i. For academic (grade) grievance, the Chair shall request records and documents from the faculty member against whom the complaint has been filed.

ii. For grievance based on an alleged violation of law, policy, and procedures, the Chair shall request records and documents from the party against whom the complaint has been filed.

The Grievance Hearing timeline may be tolled (postponed) pending a formal investigation of any discrimination claims by or against the student. Such investigation must be concluded no later than 90 calendar days as required by law.

d. Grievance Hearing Committee
Within 90 days following receipt of the grievance complaint form, the Grievance Hearing Committee shall conduct a hearing. The following College Grievance Committee members shall be appointed for a term of one academic year as follows:
• The Vice President of Instruction, who shall Chair the committee;
• One faculty member (and one alternate) jointly appointed by the PFT and the Faculty Senate;
• One administrator (and one alternate) appointed by the College President;
• One student (and one alternate) appointed by the President of the Associated Students
Additional committee member:
• For academic (grade) grievances, one faculty member (and one alternate) jointly appointed by the PFT and the Faculty Senate; or
• For other grievances, one classified employee (and one alternate) jointly appointed by Local 790 and the Classified Senate.
A committee member shall withdraw from participation in the hearing if a conflict of interest is anticipated, in which case the alternate member shall serve. The members of the Committee shall be provided with a copy of the grievance and any written response provided by the respondent before the hearing begins. Four-fifths of the members of the committee shall be present in order for the committee to act.

e. Hearing Procedure

1. The Vice President of Instruction, as Chair, shall provide written notice, including the date, time and place of the hearing to both parties at least ten days prior to the hearing. The notice shall be hand-delivered or sent by certified mail and shall include a copy of the complaint.

2. The Chair shall provide the involved complainant with a written summary of rights he/she may be entitled to by law or contract at least 10 days before the hearing. For academic (grade) grievance, the Chair of the committee shall provide the involved faculty member with a written summary of rights he/she may be entitled to by law or contract at least 10 days before the hearing. Both parties shall be given adequate time (at least 10 days) to read and review all documents, consistent with privacy laws. This right may be waived by either party. Both parties shall be informed that all relevant evidence presented to the hearing committee, whether written or oral, may be used against them in this or any other proceeding unless otherwise prohibited by law. The written notice shall inform the parties of this fact. The Chair of the committee shall inform both parties orally of this fact at the commencement of the hearing.

3. The decision of the Chair shall be final on all matters relating to the conduct of the hearing unless there is a vote by a majority of the other members of the panel to the contrary. The Chair may do whatever is necessary, so long as it is legally permissible, to ensure that the hearing is conducted in a fair, dignified and orderly manner.

4. The Chair of the committee may exclude a witness from the hearing when the witness is not giving testimony.

5. Anyone who disrupts the proceeding or interferes shall be excluded from the proceeding.

6. All information derived from the complaint is confidential. Information may not be made public nor discussed with anyone except those with a legitimate need to know.

7. The hearing shall be open only to persons directly involved in the matters to be heard. The bargaining agent representing the respondent may send an observer to any hearing.

8. The committee may call in “expert witnesses” if the subject of the grievance is beyond their expertise.

9. The committee shall inform the witnesses (other than the accused) in writing that they are sought for interview purposes and their participation in the process is requested by the committee. Witnesses shall also be informed as to the purpose of the interview, the general subject of the interview, and their right to request representation by anyone of their choosing prior to and during said interview.

10. Any member of the committee may ask questions of any witness.

11. The hearing shall be conducted so as to bring all of the relevant information and evidence to the members of the committee in an orderly and intelligible form. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted, if it is the sort of evidence on which responsible persons are accustomed to rely upon in the conduct of serious affairs. Accusations not specifically related to the alleged violation shall not be considered relevant. The rules of privilege shall apply to the same extent that they are recognized in civil actions.

12. At all steps of the process, both the student filing and the other party have the right to be accompanied, advised and represented by a person or counsel of their choosing. If either party wishes to be represented by an attorney, a request must be presented not less than 10 days prior to the date of the hearing. If the student is permitted to be represented by an attorney, the college representative may request legal assistance. The hearing committee may also request legal assistance; any legal advisor provided to the panel may sit with it in an advisory capacity to provide legal counsel but shall not be a member of the panel nor vote with it.

13. If the respondent or his/her representative, or both, are absent from all or a part of the hearing, the committee shall make its recommendations on the basis of whatever evidence is submitted before the hearing and on whatever evidence and testimony is presented to the committee during the hearing.

14. The committee shall make all evidence, written or oral, part of the record.

15. The committee shall judge the relevancy and weight of testimony and evidence and make its findings of fact, limiting its investigation to the formal charge. The decision shall be based only on the record of the hearing, and not on matters outside of that record.

16. The burden shall be on the grievant to prove by a preponderance of the evidence that the facts alleged are true and a grievance has been sufficiently established.

17. The hearing date may be postponed or continued at the discretion of the Chair of the committee. Both parties shall be given notice of the new or continued hearing date.
18. The votes of the majority of the members present (at least 3 votes) are necessary in order for the committee to make a recommendation to the Vice President of Student Services.

19. The Chair of the committee shall notify the Vice President of Student Services of the committee’s recommendation within 10 days.

20. A summary record of the proceedings held in a closed session shall be kept in a confidential file by the Vice President of Student Services and shall be available at all times to the accused person. The Vice President of Student Services has the responsibility to ensure that a proper record is maintained and available at all times.

f. Final Decision by Vice President of Student Services

Based on the grievance hearing committee’s recommendations, the Vice President of Student Services (or designee) may accept the recommendation, return it to the committee for further review, or reject it. Within 10 days of receipt of the committee’s recommendation, the Vice President of Student Services (or designee) shall send written notification to the parties and committee informing them of:

i. The committee’s recommendation;

ii. The final decision by Vice President of Student Services; and

iii. Appeals procedure

Any decision to reject findings of the committee must be supported by a summary finding of fact. The decision to recommend a grade change must be supported by a summary finding of fact, establishing mistake, fraud, bad faith or incompetence.

3. Appeals

a. President’s Decision

The Vice President of Student Services’ (or designee’s) decision may be appealed by either party in writing within 10 days of the Vice President of Student Services’ (or designee’s) decision.

The College President shall issue a written decision to the parties and their representatives within ten (10) days of receipt of the appeal. A decision to change a grade must be supported by a summary finding of fact, establishing mistake, fraud, bad faith or incompetence.

b. Chancellor’s Decision

The College President’s decision may be appealed to the Chancellor in writing within 10 days of receipt of the decision.

The Chancellor, or designee, shall issue a written decision to the parties and the representatives by certified mail within 10 days of the receipt of the decision. A decision to change a grade must be supported by a summary finding of fact, establishing mistake, fraud, bad faith or incompetence.

c. Board of Trustees’ Decision

The Chancellor’s (or designee’s) decision may be appealed to the Board of Trustees in writing within 10 days of the receipt of the decision.

The Board will review the documentation of the prior steps of the case and determine whether to confirm the Chancellor’s decision or hear the appeal. If the Board confirms the Chancellor’s decision, the appellant has exhausted his or her remedies. If the Board decides to consider the appeal, it will do so in closed session subject to Education Code 72122, and will issue a final decision within forty-five (45) days after receipt of the decision.

A decision to change a grade must be supported by a summary finding of fact, establishing mistake, fraud, bad faith or incompetence. Implementation of any grade change shall be held in abeyance until the internal appeal process has been exhausted.

All recommendations, resolutions, and actions taken by the Board of Trustees shall be consistent with the State and Federal law, the Peralta Community College District Policies and Procedures, and the PFT and Local 790 Collective Bargaining Agreements. (In the event of a conflict between the Collective Bargaining Agreement and the PCCD Policies and Procedures, the Collective Bargaining Agreement shall govern.)

4. Time Limits

Any times specified in these procedures may be shortened or lengthened if there is mutual concurrence by all parties.

Security of Grade Records

The District has implemented security measures for student records that assure no one without proper authorization may obtain access to student grade records. These measures are installed as part of the computerized grade data storage system in the enterprise management system, PeopleSoft.

The measures implemented by the District include, but are not necessarily limited to, password protection for all student grade data bases, locking mechanisms for computer stations from which grade data bases can be viewed, and strict limits on the number of persons who are authorized to change student grades.
Persons authorized to change grades shall be designated by the Vice Chancellor of Educational Services. No more than six (6) [one at each college in A&R and two at district office A&R] District employees may be authorized to change student grades. Only full-time employees of the District may be authorized to change grades. Student workers shall not have access to or change grades at any time.

Any person who discovers that grades have been changed by someone other than the persons authorized to do so shall notify the Vice Chancellor of Educational Services immediately. The Vice Chancellor of Educational Services immediately shall take steps to lock the grade storage system entirely while an investigation is conducted.

If any student’s grade record is found to have been changed without proper authorization, the District will notify (1) the student; (2) the instructor who originally awarded the grade; (3) any known educational institution to which the student has transferred; (4) the accrediting agency; and (5) local law enforcement authorities.

Whenever a grade is changed for any reason, corrected transcripts will be sent to any known educational institution to which the student has transferred.

Any student or employee who is found to have gained access to grade recording systems without proper authorization or who is found to have changed any grade without proper authority to do so, shall be subject to discipline in accordance with the District’s policies and procedures.

The correction of an awarded grade shall only be allowed for a student-initiated request brought under the provisions of this procedure.

AP 5500 STUDENT STANDARDS OF CONDUCT, DISCIPLINE PROCEDURES AND DUE PROCESS

I. The purpose of this procedure is to provide a prompt and equitable means to address violations of the Student Standards of Conduct, which ensures to the student or students involved the due process rights guaranteed them by state and federal constitutional protections. This procedure will be used in a fair and equitable manner, and not for purposes of retaliation. It is not intended to substitute for criminal or civil proceedings that may be initiated by other agencies.

II. These procedures are specifically not intended to infringe in any way on the rights of students to engage in free expression as protected by the state and federal constitutions, Education Code Section 76120, and will not be used to punish expression that is protected.

III. A student excluded for disciplinary reasons from one college in the Peralta Community College District may be denied enrollment into other colleges in the District, depending on the specific form of discipline. The President of a college may also deny admission to a student suspended or excluded for disciplinary reasons from other colleges or universities.

IV. Standards of Conduct. Students are responsible for complying with all laws and college regulations and for maintaining appropriate course requirements as established by the instructors.

A. Disciplinary action may be imposed on a student for violation of college rules and regulations, the California Education Code, California Penal Code, and the California Administrative Code. Student misconduct may result in disciplinary action by the college and prosecution by civil authorities. Student misconduct may also result in disciplinary action that is applicable to other college campuses and central administrative offices at the Peralta Community College District. The college may require restitution as part of the discipline to ensure the return of items or compensation for any loss to the college or district. Misconduct that may result in disciplinary action includes, but is not limited to, the following violations:

1. Violation of District policies or regulations including parking and traffic regulations (subject to Education Code Section 76036), policies regulating student organizations, and time, place and manner regulations in regard to public expression.

2. Willful misconduct which results in injury or death of any person on college-owned or -controlled property, or college-sponsored or supervised functions; or causing, attempting to cause, or threatening to cause physical injury to another person.
3. Conduct which results in cutting, defacing, damaging, or other injury to any real or personal property owned by the college or to private property on campus.

4. Stealing or attempting to steal college property or private property on campus; or knowingly receiving stolen college property or private property on campus.

5. Unauthorized entry to or use of college facilities.

6. Committing or attempting to commit robbery or extortion.

7. Dishonesty such as cheating, plagiarism (including plagiarism in a student publication), forgery, alteration or misuse of college documents, records, or identification documents, or furnishing false information to the college.

8. The use, sale, or possession on campus of, or presence on campus under the influence of, any controlled substance, or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code or any controlled substance listed in California Health and Safety Code Section 11053 et seq., an alcoholic beverage, or an intoxicant of any kind; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in California Health and Safety Code Section 11014.5.

9. Possession, sale or otherwise furnishing any firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife or explosive, unless, in the case of possession of any object of this type, the student has obtained written permission to possess the item from an authorized college employee.

10. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the governing board.

11. Lewd, indecent, or obscene conduct or expression on college-owned or -controlled property, or at college sponsored or supervised functions; or engaging in libelous or slanderous expression; or expression or conduct which so incites students as to create a clear and present danger of the commission of unlawful acts on college premises, or substantial disruption of the orderly operation of the college.

12. Disruptive or insulting behavior, willful disobedience, habitual profanity or vulgarity; or the open and persistent defiance of the authority of, refusal to comply with directions of, or persistent abuse of, college employees in the performance of their duty on or near the school premises or public sidewalks adjacent to school premises.

13. Obstruction or disruption of teaching, research, administrative procedures or other college activities.

14. Committing sexual harassment as defined by law or by college policies and procedures; or engaging in harassing or discriminatory behavior based on race, sex, religion, age, national origin, disability, or any other status protected by law.

15. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct.

