

Chem 1B Logistical Preparation, Questionnaire, and Email.

This information will assist me in helping you succeed in Chem 1B at College of Alameda.

If you don't have a gmail account already, access the website: <http://mail.google.com/> and create your own gmail account for this course. This will allow you 1) to take advantage of online office hours with Google Hangouts and 2) to view rich text formatting in any Chem 1B emails. It is also a convenient way of keeping Chem 1B materials separate from spam and other emails.

Complete the following Questionnaire and send a simple email with the information (no attachments please) to:

peter.chem1b@gmail.com with the subject line "Chem 1B Fall 2013". Upon receipt, your email address will be added to the Chem 1B mailing list where you will typically receive Chem 1B news including links to homework, lab assignments, practice tests, etc. Be sure to **include your essay in the email**. Also, print this form and turn in hard copy (with a sample of your writing) in class.

Questionnaire for Chemistry 1B

Name: _____

Date: _____

Phone
number: _____

Email: _____

What is your native language? _____

List all college-level science and math classes (including Chem 1A) passed with a C or better:

<u>Course</u>	<u>Where taken?</u>	<u>When</u>
---------------	---------------------	-------------

Please introduce yourself and comment on why you are taking Chem 1B.
