

UC Berkeley

Transfer-to-Excellence Research Experiences for Undergraduates (TTE REU), a competitive merit-based program, seeks to inspire California community college students through research at UC Berkeley so that they will ultimately transfer and complete their Bachelor's degree in science and engineering.

[UC Berkeley Transfer to Excellence Summer Internship](#)

The poster features the UC Berkeley logo and a yellow tower icon at the top left. The main title is 'Summer Research Internship for community college students'. The 'Program Benefits' section is highlighted in yellow and lists seven bullet points. A photograph of a group of students is shown in the middle right. Below it, text states 'No prior research experience required!'. A dark blue box at the bottom right contains application information, including the deadline of January 31, 2021, and a contact email. A photograph of students in a lab is at the bottom left. A footer note at the very bottom states 'Online internships likely available if necessitated by COVID-19'.

Berkeley
UNIVERSITY OF CALIFORNIA
TRANSFER-TO-EXCELLENCE PROGRAM

Summer Research
Internship for community
college students

The UC Davis School of Medicine and The Permanente Medical Group Proudly Announces **Prep Medico: Navigating Your Path Into Medicine**

The UC Davis School of Medicine and The Permanente Medical Group are pleased to offer this multi-week summer program for freshman and sophomore college students. The Program seeks to build the next generation of physicians committed to serving and advancing the health of Latino and other underserved communities.

Program Highlights

Participants will:

- Engage with health professionals from UC Davis Medical Center and Kaiser Permanente
- Examine Latino health disparities and the social determinants of health
- Understand their personal leadership style and develop new skills
- Receive structured academic advising and mentoring
- Be eligible for a small stipend upon successful program completion

Additionally:

- There is no application fee.

Program Eligibility

- First- or second-year college student
- Resident of the Central Valley or Northern California
- GPA of 2.85 or higher
- Completion of English Composition 1&2, first semester of General Chemistry, OR General Biology
- Demonstrated interest in becoming a physician and serving Latino and underserved communities
- Proof of all required immunizations in the event of an in-person program component

Applications Accepted

December 1, 2020 – March 1, 2021