B. In accordance with Education Code Section 76234, the results of any disciplinary action or appeal in connection with any alleged sexual assault, physical abuse or threat of the same shall be made available within 3 school days of the results, to the alleged victim, who shall keep such information confidential.

V. Forms of Discipline. Students facing disciplinary action are subject to any of the following actions:

A. Written or verbal reprimand. An admonition to the student to cease and desist from conduct determined to violate the Code of Student Conduct. Written reprimands may become part of a student's permanent record at the college. A record of the fact that a verbal reprimand has been given may become part of a student's record at the college for a period of up to one year.

B. Probation. A period of time specified for observing and evaluating a student's conduct, with or without special conditions. Probation will be imposed for a specific period of time; the student is considered removed from probation when the period expires. Violation of any conditions during the period of probation may be cause for further disciplinary action.

C. Loss of Privileges and Exclusion from Activities. Exclusion from participation in designated privileges and extracurricular activities for a specified period of time. Violation of any conditions or Code of Student Conduct during the period of sanction may be cause for further disciplinary action.

D. Educational Sanction. Work, research projects, counseling, or community service projects may be assigned. Violation of any requirements of assignment or Code of Student Conduct during the period of sanction may be cause for further disciplinary action.

E. Treatment Requirement. Require enrollment in anger management, drug and alcohol rehabilitation treatment. Such requirement must receive prior approval from the Vice President of Student Services (or designee).

F. Group Sanction. Sanctions for the misconduct of groups or organizations may include temporary or permanent revocation or denial of group registration as well as other appropriate sanctions.
G. Removal from Class. Exclusion of the student by an instructor for the day of the removal and the next class meeting. Instructor must immediately report the removal to the Vice President of Student Services (or designee).

H. Exclusion from Areas of the College. Exclusion of a student from specified areas of the campus. Violation of the conditions of exclusion or Code of Student Conduct during the period of exclusion may be cause for further disciplinary action.

I. Withdrawal of Consent to Remain on Campus. Withdrawal of consent by the Campus Police for any person to remain on campus in accordance with California Penal Code Section 626.4/626.6 where the Campus Police has reasonable cause to believe that such person has willfully disrupted the orderly operation of the campus. Any person as to whom consent to remain on campus has been withdrawn who knowingly reenters the campus during the period in which consent has been withdrawn, except to come for a meeting or hearing, is subject to arrest.

J. Short-term Suspension. Exclusion of the student by the President (or designee) for good cause from one or more classes for a period of up to ten consecutive days of instruction.

K. Long-term Suspension. Exclusion of the student by the President (or designee) for good cause from one or more classes for the remainder of the school term or school year, or from all classes and activities of the college and District for one or more terms.

L. Expulsion. Exclusion of the student by the Board of Trustees from attending all colleges in the District.

VI. Disciplinary action may be imposed on a student by:

A. A college faculty member who may place a student on probation or remove the student from class and/or a college activity for the remainder of that class/activity period.

B. The President (or designee) who may impose any form of discipline, including summarily suspending a student when deemed necessary for the welfare and safety of the college community.

C. The President who may recommend “expulsion” to the Chancellor.

D. The Board of Trustees who may terminate a student’s privilege to attend any college of the District.

VII. Due Process for Discipline, Suspensions and Expulsions

A. Definitions:

1. Student. Any person currently enrolled as a student at any college or in any program offered by Peralta Community College District.

2. Faculty Member. Any instructor (an academic employee of the District in whose class a student subject to discipline is enrolled), counselor, librarian, or any academic employee who is providing services to the student.

3. Day. A day during which the District is in session and regular classes are held, excluding Saturdays, Sundays, and District holidays.

4. Written Notice/Written Decision. Notice sent by personal service or by registered or certified mail with return receipt requested via the United States Postal Service.

B. Procedure. Before any disciplinary action to suspend or expel is taken against a student, the following procedures will apply:

1. Notice. The Vice President of Student Services (or designee) will provide the student with written notice of the conduct warranting the discipline. The written notice will include the following:

   a. The specific section of the Code of Student Conduct that the student is accused of violating.
   b. A short statement of the facts (such as the date, time, and location) supporting the accusation.
   c. The right of the student to meet with the Vice President of Student Services (or designee) to discuss the accusation, or to respond in writing.
   d. The nature of the discipline that is being considered.

2. Time limits. The notice must be provided to the student within 5 days of the date on which the conduct took place or became known to the Vice President of Student Services (or designee); in the case of continuous, repeated or ongoing conduct, the notice must be provided within 5 days of the date on which conduct occurred or became known to the Vice President of Student Services (or designee) which led to the decision to take disciplinary action.

3. Conference Meeting. A student charged with misconduct must meet with the Vice President of Student Services (or designee) for a conference regarding the basis of the charge and the possible disciplinary action that may arise as a consequence. If the student fails to respond within 5 days after receipt of the written notice, the Vice President may proceed on the assumption that the charge(s) is (are) valid.

The conference with the Vice President of Student Services (or designee) will be for the purpose of:

a. Reviewing the written statement of the charge(s) as presented to the student;

b. Providing a reasonable opportunity at the meeting for the student to answer the charge(s) verbally or in writing to the accusation;

c. Informing the student in writing of possible disciplinary action that might be taken;
d. Presenting to the student the College Due Process Procedures.

4. Meeting Results. One of the following scenarios will occur:
   a. The matter is dismissed, in which case no public record of this incident shall be retained; however, an annual confidential report is required to be submitted to the Peralta Board of Trustees.
   b. A disciplinary action is imposed, and the student accepts the disciplinary action.
   c. A disciplinary action is imposed, and the decision of the Vice President of Student Services (or designee) is final due to the form of the discipline.
   d. A disciplinary action of a long-term suspension is imposed and the student does not accept the long-term suspension. The student must file at the Office of the President a written notice of intent to appeal to the Student Disciplinary Hearing Panel within 5 days of the written decision from the Vice President of Student Services (or designee).
   e. A recommendation for expulsion is made by the Vice President of Student Services (or designee) to the College President.

5. Short-term Suspension.
   Within 5 days after the meeting described above, the Vice President of Student Services (or designee) shall decide whether to impose a short-term suspension, whether to impose some lesser disciplinary action, or whether to end the matter. Written notice of the Vice President of Student Services' (or designee's) decision shall be provided to the student. The written notice will include the length of time of the suspension, or the nature of the lesser disciplinary action. The Vice President of Student Services' (or designee) decision on a short-term suspension shall be final.

6. Long-term Suspension.
   Within 5 days after the meeting described above, the Vice President of Student Services (or designee) may decide to impose a long-term suspension. Written notice of the Vice President of Student Services' (or designee's) decision shall be provided to the student. The written notice will include the right of the student to request a formal hearing and a copy of the College Student Discipline (Due Process) Procedures describing the procedures for a hearing.

7. Expulsion.
   Within 5 days after the meeting described above, the Vice President of Student Services (or designee) may decide to recommend expulsion to the President. The Student Disciplinary Hearing Panel shall be convened to provide a recommendation to the President. The President shall then decide whether to make a recommendation of expulsion to the Chancellor and Board of Trustees. Written notice of the President’s (or designee’s) decision to recommend expulsion shall be provided to the student. The written notice will include the right of the student to a formal hearing with the Board of Trustees before expulsion is imposed, and a copy of the College Student Discipline (Due Process) Procedures describing the procedures for a hearing.

VIII. Hearing Procedures:
A. Request for Hearing. Within 5 days after receipt of the Vice President of Student Services’ (or designee’s) decision regarding a long-term suspension, the student may request a formal hearing. The request must be made in writing to the President (or designee). Any charge(s) to which the student does not respond shall be deemed valid.

Any recommendation for expulsion by the Vice President of Student Services (or designee) shall be automatically reviewed by the Student Disciplinary Hearing Panel.

B. Schedule of Hearing. The formal hearing shall be held within 10 days after a written request for hearing is received. Student’s failure to confirm attendance at hearing or failure to appear at the hearing without reasonable cause constitutes waiver of the student’s right to appeal. The formal hearing timeline may be tolled (postponed) pending a formal investigation of any discrimination claims by or against the student. Such investigation must be concluded no later than 90 calendar days as required by law.

C. Student Disciplinary Hearing Panel. The hearing panel for any disciplinary action shall be composed of one faculty (selected by the President of the Faculty Senate), one classified (selected by the President of the Classified Senate), one administrator (selected by the President of the College) and one student (selected by the Associated Students).

The President (or designee), at the beginning of the academic year, will establish the panel, along with alternates. The chair of the committee will be appointed by the President.
D. Hearing Panel Chair. The President (or designee) shall appoint one member of the panel to serve as the chair. The decision of the hearing panel chair shall be final on all matters relating to the conduct of the hearing unless there is a vote by two other members of the panel to the contrary.

E. Conduct of the Hearing.

1. The members of the hearing panel shall be provided with a copy of the accusation against the student and any written response provided by the student before the hearing begins.

2. The facts supporting the accusation shall be presented by a college representative who shall be the Vice President of Student Services.

3. The college representative and the student may call witnesses and introduce oral and written testimony relevant to the issues of the matter.

5. Unless the hearing panel determines to proceed otherwise, the college representative and the student shall each be permitted to make an opening statement. Thereafter, the college representative shall make the first presentation, followed by the student. The college representative may present rebuttal evidence after the student completes his or her evidence. The burden shall be on the college representative to prove by the preponderance of evidence that the facts alleged are true.

6. The student may represent himself or herself, and may also have the right to be represented by a person of his or her choice, except that the student shall not be represented by an attorney unless, in the judgment of the hearing panel, complex legal issues are involved. If the student wishes to be represented by an attorney, a request must be presented not less than 5 days prior to the date of the hearing. If the student is permitted to be represented by an attorney, the college representative may request legal assistance. The hearing panel may also request legal assistance; any legal advisor provided to the panel may sit with it in an advisory capacity to provide legal counsel but shall not be a member of the panel nor vote with it.

7. Hearings shall be closed and confidential unless the student requests that it be open to the public. Any such request must be made not less than 5 days prior to the date of the hearing.

8. In a closed hearing, witnesses shall not be present at the hearing when not testifying, unless all parties and the panel agree to the contrary.

9. The hearing shall be recorded by the District either by tape recording or stenographic recording, and shall be the only recording made. No witness who refuses to be recorded may be permitted to give testimony. In the event the recording is by tape recording, the hearing panel chair shall, at the beginning of the hearing, ask each person present to identify himself or herself by name, and thereafter shall ask witnesses to identify themselves by name. Tape recording shall remain in the custody of the District at all times, unless released to a professional transcribing service. The student may request a copy of the tape recording.

10. All testimony shall be taken under oath; the oath shall be administered by the hearing panel chair. Written statements of witnesses under penalty of perjury shall not be used unless the witness is unavailable to testify. A witness who refuses to be tape-recorded is not unavailable.

11. Within 10 days following the close of the hearing, the hearing panel shall prepare and send to the President (or designee) a written recommendation regarding the disciplinary action to be imposed, if any. The recommendation shall include specific factual findings regarding the accusation, and shall include specific conclusions regarding whether any specific section of the Standards of Student Conduct were violated. The decision shall be based only on the record of the hearing, and not on matter outside of that record. The record consists of the original accusation, the written response, if any, of the student, and the oral and written evidence produced at the hearing.

IX. President’s (or designee’s) Decision

A. Long-term suspension. Within 5 days following receipt of the hearing panel’s recommendation, the President (or designee) shall render a final written decision based on the recommendations of the hearing panel and the Vice President of Student Services (or designee). If the President (or designee) modifies or rejects the hearing panel’s recommendation, the President shall review the record of the hearing, and shall prepare a written decision that contains specific factual findings and conclusions. The decision of the President (or designee) shall be final.
B. Expulsion. Within 5 days following receipt of the hearing panel’s recommendation, the President (or designee) shall render a written decision either to recommend expulsion or to impose a lesser form of discipline. If the President (or designee) modifies or rejects the hearing panel’s decision, he or she shall review the record of the hearing, and shall prepare a written decision that contains specific factual findings and conclusions. If the President (or designee) decides to recommend expulsion, such recommendation shall be forwarded to the Chancellor and Board of Trustees.

X. Chancellor’s Decision
A student may, within 10 days of the President’s decision to impose long-term suspension or to recommend expulsion, appeal the decision in writing to the Chancellor. For long-term suspensions, the Chancellor (or designee) shall issue a written decision to the parties and the representatives within ten days of the receipt of the President’s decision. For expulsions, the Chancellor shall forward the President’s recommendation to the Board of Trustees within 10 days and provide an independent opinion as to whether he or she also recommends expulsion.

XI. Board of Trustees’ Decision:
A. Long-Term Suspension Appeal:
The Chancellor’s (or designee’s) decision regarding long-term suspension may be appealed to the Board of Trustees within 10 days of receipt of the Chancellor’s decision. The Board will consider the appeal request, along with the Chancellor’s decision, at the next regularly scheduled meeting. The Board may reject the appeal request and uphold the Chancellor’s decision, or accept the appeal and conduct a hearing. The Board’s procedures for hearing of long-term suspension will be similar to the procedures required for expulsion hearings.

