

PSYCHOLOGY (PSYCH)

What is Psychology? It is the scientific study of behavior and mental processes, in essence, you! By receiving an A.A. degree in Psychology from COA, we offer you enhanced life & interpersonal skills helping you with improved self-awareness to empower you in your personal and professional relationships. We also prepare you to enter psychology related fields and transfer to a four-year undergraduate psychology program.

In studying psychology at College of Alameda, you will learn from supportive faculty that recognize the mind-body-heart connection as core to the transformation of self, community, and our planet. We encourage students to examine their own psychological issues and develop a keen understanding of who they are and what they will bring to their work with others by emphasizing cognitive and emotional development through self-reflection, academic rigor and experiential practice. The COA psychology department prides itself on having students apply theories to their own lives so that the information is understandable, useful, and illuminating.

PSYCH 18	Psychology of Race and Ethnicity in the U.S. (3)	
PSYCH 24	Abnormal Psychology (3)	<u>12</u>
Required Semester Units		18

PSYCHOLOGY ASSOCIATE OF ARTS FOR TRANSFER

The **Associate in Arts in Psychology for Transfer** Degree is designed for students planning to transfer into the psychology major. A study of psychology is built upon the scientific study of human behavior and mental processes. Students pursuing the AA for transfer into the psychology major will study the nature of consciousness and the development of the person, basic processes of human perception, learning, cognition and motivation; the relationship of behavior to physiology; and the nature of psychological disorders and how psychologists use their knowledge to help improve the quality of people's lives. Successful completion of the program with a minimum G.P.A. of 2.0 affords students specific guarantees for transfer to the CSU system such as admission to a CSU with junior status, priority admission to their local CSU campus and to a program or major in psychology or similar major. The Associate transfer degrees (AA-T) require the completion and certification of the California State University General Education (CSU GE) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern, as well as the specific Associate for transfer (AA-T) major degree requirements. The AA-T does not require any additional college specific General Education requirements. Students interested in the AA for transfer degree in psychology should consult with the Social Sciences Department Chair and a counselor.

The study of Psychology enables you to better comprehend how people think, perceive, learn, develop unique personalities, manage stress, and interact with one another.

Career Opportunities

Psychology careers include: jobs in therapy and counseling, schools, hospitals, prisons, courtrooms, community health and rehabilitation centers, sports and corporate offices. The study of psychology is good preparation for many professions, as well as, for one's life.

Program Learning Outcomes