B. Expulsion:
1. The Board of Trustees shall consider any recommendation from the President for expulsion at the next regularly scheduled meeting of the Board after receipt of the recommended decision.
2. The Board shall consider an expulsion recommendation in closed session, unless the student has requested that the matter be considered in a public meeting in accordance with these procedures. (Education Code Section 72122)
3. The student shall receive written notice at least three days prior to the meeting of the date, time, and place of the Board’s meeting.
4. The student may, within 48 hours after receipt of the notice, request that the hearing be held as a public meeting.

5. Even if a student has requested that the Board consider an expulsion recommendation in a public meeting, the Board will hold any discussion that might be in conflict with the right to privacy of any student other than the student requesting the public meeting in closed session.
6. The Board may accept, modify or reject the findings, decisions and recommendations of the President (or designee) and Chancellor (or designee). If the Board modifies or rejects the decision, the Board shall review the record of the hearing, and shall prepare a written decision that contains specific factual findings and conclusions. The decision of the Board shall be final.
7. The final action of the Board on the expulsion shall be taken at a public meeting, and the result of the action shall be a public record of the District.

XII. Time Limits
Any times specified in these procedures may be shortened or lengthened if there is mutual concurrence by all parties.

XIII. Student Grievance:
A. Students who believe that they have been improperly subjected to any of the disciplinary measures stated in this policy may file a Student Grievance with the Vice President of Student Services in accordance with Board Policy 5530 Student Rights and Grievance.

B. Students in Allied Health Programs:
Board Policy 5531 (Allied Health: Student Appeal of Dismissal for Clinical Performance) may apply in lieu of this Board Policy to students who are enrolled in the Allied Health program for clinical performances.

AP 5530 STUDENT RIGHTS AND GRIEVANCE PROCEDURE

The purpose of this procedure is to provide a prompt and equitable means of resolving student grievances. This procedure shall be available to any student who reasonably believes an experience or decision has adversely affected his or her status, rights or privileges as a student. A grievance may be initiated by a student against an instructor, an administrator, or a member of the classified staff. A grievance may also be initiated against another student.

I. Grounds for Filing Student Grievances. The Student Grievance Procedure shall apply only to grievances involving:
A. Academic (Grade) Grievance: a complaint alleging mistake, fraud, bad faith or incompetence in the academic (grade) evaluation of student performance.
B. Violation of Law, Policy, and Procedures:

1. Violation of rights which a student is entitled to by law or District policy, including financial aid, exercise of free expression, rules for student conduct, admission, probation, or suspension or dismissal policies.
2. Act or threat of physical aggression
3. Act or threat of intimidation or harassment

C. This Student Grievance Procedure does not apply to:

1. Police citations (i.e. “tickets”). Complaints about citations must be directed to the Campus Police in the same way as any traffic violation.
2. Discrimination, Sexual Assault or Sexual Harassment. Any student who feels he/she has been or is presently an alleged victim of sexual harassment, may first contact the Vice President of Student Services to file a complaint verbally or in writing, or may directly contact the District’s Equal Opportunity Coordinator at 333 East Eighth Street, Oakland, CA 94606, (510) 466-7220. At the time a complaint is made known, a copy of the complaint procedures and a complaint form shall be made available to the complainant. For additional information regarding reporting of discrimination, sexual assault or sexual harassment, please refer to Discrimination Complaint Procedures in this catalog.

II. Definitions

A. Party: The student or any persons claimed to have been responsible for the student’s alleged grievance, together with their representatives. “Party” shall not include the Grievance Hearing Committee.

B. Student: A currently enrolled student, a person who has filed an application for admission to the college, or a former student. A grievance by an applicant shall be limited to a complaint regarding denial of admission. Former students shall be limited to grievances relating to course grades to the extent permitted by Education Code Section 76224(a).

C. Respondent: Any person claimed by a grievant to be responsible for the alleged grievance.

D. Observer: An individual who is present at a hearing to observe the proceeding, but shall not be allowed to speak and address the committee.

E. Written Notice/Written Decision: Notice sent by personal service or by registered or certified mail with return receipt requested via the U.S. Postal Service.

F. Day. Unless otherwise provided, day shall mean a day during which the college is in session and regular classes are held, excluding Saturdays, Sundays, and District holidays.

III. Grievance Process

A. Informal Resolution

Within 30 days of the allegation, each student who has a grievance shall make a reasonable effort to resolve the matter on an informal basis prior to requesting a grievance hearing:

1. For an academic (grade) grievance, the student shall make an appointment with the faculty against whom he/she has a grievance during the faculty member’s posted office hours or at a mutually-agreed-upon time, in order to discuss the student’s complaint. Should the faculty against whom the student has an academic complaint fail to meet with the student in a timely manner, the student may meet with the Division Dean of Instruction of the faculty member.

2. For a grievance based on an alleged violation of law, policy, and procedures, the student shall attempt to solve the problem with the person with whom the student has the grievance, that person’s immediate supervisor, or the Vice President of Student Services (or designee).

B. Formal Complaint Procedures

Any student who believes he/she has a grievance must file an approved grievance complaint form with the Vice President of Student Services (or designee). The student may obtain the form from the Office of the Vice President of Student Services. The student must file within 90 days of the incident on which the grievance is based; or after the student knew or should have known of the basis for the grievance, whichever is later. The grievance complaint must be filed whether or not the student has already initiated efforts at informal resolution, if the student wishes the grievance to become official. Failure to file a formal complaint within such ninety (90) day period constitutes waiver of the student’s right to appeal.

1. Filing Complaint

The complaint must include the following:

a. The exact nature of the complaint (grounds)

b. The specific details of the complaint (e.g., chronology of the event and an explicit description of the alleged violation)

c. A description of the informal meeting and attempted resolution, if any

d. The specific resolution/remedy sought

Complaint should be filed with Vice President of Student Services.

2. Meeting with Vice President of Student Services (or designee)

The Vice President of Student Services (or designee) shall provide to the person against whom the grievance has been filed a copy of the grievance and a copy of the procedure.
The Vice President of Student Services (or designee) will provide the grievant with a written copy of the policy and procedures and answer all questions regarding the policy including the student's rights and responsibilities in the process of filing a grievance. For academic (grade) grievances, the Vice President of Student Services (or designee) will inform the student that a grade change may only be made where there is a finding of fraud, mistake, bad faith or incompetence.

The student and Vice President of Student Services (or designee) shall attempt to reach an informal resolution.

3. Request for Grievance Hearing
   If an informal resolution cannot be reached, the Vice President of Student Services (or designee) shall make a request for records and documents from the student filing the complaint and forward copies of all documents pertinent to the alleged violation to the Chair of the Grievance Committee and the parties. Documents or accusations not specifically related to the alleged violations shall not be forwarded to the committee or the parties.
   a. For academic (grade) grievance, the Chair shall request records and documents from the faculty member against whom the complaint has been filed.
   b. For grievance based on an alleged violation of law, policy, and procedures, the Chair shall request records and documents from the party against whom the complaint has been filed.

The Grievance Hearing timeline may be tolled (postponed) pending a formal investigation of any discrimination claims by or against the student. Such investigation must be concluded no later than 90 calendar days as required by law.

4. Grievance Hearing Committee
   Within 90 days following receipt of the grievance complaint form, the Grievance Hearing Committee shall conduct a hearing. The following College Grievance Committee members shall be appointed for a term of one academic year as follows:
   a. The Vice President of Instruction, who shall Chair the committee;
   b. One faculty member (and one alternate) jointly appointed by the PFT and the Faculty Senate;
   c. One administrator (and one alternate) appointed by the College President;
   d. One student (and one alternate) appointed by the President of the Associated Students
   e. For academic (grade) grievances, one faculty member (and one alternate) jointly appointed by the PFT and the Faculty Senate; and
   f. For other grievances, one classified employee (and one alternate) jointly appointed by Local 790 and the Classified Senate.

   A committee member shall withdraw from participation in the hearing if a conflict of interest is anticipated, in which case the alternate member shall serve. The members of the Committee shall be provided with a copy of the grievance and any written response provided by the respondent before the hearing begins. Four-fifths of the members of the committee shall be present in order for the committee to act.

5. Hearing Procedure
   a. The Vice President of Instruction, as Chair, shall provide written notice, including the date, time and place of the hearing to both parties at least ten days prior to the hearing. The notice shall be hand-delivered or sent by certified mail and shall include a copy of the complaint.
   b. The Chair shall provide the involved complainant with a written summary of rights he/she may be entitled to by law or contract at least 10 days before the hearing. For academic (grade) grievances, the Chair of the committee shall provide the involved faculty member with a written summary of rights he/she may be entitled to by law or contract at least 10 days before the hearing. Both parties shall be given adequate time (at least 10 days) to read and review all documents, consistent with privacy laws. This right may be waived by either party. Both parties shall be informed that all relevant evidence presented to the hearing committee, whether written or oral, may be used against them in this or any other proceeding unless otherwise prohibited by law. The written notice shall inform the parties of this fact. The Chair of the committee shall inform both parties orally of this fact at the commencement of the hearing.
   c. The decision of the Chair shall be final on all matters relating to the conduct of the hearing unless there is a vote by a majority of the other members of the panel to the contrary. The Chair may do whatever is necessary, so long as it is legally permissible, to ensure that the hearing is conducted in a fair, dignified and orderly manner.
   d. The Chair of the committee may exclude a witness from the hearing when the witness is not giving testimony.
   e. Anyone who disrupts the proceeding or interferes shall be excluded from the proceeding.
f. All information derived from the complaint is confidential. Information may not be made public nor discussed with anyone except those with a legitimate need to know.

g. The hearing shall be open only to persons directly involved in the matters to be heard. The bargaining agent representing the respondent may send an observer to any hearing.

h. The committee may call in “expert witnesses” if the subject of the grievance is beyond their expertise.

i. The committee shall inform the witnesses (other than the accused) in writing that they are sought for interview purposes and their participation in the process is requested by the committee. Witnesses shall also be informed as to the purpose of the interview, the general subject of the interview, and their right to request representation by anyone of their choosing prior to and during said interview.

j. Any member of the committee may ask questions of any witness.

k. The hearing shall be conducted so as to bring all of the relevant information and evidence to the members of the committee in an orderly and intelligible form. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted, if it is the sort of evidence on which responsible persons are accustomed to rely upon in the conduct of serious affairs. Accusations not specifically related to the alleged violation shall not be considered relevant. The rules of privilege shall apply to the same extent that they are recognized in civil actions.

l. At all steps of the process, both the student filing and the other party have the right to be accompanied, advised and represented by a person or counsel of their choosing. If either party wishes to be represented by an attorney, a request must be presented not less than 10 days prior to the date of the hearing. If the student is permitted to be represented by an attorney, the college representative may request legal assistance. The hearing committee may also request legal assistance; any legal advisor provided to the panel may sit with it in an advisory capacity to provide legal counsel but shall not be a member of the panel nor vote with it.

m. If the respondent or his/her representative, or both, are absent from all or a part of the hearing, the committee shall make its recommendations on the basis of whatever evidence is submitted before the hearing and on whatever evidence and testimony is presented to the committee during the hearing.

n. The committee shall make all evidence, written or oral, part of the record.

o. The committee shall judge the relevancy and weight of testimony and evidence and make its findings of fact, limiting its investigation to the formal charge. The decision shall be based only on the record of the hearing, and not on matter outside of that record.

p. The burden shall be on the grievant to prove by a preponderance of the evidence that the facts alleged are true and a grievance has been sufficiently established.

q. The hearing date may be postponed or continued at the discretion of the Chair of the committee. Both parties shall be given notice of the new or continued hearing date.

r. The votes of the majority of the members present (at least 3 votes) are necessary in order for the committee to make a recommendation to the Vice President of Student Services.

s. The Chair of the committee shall notify the Vice President of Student Services of the committee’s recommendation within 10 days.

t. A summary record of the proceedings held in a closed session shall be kept in a confidential file by the Vice President of Student Services and shall be available at all times to the accused person. The Vice President of Student Services has the responsibility to ensure that a proper record is maintained and available at all times.

6. Final Decision by Vice President of Student Services

Based on the grievance hearing committee’s recommendations, the Vice President of Student Services (or designee) may accept the recommendation, return it to the committee for further review, or reject it. Within 10 days of receipt of the committee’s recommendation, the Vice President of Student Services (or designee) shall send written notification to the parties and committee informing them of:

a. The committee’s recommendation;

b. The final decision by Vice President of Student Services; and

c. Appeals procedure

Any decision to reject findings of the committee must be supported by a summary finding of fact. The decision to recommend a grade change must be supported by a summary finding of fact, establishing mistake, fraud, bad faith or incompetence.

7. Appeals

a. President’s Decision

The Vice President of Student Services’ (or designee’s) decision may be appealed by either party in writing within 10 days of the Vice President of Student Services’ (or designee’s) decision.

The College President shall issue a written decision to the parties and their representatives within ten (10) days of receipt of the appeal. A decision to change a grade must be supported by a summary finding of fact, establishing mistake, fraud, bad faith or incompetence.
b. Chancellor’s Decision
The College President’s decision may be appealed to the Chancellor in writing within 10 days of receipt of the decision.

The Chancellor, or designee, shall issue a written decision to the parties and the representatives by certified mail within 10 days of the receipt of the decision. A decision to change a grade must be supported by a summary finding of fact, establishing mistake, fraud, bad faith or incompetence.

c. Board of Trustees’ Decision
The Chancellor’s (or designee’s), decision may be appealed to the Board of Trustees in writing within 10 days of the receipt of the decision.

The Board will review the documentation of the prior steps of the case and determine whether to confirm the Chancellor’s decision or hear the appeal. If the Board confirms the Chancellor’s decision, the appellant has exhausted his or her remedies. If the Board decides to consider the appeal, it will do so in closed session subject to Education Code 72122, and will issue a final decision within forty-five (45) days after receipt of the decision.

A decision to change a grade must be supported by a summary finding of fact, establishing mistake, fraud, bad faith or incompetence. Implementation of any grade change shall be held in abeyance until the internal appeal process has been exhausted.

All recommendations, resolutions, and actions taken by the Board of Trustees shall be consistent with the State and Federal law, the Peralta Community College District Policies and Procedures, and the PFT and Local 790 Collective Bargaining Agreements. (In the event of a conflict between the Collective Bargaining Agreement and the PCCD Policies and Procedures, the Collective Bargaining Agreement shall govern.)

8. Time Limits
Any times specified in these procedures may be shortened or lengthened if there is mutual concurrence by all parties.

AP 5140 DISABLED STUDENTS PROGRAMS AND SERVICES
Under federal and State laws, the District and Colleges are required to ensure that academic requirements and practices, facilities, electronic information technology, printed materials, and College services and activities are accessible to individuals with disabilities. The College will make modifications as necessary in order to provide equal access.

I. The role of the Disabled Student Programs and Services (DSP&S) program is to assist the colleges in meeting federal and state obligations to students with disabilities. DSP & S is the primary provider for support programs and services that facilitate equal educational opportunities for students with disabilities who can benefit from instruction as required by federal and State laws.

A. No student with disabilities is required to participate in the DSP&S program.

If a student requests accommodations and does not want to register with DSP&S, he/she will need to submit documentation to the College 504/ADA Coordinator. DSP&S will evaluate the disability documentation and discuss the request for accommodations with the student.

B. Each College maintains a plan for the provision of programs and services to students with disabilities designed to assure that they have equal access to College classes and programs. The yearly DPS&S Plan, as required by the State Chancellor’s Office, describes the processes, procedures, and requirements, as well as a full description of the program. Other information regarding the goals and objectives of DSP&S can be found in the DSP&S Program Review document.

II. Academic Accommodations Procedures for Students with Disabilities
A. Pursuant to Section 504 of the Rehabilitation Act of 1973, Title 5, Section 56027, and Board Policy 5.24, the Peralta Community College District has developed the following procedures to respond in a timely manner to requests by students with disabilities for academic accommodations. Pursuant to Title 5, Sections 56000-56088 the District has developed DSP&S at each college to assist students with disabilities in accessing appropriate instruction, programs, academic accommodations and auxiliary aids.
B. The goal of all academic accommodations and auxiliary aids is to minimize the effects of the disability on the educational process. The student with a disability shall be given the opportunity both to acquire information and to be evaluated in a way that allows the student to fully demonstrate his/her knowledge of the subject. The goal is to maintain academic standards by giving the student assignments that are comparable in content, complexity, and quantity.

1. When a student requests disability-related services, the student's disability is verified by the DSP&S professional, according to state-mandated criteria. If the student is deemed ineligible for services, DSP&S shall provide the student with written notice of the denial stating both the reasons for the denial and that the student has a right to appeal the denial through the District Discrimination and Complaint Procedures. Pending the resolution of any dispute regarding an accommodation, the accommodation will be provided.

2. The DSP&S professional (as defined in Title 5 Sections 56006, 56048, 56060, 56064, and 56066), in consultation with the student, determines educational limitations based on documentation of the disability and functional limitations and authorizes the use of any appropriate auxiliary aids and/or academic accommodations. These may include but are not limited to:
   a. Auxiliary aids such as a tape recorder, assistive listening device, calculator, computer, taped text or spelling checker used in the classroom and/or in completing class assignments;
   b. The use in the classroom of a reader, American Sign Language interpreter, note taker, or scribe, or real-time captioner for students who are deaf or hard of hearing or the presence of service animals, mobility assistants, or attendants in the classroom;
   c. Testing accommodations such as extended time for test taking and distraction-reduced test setting;
   d. Extending the length of time permitted for course or degree requirements and flexibility in the manner in which specific course content is accessed, based on individual disability;
   e. Substitution for specific courses required for the completion of general education degree requirements, or substitutions or waivers of major or certificate requirements.
   f. Access to Alternate Media such as Braille, large print, and electronic text (e-text).

3. With the consent of the student, instructors are informed of authorized auxiliary aids and academic accommodations. It is the responsibility of the instructor to allow auxiliary aids to be used in the classroom or to coordinate with the DSP&S professional for the delivery of academic accommodations. It is the responsibility of the DSP&S professional to make arrangements for and facilitate the delivery of academic accommodations with the disabled student in coordination with faculty, as appropriate. The DSP&S professional will assist with providing the appropriate accommodations and appropriate follow up for DSP&S students. An example of appropriate follow up might be a DSP&S Counselor contacting an instructor and DSP&S student to inquire about the effectiveness of an accommodation.

4. Instructors cannot unilaterally deny approved accommodations and students may not be asked or required to negotiate with instructors or staff about the provisions of adjustments or aids that have been approved by the DSP&S. If an instructor receives an accommodation form and does not understand it or disagrees with the accommodation, it is the instructor’s responsibility to contact DSP&S to discuss the issue.

III. Grievance Procedures

If a student is denied academic accommodations or the use of auxiliary aids by an instructor and wishes to appeal, she/he should contact the DSP&S professional who will schedule a meeting with the instructor to discuss and resolve the issue. The student may invite the DSP&S professional (i.e., a DSP&S Coordinator, Counselor, Instructor, Acquired Brain Injury (ABI) Specialist, Learning Disability (LD) Specialist, etc.) to attend this meeting. In the case where an unresolved issue becomes a dispute (i.e., an issue that is not resolved informally between the student and the instructor with the assistance of the DSP&S professional), the student may file a complaint through the District's Harassment and Discrimination Complaint Procedures. Pending the resolution of any dispute regarding an accommodation, the accommodation will be provided.
IV. Meeting General Education Degree Requirements:

When the severity of the disability of an otherwise qualified student precludes successful completion of a course required for graduation from a college within the Peralta Community College District, despite an earnest effort on the part of the student to complete the course or its prerequisite—if appropriate for the disability as determined by a qualified DSP&S Specialist—and despite the provision of academic adjustments and/or auxiliary aids, the student may request a substitution of the course as an alternative method of meeting general education degree requirements.

A. The Evaluation Team will consist of the DSP&S Coordinator, the Department chair or instructor from the discipline of the course or major for which a substitution is being requested, and the appropriate Dean of Instruction.

B. The team may consult, as appropriate, with DSP&S professionals, Associate Vice Chancellor for Admissions and Records and Student Services, and the College Vice President of Instruction in order to make a decision.

C. In assessing requests, the Evaluation Team should consider the anticipated exit skills from the course that can be substituted for comparable exit skills in another course. These comparable skills may be found in a discipline different from the discipline of the original course.

V. Meeting Major or Certificate Requirements

The process for evaluating requests for major or certificate requirements is the same as stated in the section (IV) above except that the student may request a substitution or a waiver of the course as an alternative method of meeting major or certificate requirements.

A. A course substitution maintains the standards of academic rigor of degree programs because the student is required to demonstrate comparable skills (when a student completes a comparable course as established by an Evaluation Team). Therefore, requesting a course substitution is the preferred option to meet general education degree requirements. For major or certificate course requirements, course substitutions and/or waivers may be considered.

B. Course substitutions are applicable for Peralta Community College District and may not be recognized by a transfer college.

VI. Evaluation of Substitution/ Waiver Request

A. Documentation

The student will complete the Request for Change of Graduation Requirements Form (available in the DSP&S office) and submit it to the DSP&S professional with the following attachments:

1. Petition for Substitution/Waiver (obtained from the Admissions Office).
2. Letter (written by the student) addressing the criteria listed in Part B.
3. Evidence from the DSP&S Professional (DSP&S Coordinator, Counselor, Instructor, Acquired Brain Injury (ABI) Specialist, Learning Disability (LD) Specialist, etc) verifying the disability and how it relates to the student's request.
4. Documentation of the student's academic record, the degree requirements for graduation and information about the course in question regarding whether or not it is essential to the student's course of study, major, transfer goals and/or employment goals as appropriate.
5. Additional Supporting Documentation can be provided by students.

B. Evaluation of Request

1. The DSP&S professional will review all documents, outline evidence of the use of all appropriate and available services and academic adjustments and indicate that, according to CRITERIA listed below, that the request is appropriate. The DSP&S professional then signs the Request for Change of Graduation Requirements Form and forwards the packet to the DSP&S Coordinator, who will convene an Evaluation Team.

2. The Evaluation Team consists of the DSP&S Coordinator, the Department Chair (or an Instructor) from the discipline of the course or major for which a substitution is being requested and the Dean of Instruction with responsibility for the Division, which includes the discipline of the course substitution. The Evaluation Team meeting is to be chaired by the Dean of Instruction and should consult with the Associate Vice Chancellor for Admissions and Records and Student Services, DSP&S professionals, and the College Vice President of Instruction as appropriate.

3. The Evaluation Team will assess student requests based on the following criteria:

   a. Documentation of the student’s disability with specific test scores, when appropriate, and a description of educationally related functional limitations in the academic area under discussion.
   b. Evidence of the student’s earnest efforts to meet the graduation requirement, which may include:
      i. Consistent and persistent efforts in attempting to meet all graduation requirements.
ii. Evidence that the student has attempted to
take the course in question or its prerequisite
with accommodations and has been unable to
successfully complete course requirements.
iii. Regular attendance (i.e., meeting the attendance
requirements of the course);
iv. Completion of all course assignments.
v. Use of all appropriate and available services such
as tutorial assistance or instructional support
classes.
vi. Use of all appropriate and available academic
accommodations such as test accommodations.
vii. Agreement among the student, DSP&S
Counselor and the appropriate Disabilities
Specialist that, due to the severity of the
disability, the student would not be able to
successfully complete the course requirements,
even with accommodations.
c. Evidence that the student is otherwise qualified
such as:
i. The student's success in completing other course
work requirements for the degree/certificate
as indicated by a grade point average of 2.0 or
greater in degree applicable classes.
d. Information about the course in question regarding
whether or not it is essential to the student's Course
of Study, Major, Transfer Goals or Employment
Goals.
e. Information about alternatives to the course in
question based on the learning/academic goals of
that course.

VII. Decision Process
A. Meeting General Education Degree Requirements
The Evaluation Team's decision will be made by
majority vote. If the Team recommends a course
substitution, the Team will request the department
in which the student is asking for course substitution
to provide a list of previously identified appropriate
course substitutions. If the department cannot identify
an appropriate course substitution or if the Team
concludes that a substitute course is inappropriate
due to the severity of the disability, as documented
by the Verification of disability and Educational
Limitations Form, then the College Vice President
of Instruction and the Associate Vice Chancellor for
Admissions and Records and Student Services shall
be included in the evaluation process to assist with the
identification of an appropriate course substitution. To
approve recommendations for course substitutions,
the Evaluation Team will forward its recommendation
to the Vice President of Instruction and then to the
Associate Vice Chancellor for Admissions and Records
and Student Services. The District Office of Admissions
and Records will verify, implement and notify the
student.

B. Meeting Major/Certificate Requirements
The process for evaluating request for major/certificate
requirements is the same as those stated above except
that the student may request a substitution or a waiver
of a course as an alternative method of meeting major
or certificate requirement.

VIII. Complaint Procedure
If the student is dissatisfied with the decision
of the Evaluation Team, she/he may follow the
District's Harassment and Discrimination Complaint
Procedures. The finding may be appealed directly to
the District Affirmative Action Officer. Students can
obtain the assistance of the District Affirmative Action
Office at any point during this process.

IX. Equal Access to Electronic and Information
Technology
Federal and State laws require that all electronic
and information technology purchased or used by
federal agencies must be accessible for use by persons
with disabilities. This regulation applies to the
development, procurement, maintenance and/or use
of all electronic and information technologies.

A. The Information Technology Department will
ensure that College employees who purchase
or request recommendations about information
technology products are informed of the accessibility
requirements of Section 508.
B. Grant recipients will be informed of their obligations
under Section 508 requirements.
C. The Purchasing Department will ensure that
vendors and other contract recipients are informed
of their obligations under section 508 requirements.
D. The Colleges and District will ensure that web
pages, online learning, and other distance
learning options for students are informed of their
obligations under section 508 requirements.
E. The Colleges will ensure that video and multimedia
products developed by the College and/or housed
at the College are equally accessible to individuals
with disabilities as defined by World Wide Web
Consortium (W3C).
F. The Colleges will ensure that faculty who develop
web pages, online learning, and other distance
learning options for students are informed of their
obligations under section 508.
G. The College will ensure that faculty and staff
are informed of their obligations under Section
508 requirements as they pertain to enrolled and
prospective students.
H. The Colleges will ensure that all staff members are
informed of their obligations under Section 508
requirements as they pertain to visitors and events
on campus.
I. The Office of Instruction will ensure that all library
staff members are informed of their obligations
under Section 508 as they pertain to library patrons.
The District will allow an individual with a disability to use a service animal in District facilities and on District campuses in compliance with state and federal law.

The District will allow an individual with a disability to be accompanied by his/her service animal in all areas of the District’s facilities where members of the public, or participants in services, programs or activities, are allowed to go.

These procedures shall also be applicable to any individual who is training a service animal.

I. Service Animal Defined

A. A “service animal” for purposes of this procedure means any dog (or miniature horse, as provided herein) that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability.

B. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition.

C. The work or tasks performed by a service animal must be directly related to the handler’s disability. The crime deterrent effects of an animal’s presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

II. Exceptions

A. The District may ask an individual with a disability to remove a service animal from the premises if:
1. It is not controlled
2. It is not housebroken; and/or
3. It is a threat to the health and safety of others

B. If a service animal is excluded under one of these exceptions, the District will give the individual with a disability the opportunity to obtain goods, services, and accommodations or to participate in the service, program, or activity without having the service animal on the premises.

III. Assessment Factors for Miniature Horses

The District shall consider the following factors:

A. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
B. Whether the handler has sufficient control of the miniature horse;
C. Whether the miniature horse is housebroken; and
D. Whether the miniature horse’s presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

IV. Control

The service animal must have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal’s safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler’s control (e.g., voice control, signals, or other effective means).

V. Care or Supervision

The District is not responsible for the care or supervision of the animal.

VI. Inquiries by the District

A. The District may make two inquiries to determine whether an animal qualifies as a service animal:
1. Whether the animal is required because of a disability; and
2. What work or task the animal has been trained to perform.

B. The District will not make either of these inquiries when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability (e.g., the dog is observed guiding an individual who is blind or has low vision, pulling a person’s wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).

C. An individual may choose to produce a county service dog license or identification tag as proof that the animal is a service animal. Licensure or certification is not required in order to meet the definition of service animal under this procedure. There are no licensing or certification requirements for miniature horses.

VII. No Surcharge

The District will not ask or require an individual with a disability to pay a surcharge, even if people accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets. If the District normally charges individuals for damage caused by pets, an individual with a disability may be charged for damaged caused by his or her service animal.

VIII. Employees

Notwithstanding the above, for employees of the District, service animals shall be treated as a reasonable accommodation of a physical or mental disability in accordance with Administrative Procedure AP 3410.
AP 3551 PRESERVING A DRUG FREE ENVIRONMENT FOR STUDENTS

Board Policy 3550 requires the Peralta Community College District to maintain campuses where students are prohibited from the unlawful manufacture, distribution, dispensing, possession, or use of controlled substances and from the use of alcohol.

A. For purposes of this administrative procedure, campus shall mean those places where a student is engaged in an authorized college activity. The campus includes property owned or leased by the District; property used by the District for student participation in field trips, field study, athletic competition, or study travel programs; and District or private vehicles while being used for official District business.

B. All students are required to comply with this procedure to remain in good standing and as a condition of continued attendance in any of the District’s colleges. Any violation of this procedure will be cause for disciplinary action against the student, up to and including expulsion, and/or may require the student to participate satisfactorily in a substance abuse assistance or rehabilitation program. Student discipline shall be accomplished in accordance with the provisions of AP 5520 Student Discipline Procedures.

C. Any student who needs information about substance abuse treatment may consult a counselor, who can provide the student with information about available treatment resources. The District does not provide substance abuse treatment.

D. The District shall provide annual notice to its students in the “Standards of Student Conduct” document of the prohibitions stated in this policy, including a description of the health risks associated with drug or alcohol abuse and of the District and community resources available for counseling and rehabilitation of those persons with alcohol or drug-related problems. The District shall also provide notice of the consequences of campus illicit drug and alcohol abuse violations, including possible criminal sanctions and student disciplinary action up to and including expulsion pursuant to applicable state law and District policy and administrative regulations. The purpose of such sanctions and discipline is to urge the students to begin the personal process of rehabilitation.

AP 3570 SMOKING

I. Applicability

Smoking is prohibited in all indoor and outdoor Peralta Community College District’s (“PCCD”) campus locations and District Administrative Centers, except for the following areas:

A. Berkeley City College: No exceptions designated.
B. College of Alameda:
   1. The area immediately outside the southwest corner of parking lot B;
   2. The grass area immediately to the east of the southernmost parking lot which is near buildings A and L.
C. Laney College: No exceptions designated.
D. Merritt College: All parking lots, except parking lots adjacent to the child care center, between buildings A & D, and the faculty and staff parking lot behind the A Building.
E. District Administrative Center Offices: 50 feet away from all buildings in the parking lot behind the main Administrative Office building.

II. Penalties

A. Violations of the smoking procedures of PCCD are subject to a fine equal to the current fee for parking violations. However, smoking fines shall be limited to a maximum fine of $100. Persistent offenders, 3 offenses or more, shall be fined $100.

B. If payment is not received within 21 calendar days the offenders will be notified of the consequences of failure to pay.

C. Payment must be sent to: Parking Enforcement Center, PO Box 6010, Inglewood, CA 90312. Check or money order shall be made payable to the “Peralta Community College District”.

III. Enforcement Procedure

A. Citation Enforcement

1. Peralta Police Services and other security entities (collectively, “Security Personnel”) shall have authority to issue citations for violations of PCCD’s smoking policy using the procedures established herein.

2. Citations shall be issued using the Peralta Police Services Notice of Parking Violations.

3. All Security Personnel who issue smoking citations shall complete all sections of the citation and shall include personally identifiable information, based on information required and available.

4. Security Personnel will leave a copy of the citation with the individual being cited.
B. Voiding Citations
1. A citation shall only be voided if it is determined that the citation was written in error, prior to the citation being issued. Once the citation has been issued, the citation may only be dismissed through the administrative review process.
2. Security Personnel voiding smoking citations shall:
   a. Write void on all copies of the citation; and
   b. Submit all voided copies to the Peralta Police Services office.
3. All copies of each voided citation will be filed and maintained for one year.

C. Citation Correction Notice
1. If an error was written on a smoking citation, but the citation is valid on its face, the Security Personnel who issued the citation shall complete a Citation Correction Notice.
2. If the error is discovered by a person other than the issuing Security Personnel, the citation will be returned to the issuing Security Personnel.
3. Once the error is confirmed, the issuing Security Personnel will complete a Notice of Correction and forward it to Peralta Police Services Administrative Sergeant for review.
4. Once the Notice of Correction has been reviewed, it will be mailed to the individual cited on the citation.
5. A copy of the Notice of Correction will be attached to the original citation and filed.

IV. Appeals (3 Levels)
A. Request for Citation Cancellation (Level 1)
1. An individual may request a Citation Cancellation within 21 calendar days of the citation issuance date.
2. Requests for cancellation must be done in writing, on the Citation Cancellation form. Forms are located at the Peralta Police Services Office, 333 E. 8th Street, Oakland, CA 94606.
3. Upon submittal of the Citation Cancellation form, the validity of the appeal shall be evaluated. Any decision made shall be based on the facts as represented on the face of the citation, the review request, and applicable laws and regulations.
   a. For citations issued by Peralta Police Services, their Administrative Sergeant shall evaluate the validity of the appeal.
   b. For citations issued by Security Personnel other than Peralta Police Services, the Vice Chancellor of General Services shall evaluate the validity of the appeal.
4. The evaluating officer can:
   a. Dismiss the violation and request PCCD to remit any payment made;
   b. Find no grounds for dismissal;
   c. Determine that an individual is not a persistent offender; or
   d. Reduce any late fees.
5. Decisions will be mailed to the individual who requested the Citation Cancellation. A copy of the decision will be kept on file until one year after the appeals process has been finalized.

B. Administrative Hearing (Level 2)
1. Individuals dissatisfied with the findings of the Level 1 hearing may request an “Administrative Hearing” (Level 2 hearing).
2. A request for an Administrative Hearing must be made to Peralta Police Services in writing within 21 calendar days from the date that the Level 1 hearing results were mailed.
3. The individual requesting a hearing may provide the information for his/her Administrative Hearing in writing. Forms are located at Peralta Police Services office, 333 E. 8th Street, Oakland, CA 94606.
   At the time of his/her request, the individual must provide a check or money order made payable to the “Peralta Community College District” for the full amount of the smoking fine. At that time, a formal hearing will be scheduled.
4. The Vice President, Student Services at the appropriate campus and a Peralta Police Services’ hearing Officer will conduct an Administrative Hearing with the contesting party. Once a decision has been reached, the decision will be mailed to the individual.

C. Superior Court (Level 3)
Within 20 days after service of the Level 2, Administrative Hearing decision, an individual may request review by filing an appeal to be heard by the superior court of competent jurisdiction.

V. Allocation of Proceeds From Fines
Funds shall be allocated to the PCCD and its colleges. Allocation shall include, but not be limited to, enforcement, education and promotion of this policy, and tobacco cessation treatment options.

VI. Initial Implementation
Upon the initial implementation of this policy, PCCD shall observe a six month grace period before any fine is distributed. Warnings shall be issued at the discretion of Security Personnel. During this grace period, PCCD shall inform employees and students of the tobacco use policy and of enforcement measures.
AP 3530 WEAPONS ON CAMPUS

Firearms, knives, explosives or other dangerous objects, including but not limited to any facsimile firearm, knife or explosive, are prohibited on any District campus or in any facility of the District except as detailed below.

Any person who believes that he/she may properly possess a firearm or other weapon on campus or other facility of the District must promptly notify the Peralta Police Services. Kitchen knives are restricted to food services use under the direct supervision of employees and shall remain in food services facilities or with a food service event.

Bringing or possessing any firearms, ammunition, explosives, air guns, slingshots, firecrackers, fireworks, cherry bombs, metal knuckles, billy clubs, dirks, daggers, ice picks, or knife having blade longer than 5 inches upon the grounds is prohibited, unless the person is authorized to possess such a weapon in the course of his/her employment, has been authorized by a District employee, or is a duly appointed peace officer, who is engaged in the performance of his/her duties.

Weapons are prohibited on any District campus or in any facility of the District, unless the person is authorized to possess such a weapon in the course of his/her employment, has been authorized by District Personnel, or is a duly appointed peace officer, who is engaged in the performance of his/her duties.

I. Applicability

A. These procedures apply to all employees and students of the Peralta Community College District; associates of the District; respective contractors; and guests

B. These procedures apply to any and all District property, including all campuses, administrative facilities, parking areas, grounds and other publicly-accessible areas, and at all events and activities occurring on District property.

C. These procedures are not applicable to online students unless such a student possesses or uses a weapon (1) while [s]he is physically present on a District campus or at a District-located event or, (2) in violation of federal, state or local law.

II. Definitions

A. “District” may include all colleges within the District, and all administrative, maintenance and other District-owned and/or controlled facilities, lots or open spaces.

B. “Weapon” is any instrument or device designed primarily for use in inflicting death or injury upon a human being or animal, and which is capable of inflicting death upon a human being when used in the manner for which it was designed

1. Weapons may include, but are not limited to any offensive weapon; firearms of any kind such as pistols, revolvers, or other guns; BB or pellet guns, knives such as daggers, razors, stilettos, switchblade knives or knives with a blade exceeding five inches in length, tasers, stun guns, or other portable devices directing an electric current that are designed to immobilize a person; explosives or incendiaries such as bombs, grenades, or fireworks, poison gas; or simulations of any such items (devices that appear to be real such as a realistic toy, replica, paint-ball gun, etc.).

2. A weapon may also include an object of any sort whatsoever which is used in such a manner as to indicate that the person using the object intends to inflict death or serious injury upon another person, or which is threatened to be used in such a manner, and which, when so used, is capable of inflicting death upon a human being.

C. “Possession” means that the person has actual physical control of the weapon because it is on or in the person’s body, or in an item of personal property belonging to the person (including, but not limited to, a book bag, backpack, briefcase, or purse), or in a space individually assigned to the person. “Possession” also means that the person knows, or should know, of the presence of a weapon within a vehicle which the person owns or operates and that the person has the ability or right, either alone or with any other person, to maintain control of the weapon.

III. Personnel

A. The Vice Chancellor of General Services is responsible for implementing and overseeing these procedures. Peralta Police Services, under contract to the Peralta Community College District, is responsible for the management and enforcement of these procedures.

B. Authorized Personnel for all approvals noted herein are:

   1. Chancellor.
   2. Vice Chancellor of General Services.
   3. The Captain of Peralta Police Services
   4. The Lieutenant of Peralta Police Services

C. College President of an impacted campus will participate in decision-making as appropriate.

IV. Operating Procedures

A. District Authorized Personnel designated in section III.B above shall work together to develop and implement operating procedures for the safe use, storage and control of firearms and other weapons that may be necessary and appropriate for instructional aids in relevant educational programs and to further the implementation of this policy through more specific procedures.
V. Incident Response
A. Any person who observes a student, faculty, staff, or visitor violating this Policy shall immediately inform any or all of the College President’s office, if on a campus, Peralta Police, Chancellor’s office and Vice Chancellor for General Services.

B. Alleged violations of this policy will be promptly investigated.

C. Policy violations will result in appropriate disciplinary action and may result in referral to law enforcement.

VI. Violations
A. Any person who violates this Administrative Procedure may be subject to:
1. An order to leave the immediate premises or property owned or controlled by the District
2. Arrest for criminal trespass if a previous order to leave the immediate premises or property owned or controlled by the District is refused or disobeyed;
3. Disciplinary proceedings, up to and including expulsion or termination, if the person is a student, employee, faculty member, or administrator.
4. Prosecution by local, state, or federal authorities if the person is suspected of and/or in violation of local, state or federal law.

B. Any vendor or contractor who violates the provisions of this policy shall be subject to the termination of his/her business relationship with the System Office and/or affected technical college, as well as possible criminal prosecution.

C. If an individual believes he/she is not responsible for an alleged violation of the Weapons on Campus policy, appeal may be made to the chancellor or designee within ten (10) business days of receipt of the violation notification from the District.

D. Failure to appeal in writing within the scheduled time period will result in ratification of the violation.

VIII. Notification
A. Signage shall be publicly posted at each site that firearms, weapons, and unlawful explosive compounds are prohibited at each college campus, administrative building and other District-owned and controlled property or site.

B. All employees, students, volunteers, visitors, vendors, and contractors must be informed of the following:
1. Legal implications of prohibiting firearms, weapons, and unlawful explosive compounds on District property or at District sanctioned functions.
2. Possible penalties associated with violations of this policy.
3. Reporting procedures to notify appropriate law enforcement agencies of a potential violation.

IX. Exceptions
A. All requests for exception to this Policy must be made in writing to chancellor or designee prior to the requesting individual entering a District property in possession of a weapon.

B. Statements must substantiate that requesting individual:
1. Is a current federal, state or local law enforcement officer or other person who is required by law to carry a weapon, member of the armed forces, campus public safety officer, or person required to carry a weapon by law or official rules of conduct applicable to such person
2. Agrees to abide by all policies, procedures and instructions of the District with respect to the possession or use of weapons.

C. Statement shall identify the specific weapon(s) to be carried.

D. Authorizing Official, after verifying that request includes required information and gathering any additional information deemed appropriate, shall determine whether (and if so, to what extent) to grant the request.

E. Determination shall be communicated in writing and considered final.

F. Permission granted under this Policy shall be confirmed through a written and signed Agreement stating that grantee has read and understands this Policy; understands that the weapon is not to be visible or used, except to the extent required by applicable laws, regulations or rules of conduct; agrees to (a) follow all applicable laws, (b) take all appropriate precautions to secure the weapon, avoid injury or disruption to members of the District community, affiliated entities or unaffiliated third parties, and (c) unconditionally agrees to indemnify and hold harmless the District, its affiliates, respective trustees, employees, agents and representatives against any losses, liabilities and related expenses (including, but not limited to, reasonable attorney fees) that may be incurred in connection with such person’s possession or use of a weapon, whether or not such possession or use is determined to be negligent or in violation of this Policy or any applicable law, regulation or rule of conduct.

G. A person receiving such authorization, which shall only apply to the specific weapon(s) identified in the granted request, shall promptly notify chancellor or designee in writing of (a) any loss or theft of the weapon or (b) any material change in the facts or circumstances upon which permission was granted.

H. Upon granting or revoking permission under this Policy, grantee shall immediately furnish written notice to the appropriate District Personnel for the campus or site at which the person to whom permission has been granted will be located.
I. Except as otherwise set forth in writing by this procedure, permission granted under this Policy:
   1. Shall be effective only for the specific time period for which it is granted unless renewed in writing
   2. May be revoked at any time, in writing
   3. Shall terminate automatically when the person to whom permission has been granted leaves the District, College or is suspended for any reason.
J. Granting of permission applicable to a stated term does not guarantee that this Policy shall not be revised or that permission will remain in effect for the remainder of that term or for any subsequent terms.

X. Violations
A. Any student or employee found to be in possession of a firearm or other weapon in violation of this policy is subject to immediate dismissal, termination, and/or prosecution in accordance with applicable statutes.
B. Any other person in violation of this policy is, in addition to being subject to criminal prosecution under applicable statutes, subject to immediate expulsion from institutional facilities and prohibition against reentry.

AP 5052 OPEN ENROLLMENT
I. All courses of the Peralta Community College District shall be open to enrollment in accordance with Board Policy 5052 and a district priority registration system consistent with AP 5055, Enrollment Priorities. Enrollment may be limited to students meeting properly validated prerequisites and co-requisites.

II. No student is required to confer or consult with or required to receive permission to enroll in any class offered by the District, except as provided for in enrollment priorities and college programs which have restrictive enrollment (e.g. allied health programs.)

III. Students are required to meet prerequisites, co-requisites, and advisories on recommended preparation. Students have the option of challenging such prerequisites, co-requisites, and advisories on recommended preparation. Challenge forms are available upon request. Prerequisites, co-requisites, and advisories on recommend preparation are addressed in Board Policy 4260 and Administrative Procedure 4260.

IV. Students can challenge prerequisites and co-requisites for one of the following six (6) reasons:
   1. The student has acquired through work or life experiences the skills and knowledge that are represented by the prerequisite.
   2. The student has not been allowed to enroll due to a limitation on enrollment established for a course that involves intercollegiate competition or public performance or where enrollment has been limited to a cohort of students. However, the student would be delayed by a semester or more in attaining the degree or certificate specified in the Student Educational Plan.
   3. The student can demonstrate that he/she does not pose a threat to others of the student’s self in a course with a prerequisite established to protect health and safety.
   4. The student does not believe that the prerequisite is necessary for success in the course or that it has been established in accordance with District policies and procedures.
   5. The sudden believes that the prerequisite or co-requisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.
   6. The student will be subject to undue delay in attaining the goal in the student’s educational plan because the prerequisite or co-requisite course has not been made reasonably available.

V. Students are not required to participate in any pre-registration activities not uniformly required, and no registration procedures are used that result in restricting enrollment to a specialized clientele, except for programs that permit restricted enrollment, e.g. allied health programs.

VI. A student may challenge an enrollment limitation on any of the following grounds:
   1. The limitation is unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
   2. The District is not following its enrollment procedures; or
   3. The basis for the limitation does not in fact exist.

AP 4210 STUDENT LEARNING OUTCOMES
Each College President is delegated responsibility from the Chancellor to have a college-wide process for developing student learning outcomes and service area outcomes, and in an ongoing manner to have outcomes assessment in every course, program, student services program, and administrative unit for his or her college.

The process should include the following components:

A. Evidence from the outcomes assessment is included in program review and annual unit plan updates in order to drive institutional planning, resource allocation, and budgeting decisions, address student needs, improve student services, and help students, administration, faculty, and staff to seek sustainable continuous quality improvement.
B. The application or implementation of Student Learning Outcomes should not abrogate academic freedom.
C. Outcomes and assessment, that benefit student learning, shall focus on the dynamic roles of faculty and on the teaching-learning interface, emphasizing pedagogical techniques and observable student learning using assessment as a tool to improve teaching and learning.
D. Faculty, as discipline experts, shall be the primary participants in the assessment process.
E. Student Learning Outcomes (SLO’s) and assessment design and development are a responsibility for the college faculty and academic senates.
F. Each college shall appoint a Student Learning Outcomes and Assessment Coordinator using a standard job description.
G. Each college shall prepare documentation and evidence of progress in the establishment and assessment of student learning outcomes at the course, program, and institutional level in both the accreditation institutional self-evaluation and annual reports.
H. Each college shall meet the requirement to be at “Proficiency Level” as of March 15, 2013 and to work toward a “Sustainable Continuous Quality Improvement Level” as defined below:

1. “Proficiency Level”, per the Accrediting Commission for Community and Junior Colleges rubric, means:
   a. Student learning outcomes and authentic assessment are in place for courses, programs, support services, certificates, and degrees.
   b. There is widespread institutional dialogue about the results of assessment and identification of gaps.
   c. Decision-making includes dialogue on the results of assessment and is purposefully directed toward aligning institution-wide practices to support and improve student learning.
   d. Appropriate resources continue to be allocated and fine-tuned.
   e. Comprehensive assessment reports exist and are completed and updated on a regular basis.
   f. Course student learning outcomes are aligned with degree student learning outcomes.
   g. Students demonstrate awareness of goals and purposes of courses and programs in which they are enrolled.

2. “Sustainable Continuous Quality Improvement Level”, per the Accrediting Commission for Community and Junior Colleges rubric, means:
   a. Student learning outcomes and assessment are ongoing, systematic, and used for continuous quality improvement.
   b. Dialogue about student learning is ongoing, pervasive, and robust.
   c. Evaluation of student learning outcomes processes.
   d. Evaluation and fine-tuning of organizational structures to support student learning is ongoing.
   e. Student learning improvement is a visible priority in all practices and structures across the college.
   f. Learning outcomes are specifically linked to program reviews.

Student Right-To-Know Disclosure (Completion and Transfer Rates)
In compliance with the Higher Education Act of 1965, as amended, completion and transfer rates for students attending College of Alameda can be found on the Peralta Community Colleges web site at http://web.peralta.edu/indev/equity-reports-fact-books/peralta-2009-fact-books/. Information can also be found at http://nces.ed.gov/collegenavigator/

Family Education Rights and Privacy Act of 1974 (Access to Educational Records)
In compliance with requirements established by the Family Educational Rights and Privacy Act of 1974 (Public Law 93-380, as amended) and regulations in Title 5, College of Alameda hereby provides notice of procedures and policies regarding student access to education records maintained by and at the college. The college’s procedures and policies must, of course, remain subject to any further modification made necessary or appropriate as a result of subsequent legislation or regulations. Questions regarding the legislation and The College of Alameda’s guidelines should be addressed to the Vice President of Student Services. Copies of the act and the regulations are available for review in that office.

The purpose of the Act, as it applies to College of Alameda is two-fold:
1. To give presently or formerly enrolled College of Alameda students access to their individual education records maintained at the college;
2. To protect such students’ rights to privacy by limiting the transfer of their records without their consent.
The legislation states that an institution is not required to grant students access to certain materials which includes the following:

1. Information provided by a student's parents relating to applications for financial aid or scholarships;
2. Information related to a student compiled by a College of Alameda employee;
   a. that is appropriate for such officer or employee's performance of his or her responsibility,
   b. that remains in the sole possession of the maker thereof,
   c. that cites medical, psychiatric, or similar reports which are used solely in connection with treatment purposes and only available to recognized professionals or paraprofessionals in connection with such treatment (provided, however, that a physician or other professional of the student's choice may review such records),
   d. that is maintained by a law enforcement unit; that is necessary and appropriate to enable such law enforcement unit to carry out its duties and responsibilities as required by law or which may be assigned by the district, and that such law enforcement unit personnel do not have access to other student records, and that such information is kept apart from other student records, and that it is maintained solely for law enforcement purposes, and that is available only to other law enforcement officials of the same jurisdiction.

As required by the Act, the college reserves the right to publish at its discretion the following categories of information with respect to each student who is presently or has previously attended the college: participation in officially recognized activities and sports, weight and height of members of athletic teams, high school of graduation of athletic teams and degrees and awards received, including honors, scholarship awards, athletic awards and other types of recognition. Students have a right to inform the college within a reasonable period of time that any or all of this so-called "directory information" should not be released without their prior consent. College of Alameda has not published an "Information Directory" and should one be compiled in the future, a public notice of intent will be provided.

The legislation further identifies exceptions to the written consent of release of records. "Access" shall be permitted to the following:

1. School officials with legitimate educational interest to inspect a record;
2. Schools to which a student is transferring in connection with a student's application for, or receipt of, financial aid;
3. Specified officials for audit or evaluation purposes;
4. Appropriate parties in connection with financial aid to a student;
5. Organizations conducting certain studies for or on behalf of the school provided:
   a) such studies are conducted in such a manner as will not permit personal identification of students or their parents by persons other than representatives of such organizations; and
   b) Such information will be destroyed when no longer needed for the purpose for which it is conducted.
6. Accrediting organizations carrying out accrediting functions;
7. To comply with a judicial order or lawfully issued subpoena;
8. Appropriate officials in cases of health and safety emergencies if the knowledge of such information is necessary to protect the health or safety of a student or other persons;
9. State and local authorities, within a juvenile justice system, pursuant to specific State law.

Finally, it should be noted that the scope of records maintained for students may vary greatly depending on individual circumstances. In some cases, student files do not contain many of the types of records listed above.

**Clergy Act**

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or Clergy Act, codified at 20 USC 1092(f) as part of Higher Education Act of 1965, is a federal law that requires all colleges and universities to keep and disclose information timely and annually about certain crime on and near their respective campuses.

These crime statistics can be found in the Peralta Community College Personal Safety Handbook, on the Peralta Community College District website: www.peralta.edu, and on the Alameda County Sheriff's Office website: www.alamedacountysheriff.org.
ADMINISTRATIVE PROCEDURE 4250

PROBATION

I. Standards for Probation
1. Academic Probation: A Peralta student who has attempted at least 12 semester units and has a cumulative GPA of less than 2.0 as shown by the total academic record for coursework at all Peralta Colleges shall be placed on Academic Probation. The student shall be placed on academic probation during the following term of attendance and shall remain on probation until his/her cumulative grade point average is 2.0 or higher (in accordance with provisions of Title 5).
2. Progress Probation: A Peralta student who has enrolled in a total of at least 12 semester units as indicated on the total academic record for all coursework at the Peralta Colleges shall be placed on Progress Probation when the percentage of all units in which the student has enrolled and for which entries of “W”, “I”, and “NP” are recorded reaches at least 50% of all grades.

II. Removal from Probation
1. Academic Probation: A student on Academic Probation for a grade point deficiency shall be removed from academic probation when the student's cumulative grade point average is 2.0 or higher.
2. Progress Probation: A student on Progress Probation shall be removed from probation when the percentage of units with entries of “W”, “I”, and “NP” drops below 50% of all grades.

III. Units Attempted
For purposes of standards for academic probation and dismissal (1) “all units attempted” means all units of credit for which a student earns a symbol of “A,” “B,” “C,” “D,” “F,” or “FW” from any college or combination of; and (2) “enrolled units” means all units attempted as defined above, and all units for which the student earns a symbol of “W”, “I”, “P” and “NP” from any college or combination thereof.

IV. Notification of Probation and Dismissal
Each student will be notified about Probation or Dismissal through their Peralta e-mail. Further, each Peralta College, through the Office of the Vice President of Student Services, shall make every reasonable effort to notify a student of academic probation or dismissal at or near the beginning of the semester in which the status is in effect. Students on probation must meet with a counselor and complete the “Academic Success Contract.” Students on dismissal shall complete the “Student Petition for Reinstatement from Dismissal” and follow the steps as stated on the petition. Probation and dismissal policies shall be published in each Peralta College catalog.

ADMINISTRATIVE PROCEDURE 4255

DISQUALIFICATION AND DISMISSAL

I. Standards for Dismissal
For purposes of probation and dismissal, semester shall be considered consecutive on the basis of the Peralta student's enrollment. Summer sessions (regular intersessions) shall be considered a semester.

A. Academic Dismissal: A Peralta student on academic probation shall be subject to dismissal after three consecutive semesters in which such student has earned a cumulative grade point average of less than 1.75 in all units attempted.

B. Progress Dismissal: A Peralta student who is on progress probation is subject to dismissal after the third consecutive semester or progress probation unless the current semester percentage of completed units exceeds 50% of enrolled units.

C. Reinstatement from Dismissal: A Peralta student may appeal for reinstatement if unusual circumstances prevailed. Such circumstances will be evaluated by petition and could be, but are not limited to, health or financial strain. Re-admission will be conditioned on a semester review basis with the Peralta student subject to the continued probation dismissal policy.

II. Units Attempted
For purposes of standards for academic probation and dismissal (1) “all units attempted” means all units of credit for which a student earns a symbol of “A,” “B,” “C,” “D,” “F,” or “FW” from any college or combination of; and (2) “enrolled units” means all units attempted as defined above, and all units for which the student earns a symbol of “W”, “I”, “P” and “NP” from any college or combination thereof.

III. Notification of Probation and Dismissal
Each student will be notified about Probation or Dismissal through their Peralta e-mail. Further, each Peralta College, through the Office of the Vice President of Student Services, shall make every reasonable effort to notify a student of academic probation or dismissal at or near the beginning of the semester in which the status is in effect. Students on probation must meet with a counselor and complete the “Academic Success Contract.” Students on dismissal shall complete the “Student Petition for Reinstatement from Dismissal” and follow the steps as stated on the petition. Probation and dismissal policies shall be published in each Peralta College catalog.
Campus Parking and Traffic Regulations
Students must park their vehicles only in authorized lots and must pay a Parking Fee of $2.00 a day.

Semester parking permits can be purchased for $40.00, ($20.00 for students with BOGW fee waiver). Motorcycle permit is $20.00. Summer session parking permit is $20.00. (Motorcycle permit is $10.00).

YOU MUST OBTAIN A STUDENT DECAL TO BE DISPLAYED ON YOUR AUTOMOBILE WINDOW WITH THE DAILY PAID PARKING RECEIPT. Both the decal and the parking permits are issued from the college Cashier’s Office.

Students must not park in unauthorized areas, including red zones, yellow (loading) zones, blue (disabled) zones, or in areas designated for administrative, staff or faculty parking. Disabled students whose vehicles display a valid DMV placard and a valid parking permit may park in designated disabled parking zones. Visitors park in a fee lot and pay $1.00 a day.

The campus speed limit is 5 MPH. All provisions of the California Vehicle Code apply to individuals driving (and to vehicles being driven) on the campus. These regulations are strictly enforced. Violators will be cited and vehicles parked illegally may be towed at owner’s expense. College officials do not have authority to rescind or to arbitrate citation matters.

COURSE DISCLAIMER
Courses and programs are being approved the State Chancellor’s Office daily. Please check the following link for the most current information on new courses, degrees and certificates.

Attendance Policies
Instructors may drop students who do not attend class by Census Day if the student has not contacted the instructor with an explanation satisfactory to the instructor as to why he/she has not attended. All drops must be recorded on the Census Rosters and Instructor’s Class Records.

AP 3430 PROHIBITION OF UNLAWFUL HARASSMENT
The District is committed to providing an academic and work environment free of unlawful harassment. This procedure defines sexual harassment and other forms of harassment on campus, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff or faculty member or student within the District.

I. Definitions

A. General Harassment
Harassment based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation of any person, or military or veteran status, or the perception that a person has one or more of these characteristics is illegal and violates District policy. Harassment shall be found where, in aggregate, the incidents are sufficiently pervasive, persistent, or severe that a reasonable person with the same characteristics as the victim of the harassing conduct would be adversely affected to a degree that interferes with his or her ability to participate in or to realize the intended benefits of an institutional activity, employment or resource.

Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment if it meets the definition above. For example, repeated derisive comments about a person’s competency to do the job, when based on that person’s gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct that could, depending on the circumstances, meet the definition above, or could contribute to a set of circumstances that meets the definition:

B. Verbal
Inappropriate or offensive remarks, slurs, jokes or innuendoes based on a person’s race gender, sexual orientation, or other protected status. This may include, but is not limited to, inappropriate comments regarding an individual’s body, physical appearance, attire, sexual prowess, marital status or sexual orientation; unwelcome flirting or propositions; demands for sexual favors; verbal abuse, threats or intimidation; or sexist, patronizing or ridiculing statements that convey derogatory attitudes based on gender, race nationality, sexual orientation or other protected status.
C. Physical
Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person's gender, race, national origin, sexual orientation or other protected status.

D. Visual or Written
The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation or other protected status. This may include, but is not limited to, posters, cartoons, drawings, graffiti, reading materials, computer graphics or electronic media transmissions.

E. Environmental
A hostile academic or work environment may exist where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected status that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. It can also be created by an unwarranted focus on, or stereotyping of, particular racial or ethnic groups, sexual orientations, genders or other protected statuses. An environment may also be hostile toward anyone who merely witnesses unlawful harassment in his/her immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual's learning or work.

F. Sexual Harassment
In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature made by someone from, or in, the work or educational setting when:

1. submission to the conduct is explicitly or implicitly made a term or condition of an individual's employment, academic status, or progress;
2. submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;
3. the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment (as more fully described below); or
4. submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the community college.
5. This definition encompasses two kinds of sexual harassment:
   a. “Quid pro quo” sexual harassment occurs when a person in a position of authority makes educational or employment benefits conditional upon an individual's willingness to engage in or tolerate unwanted sexual conduct.
   b. “Hostile environment “sexual harassment occurs when unwelcome conduct based on a person's gender is sufficiently severe or pervasive so as to alter the conditions of an individual's learning or work environment, unreasonably interfere with an individual's academic or work performance, or create an intimidating, hostile, or abusive learning or work environment. The victim must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile.

Sexually harassing conduct can occur between people of the same or different genders. The standard for determining whether conduct constitutes sexual harassment is whether a reasonable person of the same gender as the victim would perceive the conduct as harassment based on sex.

II. Consensual Relationships
Romantic or sexual relationships between supervisors and employees, or between administrators, faculty or staff members and students are discouraged. There is an inherent imbalance of power and potential for exploitation in such relationships. A conflict of interest may arise if the administrator, faculty or staff member must evaluate the student's or employee's work or make decisions affecting the employee or student. The relationship may create an appearance of impropriety and lead to charges of favoritism by other students or employees. A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing. In the event that such relationships do occur, the District has the authority to transfer any involved employee to eliminate or attenuate the supervisory authority of one over the other, or of a teacher over a student. Such
action by the District is a proactive and preventive measure to avoid possible charges of harassment and does not constitute discipline against any affected employee.

III. Academic Freedom

No provision of this Administrative Procedure shall be interpreted to prohibit conduct that is legitimately related to the course content, teaching methods, scholarship, or public commentary of an individual faculty member or the educational, political, artistic, or literary expression of students in classrooms and public forums. Freedom of speech and academic freedom are, however, not limitless and this procedure will not protect speech or expressive conduct that violates federal or California anti-discrimination laws.

AP 3540 SEXUAL AND OTHER ASSAULTS ON CAMPUS

A. Peralta Police Services shall make available sexual assault awareness information to students and employees.

B. Any sexual assault or physical abuse, including, but not limited to, rape, as defined by California law, whether committed by an employee, student, or member of the public, occurring on District property, in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District's facilities or at another location, or on an off-campus site or facility maintained by the District, or on grounds or facilities maintained by a student organization, is a violation of District policies and regulations, and is subject to all applicable punishment, including criminal procedures and employee or student discipline procedures.

C. Sexual assault includes but is not limited to, rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat of sexual assault.

D. “Dating violence” means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of a romantic or intimate relationship will be determined based on the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship.

E. “Domestic violence” includes felony or misdemeanor crimes of violence committed by:
   (1) a current or former spouse of the victim;
   (2) a person with whom the victim shares a child in common;
   (3) a person who is cohabitating with or has cohabitated with the victim as a spouse;
   (4) a person similarly situated to a spouse of the victim under California law; or
   (5) any other person against an adult or youth victim who is protected from that person's acts under California law.

F. “Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or to suffer substantial emotional distress.

G. It is the responsibility of each person involved in sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.

“Affirmative consent” means affirmative, conscious, and voluntary agreement to engage in sexual activity.

H. These written procedures and protocols are designed to ensure victims of domestic violence, dating violence, sexual assault, or stalking receive treatment and information.

I. All students, faculty members or staff members who allege they are the victims of domestic violence, dating violence, sexual assault, or stalking on District property shall be provided with information regarding options and assistance available to them. Information shall be available from the Peralta Police Services, which shall maintain the identity and other information about alleged sexual assault victims as confidential unless and until Peralta Police Services is authorized to release such information.

J. Peralta Police Services shall provide all alleged victims of domestic violence, dating violence, sexual assault, or stalking with a copy of the District's policy and administrative procedure regarding domestic violence, dating violence, sexual assault, or stalking upon request, and the importance of preserving evidence and the identification and location of witnesses.
AP 3560 ALCOHOLIC BEVERAGES

A. The possession, sale or the furnishing of alcohol on campus is governed by California state law and these procedures. The possession, sale, consumption or furnishing of alcohol is controlled by the California Department of Alcohol and Beverage Control. However, the enforcement of alcohol laws on-campus is the primary responsibility of the District’s campus police or responsible security officers. The campus has been designated “Drug free” and only under certain circumstances is the consumption of alcohol permitted. The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by the District’s campus police or responsible security officers. Violators are subject to disciplinary action, criminal prosecution, fine and imprisonment. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal. It is also a violation of this policy for anyone to consume or possess alcohol in any public or private area of campus without prior District approval. Organizations or groups violating alcohol or substance policies or laws may be subject to sanctions by the District.

B. Alcoholic beverages on campus are permitted if:
   (1) The alcoholic beverage is beer or wine for use in connection with a course of instruction, sponsored dinner, or meal demonstration given as part of a culinary arts program at a community college campus, and the instructor or individual has been authorized to acquire, possess, use, sell, or consume it by the College President.
   (2) A student of at least 18 years of age tastes, but does not swallow or consume, beer or wine for educational purposes as part of the instruction in an enology or brewing degree program, and the beer or wine remains in the control of the instructor.
   (3) The alcoholic beverage is for use during a non-college event at a performing arts facility built on District property and leased to a nonprofit public benefit corporation.
   (4) The alcoholic beverage is wine produced by a bonded winery owned or operated as part of an instructional program in viticulture and enology.
   (5) The alcoholic beverage is wine that is for use during an event sponsored by the District or the Peralta Colleges Foundation in connection with the District’s instructional program in viticulture or the District’s instructional program in enology.
   (6) The alcoholic beverage is possessed, consumed, or sold, pursuant to a license or permit obtained for special events held at the facilities of a public community college during the special event. “Special event” means events that are held with the permission of the governing board of the community college district as delegated for approval by the College President (if the special event is held at the college) or by the Chancellor (if the special event is held at the district office) that are festivals, shows, private parties, concerts, theatrical productions, and other events held on the premises of the public community college and for which the principal attendees are members of the general public or invited guests and not students of the public community college.
   (7) The alcoholic beverage is acquired, possessed, or used during an event sponsored by the District or the Peralta Colleges Foundation at a community college-owned facility in which any grade from kindergarten to grade 12, inclusive, is taught, if the event is held at a time when students in any grades from kindergarten to grade 12, inclusive, are not present at the facility.

C. The alcoholic beverage is for use during a fundraiser held to benefit a nonprofit organization that has obtained a license under the Business and Professions Code to do so provided that no alcoholic beverage can be acquired, possessed or used at a football game or other athletic contest sponsored by the District.

AP 5013 STUDENTS IN THE MILITARY

A. Residence Determinations for Military Personnel and Dependents
1. A student who is a member of the armed forces of the United States stationed in California on active duty, except a member of the armed forces assigned for educational purposes to a state-supported institution of higher education, is entitled to resident classification. Such student shall retain resident classification in the event that the member of the armed forces is thereafter transferred on military orders to a place outside of California or therefrom retires from active duty, so long as the student remains continuously enrolled in the District.
2. An undergraduate student who is a natural or adopted child, stepchild, or spouse who is a dependent of a member of the armed forces of the United States stationed in this state on active duty shall be entitled to resident classification. Such student shall retain resident classification if he/she is thereafter transferred on military orders to a place outside of California, so long as the student remains continuously enrolled in the District.
3. A veteran who was discharged or released from at least 90 days of active service less than three years before the date of enrollment in a course commencing on or after July 1, 2015, and his/her dependents, regardless of the veteran’s state of residence is entitled to resident classification.

4. A parent who is a federal civil service employee and his/her natural or adopted dependent children are entitled to resident classification if the parent has moved to this state as a result of a military mission realignment action that involves the relocation of at least 100 employees. This classification shall continue until the student is entitled to be classified as a resident, so long as the student continuously attends an institution of public higher education.

5. A student claiming the residence classifications provided for in this procedure must provide a statement from the student’s commanding officer or personnel officer providing evidence of the date of the assignment to California, and that the assignment to active duty in California is not for educational purposes.

6. Residence classifications provided for here for the dependent of military personnel shall provide a statement from the military person’s commanding officer or personnel officer that the military person’s duty station is in California or that the military person’s duty station is in California on active duty after the residence determination date, or that the military person has retired from active duty.

B. Withdrawal Procedure for Members of the Military

A student who is a member of an active or reserve United States military service and who receives orders compelling a withdrawal from courses shall be permitted to withdraw upon verification of such orders. A withdrawal symbol may be assigned which may be a “W” or a “MW.” Military withdrawal shall not be counted in progress probation, dismissal calculations, or in calculating the permitted number of withdrawals. In no case may a military withdrawal result in a student being assigned an “FW” grade. In no case may a college require a student who is required to report for military duty to withdraw from a course by a specified date in order to receive a full refund of the tuition and fees the student paid to the college for the academic term in which the student was required to report for military service.

AP 5015 RESIDENCE DETERMINATION

A. Residence Classification. Residency classifications shall be determined for each student at the time of each registration and whenever a student has not been in attendance for more than one semester. Residence classifications are to be made in accordance with the following provisions:

1. A residence determination date is that day immediately preceding the opening day of instruction for any session during which the student proposes to attend.

2. Residence classification is the responsibility of the District Office of Student Services. Initial residence classification is determined by the District Office of Admissions and Records through a student's self-reporting in CCCApply (online application).

B. Definition of Residence.

1. A student who has resided in the state for more than one year immediately preceding the residence determination date is a resident.

2. A student who has not resided in the state for more than one year immediately preceding the residence determination date is a nonresident.

C. Rules Determining Residence. The residence of each student enrolled in or applying for enrollment in any class or classes maintained by this District shall be determined in accordance with the Education Code which states that every person has, in law, a residence. In determining the place of residence, the following rules are to be observed:

1. Every person who is married or eighteen years of age, or older, and under no legal disability to do so, may establish residence.

2. A person may have only one residence.

3. A residence is the place where one remains when not called elsewhere for labor or other special or temporary purpose and to which one returns in seasons of repose.

4. A residence cannot be lost until another is gained.

5. The residence can be changed only by the union of act and intent.

6. A man or a woman may establish his or her residence. A woman’s residence shall not be derivative from that of her husband.

7. The residence of the parent with whom an unmarried minor child maintains his/her place of dwelling is the residence of the unmarried minor child. When the minor lives with neither parent, the minor’s residence is that of the parent with whom the last place of dwelling was maintained, provided the minor may establish his/her residence when both parents are deceased and a legal guardian has not been appointed.

8. The residence of an unmarried minor who has a parent living cannot be changed by the minor’s
own act, by the appointment of a legal guardian, or by relinquishment of a parent’s right of control.

D. Determination of Resident Status. A resident is a student who has been a bona fide resident of the state for one year prior to the residence determination date. A bona fide resident is a person whose residence is in California as determined above except:

1. A student who is a minor and remains in this state after the parent, who was previously domiciled in California and has established residence elsewhere, shall be entitled to retain resident classification until attaining the age of majority and has resided in the state the minimum time necessary to become a resident, so long as continuous attendance is maintained at an institution.

2. A student who is a minor and who provides evidence of being entirely self-supporting and actually present in California for more than one year immediately preceding the residence determination date with the intention of acquiring a residence therein, shall be entitled resident classification until he/she has resided in the state the minimum time necessary to become a resident.

3. A student who has not been an adult for one year immediately preceding the residence determination date for the semester for which the student proposes to attend an institution shall have the immediate pre-majority-derived California residence, if any, added to the post-majority residence to obtain the one year of California residence.

4. A student holding a valid credential authorizing service in the public schools of this state, who is employed by a school district in a full-time position requiring certification qualifications for the college year in which the student enrolls in an institution, shall be entitled to resident classification if each student meets any of the following requirements:
   a. He/she holds a provisional credential and is enrolled in courses necessary to obtain another type of credential authorizing service in the public schools.
   b. He/she holds a credential issued pursuant to Education Code Section 44250 and is enrolled in courses necessary to fulfill credential requirements.
   c. He/she is enrolled in courses necessary to fulfill the requirements for a fifth year of education prescribed by subdivision (b) of Education Code Section 44259.
   d. A student holding a valid emergency permit authorizing service in the public schools of this state, who is employed by a school district in a full-time position requiring certification qualifications for the academic year in which the student enrolls at an institution in courses necessary to fulfill teacher credential requirements, is entitled to resident classification only for the purpose of determining the amount of tuition and fees for no more than one year. Thereafter, the student’s residency status will be determined under the other provisions of this procedure.

5. A student who is a full-time employee of the California State University, the University of California or a community college, or of any state agency or a student who is a child or spouse of a full-time employee of the California State University, the University of California or a community college, or of any state agency may be entitled to resident classification, until the student has resided in the state the minimum time necessary to become a resident.

6. A student who is a natural or adopted child, stepchild, or spouse who is a dependent of a member of the armed forces of the United States stationed in this state on active duty shall be entitled to resident classification. If the member of the armed forces of the United States later transferred on military orders to a place outside this state, or retires as an active member of the armed forces of the United States, the student dependent shall not lose his or her resident classification so long he/she remains continuously enrolled in the District.

7. A student who is a member of the armed forces of the United States stationed in this state on active duty, except a member of the Armed Forces assigned for educational purposes to a state-supported institution of higher education, is entitled to resident classification only for the purpose of determining the amount of tuition and fees. If the student later transfers on military orders to a place outside this state, the student shall not lose his or her resident classification, so long as he or she remains continuously enrolled in the District.

8. A veteran who was discharged or released from at least 90 days of active service less than three years before the date of enrollment in a course commencing on or after July 1, 2015, and his/her dependents, regardless of the veteran’s state of residence is entitled to resident classification.

9. A student who is a minor and resides with his or her parent in a district or territory not in a district shall be entitled to resident classification, provided that the parent has been domiciled in California for more than one year prior to the residence determination date for the semester, quarter or term for which the student proposes to attend.

10. A student who is a Native American is entitled to resident classification for attendance at a community college if the student is also attending a school administered by the Bureau of Indian Affairs located within the community college district.
11. A student who is a federal civil service employee and his or her natural or adopted dependent children are entitled to resident classification if the parent has moved to this state as a result of a military mission realignment action that involves the relocation of at least 100 employees. This classification shall continue until the student is entitled to be classified as a resident, so long as the student continuously attends an institution of public higher education.

12. A student who resides in California and is 19 years of age or under at the time of enrollment, who is currently a dependent or ward of the state through California's child welfare system, or was served by California's child welfare system and is no longer being served either due to emancipation or aging out of the system, may be entitled to resident classification until he/she has resided in the state the minimum time necessary to become a resident.

13. A student who lives with a parent who earns a livelihood primarily by performing agricultural labor for hire in California and other states, and the parent has performed such labor in this state for at least two months per year in each of the two preceding years, and the parent resides in this District and the parent of the student has claimed the student as a dependent on his state or federal personal income tax return if he/she has sufficient income to have personal income tax liability shall be entitled to resident classification.

14. Students who attended high school in California for three or more years and graduated from a California high school or attained the equivalent thereof. In the case of a person without lawful immigration status, the student must file an affidavit with the institution of higher education stating that the student has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so. (Education Code 68130.5).

15. A student demonstrates financial need, has a parent who has been deported or was permitted to depart voluntarily, moved abroad as a result of that deportation or voluntary departure, lived in California immediately before moving abroad, attended a public or private secondary school in the state for three or more years, and upon enrollment, will be in his or her first academic year as a matriculated student in California public higher education, will be living in California, and will file an affidavit with the District saying that he or she intends to establish residency in California as soon as possible.

E. Right To Appeal. Students who have been classified as non-residents have the right to a review of their classification (Title 5 Section 54010 (a)). Any student, following a final decision of residence classification by the Office of Admissions and Records, may make written appeal to the Vice Chancellor of Student Services within 30 calendar days of notification of final decision by the college regarding classification.

F. Appeal Procedure.

1. The appeal is to be submitted to the District Office of Student Services. Copies of the original application for admission, the residency questionnaire, and evidence or documentation provided by the student, with a cover statement indicating upon what basis the residence classification decision was made, must be forwarded with the appeal.

2. The appeal will be forwarded to the Vice Chancellor of Student Services within five working days of receipt by the office.

3. The Vice Chancellor of Student Services shall review all the records and have the right to request additional information from either the student or the District Office of Admissions and Records.

4. Within 30 calendar days of receipt, the Vice Chancellor of Student Services shall send a written determination to the student. The determination shall state specific facts on which the appeal decision was made.

G. Reclassification. A student previously classified as a non-resident may be reclassified as of any residence determination date. A residence determination date is that day immediately preceding the opening day of instruction for any session during which the student proposes to attend.

1. Petitions for reclassification are to be submitted to the District Office of Student Services.

2. Petitions must be submitted prior to the semester for which reclassification is to be effective. Extenuating circumstances may be considered in cases where a student failed to petition for reclassification prior to the residency determination date. In no case, however, may a student receive a non-resident tuition refund after the date of the first census.

3. Written documentation may be required of the student in support of the reclassification request.
An Associate Degree can be the basis for a career in Education!

Alameda's Faculty and Staff hold over two dozen Associate degrees. Fifteen are from the College of Alameda itself, and six are from other Peralta colleges.
